Schneider Electric Software License Agreement

This software license agreement (the "Agreement") is between Schneider Electric as the "licensor" SCHNEIDER ELECTRIC and you (hereafter referred to as "Customer") for the SCHNEIDER ELECTRIC Schneider Electric software (hereafter referred to as "The Software") accompanying this Agreement.

By executing this Agreement, you represent that you have been authorized to accept these terms on behalf of Customer (the entity on whose behalf you represent that you are authorized to act).

If you accept these terms as a representative of an entity on whose behalf you are authorized to act, you may use The Software only on behalf of such entity.

SCHNEIDER ELECTRIC

Installation or use of The Software in violation of the terms of this Agreement is a violation of U.S. and international copyright laws and conventions.

The Software shall not incorporate, include or have any dependency on any open source or third-party software unless Licensor has provided Customer with a list of such open source and third-party software that includes the intended use of such open source and third-party software and the applicable license terms in advance for Customer's prior written approval. If third-party software is provided with The Software and approved by Customer as set forth above, that third-party software is not subject to the terms of this Agreement. The license agreement of that third-party software defines the responsibilities of the Customer and SCHNEIDER ELECTRIC with regard to that software. Notwithstanding, to the extent permissible, SCHNEIDER ELECTRIC hereby assigns to Customer any warranties made to SCHNEIDER ELECTRIC by any third-party licensors of software provided with The Software.

1. Grant of License

SCHNEIDER ELECTRIC hereby agrees to grant and Customer agrees to accept a non-exclusive and nontransferable license to use The Software, subject to the terms and conditions of this Agreement. The Software is owned and copyrighted by American Power Conversion Corporation or its suppliers. The license confers no ownership of or title to The Software and does not constitute a sale of any right in The Software to Customer. SCHNEIDER ELECTRIC retains all proprietary rights and title to The Software and any modifications.

2. Right to Use

The Software is licensed for use only by the number of users and/or on the number of computers described in this "Right to Use" section of this Agreement or in any related invoice.

Customer may use The Software in one of the following ways:

- * Delivered as virtual machine software image, run and physical servers or virtual machine host that meet hardware requirements of operations.

In some cases, some additional software may be delivered with The Software, but in a disabled form, and may require the purchase of a separate license key to be activated. Such additional software is then licensed for use under the terms of this agreement only if a license key is purchased and subsequently used to activate the additional software. For the avoidance of doubt, SCHNEIDER ELECTRIC shall provide all appropriate license keys to all software included in the software package evaluated by Customer.

3. Upgrade Policy

SCHNEIDER ELECTRIC may create upgrades to, and/or other versions of, the Product from time to time. At its sole discretion, SCHNEIDER ELECTRIC may choose to make such upgrades or other versions available to Customer upon payment of any applicable fees. If Customer agrees to use such upgrades or other versions of the Product, it agrees to do so in accordance with the terms of this License.

4. Right to Copy

Customer may make copies of The Software for the following purposes only:

* Customer may make one copy of The Software for disaster recovery, archival, and backup purposes.

* Customer may make additional copies of The Software and documentation only when essential for the authorized and intended use of The Software as described in this agreement and/or in the documentation accompanying The Software.

Any and all copies, including any archival copy, must include the SCHNEIDER ELECTRIC copyright notice and any other proprietary notices that are included with The Software, and are fully subject to the terms of this Agreement.

Customer may not redistribute The Software or make copies with the intent to redistribute.

5. Restrictions

The customer is not permitted to do any of the following:

* Disassemble, decompile, reverse engineer, or otherwise attempt to extract or create the source code from The Software.

* Create derivative works of The Software or any portion thereof. Publish or provide any results of benchmark tests run on The Software to a third party without the prior written consent of SCHNEIDER ELECTRIC.

* Rent, lease, grant a security interest in, or otherwise convey or transfer any of your rights to or license in The Software, or remove or alter any trademark, logo, copyright or other proprietary notices, legends, symbols or labels in The Software without the express written approval of SCHNEIDER ELECTRIC.

* Use The Software for commercial time sharing, outsourcing environment, rental, or service bureau use or as an application service provider.

* Use any portion of The Software as a component or a base for products or services prepared for commercial sale, sublicense, lease, access, or distribution outside your organization, except as agreed upon by the parties or authorize by SCHNEIDER ELECTRIC.

6. Equitable Relief

7. Duration and Termination of This Agreement

This license shall continue for the duration of the Proof of Concept, as defined in the PSA entered into as of _____, by and between _____ and SCHNEIDER ELECTRIC. SCHNEIDER ELECTRIC Recourse against the United States for any alleged breach of this agreement must be made under the terms of the Federal Tort Claims Act or as a dispute under the contract disputes clause (Contract Disputes Act) as applicable. The Contractor shall proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, appeal, or action arising under the contract, and comply with any decision of the Contracting Officer. Customer can terminate the Agreement at any time by destroying or returning to SCHNEIDER ELECTRIC all copies of The Software and documentation.

8. Limited Warranty

The SCHNEIDER ELECTRIC limited warranty for The Software is for a period of ninety (90) days from the time the customer receives The Software. SCHNEIDER ELECTRIC warrants during the limited warranty period that The Software will function substantially as described in the accompanying software user documentation, including online help, and that any medium upon which The Software is delivered will be free from defects in material and workmanship when given normal, proper and intended usage. This warranty does not apply in any of the following circumstances: * If The Software is used on a machine or operating system other than the machines and versions of operating systems specified in the documentation. * If The Software is subjected to misuse, neglect, accident, or exposure to environmental conditions beyond those specified in the documentation. * If a version of The Software is used that does not include all updates available from SCHNEIDER ELECTRIC. * If The Software has been modified by Customer. SCHNEIDER ELECTRIC does not warrant that use of The Software will be uninterrupted or error free, that program errors will be corrected, that The Software is free from viruses or other malware, that The Software is compatible with any particular hardware or software platform, or that The Software will meet Customer's requirements. SCHNEIDER ELECTRIC's sole responsibility and Customer's sole remedy under this warranty is, at SCHNEIDER ELECTRIC's option, to repair or replace all

or any portions of The Software, or to refund any license fee paid. This limited warranty is valid only if SCHNEIDER ELECTRIC receives written notice within the ninety-day warranty period.

9. Limitation of Liability

EXCEPT AS EXPRESSLY SET FORTH IN SECTION 8 HEREIN ENTITLED "LIMITED WARRANTY", SCHNEIDER ELECTRIC'S INDEMNIFICATION OBLIGATIONS, CUSTOMER'S INDEMNIFICATION OBLIGATIONS AND EITHER PARTY'S BREACH OF ITS CONFIDENTIALITY OBLIGATIONS HEREUNDER, (i) NEITHER PARTY SHALL HAVE LIABILITY TO THE OTHER PARTY OR ANY THIRD PARTY FOR THE SUBJECT MATTER OF THIS AGREEMENT, INCLUDING ANY LIABILITY FOR NEGLIGENCE; (ii) NEITHER PARTY MAKES OR RECEIVES ANY WARRANTIES, EXPRESS, IMPLIED, STATUTORY, OR IN ANY OTHER PROVISION OF THIS AGREEMENT OR ANY OTHER COMMUNICATION; AND (iii) SCHNEIDER ELECTRIC SPECIFICALLY DISCLAIMS ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE AND NONINFRINGEMENT THE ENTIRE RISK AS TO THE RESULTS AND PERFORMANCE OF THE SOFTWARE IS ASSUMED BY CUSTOMER. FURTHERMORE, SCHNEIDER ELECTRIC DOES NOT WARRANT OR MAKE ANY REPRESENTATION REGARDING THE USE OR THE RESULTS OF THE USE OF THE SOFTWARE OR RELATED DOCUMENTATION IN TERMS OF THEIR CORRECTNESS, ACCURACY, QUALITY, RELIABILITY, APPROPRIATENESS FOR A PARTICULAR TASK OR APPLICATION, CURRENTNESS, OR OTHERWISE. IN NO EVENT SHALL EITHER PARTY BE LIABLE TO THE OTHER FOR ANY CONSEQUENTIAL, INDIRECT, SPECIAL, MULTIPLE OR PUNITIVE, INCIDENTAL DAMAGES, ARISING OUT OF, OR CONNECTED IN ANY WAY WITH USE OF OR INABILITY TO USE THE SOFTWARE, OR FOR ANY CLAIM BY ANY OTHER PARTY EVEN IF SCHNEIDER ELECTRIC HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH POTENTIAL LOSS OR DAMAGE. SPECIFICALLY, NEITHER PARTY IS LIABLE FOR ANY COSTS, SUCH AS LOST PROFITS OR REVENUE, LOSS OF EQUIPMENT, LOSS OF USE OF EQUIPMENT, LOSS OF SOFTWARE, LOSS OF DATA, COSTS OF SUBSTITUTES, CLAIMS BY THIRD PARTIES, OR OTHERWISE. SOME STATES OR JURISDICTIONS DO NOT ALLOW THE EXCLUSION OF IMPLIED WARRANTIES OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MIGHT NOT APPLY TO YOU. HOWEVER, TO THE FULL EXTENT PERMITTED BY APPLICABLE LAW, THE DURATION OF STATUTORILY REQUIRED WARRANTIES, IF ANY, SHALL BE LIMITED TO THE WARRANTY PERIOD OF 90 DAYS. NO DEALER, AGENT, EMPLOYEE, OR CUSTOMER OF SCHNEIDER ELECTRIC IS AUTHORIZED TO MAKE ANY MODIFICATIONS, EXTENSIONS, OR ADDITIONS TO THIS LIMITED WARRANTY. Except for SCHNEIDER ELECTRIC's indemnification obligations, or either party's breach of its confidentiality obligations hereunder, the cumulative liability of each party for all claims relating to this Agreement shall not exceed the total amount of any and all license fees paid to SCHNEIDER ELECTRIC by Customer for The Software or, if no separate license fee was required, the replacement of The Software.

10. No Warranty Under Hazardous, High-Risk, or Life-Threatening Conditions

The Software is not fault-tolerant and is not designed, manufactured or intended for use or resale as control equipment in hazardous environments requiring failsafe performance, such as in the operation of nuclear facilities, aircraft navigation or communication systems, air traffic control, direct life support machines, or weapons systems, in which the failure of The Software could lead directly to death, personal injury, or severe physical or environmental damage. Accordingly, SCHNEIDER ELECTRIC and its suppliers specifically disclaim any express or implied warranty of fitness for such hazardous, high-risk, or life-threatening activities.

11. Confidentiality

Each party acknowledges that in the course of performance of its obligations pursuant to this Agreement, such party, may obtain confidential and/or proprietary information of the other party. Notwithstanding the termination or expiration of this Agreement, the obligations of the recipient party, with respect to the Confidential Information of disclosing party, shall be in full force and effect as follows: (i) in the case of any information or materials that constitute a trade secret within the meaning of applicable law, for as long as such information and materials remain as a trade secret, or (ii) in the case of any other information or materials, for a term of three (3) years from the date of receipt of the Confidential Information. The recipient party shall use the same means it uses to protect its own confidential and proprietary information, but in any event not less than reasonable means to prevent the disclosure and to protect the

confidentiality of the Confidential Information. Further, the recipient party shall only use the Confidential Information for the purposes of this Agreement, and shall not disclose the Confidential Information without the prior written consent of the other party. This provision shall not apply to Confidential Information which is (i) already known by the recipient party without an obligation of confidentiality, (ii) publicly known or becomes publicly known through no unauthorized act of the recipient party, (iii) rightfully received from a third party (other than an affiliate or customer of the party owning the Confidential Information) without an obligation of confidentiality, (iv) disclosed without similar restrictions by the disclosing party to a third party (other than an affiliate or customer of the party owning the Confidential Information), (v) approved by the party owning the Confidential Information, in writing, for disclosure, or (vi) independently developed by the recipient party without the use of the disclosing party's Confidential Information. The recipient party shall promptly notify the disclosing party in writing in the event that the recipient party becomes legally compelled in a judicial, administrative or governmental proceeding to disclose any of the Confidential Information so that the disclosing party, at its expense, may seek a protective order or other appropriate remedy and/or waive compliance with the confidentiality obligations herein.

The parties hereto waive any statute, law, or regulation that might provide an alternative law or forum or to have this agreement written in any language other than English. Any translation of this agreement to a language other than English is provided only for the convenience of Customer and is not the legally binding version of the agreement. The terms of this agreement shall be construed in accordance with the substantive federal laws of the United States of America, without giving effect to the principles of conflict or choice of law of such state. SCHNEIDER ELECTRIC and Customer exclude the United Nations Convention on Contracts for the International Sale of Goods from this agreement.

APPDYNAMICS EULA

APPDYNAMICS, INC. END USER LICENSE TERMS

1. SOFTWARE LICENSE.

1.1 LICENSE GRANT. AppDynamics, Inc. ("AppDynamics") hereby grants to the Ordering Activity (defined as an entity authorized to order under GSA contracts as set forth in GSA ORDER 4800.2G ADM, "Licensee"), during the License Term (as defined below), a non-exclusive, non-transferable, non-sublicensable right and license to use the software-as-a-service and/or on-premise version of AppDynamics' application intelligence software product(s) (the "Software") designated in, and for the quantity of units in, the Government Order (the "Order") for internal business purposes only, subject to the terms hereof and solely within the scope of the following applicable components: application server agents and machine agents and one controller (or, in the case of Evaluation Use, as indicated in Section 1.3). AppDynamics Test&Dev Edition licenses shall only be used in test-only non-production environments. For purposes hereof, the "License Term" begins on the date AppDynamics delivers the Software license keys to Licensee and extends for the period specified in the applicable Order.

1.2 RESTRICTIONS ON USE. Except as otherwise expressly provided herein, Licensee shall not (and shall not permit any third party to): (a) sublicense, sell, resell, transfer, assign, distribute, share, lease, rent, make any external commercial use of, outsource, use on a timeshare or service bureau, or use in an application service provider or managed service provider environment, or otherwise generate income from the Software; (b) copy the Software onto any public or distributed network, except for an internal and secure cloud computing environment; (c) cause the decompiling, disassembly, or reverse engineering of any portion of the Software, or attempt to discover any source code or other operational mechanisms of the Software; (d) modify, adapt, translate or create derivative works based on all or any part of the Software; (e) use any Third Party Software (as defined below) other than with the Software as provided; (f) modify any proprietary rights notices that appear in the Software or components thereof; (g) publish the results of any benchmarking tests run on any Third Party Software; (h) use the Software or Third Party Software as parts, components, or assemblies in or for the planning, construction, maintenance, or operation of a nuclear facility or (i) use any Software in violation of any applicable laws and regulations (including any export laws, restrictions, national security controls and regulations) or outside of the license scope set forth in Section 1.1. Licensee shall not export or re-export any Software or technical data or any copy, portions or direct product thereof (i) in violation of any such laws and regulations, (ii) without all required authorization into Cuba, Libya, North Korea, Iran, Iraq, or Rwanda or any other Group D:1 or E:2 country (or to a national or resident thereof) specified in the then current Supplement No. 1 to part 740 of the U.S. Export Administration Regulations (or any successor supplement or regulations) or (iii) to anyone on the U.S.

Treasury Department's list of Specially Designated Nationals or the U.S. Commerce Department's Table of Denial Orders. Licensee shall, at its own expense, obtain all necessary customs, import, or other governmental authorizations and approvals.

1.3 EVALUATION USE. If Licensee accessed the Software pursuant to a no-fee evaluation ("Evaluation Use"), then the License Term is for the period enabled by the license key for the Software provided by AppDynamics. AppDynamics shall have the right to downgrade, limit or otherwise modify the Software provided for Evaluation Use at any time without notice, and no warranty, indemnity, Maintenance or Support obligations of AppDynamics will apply to Evaluation Use. Licensee may use the number and type of licenses indicated by AppDynamics in writing prior to Licensee downloading or accessing the Software, which will be enabled by Licensee's specific license key. AppDynamics has the right to immediately revoke and terminate any Evaluation Use at any time. Licensee represents and warrants that: (i) Licensee has not previously evaluated the Software, and (ii) Licensee will not attempt to, by any means, evaluate the Software again without payment.

1.4 UNAUTHORIZED USE. Licensee shall notify AppDynamics promptly of any unauthorized use of any password or account or any other known or suspected breach of security or misuse of the Software. Licensee is responsible for use of the Software by any and all employees or other users that it allows to access the Software.

1.5 SUPPORT AND MAINTENANCE. "Support" is defined as the responsibilities with respect to the Software as set forth in Exhibit A (Enterprise Support). "Maintenance" means the provision of error corrections and bug fixes for the Software, as well as new releases, updates, product extensions and enhancements made generally commercially available by AppDynamics in its sole discretion. Subject to Licensee's Order, AppDynamics will (a) provide Maintenance and Support for the Software in accordance with Exhibit A (Enterprise Support), and (b) solely if Licensee has purchased access to the software-as-a-service version of the Software, make the Software available to Licensee in accordance with Exhibit B (Availability and Security). For annual or multi-year licenses for the Software (as set forth in an Order, "Subscription Licenses"), the fees for Enterprise Support are included in the fees for the Software set forth in the Order. For perpetual licenses, (i) Licensee shall be subject to the applicable fees for support and maintenance ("Maintenance and Support Fees") upon execution of the Order, and (ii) subject to payment of the Maintenance and Support Fees, AppDynamics will provide Enterprise Support for the Maintenance and Support period set forth in the Order, as may be renewed at any time for successive terms by execution of an Order ("Maintenance and Support Term"). If Maintenance and Support terminates with respect to any perpetual licenses, and Licensee is in good standing under the terms herein, then Licensee may reinstate Maintenance and Support on payment of the cumulative Maintenance and Support Fees

applicable for the period during which Maintenance and Support lapsed, plus Maintenance and Support Fees for the reinstated Maintenance and Support Term.

1.6 SERVICES. AppDynamics shall use commercially reasonable efforts to provide training, enablement and/or other services set forth in an Order ("Services"). Licensee agrees to provide reasonable cooperation and information as necessary to permit AppDynamics to perform Services. Services will be invoiced after they are performed, but if any Services are not delivered within twelve (12) months after the date they are ordered, then the Order will be automatically reduced by the unfulfilled quantity of Services.

2. FEES.

Payment terms for the Software and any Services pursuant to the terms hereof will be set forth in an Order. Fees do not include any customization of the Software (nor support for any such customizations, unless otherwise agreed in writing). During the term hereof: (i) if Licensee's security requirements included in an Order are met, AppDynamics or its designated agent may audit Licensee's facilities and records to verify Licensee's compliance with the terms hereof. Any such audit will take place only during Licensee's normal business hours contingent upon prior written notice and adherence to any security measures the Licensee deems appropriate, including any requirements for personnel to be cleared prior to accessing sensitive facilities. Licensee will be provided written notice of any non-compliance, including the number of underreported units of Software or services; or (ii) if Licensee's security requirements are not met and upon AppDynamics' request, Licensee will run a self-assessment with tools provided by and at the direction of AppDynamics to verify Licensee's compliance with the terms hereof.

3. CONFIDENTIALITY

3.1 SCOPE AND RESTRICTIONS. "Confidential Information" means all information of a party ("Disclosing Party") disclosed to the other party ("Receiving Party") that is designated in writing or identified as confidential at the time of disclosure or should be reasonably known by the Receiving Party to be confidential due to the nature of the information disclosed and the circumstances surrounding the disclosure. Any technical or other documentation relating to the Software, logins, passwords and other access codes and any and all information regarding AppDynamics' business, products and services are the Confidential Information of AppDynamics. AppDynamics recognizes that federal agencies are subject to the Freedom of Information Act (5 USC 552) and some information may be released despite being characterized as "confidential" by AppDynamics. The Receiving Party will: (i) not use the Disclosing Party's Confidential Information for any purpose outside of the terms herein; (ii) not disclose such Confidential Information to any person or entity, other than its affiliates, employees, consultants, agents and professional advisers who have a "need to know" for the Receiving Party to exercise its rights or perform its obligations hereunder, provided that

such employees, consultants, and agents are bound by agreements or, in the case of professional advisers, ethical duties respecting such Confidential Information in accordance with the terms of this Section 3; and (iii) use reasonable measures to protect the confidentiality of such Confidential Information. If the Receiving Party is required by applicable law or court order to make any disclosure of such Confidential Information, it will first give written notice of such requirement to the Disclosing Party, and, to the extent within its control, permit the Disclosing Party to intervene in any relevant proceedings to protect its interests in its Confidential Information, and provide full cooperation to the Disclosing Party in seeking to obtain such protection. Further, this Section 3 will not apply to information that the Receiving Party can document: (i) was rightfully in its possession or known to it prior to receipt; (ii) is or has become public knowledge or publicly available through no fault of the Receiving Party; (iii) is rightfully obtained by the Receiving Party from a third party without breach of any confidentiality obligation; or (iv) is independently developed by employees of the Receiving Party who had no access to such information.

4. PROPRIETARY RIGHTS. AppDynamics and its suppliers own and shall retain all proprietary rights, including all copyright, patent, trade secret, trademark and all other intellectual property rights, in and to the Software and the results of any Services. Licensee acknowledges that the rights granted herein do not provide Licensee with title to or ownership of the Software. Certain "free" or "open source" based software (the "FOSS Software") and third party software (the "Third Party Software") is shipped with the Software but is not considered part of the Software hereunder. With respect to Third Party Software included with the Software, such Third Party Software suppliers are third party beneficiaries of this Agreement. A list of the FOSS Software is included with the on-premise version of the Software. The Software and Third Party Software may only be used by Licensee as prescribed by the AppDynamics documentation published by AppDynamics (the "Documentation").

5. TERM AND TERMINATION. The initial term begins on the Effective Date and extends for the period specified in the Order (or if the Software is provided for Evaluation Use, for the Term specified in Section 1.3 hereof) (unless earlier terminated, the "Term"). Termination of the terms hereof shall be governed by the FAR 52.212-4 and the Contract Disputes Act, 41 U.S.C. §§ 601-613, subject to the following exceptions: AppDynamics may request cancellation or termination of the terms hereof if such remedy is ordered by a United States Federal Court or if such remedy is granted to it after conclusion of the following Contracts Disputes Act dispute resolutions process: any disputes relating to the terms hereof shall be resolved in accordance with the FAR, and the Contract Disputes Act, 41 U.S.C. §§ 7101-7109. Licensee expressly acknowledges that a contractor, on behalf of AppDynamics, shall have standing to bring such claim under the Contract Disputes Act.

6. Upon expiration or termination for any reason, (i) with respect to Subscription Licenses, Licensee shall

cease any further use of and destroy any copies of the Software and Documentation within Licensee's possession and control and (ii) each Receiving Party will return or destroy, at the Disclosing Party's option, the Disclosing Party's Confidential Information in the Receiving Party's possession or control. All fees that have accrued as of such expiration or termination, and Sections 1.2, 1.3, 2, 3, 4, 5, 6, 7.2 and 8 through 12, will survive any expiration or termination hereof.

7. WARRANTIES.

7.1 LIMITED WARRANTY. AppDynamics warrants that (a) with respect to software-as-a-service Software licenses, during the License Term, or (b) with respect to on-premise Software licenses, during the first thirty (30) days following the date the Software is purchased, the Software will, in all material respects, conform to the functionality described in the then-current Documentation for the applicable Software version. Licensee's sole and exclusive remedy (in addition to any other remedies available to Licensee under the law), for a breach of this warranty shall be that AppDynamics shall be required to use commercially reasonable efforts to modify the Software to conform in all material respects to the Documentation, and if AppDynamics is unable to materially restore such functionality within thirty (30) days from the date of written notice of such breach, Licensee shall be entitled to terminate the Order upon written notice and receive a pro-rata refund of the Software license fees (or Maintenance and Support Fees, for perpetual licenses) that have been paid in advance for the remainder of the License Term for the applicable Software (beginning on the date of termination).

7.2 WARRANTY DISCLAIMER. EXCEPT AS EXPRESSLY PROVIDED IN THIS SECTION 6, ALL SOFTWARE, DOCUMENTATION, MAINTENANCE AND SUPPORT AND SERVICES ARE PROVIDED "AS IS" AND APPDYNAMICS AND ITS SUPPLIERS EXPRESSLY DISCLAIM ANY AND ALL OTHER REPRESENTATIONS AND WARRANTIES, EITHER EXPRESS, IMPLIED, STATUTORY, OR OTHERWISE WITH RESPECT THERETO, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, NON-INFRINGEMENT, OR THE CONTINUOUS, UNINTERRUPTED, ERROR-FREE, VIRUS-FREE, OR SECURE ACCESS TO OR OPERATION OF THE SOFTWARE. APPDYNAMICS EXPRESSLY DISCLAIMS ANY WARRANTY AS TO THE ACCURACY OR COMPLETENESS OF ANY INFORMATION OR DATA ACCESSED OR USED IN CONNECTION WITH THE SOFTWARE, DOCUMENTATION, MAINTENANCE AND SUPPORT, OR SERVICES.

8. LIMITATION OF LIABILITY.

8.1 EXCEPT FOR LIABILITY ARISING OUT OF LICENSEE'S BREACH OF SECTION 1.2 (RESTRICTIONS ON USE) OR EITHER PARTY'S BREACH OF SECTION 3 (CONFIDENTIALITY), IN NO EVENT SHALL EITHER PARTY BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE OR

CONSEQUENTIAL DAMAGES, INCLUDING DAMAGES FOR LOSS OF REVENUES OR PROFITS, LOSS OF USE, BUSINESS INTERRUPTION, OR LOSS OF DATA, WHETHER IN AN ACTION IN CONTRACT OR TORT, EVEN IF THE OTHER PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

8.2 EXCEPT FOR LIABILITY ARISING OUT OF END USER'S BREACH OF SECTION 1.2 (RESTRICTIONS ON USE), EITHER PARTY'S BREACH OF SECTION 3 (CONFIDENTIALITY) OR EACH PARTY'S INDEMNIFICATION OBLIGATIONS HEREUNDER NEITHER PARTY'S LIABILITY FOR ANY DAMAGES (WHETHER FOR BREACH OF CONTRACT, MISREPRESENTATIONS, NEGLIGENCE, STRICT LIABILITY, OTHER TORTS OR OTHERWISE) SHALL EXCEED AN AMOUNT EQUAL TO THE TOTAL FEES PAID (PLUS FEES PAYABLE) TO APPDYNAMICS DURING THE TWELVE (12) MONTHS IMMEDIATELY PRECEDING THE CLAIM GIVING RISE TO SUCH DAMAGES. THESE LIMITATIONS SHALL APPLY NOTWITHSTANDING ANY FAILURE OF ESSENTIAL PURPOSE OF ANY REMEDY, BUT THIS CLAUSE SHALL NOT IMPAIR THE LICENSEE'S RIGHT TO RECOVER FOR FRAUD OR CRIMES ARISING OUT OF OR RELATED TO THE TERMS HEREOF UNDER ANY FEDERAL FRAUD STATUTE, INCLUDING THE FALSE CLAIMS ACT, 31 U.S.C. §§ 3729-3733.

9. FORCE MAJEURE. 10. DATA COLLECTION. AppDynamics' application server and machine software agents (the "Agents") collect metrics that relate to the performance, health and resource of an application, its components (transactions, code libraries) and related infrastructure (nodes, tiers) that service those components. In addition, AppDynamics may collect metrics on Licensees' activities, such as web pages visited, length of visit, and which features of the Software an Licensee uses. Licensee will not configure the Software to collect any personally-identifiable information or payment information ("Personal Data") without AppDynamics' prior written approval.

11. US GOVERNMENT MATTERS. The Software and Documentation are commercial computer software and commercial computer software documentation developed exclusively at private expense. Any use, duplication, and disclosure by civilian agencies of the U.S. Government shall not exceed those minimum rights set forth in FAR 52.227-19(c) or successor regulations. Use, duplication, and disclosure by U.S. Department of Defense agencies is subject solely to the license terms and conditions herein, as stated in DFARS 227.7202 or successor regulations. U.S. Government rights shall apply only to the specific agency and program for which the software is obtained. Contractor/Licenser: AppDynamics. Copyright 2014 AppDynamics.

12. GENERAL.

12.1 The validity, interpretation and enforcement of these terms will be governed by and construed in accordance with the laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by law, it will not apply to the terms hereof, and the governing law will remain as if such law or regulation had not been enacted. AppDynamics reserves the right to perform its obligations from locations and/or through use of affiliates and subcontractors, worldwide, provided that AppDynamics will be responsible for such parties.

**EXHIBIT A
ENTERPRISE SUPPORT**

GENERAL REQUIREMENTS. AppDynamics will provide access to a ticketing system and email address (help@appdynamics.com), which will be available twenty-four (24) hours per day, seven (7) days per week. The email account will be maintained by qualified support specialists, who shall use commercially reasonable efforts to answer questions and resolve problems regarding the Software.

HOURS OF OPERATION. Support is available (24) hours per day, seven (7) days per week.

ERROR CLASSIFICATION. Any reported errors are classified in the following manner, in each case when caused by the Software:

Error Classification	Criteria
Urgent	Licensee production application is down or there is a major malfunction, resulting in a business revenue loss and impacting the Licensee application functionality for a majority of users.
High	Critical loss of Licensee application functionality or performance, impacting the application functionality for a high number of users.
Normal	Moderate loss of Licensee application functionality or performance, impacting multiple users.
Low	Minor loss of Licensee application functionality or product feature in question.

ERROR DEFINITION. An "error" means a reproducible malfunction in the Software that is reported by Licensee through AppDynamics' ticketing system that prevents the Software from performing in accordance with the operating specifications described in the then-current Documentation

AUTHORIZED SUPPORT CONTACTS. Maintenance and Support will be provided solely to Licensee's authorized support contacts. Licensee's Order Form may indicate a maximum number of authorized support contacts for Licensee's service level. Licensee will be asked to designate its authorized support contacts, including its primary email address.

LICENSEE'S OBLIGATION TO ASSIST. If Licensee reports a purported error to AppDynamics, AppDynamics' ticketing system will request the following minimum information:

- A general description of the operating environment
- A list of all hardware components, operating systems and networks
- A reproducible test case
- Any log files, trace and systems files

Licensee's failure to provide this information may prevent AppDynamics from or significantly delay AppDynamics' ability to identify and fix the reported error, and AppDynamics' time to respond to any error will begin when AppDynamics has received all requested information from the Licensee and is able to reproduce the error.

DEFECT RESOLUTION. If AppDynamics determines there is a defect in the Software, AppDynamics may, at its sole option, repair that defect in the version of the Software that Licensee is currently using or instruct Licensee to install a newer version of the Software with that defect repaired. AppDynamics reserves the right to provide Licensee with a workaround in lieu of fixing a defect.

SOFTWARE UPDATES AND UPGRADES. Licensee receives access to Maintenance.

RESPONSE TIME. AppDynamics shall use commercially reasonable efforts to respond to error tickets in accordance with the tables set forth below. AppDynamics will use reasonable means to repair the error and keep Licensee informed of progress. AppDynamics makes no representations as to when a full resolution of the error may be made.

Error	Initial and gement	Response Acknowled-	Manager Escalation	VP Escalation	Email Status Updates for Open Tickets
Urgent	4 Hours	1 Business Day	1 Week	1 Week	Daily
High	12 Hours	1 Week	1 Week	2 Weeks	Weekly
Normal	1 Business Day	Quarterly Review for All Open Tickets	None	None	None
Low	2 Business Days	Semi-Annual Review for All Open Tickets	None	None	None

END OF LIFE POLICY: Support is provided for the Software version 3.5 and later. The AppDynamics end-of-life ("EOL") policy is as follows:

- "Mainstream Support": support calls are accepted and the version is maintained with bug fix releases and patches.
- "Extended Support": support calls are accepted however the version is not maintained.
- "Out of Support": no support calls are accepted and the version is not maintained.

AppDynamics provides Extended Support for a period of 24 months after a Software version's release. AppDynamics provides Mainstream Support for a period of 12 months after a version's release. For example, if version 4.0 was released in December of 2014, Mainstream Support would be provided until December of 2015. Extended Support would be provided until December of 2016. The Software version 4.0 would be Out of Support beginning in January of 2017. For clarity, Support is version-based; if End User upgraded to version 5.0 in January of 2017 when version 5.0 was released, Mainstream Support would be provided for version 5.0 beginning in January of 2017. AppDynamics does not provide Maintenance or Support for any customized software (or components thereof).

For third party software or technology used by Licensee with the Software but not included with the Software (a "Platform", such as Java Virtual Machines), AppDynamics will follow the EOL support timeline announced by the third party vendor of such Platform. AppDynamics will drop support for an EOL'd Platform version when the Platform vendor stops supporting that Platform version.

EXHIBIT B
AVAILABILITY AND SECURITY

The terms set forth in this Exhibit B apply only if Licensee has purchased access to the online software-as-a-service ("SaaS") version of the Software, as indicated on the Order.

AVAILABILITY.

AppDynamics will use commercially reasonable efforts to (a) provide bandwidth sufficient for Licensee's use of the Software provided hereunder and (b) operate and manage the Software with a ninety-nine and one-half percent (99.5%) uptime goal (the "Availability SLA"), excluding situations identified as "Excluded" below. For purposes of the Availability SLA, the AppDynamics network extends to, includes and terminates at the data center located router that provides the outside interface of each of AppDynamics' WAN connections to its backbone providers (the "AppDynamics Network").

"Excluded" means any outage that results from any of the following:

- a. Any Maintenance performed by AppDynamics during AppDynamics' standard Maintenance windows. AppDynamics will notify Licensee within forty-eight (48) hours of any standard Maintenance and within twenty-four (24) hours for other non-standard emergency Maintenance (collectively referred to herein as "Scheduled Maintenance").
- b. Licensee's information content or application programming, or the acts or omissions of Licensee or its agents, including, without limitation, the following:
 1. Licensee's use of any programs not supplied by AppDynamics;
 2. Licensee's failure to provide AppDynamics with reasonable advance prior notice of any pending unusual large deployments of new nodes (i.e., adding over ten (10) percent total nodes in less than twenty-four (24) hours);
 3. Licensee's implementation of any significant configuration changes, including changes that lead to a greater than thirty percent (30%) change in a one week period or greater than fifty percent (50%) change in a one month period in the number of key objects in the system including but not limited to metrics, snapshots, nodes, events and business transactions;
 4. Any misconfiguration by Licensee (as determined in AppDynamics' sole discretion), including configuration errors or unintended usage of the Software; and
 5. Licensee's failure to upgrade the AppDynamics Agents to keep the Agent versions within six (6) months of the controller version.
- c. Force majeure or other circumstances beyond AppDynamics' reasonable control that could not be avoided by its exercise of due care.
- d. Failures of the Internet backbone itself and the network by which Licensee connects to the Internet backbone or any other network unavailability outside of the AppDynamics Network.
- e. Any window of time when Licensee agrees that Software availability/unavailability will not be monitored or counted.
- f. Any problems resulting from Licensee combining or merging the Software with any hardware or software not supplied by AppDynamics or not identified by AppDynamics in the Documentation as being compatible with the Software.
- g. Licensee's or any third party's use of the Software in an unauthorized or unlawful manner.

Remedies for Excessive Downtime:

In the event the availability of the Software falls below the Availability SLA in a given calendar quarter, AppDynamics will pay Licensee a service credit ("Service Credit") equal to the percentage of the fees set forth in the table below corresponding to the actual Availability of the Software during the applicable calendar quarter (on pro-rated basis for annual fees). Such Service Credit will be issued as a credit against any fees owed by Licensee for the next calendar quarter of the Term, or, if Licensee does not owe any additional fees, then AppDynamics will pay Licensee the amount of the applicable Service Credit within thirty (30) days after the end of the calendar quarter in which such credit accrued. To receive Service Credits, Licensee must submit a written request to AppDynamics (to customersuccess@appdynamics.com with a copy to legal@appdynamics.com) within 15 days after the end of the quarter in which the Software was unavailable, or Licensee's right to receive Service Credits with respect to such unavailability will be waived. The remedies stated in this section are Licensee's sole and exclusive remedies (in addition to any remedies available to Licensee under the law) and AppDynamics' sole and exclusive obligations for service interruption or unavailability.

System availability is measured by the following formula: $x = (n - y) * 100 / n$

(1) "x" is the uptime percentage; "n" is the total number of hours in the given calendar quarter minus scheduled downtime; and "y" is the total number of downtime hours in the given calendar quarter.

(2) Specifically excluded from "n and "y" in this calculation are the Excluded situations described above and scheduled upgrade and maintenance windows.

Software Availability	Percentage of Quarterly Software Fees Credited
> 99.5%	0%
95.0% - < 99.5%	5% (max of \$280)
90.0% - < 95.0%	10% (max of \$560)
80.0% - < 90.0%	20% (max of \$840)
70.0% - < 80.0%	30% (max of \$1120)
60.0% - < 70.0%	40% (max of \$1400)
< 50%	50% (max of \$2800)

SECURITY INFORMATION.

Licensee Account Login: For Software user interface access, AppDynamics uses TLS 1.0 with AES 256 bit encryption, terminated at the server to ensure end-to-end security over the wire. AppDynamics will also restrict user interface access to Licensee corporate networks for additional security, except as otherwise requested by Licensee.

Hosting: The platform (servers, infrastructure and storage) for the Software is and will remain hosted in one of the largest Tier III data centers in North America, specifically designed and constructed to deliver world-class physical security, power availability, infrastructure flexibility and growth capacity. AppDynamics' data center provider is and will remain SSAE 16 compliant, meaning it has been fully independently audited to verify the validity and functionality of its control activities and processes.

Every server for the Software is and will remain operated in a fully redundant fail-over pair to ensure high availability. Data is and will remain backed up nightly, stored redundantly and will be restored rapidly in case of failure. AppDynamics also provides an off-site backup service, which is available at an additional cost.

Security updates and patches are actively evaluated by engineers and will be deployed based upon the security risks and stability benefits they offer to the Software and Licensees.

Data Access: Access to the Software platform infrastructure and data is and will be secured by multiple authentication methods including RSA and DSA key pairs, passwords, and network access control lists. Infrastructure and data access is and will remain restricted to AppDynamics; employees and contractors subject to confidentiality agreements. For more information on use of data, please see AppDynamics' Privacy Policy located at <http://www.appdynamics.com/privacy-policy>.

System and network activity for the Software are and will remain actively monitored by a team of engineers 24/7. Failed authentication attempts are audited and engineers will be paged immediately so that any possible intrusion or threat can be investigated promptly. Standard firewall policies are and will remain deployed to block all access except to ports required for Software and Agent communication.

Data Communication: Agents will typically push data using one-way HTTP or HTTPS connections to a single host (known as a controller), which has been allocated to one or more Licensee accounts. AppDynamics also offers dedicated controllers for Licensees that require their data to be isolated (this may require payment of an additional fee).

For added security, Agents can be configured to send data using encrypted transmission by simply selecting HTTPS port 443 and setting "controller-ssl-enabled" to true in Agent configuration. Agents also have built in support for outbound HTTP proxies for Licensees using these security mechanisms.

AppDynamics uses random staggering on Agent data communication to the Software platform so traffic is spread evenly to minimize bursts and spikes of network traffic from Licensee's data center to the Software platform.

1. Overview

Arcserve support for arcserve products consists of operational assistance and technical support provided by Arcserve support team, in its reasonable judgment, during the term of Arcserve support procured by you. Arcserve will supply its software licenses for customers, who have valid support contract with Arcserve support with Upgrades that are made generally available ("GA") by Arcserve, together with any additional related Documentation.

Support is offered for GA Arcserve products unless arcserve specifically designates that software as not eligible for support or the software is licensed by Arcserve on an "as is" basis without warranties. You are only eligible to receive Arcserve support if you remain current on all applicable licensing and maintenance fees due and payable to Arcserve and are otherwise compliant with your applicable contractual obligations to Arcserve.

This Arcserve Support Policy and Terms is a policy only and may be updated or modified by Arcserve from time to time, in its sole discretion. Your continued use of the Support constitutes your acceptance thereof. The terms and conditions governing your use of the Support and any arcserve-proprietary software, Appliance or Documentation is subject to the applicable license agreement between you and arcserve.

Technical support will be performed in a timely and professional manner by qualified support engineers familiar with the arcserve products which includes:

- For all incidents, direct access to technical support and the ability to open and manage support incidents online through <https://arcserve.zendesk.com> or by seeking assistance via online chat or by telephone.
- 24x7x365 telephone support for Severity 1 incidents for software only issues.
- 24x7x365 access to <https://arcserve.zendesk.com> for online technical support and access to software product and Documentation, downloads, Fixes, Service Packs, patch downloads, user groups, user forums, FAQs, webcast recordings, usage tips, technical updates, as such are made available by Arcserve.
- Interactive remote diagnostic support allowing technical support engineers to troubleshoot an incident securely through a real-time browser-based remote control feature.
- Upgrades for the arcserve product software if and when Arcserve makes them GA. Any arcserve product provided is subject to the same usage limitations and restrictions as the arcserve product originally licensed to you by Arcserve.

Defined terms used in this policy include the following:

"Appliance" means hardware that is bundled with and operates the arcserve software licensed and pre-installed on the hardware.

"Arcserve Support" or "Support" means maintenance and support for arcserve products in addition to warranty support.

"Documentation" means specifications, user documentation, products guides and technical manuals and guides provided by Arcserve with arcserve software.

"Fix" means any change that Arcserve makes to the software, including changes made for purposes of maintaining system compatibility, error correction, improved operation and security and workarounds that establish or help to restore material conformity to the specifications in the Documentation for that software. A "Fix" is generally an interim solution for a specific customer problem, and is typically provided through a targeted point patch or hot fix. A "Fix" may also include any recommendations or advice provided to you including recommendations that you migrate to a current Version or Release, consideration of the incident in developing a future Version or Release of the software, or other steps to close an open incident in accordance with Arcserve support processes.

"Release" means a release of an arcserve product, which may contain minor new software product functionality, code, or compatibility and incorporates all previous Service Packs and Fixes (if any exist) since the last Version. Typically, a Release requires a new installation, rather than an overlay to the already installed software. Unless otherwise specified by Arcserve for a particular product, a Release is tied to the preceding Version and is designated by a number to the right of the decimal point such as 1.1, 1.2, 1.3, etc.

"Self-Service Support" means access to self-help tools provided on arcserve online support, such as software product compatibility information, previously published Fixes, Workarounds, knowledge documents and other arcserve software product solutions.

"Service Pack" means a set of cumulative Fixes for a particular Version or Release of the software, and typically does not contain new features or functionality. A Service Pack will be available as a download from arcserve online support. It is generally installed as a software product overlay (also known as a patch). Service Pack nomenclature is tied to the related Version or Release. For example, a Service Pack relating to Version 1.0 would be designated as 1.0 SP 1, 1.0 SP 2, etc., and a Service Pack for Release 2.1 would be designated as 2.1 SP1, 2.1 SP2, etc.

"Upgrades" software upgrades for Documentation revisions, error corrections, and product enhancements, Service Packs, Versions and Releases for the arcserve product for which arcserve support is provided.

"Version" means a release of an arcserve product that contains major changes in software product functionality, code, or compatibility and incorporates the previous Release (if one has occurred), Fixes and Service Packs (if they have occurred). Typically, a Version requires a new installation, rather than an overlay to the already installed software. Unless otherwise specified by Arcserve for a particular product, a Version is designated by the number to the left of the decimal point such as 1.0, 2.0, 3.0, etc.

"Workaround" means an interim resolution of an incident/problem and may include specific modifications to the software to address critical problems (sometimes also called "hot fixes"). In some cases, the incident addressed by the Workaround will be permanently resolved when you install the next Upgrade; the Workaround itself may be considered final if it materially reduces the impact of an error or defect.

2. Service Level Objectives

Arcserve will use reasonable efforts to meet the service level objectives stated in the Service Level Objectives table below with regard to remedial software support and will provide ongoing efforts to resolve Severity 1 support incidents. All incidents can be submitted to Arcserve on a 24 hours per day, 7 days per week, 365 days per year basis. Due to the complexities of technical environments, the table represents an estimate of response times only and actual response times may vary.

Severity Level Descriptions

"Severity 1" means "System Down" or a product-inoperative condition impacting a production environment for which no Workaround is immediately available, such as (i) production server or other mission critical systems are down; (ii) a substantial portion of mission-critical data is at a significant risk of loss or corruption; (iii) a substantial loss of service; (iv) business operations have been severely disrupted; or (v) an incident in which the software causes catastrophic network or system failure or that compromises overall system integrity or data integrity when the software is installed or when it is in operation (i.e. system crash, loss or corruption of data, or loss of system security) and significantly impacts ongoing operations in a production environment.

"Severity 2" means a high-impact business condition possibly endangering a production environment. The software may operate but is severely restricted.

"Severity 3" means a low-impact business condition with a majority of software functions still usable; however, some circumvention may be required to provide service.

"Severity 4" means (i) a minor problem or question that does not affect the software function, (ii) an error in software product Documentation that has no significant effect on operations; or (iii) a suggestion for new features or software product enhancement.

Service Level Objectives	
Incident Severity	Initial Response Time
1	1 hour
2	2 business hours**
3	4 business hours**
4	1 business day**

** During normal business hours based on the time an incident is initially submitted online, through chat or telephonically.

Chat Support: Chat support is provided to all customers who are entitled to support and will be available during normal business hours of the respective countries. This is to help customers get preliminary level support on queries and product related incidents. At any point in time during the Chat session, if deemed necessary can open a support ticket for an engineer to contact you and work with you for further troubleshooting.

3. Supported Software

Arcserve Support is provided for the latest Version or Release of the software made GA by Arcserve. At arcserve's sole discretion support may be provided for one previous Version or Release ("GA-1") for an arcserve product that has not reached End of Service ("EOS") as set forth in Section 6 below.

4. Supported Appliance Hardware

So long as you remain active on Arcserve Support for the Appliance's software component, arcserve will take your initial request for assistance and provide limited support assistance by telephone for the Appliance. Arcserve has no obligation to support any modifications to the Appliance not performed by arcserve or arcserve's agents, or if the Appliance is not used in accordance with the Documentation. Arcserve has no obligation to replace Appliance or provide additional appliances if future Service Packs, Versions or Releases require appliances other than the originally procured Appliance in order to function according to the applicable Documentation. Arcserve recommends that you refresh your Appliance every three years to help maintain suitable processor performance.

5. Customer Responsibilities

In order to receive Arcserve Support, you must maintain a supported environment, which includes the current Versions and Releases and Service Packs of arcserve product. All computer hardware, operating systems, and third party software associated with the affected arcserve product must be maintained on the latest releases and version levels from the manufacturer that arcserve designates as compatible with the arcserve product.

In order to receive arcserve support, you must provide the following:

- Site identification number,
- Appliance serial number,
- Incident severity level (determined in accordance with arcserve's incident Severity Level Descriptions above)
- Software/Release/Version/Service Pack
- Operating system/version, platform,
- Description of the problem or incident,
- Log files/test case, memory dumps, and file listings as required.
- Name(s) and contact information, including email addresses and telephone numbers, for technical personnel who are familiar with the problem or incident and your environment.
- Diagnostic routines if provided by arcserve and inform arcserve of the results.

In order to maintain an incident at Severity 1 status, arcserve may require that you make a technical contact continuously available to arcserve to provide further documentation and other information pertinent to the incident, as well as perform resolution testing and other activities necessary for Arcserve to provide continuous efforts in progressing the incident. If you are unable to provide such a resource, arcserve may reduce the severity level of the incident.

6. Technical Support Limitations

On-site maintenance and support services are not within the scope of Arcserve Support.

Arcserve shall not be obligated to provide technical support for non-arcserve product, arcserve product that is not used in accordance with the product Documentation, modifications to the arcserve product, any code not part of the base arcserve product, product functionality or problems associated with software products running on unsupported hardware, operating systems, or third party software.

Arcserve shall not be responsible for any changes in your hardware or operating environment that may be necessary as a result of a Workaround or Fix. You acknowledge that any changes you elect to make to your operating environment may detrimentally affect the performance of arcserve product and, despite the technical support to be provided hereunder, Arcserve shall not be responsible for such effects upon, or any resulting degradation in performance of, the arcserve product. Arcserve is not required to provide technical support if you do not perform your responsibilities as stated herein.

Consulting services are not provided as part of Arcserve Support. Arcserve Support does not include performing deployments, installations or roll-outs.

7. Hardware Onsite Support

Onsite support programs are available in 1-year and 3-year increments and pricing is determined by a combination of system price, warranty type, and length of coverage.

Coverage excludes software-related failures, acts of nature such as electrical storms, floods or fire, acts of war and terrorism, criminal acts, and the user's damage or negligence.

Help Desk troubleshooting and diagnostics is required to identify the failure and determine the appropriate actions and service components needed onsite prior to dispatching a technician. The Help Desk will then coordinate the components and the field engineer to perform the onsite repair within the terms of the program. Onsite Support is hardware replacement only and does not include onsite troubleshooting or any software services.

For 4-Hour Response support, a "Spares Kit" is required on premises to meet the support coverage timeframe. For "Next Business Day" support, the diagnosis must be complete by 3:00 p.m. local time or the next business day becomes the day following.

Domestic Onsite Support

24x7 – Next Business Day (NBD)

- All calls can be logged with arcserve on a 24 hours per day, 7 days per week, 365 days per year basis. Arcserve will use reasonable efforts to meet the service level objectives stated in the Service Level Objectives above. This is during normal business hours, as published on "Arcserve Support Online".
- If a customer is facing a Severity 1 situation outside of normal business hours for their location, they would follow the normal process for submitting the support request. However please note that after normal business hours the support for severity 1 tickets will be English Only.
- Once diagnosis is complete and components are onsite, a technician is dispatched next business day.
- Components are supplied through the standard warranty of our partner and shipped overnight from the headquarters of our partner.
- Onsite repairs occur during the coverage hours between 8:00 a.m. to 5:00 p.m. local time, Monday through Friday; any onsite requirements outside of coverage hours or on holidays are handled at established time and materials rates.
- Observed holidays include New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving and the day after, Christmas Eve and Christmas Day.

24x7 – 4-Hour Response

- All calls can be logged with arcserve on a 24 hours per day, 7 days per week, 365 days per year basis. Arcserve will use reasonable efforts to meet the service level objectives stated in the Service Level Objectives above. This is during normal business hours, as published on "Arcserve Support Online".
- If a customer is facing a Severity 1 situation outside of normal business hours for their location, they would follow the normal process for submitting the support request. However please note that after normal business hours the support for severity 1 tickets will be English Only.
- A "Spares Kit" must be purchased with this warranty and components must be onsite prior to dispatching a technician.
- A technician will be onsite within 4 hours of diagnosis as long as proper components are onsite within the spare part kit.
- Onsite support that requires components not in the "Spares Kit" reverts to "Next Business Day" Support once the replacement components arrive on premises.

International Onsite Support

"Next Business Day" coverage is available in most major cities in unrestricted countries worldwide; 4-hour coverage is available in most major cities except remote areas where it would be impractical. New locations and service-level enhancements are added frequently. Contact your arcserve account manager for comprehensive, up-to-date international coverage.

Regardless of the support program selected, response times go into effect once the replacement component arrives on premises. The lead time for expediting components internationally from US headquarters of our partner must take into account time in transit, customs clearance, and time en route to its destination.

24x7 – Next Business Day

Onsite Support Process

Prior to calling for hardware support, the user will need to locate the failed system's serial number to provide to Help Desk personnel to identify the system and its components and verify the level of Support coverage. This allows a quicker and more effective diagnosis. The user will also need to provide the site name, address, telephone number, the site contact name, and they should be prepared to provide a brief description of the problem.

Help Desk

Arcserve onsite hardware support partner will open a ticket and work with the user to troubleshoot the issue.

Once a diagnosis our support partner will make arrangements to send replacement components and dispatch a technician. Replacement components are shipped from the headquarters of our partner in America unless inventory is in forward stocking locations.

Our support partner will issue an RMA and produce the return shipping label for defective component(s)/system after the repair is complete. The site contact will be regularly updated on the progress of the service call until the problem is resolved, generally by telephone unless a printed report by email or fax is requested. In most cases our support partner covers the cost of overnight shipping, duties and taxes.

8. End of Service Policy

In accordance with this policy, arcserve decides, at its sole discretion, when an arcserve product Version or Release will be designated "end of service" ("EOS") and what the end of service date ("EOS Date") will be. Arcserve may also decide to withdraw support for a particular operating system, platform, application or database by following the EOS process. When a Version or Release reaches its EOS Date, new development and provision of new Service Packs or Fixes will not be provided for the EOS Version or Release and arcserve support will cease. Previously published Service Packs and Fixes for the EOS Version or Release will continue to be available as part of Self-Service support.

Arcserve will use reasonable efforts to provide licensees with a minimum of twelve (12) months' notice prior to the EOS Date of a Version or Release. If a third party withdraws support for an operating system, platform, application or database, arcserve may not be able to provide a longer period of EOS notice than that provided by the third party. Notifications of software product status may include upgrade or migration path information.

(b) a plan indicating whether Licensor intends, at its option and expense, to: (1) use commercially reasonable efforts to correct the Defect, or (2) provide Subscriber with replacement Software of equivalent or greater functionality. If Licensor determines that neither of the preceding options is commercially feasible, then Licensor shall return to Subscriber any license fees paid for the Software in question, and in that event, any licenses granted by Licensor to Subscriber for the Software shall terminate.

6.02. Warranty Disclaimer.

THE PROVISIONS OF THIS ARTICLE 6 STATE THE SOLE AND EXCLUSIVE REMEDIES AVAILABLE TO LICENSEE, AND LICENSOR'S SOLE AND EXCLUSIVE LIABILITY, FOR ANY PERFORMANCE OR NONPERFORMANCE OF THE SOFTWARE. 6.03. Indemnification by Licensor. (a) Except as otherwise provided, Licensor, at its own expense, will have the right to intervene to defend, indemnify, and hold Subscriber harmless from any claim made or threatened or any suit or proceeding brought against Subscriber insofar as it is based on an allegation that any Software furnished to Subscriber under this Agreement infringes any copyright or patent in existence on the date the Software was initially provided to Subscriber, but only if Subscriber does all of the following:

1. Notifies Licensor of that action in writing within a reasonable period of time (such that Licensor suffers no prejudice to its rights);
2. Gives Licensor the right to control and direct the defense and settlement of that action;
3. Makes no compromise, settlement, or admission of liability; and
4. Provides reasonable assistance and cooperates in the defense of that action at Licensor's expense.

Nothing contained herein shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute 28 U.S.C. §516. Subject to the limitations set forth in this Article 6, Licensor shall pay any resulting damages, costs and expenses finally awarded to a third party, including but not limited to reasonable legal fees. Licensor will have no responsibility for the settlement of any claim, suit, or proceeding made by Subscriber without Licensor's prior written approval.

1. Procure for Subscriber the right to continue using the infringing or potentially infringing Software;
2. Replace the infringing or potentially infringing Software with non-infringing Software; or
3. Modify the infringing or potentially infringing Software so that it become non-infringing.

If none of the foregoing remedies are commercially feasible, then Licensor will return to Subscriber any license fees paid for that Software, and upon such a return, any licenses granted to Subscriber for that Software shall terminate immediately.

(c) Licensor's obligations as stated in this Section will not apply to any claim, suit or proceeding to the extent it is based on any of the following:

1. Any modification of the Software other than by Licensor or the combination of the Software with non-Licensor hardware or software, if the claim, suit or proceeding would have been avoided if the Software had not been so modified or combined;
2. Subscriber's use of other than the latest release of the Software if Subscriber is informed that a claim, suit or proceeding can be avoided by use of the latest release;
3. Any use of the Software not authorized by this Agreement; or
4. A modification or derivative work made by Licensor based on Subscriber's instructions, designs or specifications.

(d) This Section 6.03 sets forth the entire obligation of Licensor, and Subscriber's exclusive remedy, for the actual or alleged infringement by any Software of any patent, copyright, trade secret or other intellectual property right of any person or entity.

6.04. Reserved.

6.05. Limitation of Liability.

IN NO EVENT WILL EITHER PARTY BE LIABLE TO EACH OTHER OR TO ANY THIRD PARTY FOR ANY CONSEQUENTIAL, INDIRECT, INCIDENTAL OR SPECIAL DAMAGES, EVEN IF THE PARTY TO BE CHARGED HAS

BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN NO EVENT WILL LICENSOR'S TOTAL LIABILITY UNDER ANY OR ALL PROVISIONS OF THIS AGREEMENT FOR ALL CAUSES OF ACTION ON A CUMULATIVE BASIS EXCEED THE PAYMENTS ACTUALLY MADE TO LICENSOR UNDER THIS AGREEMENT FOR ALL SOFTWARE OR SERVICES OR SUPPORT OR MAINTENANCE RESULTING IN LIABILITY OR OBLIGATIONS ON LICENSOR'S PART. NOTWITHSTANDING THE FOREGOING, WITH REGARD TO LICENSOR'S LIABILITY UNDER THIS SECTION, LICENSOR'S TOTAL LIABILITY SHALL NOT EXCEED SUCH PAYMENTS.

ARTICLE 7. TERMINATION

7.01. Termination. When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, Licensor shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer.

7.02. Reserved.

7.03. Effect of Termination. Subscriber agrees that immediately upon the operation of Section 7.01, whether or not it receives notice of termination, it shall immediately destroy all copies of the Software and certify that fact to Licensor. Upon termination of the license granted hereunder, Licensor's obligations under this Agreement shall cease.

If purchases are made through a reseller, this Agreement is the complete and exclusive statement of the mutual understanding of Licensor and Customer as it relates to the licensing of the software and supersedes and cancels all previous written and oral agreements and communications between Licensor and Customer relating to the subject matter of this Agreement. Nothing in this Agreement modifies any terms and conditions between the Customer and any prime contractor under which the Licensor's Products were ordered. If purchases are made directly with the original manufacturer, this Agreement, together with the underlying GSA Schedule Contract, Schedule Pricelist, and Purchase Order(s), sets forth the entire agreement and understanding of the Parties relating to the object hereof and merges all prior discussions and agreements of the matter hereof between them.

8.10. Effect of Subscriber Purchase Order. In the event of any conflict between this Agreement and the terms and conditions of any purchase order or similar document pursuant to which Subscriber acquired the license granted by this Agreement, the terms and conditions of the purchase order shall control.

AWS CUSTOMER ACCESS TERMS

AWS Customer Access Terms – U.S. Federal Agencies

These AWS Customer Access Terms (the "Access Terms") govern your access to and use of the Services (as defined below) provided to you by your systems integrator, reseller, or services provider ("Provider"), and set out the additional rules, conditions and restrictions that apply to the entity you represent ("you") for use of the Services of Amazon Web Services LLC ("AWS") granted to you by Provider. In these Access Terms, "we", "us", or "our" means AWS and any of its affiliates. Please see Section 9 for definitions of certain capitalized terms used in these Access Terms.

1. Use of the Services.

1.1 Generally. You are provided access to the Services by your Provider. Your use of and access to the Services is governed by the agreement between you and Provider. These Access Terms supplement the terms of such agreement. AWS Service Level Agreements do not apply to your use of the Services. Your continued access to and use of the Services is conditioned on your compliance with all laws, rules, regulations, policies and instructions applicable to your use of the Services, including the Service Terms, the Acceptable Use Policy and the other Policies as defined in Section 9.

1.2 Account Keys. Provider may provide you with AWS account keys which will allow you to directly access the Services via their account. You are responsible for all activities that occur under these account keys, regardless of whether the activities are undertaken by you or a third party (including your employees, contractors or agents) and we are not responsible for unauthorized access to the account.

1.3 Third Party Materials. Through the use of Provider's AWS account, you may have access to Third Party Materials, such as software applications provided by third parties, which are made available directly to you by other companies or individuals under separate terms and conditions, including separate fees and charges. Your use of any Third Party Materials is at your sole risk.

2. Your Responsibilities

2.1 Your Materials. You are solely responsible for the development, content, operation, maintenance, and use of Your Materials. For example, you are solely responsible for:

- (a) the technical operation of Your Materials, including ensuring that calls you make to any Service are compatible with then-current APIs for that Service;
- (b) compliance of Your Materials with the Acceptable Use Policy, the other Policies, and the law;
- (c) any claims relating to Your Materials;
- (d) properly handling and processing notices sent to you (or any of your affiliates) by any person claiming that Your Materials violate such person's rights, including notices pursuant to the Digital Millennium Copyright Act;
- (e) any action that you permit, assist or facilitate any person or entity to take related to these Access Terms, Your Materials or use of the Services; and
- (f) End Users' use of Your Materials and the Services and ensuring that End Users comply with your obligations under these Access Terms and that the terms of your agreement with each End User are consistent with these Access Terms.

2.2 Other Security and Backup. You or your Provider are solely responsible for properly configuring and using the Services and taking your own steps to maintain appropriate security, protection and backup of Your Materials, including using encryption technology to protect Your Materials from unauthorized access and routinely archiving Your Materials.

2.3 End User Violations. If you become aware of any violation of your obligations under these

Access Terms by an End User, you will immediately terminate such End User's access to Your Materials and the Services.

3. Suspension. We may suspend the AWS account through which you access the Services immediately, with written notice to your contracting officer, if we determine:

(a) you are, or any End User is, in breach of the Acceptable Use Policy ("AUP") or Service Terms; or

(b) your or an End User's use of the Services (i) poses a security risk to the Services or any other AWS customer, (ii) may harm AWS, our systems or the systems or Materials of any other AWS customer; or (iii) may as a result of (i) and/or (ii) subject us to third party liability.

(c) We and Provider will cooperate with your contracting officer or other authorized representative in an effort to remove or resolve the conditions that precipitated the suspension and will promptly reinstate your AWS account and restore your access to the Services from the Provider upon the removal or resolution of such conditions. Nothing in this Section 3 shall operate to limit your rights and remedies otherwise available to you under applicable law and regulations, including without limitation the right to require adequate assurances of future performance and to terminate these Access Terms for default as contemplated in FAR 52.212-4(m) and to initiate a claim as contemplated in FAR 52.212-4(d).

4. Proprietary Rights

4.1 Adequate Rights. You represent and warrant to us that: (a) you or your licensors own all right, title, and interest in and to Your Materials; and (b) none of Your Materials or End Users' use of Your Materials or the Services will violate the Acceptable Use Policy.

4.2 Services. As between you and us, we or our licensors own and reserve all right, title, and interest in and to the Services. You have the right to use the Services solely as a sublicensee of Provider in accordance with the agreement between you and Provider. We have no obligation to provide the Service to you under these Access Terms, so you must look exclusively to Provider and your agreement with Provider regarding such obligation. Except as provided in this Section 4.2, you obtain no rights under these Access Terms from us or our licensors to the Services, including any related intellectual property rights.

As a part of the Services, you may have access to AWS Materials and materials of third parties which may be subject to additional terms and conditions. If you are US Government End User, you are solely responsible for securing any necessary approvals for the download and use of such materials.

4.3 Restrictions. Neither you nor any End User may use the Services in any manner or for any purpose other than as expressly permitted by these Access Terms and the agreement between you and Provider. Neither you nor any End User may, or may attempt to, (a) modify, alter, tamper with, repair, or otherwise create derivative works of any software included in the Services (except to the extent software included in the Services are provided to you under a separate license that expressly permits the creation of derivative works), (b) reverse engineer, disassemble, or decompile the software included in the Services or apply any other process or procedure to derive the source code of any software included in the Services, or (c) access or use the Services in a way intended to avoid incurring fees or exceeding usage limits or quotas. All licenses granted to you with respect to the Services are conditional on your continued compliance with these Access Terms, and you will immediately discontinue your use of the Services if you cannot comply with any term or condition of these Access Terms.

4.4 Suggestions. If you provide any Suggestions to us when using the Services, you hereby grant to AWS and its affiliates a perpetual, irrevocable, non-exclusive, worldwide, royalty-free right and license

to reproduce, distribute, make derivative works based upon, publicly display, publicly perform, make, have made, use, sell, offer for sale, and import the Suggestions, including the right to sublicense such rights through multiple tiers, alone or in combination. You will ensure that you have all rights necessary to grant these rights to AWS and its affiliates..

5. Representation and Warranty. You represent and warrant that (a) you and your End Users' use of the Services (including any use by your employees and personnel) will not violate these Access Terms; (b) Your Materials (including the use, development, design, production, advertising, or marketing of Your Materials) or the combination of Your Materials with other applications, content or processes, do not and will not violate any applicable laws or infringe or misappropriate any third-party rights; and (c) your use of the Services will not cause harm to any End User.

6. Disclaimers. WE PROVIDE THE SERVICES ON AN "AS IS" BASIS TO PROVIDER. WE AND OUR LICENSORS MAKE NO REPRESENTATIONS OR WARRANTIES OF ANY KIND TO YOU, WHETHER EXPRESS, IMPLIED, STATUTORY OR OTHERWISE REGARDING THE SERVICES OR THE THIRD PARTY MATERIALS, INCLUDING ANY WARRANTY THAT THE SERVICES OR THIRD PARTY MATERIALS WILL BE UNINTERRUPTED, ERROR FREE OR FREE OF HARMFUL COMPONENTS, OR THAT ANY MATERIALS, INCLUDING YOUR MATERIALS OR THE THIRD PARTY MATERIALS, WILL BE SECURE OR NOT OTHERWISE LOST OR DAMAGED. EXCEPT TO THE EXTENT PROHIBITED BY LAW, WE AND OUR LICENSORS DISCLAIM ALL WARRANTIES, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY, SATISFACTORY QUALITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, OR QUIET ENJOYMENT, AND ANY WARRANTIES ARISING OUT OF ANY COURSE OF DEALING OR USAGE OF TRADE.

7. Limitations of Liability. YOU MUST LOOK SOLELY TO YOUR PROVIDER AND YOUR AGREEMENT WITH THEM REGARDING ANY CLAIMS OR DAMAGES RELATED TO THE SERVICES. WE AND OUR AFFILIATES OR LICENSORS WILL NOT BE LIABLE TO YOU FOR ANY DIRECT, INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL OR EXEMPLARY DAMAGES (INCLUDING DAMAGES FOR LOSS OF PROFITS, GOODWILL, USE, OR DATA), EVEN IF A PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. FURTHER, NEITHER WE NOR ANY OF OUR LICENSORS WILL BE RESPONSIBLE FOR ANY COMPENSATION, REIMBURSEMENT, OR DAMAGES ARISING IN CONNECTION WITH: (A) YOUR INABILITY TO USE THE SERVICES, INCLUDING AS A RESULT OF ANY (I) SUSPENSION OF YOUR USE OF OR ACCESS TO THE SERVICES, (II) OUR DISCONTINUATION OF ANY OR ALL OF THE SERVICES, OR, (III) ANY UNANTICIPATED OR UNSCHEDULED DOWNTIME OF ALL OR A PORTION OF THE SERVICES FOR ANY REASON; OR (B) ANY UNAUTHORIZED ACCESS TO, ALTERATION OF, OR THE DELETION, DESTRUCTION, DAMAGE, LOSS OR FAILURE TO STORE ANY OF YOUR MATERIALS OR OTHER DATA THAT YOU OR ANY END USER SUBMITS OR USES IN CONNECTION WITH THE SERVICES (INCLUDING AS A RESULT OF YOUR OR ANY END USERS' ERRORS, ACTS OR OMISSIONS).

8. Miscellaneous.

8.1 U.S. Government Rights. In accordance with Federal Acquisition Regulation (FAR) Sections 12.211 and 12.212, and Defense Federal Acquisition Regulation Supplement (DFARS) Sections 227.7202-1 and 227.7202-3, the Services are provided to the U.S. Government as "commercial items," "commercial computer software," "commercial computer software documentation," and "technical data" with the same rights and restrictions generally applicable to the Services. BELKIN WARRANTY

WARRANTY AND SUPPORT INFORMATION

IMPORTANT! PLEASE RETAIN PROOF OF PURCHASE AND PRODUCT WARRANTY INFORMATION

BELKIN KVM PRODUCTS AND ACCESSORIES LIMITED

WARRANTY (Americas)

This warranty is provided to you by Belkin International, Inc., or one of its subsidiaries or affiliates (“Belkin”)

IMPORTANT NOTICE REGARDING YOUR RIGHTS

The benefits we give in this manufacturer's warranty are **additional to** any rights and remedies that you may have under local laws. Nothing in this warranty limits or affects your legal rights.

This manufacturer's warranty is governed by the laws of the country in which you purchased your Belkin product. In many countries, users have rights under local laws. Those rights may differ between countries, states and provinces, and often cannot be excluded.

This manufacturer's warranty is not intended to:

- change or exclude any rights under local law that cannot be lawfully changed or excluded; or
- limit or exclude any right you have against the person who sold the Belkin product to you if that person has breached their sales contract with you.

WHAT DOES THIS WARRANTY COVER?

Belkin warrants that the product hardware and any software media (i.e., media on which the product software is provided) will be free from defects in materials and workmanship under normal use during the Warranty Periods described below. This means that the product won't be defective, and that it will look and work as advertised during the relevant period.

This warranty does not apply to products purchased from a source other than Belkin or a Belkin Authorized Reseller.

How long is the product warranted?

Belkin warrants that the hardware in this Belkin product, and any associated software media, will be free from defects in materials and workmanship under normal use during the Warranty Period. The Warranty Period begins on the date the product was purchased by the original end-user purchaser and lasts for the period set out in the table below for the product purchased:

Product Type	Warranty Period
Desktop KVM products	36 months
Console and Rack Mount KVM Products	36 months
Secure KVM Products	36 months

All KVM Accessories	36 months
Secure KVM Extended Warranty - 1 Year*	12 months additional standard warranty past 36 original months
Secure KVM Extended Warranty – 2 Year*	24 months additional standard warranty past original 36 months
Software media (if provided with the product)	90 days

* For purposes of this warranty, Extended Warranty means that Belkin will honor the standard warranty of a Secure KVM product for an additional 1 or 2 years (depending on which Extended Warranty you purchased) at a cost reflected as a sold Extended Warranty SKU attached to the sold Secure KVM Product SKU serial number. An extended warranty purchase does not alter the type of warranty of the given Secure KVM, but it extends the warranty per the standard warranty terms and conditions for the additional period of time purchased. If Belkin ceases to manufacture the product under Extended Warranty as notified on the product support web page at www.belkin.com, Belkin will continue to honor the Extended Warranty until the end of the Extended Warranty term by repairing or replacing any defective product and, if the obsolete product is defective and replacement units are no longer available, Belkin will replace the obsolete product with a current generation product that most closely matches the warranted product.

A claim under this warranty is only eligible if it is made within the Warranty Period and if the purchaser makes the claim with a valid serial number.

What isn't covered?

Belkin does not give any warranty:

- in relation to software or services, provided by Belkin or any third party, included in or with the product;
- that the product, software or services will always operate uninterrupted or error free;
- that the product, software or services, or any equipment, system or network on which the product, software or services are used are 100% secure and cannot be hacked; or
- that a third party service the product needs will always be available.

Note: Although Belkin does not make these promises in this warranty, you may have additional rights under local laws.

Will this warranty always apply?

This warranty does not apply if:

- the product has been tampered with or the assembly seal has been removed or damaged;
- the product has been altered or modified by someone other than Belkin;
- the product damage was caused by use with non-Belkin products
- the warranty claim was made fraudulently or by misrepresentation;
- the product was not installed, operated, repaired, or maintained in accordance with Belkin's instructions;
- the product has been subjected to abnormal physical or electrical stress, misuse, negligence, or accident;

- damage to the product is cosmetic, including scratches and dents, or defects caused by normal wear and tear or normal aging of the product;
- the serial number on the product has been altered, defaced, or removed; or
- the product was supplied or licensed for beta, evaluation, testing or demonstration purposes, and you didn't buy or license the product.

Note: Although this warranty doesn't apply in these situations, you may have additional rights under local laws.

How will Belkin make things right?

If you make an eligible claim under this warranty, Belkin will, at its election:

- repair the product with new or refurbished parts, or pay the reasonable costs of repairing the product;
- replace the product with a reasonably available equivalent new or refurbished Belkin product; or

Any repaired or replacement products are warranted for the remainder of the original or (if purchased) extended Warranty Period. All products and parts that are replaced become the property of Belkin. Should the defective product require a "destroy in field" process, please contact Belkin product support for details.

Note: The rights and remedies outlined above are the only rights and remedies available under this warranty. However, you may have additional rights under local laws.

GENERAL EXCLUSIONS AND LIMITATIONS OF LIABILITY

IN THOSE JURISDICTIONS WHERE IT CAN LAWFULLY DO SO, AND TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, BELKIN, ITS RESELLERS AND ITS SUPPLIERS HEREBY DISCLAIM AND EXCLUDE ALL OTHER WARRANTIES, EXPRESS, STATUTORY OR IMPLIED, INCLUDING BUT NOT LIMITED TO IMPLIED WARRANTIES OF MERCHANTABILITY, ACCEPTABILITY, SATISFACTORY QUALITY, NON-INFRINGEMENT, TITLE, FITNESS FOR A PARTICULAR PURPOSE, LOSS OF OR DAMAGE TO DATA, LACK OF VIRUSES OR FREE FROM VIRUS OR MALWARE ATTACK, SECURITY, PERFORMANCE, LACK OF NEGLIGENCE, WORKMANLIKE EFFORT, QUIET ENJOYMENT, THAT THE FUNCTIONS CONTAINED IN THE PRODUCT WILL MEET YOUR REQUIREMENTS, OR THAT DEFECTS IN THE PRODUCT WILL BE CORRECTED, OR THAT YOUR USE OF THE PRODUCT WILL GENERATE ACCURATE, RELIABLE, TIMELY RESULTS, INFORMATION, MATERIAL OR DATA. NO ORAL OR WRITTEN INFORMATION OR ADVICE GIVEN BY BELKIN, A DEALER, AGENT OR AFFILIATE SHALL CREATE A WARRANTY. TO THE EXTENT WARRANTIES CANNOT BE DISCLAIMED OR EXCLUDED, THEY ARE LIMITED TO THE DURATION OF THE RELEVANT EXPRESS WARRANTY PERIOD.

EXCEPT AS PROVIDED IN THIS WARRANTY AND TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, IN NO EVENT SHALL BELKIN, ITS AFFILIATES, ASSOCIATES, DEALERS, AGENTS OR SUPPLIERS OR THEIR RESPECTIVE OFFICERS, DIRECTORS, EMPLOYEES, LICENSORS AND ASSIGNS BE LIABLE FOR ANY DIRECT, INDIRECT, EXEMPLARY, PUNITIVE, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES WHATSOEVER (INCLUDING BUT NOT LIMITED TO DAMAGES FOR LOSS OF PROFITS OR REVENUE, FOR BUSINESS INTERRUPTION, FOR PERSONAL INJURY, FOR LOSS OF PRIVACY, FOR LOSS OF ABILITY TO USE ANY THIRD PARTY PRODUCTS OR SERVICES, FOR FAILURE TO MEET ANY DUTY INCLUDING OF GOOD FAITH OR OF REASONABLE CARE, FOR NEGLIGENCE, AND FOR ANY OTHER PECUNIARY OR OTHER LOSS WHATSOEVER), REGARDLESS OF THE THEORY OF LIABILITY (CONTRACT, TORT OR OTHERWISE) ARISING OUT OF OR IN ANY WAY RELATED TO THE USE OF OR INABILITY TO USE THE PRODUCT, EVEN IF BELKIN OR SUCH OTHER ENTITIES HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN NO EVENT SHALL THE TOTAL AGGREGATE LIABILITY OF BELKIN, ITS AFFILIATES, ASSOCIATES, DEALERS, AGENTS OR SUPPLIERS TO YOU FOR ALL DAMAGES EXCEED THE PRICE YOU PAID FOR THE PRODUCT. THIS LIMITATION IS CUMULATIVE AND WILL NOT BE INCREASED BY THE EXISTENCE OF MORE THAN ONE

INCIDENT OR CLAIM. THE FOREGOING LIMITATIONS WILL APPLY EVEN IF ANY WARRANTY OR REMEDY PROVIDED FAILS OF ITS ESSENTIAL PURPOSE. NOTHING IN THIS SECTION SHALL LIMIT THE LIABILITY OF BELKIN IN RELATION TO DEATH OR BODILY INJURIES.

THE WARRANTIES AND REMEDIES SET OUT IN THIS AGREEMENT ARE EXCLUSIVE, AND, TO THE EXTENT PERMITTED BY LAW, IN LIEU OF ALL OTHERS ORAL OR WRITTEN, EXPRESS OR IMPLIED. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OR LIMITATION OF IMPLIED WARRANTIES OR OF LIABILITY FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE FOREGOING LIMITATIONS MAY NOT APPLY TO YOU.

If any term is held to be illegal or unenforceable, the legality or enforceability of the remaining terms shall not be affected or impaired.

BELKIN TECHNICAL AND WARRANTY SUPPORT INFORMATION

HOW DO I GET HELP?

If you have a question about your product or experience a problem with it, please go to <http://support.belkin.com>. You will find online support tools and information to help you with your product.

What should I do if my product is defective?

You always have the option to return the product to the original seller if you have a problem. You can make a claim based on this warranty or any local laws that apply to you.

You can also make a claim under this warranty or local laws by contacting Belkin Technical Support. To find out how to contact us, click the "Contact Us" link on the home page of <http://belkin.com>. If you are located outside the United States, you will need to choose your region/location first:

<https://www.belkin.com/in/change-region/>

When you contact Technical Support for your region at the links above, you will need to give us some information:

- your product model, hardware revision (if applicable) and serial number;
- proof that you purchased the product, with the date of the purchase shown and place where it was purchased. If you are making a claim under an Extended Warranty, you will also need to provide proof of purchase of the Extended Warranty, which can be accomplished by Belkin matching up the serial number of the product with the Extended Warranty purchase, or by providing an invoice for the product and the extended warranty. **WE WILL ALWAYS NEED A DATED PROOF OF ORIGINAL PURCHASE TO PROCESS WARRANTY CLAIMS.**

Sometimes we will need you to send the product back to us so that we can fix or replace it. If we ask you to return your product to us by post, you will be given a Return Materials Authorization (RMA) number and we'll tell you where to send the product. You will need to make sure the product is properly packaged and shipped. You will be responsible for the costs of returning your product to us. We need to identify your product when it reaches us, so you'll need to include the RMA number AND a copy of your dated proof of original purchase (please keep the original) with the returned product. We also recommend that you send the package by registered and insured mail or by overnight courier to protect the package while it is in transit.

What happens when I return my product?

Defective products covered by this warranty will be repaired or replaced without charge with the same product or an equivalent product of equal or greater value, or Belkin will provide you with a refund of the purchase price

of the product, minus any rebates and discounts. The remedy offered will be determined by Belkin in its sole discretion.

We can only ship replacement or repaired products to locations in the country where the original product was purchased.

Belkin may need to delete all or part of your data to repair or replace your product. Belkin may also install software updates as part of warranty service. PLEASE MAKE SURE THAT YOU BACK UP ALL OF YOUR DATA ON THE PRODUCT (if applicable) BEFORE SENDING IT IN FOR REPAIR OR REPLACEMENT. BELKIN IS NOT RESPONSIBLE FOR ANY LOSS OF DATA OR SOFTWARE DURING WARRANTY SERVICE.

Repairs or replacements not covered under warranty or your rights under local law may be refused by your place of purchase, or may be subject to charge.

How are end-of-life notices provided?

Any end-of-life notice shall be posted on the product support page at <http://belkin.com>. The date the end-of-life notice is posted shall be deemed to be the date of notification.

- (i) Customer assumes sole responsibility and liability for: (i) the establishment of appropriate security measures to control access to the licensed BlackBerry Solution, including for Endpoints; (ii) Customer's selection, use, access, cost or implementation of any Third Party Item, regardless of how Customer acquires or obtains access to the Third Party Item, or whether any such Third Party Items are required in order to use all or any part of, or operate in conjunction with, the BlackBerry Solution; and (iii) informing its Authorized Users of any functions to be performed on their devices;
- (j) BlackBerry may, as permitted under the contract, modify, temporarily suspend, discontinue or place limits on the BlackBerry Solution or any part thereof, including: (i) periodically suspending use of and/or access thereto, or otherwise taking it out of operation in order to do maintenance and support of BlackBerry Software or BlackBerry Services; (ii) if Customer's or its Authorized Users' use of and/or access to the BlackBerry Solution or any part thereof poses a security or other risk to the software or service or any third party or adversely impacts the software or service; (iii) if required by law or regulation or in BlackBerry's opinion it is or may be subject to liability as a result of operating the BlackBerry Solution or any part thereof. BROTHER WARRANTY

Brother™ One-Year Limited Warranty and Replacement Service (USA Only)

Who is covered:

- This limited warranty ("warranty") is given only to the original end-user/retail purchaser (referred to in this warranty as "Original Purchaser") of the accompanying product, consumables and accessories (collectively referred to in this warranty as "this Product").
- If you purchased a product from someone other than an authorized Brother reseller in the United States or if the product was used (including but not limited to floor models or refurbished product by someone other than Brother), prior to your purchase you are not the Original Purchaser and the product that you purchased is not covered by this warranty.

What is covered:

- This Product includes a Machine and Consumable and Accessory Items. Consumable and Accessory Items include but are not limited to print heads, toner, drums, ink cartridges, print cartridges, cordless handset battery, refill ribbons, thermal PLUS paper and thermal paper.
- Except as otherwise provided herein, Brother warrants that the Machine and the accompanying Consumable and Accessory Items will be free from defects in materials and workmanship, when used under normal conditions.
- This warranty applies only to products purchased and used in the United States. For products purchased in, but used outside, the United States, this warranty covers only warranty service within the United States (and does not include shipping outside the United States).

What is the length of the Warranty Periods:

- Machines: one year from the original purchase date.
- Accompanying Consumable and Accessory Items: 90 days from the original purchase date or the rated life of consumable, whichever comes first.

What is NOT covered:

This warranty does not cover:

- (1) Physical damage to this Product;
- (2) Damage caused by improper installation, improper or abnormal use, misuse, neglect or accident (including but not limited to transporting this Product without the proper preparation and/or packaging);
- (3) Damage caused by another device or software used with this Product (including but not limited to damage resulting from use of non Brother™-brand parts and Consumable and Accessory Items);
- (4) Consumable and Accessory Items that expired in accordance with a rated life;
- (5) Problems arising from other than defects in materials or workmanship; and,
- (6) Normal Periodic Maintenance Items beyond their rated life, such as Waste Ink Absorber, Paper Feeding Kits, Fuser and Laser Units.

This limited warranty is VOID if this Product has been altered or modified in any way (including but not limited to attempted warranty repair without authorization from Brother and/or alteration/removal of the serial number).

What to do if you think your Product is eligible for warranty service:

Report your issue to either our Customer Service Hotline at 1-877-BROTHER (1-877-276-8437) or to a Brother Authorized Service Center within the applicable warranty period. Supply Brother or the Brother Authorized Service Center with a copy of your dated bill of sale showing that this Product was purchased within the U.S. For the name of local Brother Authorized Service Center(s), call 1-877-BROTHER (1-877-276-8437) or visit www.brother-usa.com.

What Brother will ask you to do:

After contacting Brother or a Brother Authorized Service Center, you may be required to deliver (by hand if you prefer) or send the Product properly packaged, freight prepaid, to the Authorized Service Center

together with a photocopy of your bill of sale. **You are responsible for the cost of shipping, packing product, and insurance (if you desire). You are also responsible for loss or damage to this Product in shipping.**

What Brother will do:

If the problem reported concerning your Machine and/or accompanying Consumable and Accessory Items is covered by this warranty and if you first reported the problem to Brother or an Authorized Service Center within the applicable warranty period, Brother or its Authorized Service Center will repair or replace the Machine and/or accompanying Consumable and Accessory Items at no charge to you for parts or labor. The decision as to whether to repair or replace the Machine and/or accompanying Consumable and Accessory Items is made by Brother in its sole discretion. Brother reserves the right to supply a refurbished or remanufactured replacement Machine and/or accompanying Consumable and Accessory Items and use refurbished parts provided such replacement products conform to the manufacturer's specifications for new product/parts. The repaired or replacement Machine and/or accompanying Consumable and Accessory Items will be returned to you freight prepaid or made available for you to pick up at a conveniently located Authorized Service Center.

If the Machine and/or accompanying Consumable and Accessory Items are not covered by this warranty (either stage), you will be charged for shipping the Machine and/or accompanying Consumable and Accessory Items back to you and charged for any service and/or replacement parts/products at Brother's then current published rates.

The foregoing are your sole (i.e., only) and exclusive remedies under this warranty.

What happens when Brother elects to replace your Machine:

When a replacement Machine is authorized by Brother, and you have delivered the Machine to an Authorized Service Center, the Authorized Service Center will provide you with a replacement Machine after receiving one from Brother. If you are dealing directly with Brother's Express Exchange Service Brother will send to you a replacement Machine shipped for receipt within two business days, with the understanding that you have provided the required proof of purchase information for the Machine that Brother agreed to replace. You are then expected to pack the Machine that Brother agreed to replace in the package from the replacement Machine and return it to Brother using the pre-paid freight bill supplied by Brother in accordance with the instructions provided by Brother. Since you will be in possession of two machines, Brother will require that you provide a valid major credit card number. Brother will issue a hold against the credit card account number that you provide until Brother receives your original Product and determines that your original Product is entitled to warranty coverage. Your credit card will be charged up to the cost of a new Product only if: (i) you do not return your original Product to Brother within five (5) business days; (ii) the problems with your original Product are not covered by the limited warranty; (iii) the proper packaging instructions are not followed and has caused damage to the product; or (iv) the warranty period on your original Product has expired or has not been sufficiently validated with a copy of the proof of purchase (bill of sale). The replacement Machine you receive (even if refurbished or remanufactured) will be covered by the balance of the limited warranty period remaining on the original Product, plus an additional thirty (30) days. You will keep the replacement Machine that is sent to you and your original Machine shall become the property of Brother. Retain your original Accessory Items and a copy of the return freight bill, signed by the courier.

Limitations:

Brother is not responsible for damage to or loss of any equipment, media, programs or data related to the use of this Product. Except for the repair or replacement as described above, Brother shall not be liable for any direct, indirect, incidental or consequential damages or specific relief. Because some states do not allow the exclusion or limitation of consequential or incidental damages, the above limitation may not apply to you.

THIS WARRANTY IS GIVEN IN LIEU OF ALL OTHER WARRANTIES, WRITTEN OR ORAL, WHETHER EXPRESSED BY AFFIRMATION, PROMISE, DESCRIPTION, DRAWING, MODEL OR SAMPLE. ANY AND ALL WARRANTIES OTHER THAN THIS ONE, WHETHER EXPRESS OR IMPLIED, INCLUDING IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE HEREBY DISCLAIMED.

- This Limited Warranty is the only warranty that Brother is giving for this Product. It is the *final expression and the exclusive and only statement* of Brother's obligations to you. It replaces all other agreements and understandings that you may have with Brother or its representatives.
- This warranty gives you certain rights and you may also have other rights that may vary from state to state.
- This Limited Warranty (and Brother's obligation to you) may not be changed in any way unless you and Brother sign the same piece of paper in which we (1) refer to this Product and your bill of sale date, (2) describe the change to this warranty and (3) agree to make that change.

Important: *We recommend that you keep all original packing materials, in the event that you ship this Product.*

License. Conditioned upon compliance with the terms and conditions of the Agreement, Cisco grants to Customer a nonexclusive and nontransferable license to use for Customer's internal business purposes the Software and the Documentation for which Customer has paid the required license fees to an Approved Source. "Documentation" means written information (whether contained in user or technical manuals, training materials, specifications or otherwise) pertaining to the Software and made available by an Approved Source with the Software in any manner (including on CD-Rom, or on-line). In order to use the Software, Customer may be required to input a registration

number or product authorization key and register Customer's copy of the Software online at Cisco's website to obtain the necessary license key or license file.

Customer's license to use the Software shall be limited to, and Customer shall not use the Software in excess of, a single hardware chassis or card or such other limitations as are set forth in the applicable Supplemental License Agreement or in the applicable purchase order which has been accepted by an Approved Source and for which Customer has paid to an Approved Source the required license fee (the "Purchase Order").

Unless otherwise expressly provided in the Documentation or any applicable Supplemental License Agreement, Customer shall use the Software solely as embedded in, for execution on, or (where the applicable Documentation permits installation on non-Cisco equipment) for communication with Cisco equipment owned or leased by Customer and used for Customer's internal business purposes. No other licenses are granted by implication, estoppel or otherwise.

For evaluation or beta copies for which Cisco does not charge a license fee, the above requirement to pay license fees does not apply.

General Limitations. This is a license, not a transfer of title, to the Software and Documentation, and Cisco retains ownership of all copies of the Software and Documentation. Customer acknowledges that the Software and Documentation contain trade secrets of Cisco or its suppliers or licensors, including but not limited to the specific internal design and structure of individual programs and associated interface information. Except as otherwise expressly provided under the Agreement, Customer shall only use the Software in connection with the use of Cisco equipment purchased by the Customer from an Approved Source and Customer shall have no right, and Customer specifically agrees not to:

(i) transfer, assign or sublicense its license rights to any other person or entity (other than in compliance with any Cisco relicensing/transfer policy then in force), or use the Software on Cisco equipment not purchased by the Customer from an Approved Source or on secondhand Cisco equipment, and Customer acknowledges that any attempted transfer, assignment, sublicense or use shall be void;

(ii) make error corrections to or otherwise modify or adapt the Software or create derivative works based upon the Software, or permit third parties to do the same;

(iii) reverse engineer or decompile, decrypt, disassemble or otherwise reduce the Software to human-readable form, except to the extent otherwise expressly permitted under applicable law notwithstanding this restriction or except to the extent that Cisco is legally required to permit such specific activity pursuant to any applicable open source license;

(iv) publish any results of benchmark tests run on the Software;

(v) use or permit the Software to be used to perform services for third parties, whether on a service bureau or time sharing basis or otherwise, without the express written authorization of Cisco; or

(vi) disclose, provide, or otherwise make available trade secrets contained within the Software and Documentation in any form to any third party without the prior written consent of Cisco. Customer shall implement reasonable security measures to protect such trade secrets.

To the extent required by applicable law, and at Customer's written request, Cisco shall provide Customer with the interface information needed to achieve interoperability between the Software and another independently created program, on payment of Cisco's applicable fee, if any. Customer shall observe strict obligations of confidentiality with respect to such information and shall use such information in compliance with any applicable terms and conditions upon which Cisco makes such information available.

Software, Upgrades and Additional Copies. NOTWITHSTANDING ANY OTHER PROVISION OF THE AGREEMENT: (1) CUSTOMER HAS NO LICENSE OR RIGHT TO MAKE OR USE ANY ADDITIONAL COPIES OR UPGRADES UNLESS CUSTOMER, AT THE TIME OF MAKING OR ACQUIRING SUCH COPY OR UPGRADE, ALREADY HOLDS A VALID LICENSE TO THE ORIGINAL SOFTWARE AND HAS PAID THE APPLICABLE FEE TO AN APPROVED SOURCE FOR THE UPGRADE OR ADDITIONAL COPIES; (2) USE OF UPGRADES IS LIMITED

TO CISCO EQUIPMENT SUPPLIED BY AN APPROVED SOURCE FOR WHICH CUSTOMER IS THE ORIGINAL END USER PURCHASER OR LESSEE OR OTHERWISE HOLDS A VALID LICENSE TO USE THE SOFTWARE WHICH IS BEING UPGRADED; AND (3) THE MAKING AND USE OF ADDITIONAL COPIES IS LIMITED TO NECESSARY BACKUP PURPOSES ONLY.

Proprietary Notices. Customer agrees to maintain and reproduce all copyright, proprietary, and other notices on all copies, in any form, of the Software in the same form and manner that such copyright and other proprietary notices are included on the Software. Except as expressly authorized in the Agreement, Customer shall not make any copies or duplicates of any Software without the prior written permission of Cisco.

Term and Termination. The Agreement and the license granted herein shall remain effective until terminated. Customer may terminate the Agreement and the license at any time by destroying all copies of Software and any Documentation. Customer's rights under the Agreement will terminate immediately without notice from Cisco if Customer fails to comply with any provision of the Agreement. Upon termination, Customer shall destroy all copies of Software and Documentation in its possession or control. All confidentiality obligations of Customer, all restrictions and limitations imposed on the Customer under the section titled "General Limitations" and all limitations of liability and disclaimers and restrictions of warranty shall survive termination of this Agreement. In addition, the provisions of the sections titled "U.S. Government End User Purchasers" and "General Terms Applicable to the Limited Warranty Statement and End User License Agreement" shall survive termination of the Agreement.

Customer Records. Customer grants to Cisco and its independent accountants the right to examine Customer's books, records and accounts during Customer's normal business hours to verify compliance with this Agreement. In the event such audit discloses non-compliance with this Agreement, Customer shall promptly pay to Cisco the appropriate license fees, plus the reasonable cost of conducting the audit.

Export, Re-Export, Transfer and Use Controls. The Software, Documentation and technology or direct products thereof (hereafter referred to as Software and Technology), supplied by Cisco under the Agreement are subject to export controls under the laws and regulations of the United States ("U.S.") and any other applicable countries' laws and regulations. Customer shall comply with such laws and regulations governing export, re-export, import, transfer and use of Cisco Software and Technology and will obtain all required U.S. and local authorizations, permits, or licenses. Cisco and Customer each agree to provide the other information, support documents, and assistance as may reasonably be required by the other in connection with securing authorizations or licenses. Information regarding compliance with export, re-export, transfer and use may be located at the following URL:
www.cisco.com/web/about/doing_business/legal/global_export_trade/general_export/contract_compliance.html

U.S. Government End User Purchasers. The Software and Documentation qualify as "commercial items," as that term is defined at Federal Acquisition Regulation ("FAR") (48 C.F.R.) 2.101, consisting of "commercial computer software" and "commercial computer software documentation" as such terms are used in FAR 12.212. Consistent with FAR 12.212 and DoD FAR Supp. 227.7202-1 through 227.7202-4, and notwithstanding any other FAR or other contractual clause to the contrary in any agreement into which the Agreement may be incorporated, Customer may provide to Government end user or, if the Agreement is direct, Government end user will acquire, the Software and Documentation with only those rights set forth in the Agreement. Use of either the Software or Documentation or both constitutes agreement by the Government that the Software and Documentation are "commercial computer software" and "commercial computer software documentation," and constitutes acceptance of the rights and restrictions herein.

Identified Components; Additional Terms. The Software may contain or be delivered with one or more components, which may include third-party components, identified by Cisco in the Documentation, readme.txt file, third-party click-accept or elsewhere (e.g. on www.cisco.com) (the "Identified Component(s)") as being subject to different license agreement terms, disclaimers of warranties, limited warranties or other terms and conditions (collectively, "Additional Terms") than those set forth herein. You agree to the applicable Additional Terms for any such Identified Component(s).

Limited Warranty

Subject to the limitations and conditions set forth herein, Cisco warrants that commencing from the date of shipment to Customer (but in case of resale by an Approved Source other than Cisco, commencing not more than ninety (90) days after original shipment by Cisco), and continuing for a period of the longer of (a) ninety (90) days or (b) the warranty period (if any) expressly set forth as applicable specifically to software in the warranty card accompanying

the product of which the Software is a part (the "Product") (if any): (a) the media on which the Software is furnished will be free of defects in materials and workmanship under normal use; and (b) the Software substantially conforms to the Documentation. The date of shipment of a Product by Cisco is set forth on the packaging material in which the Product is shipped. Except for the foregoing, the Software is provided "AS IS". This limited warranty extends only to the Software purchased from an Approved Source by a Customer who is the first registered end user. Customer's sole and exclusive remedy and the entire liability of Cisco and its suppliers under this limited warranty will be (i) replacement of defective media and/or (ii) at Cisco's option, repair, replacement, or refund of the purchase price of the Software, in both cases subject to the condition that any error or defect constituting a breach of this limited warranty is reported to the Approved Source supplying the Software to Customer, within the warranty period. Cisco or the Approved Source supplying the Software to Customer may, at its option, require return of the Software and/or Documentation as a condition to the remedy. In no event does Cisco warrant that the Software is error free or that Customer will be able to operate the Software without problems or interruptions. In addition, due to the continual development of new techniques for intruding upon and attacking networks, Cisco does not warrant that the Software or any equipment, system or network on which the Software is used will be free of vulnerability to intrusion or attack.

Restrictions. This warranty does not apply if the Software, Product or any other equipment upon which the Software is authorized to be used (a) has been altered, except by Cisco or its authorized representative, (b) has not been installed, operated, repaired, or maintained in accordance with instructions supplied by Cisco, (c) has been subjected to abnormal physical or electrical stress, abnormal environmental conditions, misuse, negligence, or accident; or (d) is licensed for beta, evaluation, testing or demonstration purposes. The Software warranty also does not apply to (e) any temporary Software modules; (f) any Software not posted on Cisco's Software Center; (g) any Software that Cisco expressly provides on an "AS IS" basis on Cisco's Software Center; (h) any Software for which an Approved Source does not receive a license fee; and (i) Software supplied by any third party which is not an Approved Source.

DISCLAIMER OF WARRANTY

EXCEPT AS SPECIFIED IN THIS WARRANTY SECTION, ALL EXPRESS OR IMPLIED CONDITIONS, REPRESENTATIONS, AND WARRANTIES INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, SATISFACTORY QUALITY, NON-INTERFERENCE, ACCURACY OF INFORMATIONAL CONTENT, OR ARISING FROM A COURSE OF DEALING, LAW, USAGE, OR TRADE PRACTICE, ARE HEREBY EXCLUDED TO THE EXTENT ALLOWED BY APPLICABLE LAW AND ARE EXPRESSLY DISCLAIMED BY CISCO, ITS SUPPLIERS AND LICENSORS. TO THE EXTENT THAT ANY OF THE SAME CANNOT BE EXCLUDED, SUCH IMPLIED CONDITION, REPRESENTATION AND/OR WARRANTY IS LIMITED IN DURATION TO THE EXPRESS WARRANTY PERIOD REFERRED TO IN THE "LIMITED WARRANTY" SECTION ABOVE. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, THE ABOVE LIMITATION MAY NOT APPLY IN SUCH STATES. THIS WARRANTY GIVES CUSTOMER SPECIFIC LEGAL RIGHTS, AND CUSTOMER MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM JURISDICTION TO JURISDICTION. This disclaimer and exclusion shall apply even if the express warranty set forth above fails of its essential purpose.

Disclaimer of Liabilities-Limitation of Liability. IF YOU ACQUIRED THE SOFTWARE IN THE UNITED STATES, LATIN AMERICA, CANADA, JAPAN OR THE CARIBBEAN, NOTWITHSTANDING ANYTHING ELSE IN THE AGREEMENT TO THE CONTRARY, ALL LIABILITY OF CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS COLLECTIVELY, TO CUSTOMER, WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE), BREACH OF WARRANTY OR OTHERWISE, SHALL NOT EXCEED THE PRICE PAID BY CUSTOMER TO ANY APPROVED SOURCE FOR THE SOFTWARE THAT GAVE RISE TO THE CLAIM OR IF THE SOFTWARE IS PART OF ANOTHER PRODUCT, THE PRICE PAID FOR SUCH OTHER PRODUCT. THIS LIMITATION OF LIABILITY FOR SOFTWARE IS CUMULATIVE AND NOT PER INCIDENT (I.E. THE EXISTENCE OF TWO OR MORE CLAIMS WILL NOT ENLARGE THIS LIMIT).

IF YOU ACQUIRED THE SOFTWARE IN EUROPE, THE MIDDLE EAST, AFRICA, ASIA OR OCEANIA, NOTWITHSTANDING ANYTHING ELSE IN THE AGREEMENT TO THE CONTRARY, ALL LIABILITY OF CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS COLLECTIVELY, TO CUSTOMER, WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE), BREACH OF WARRANTY OR OTHERWISE, SHALL NOT EXCEED THE PRICE PAID BY CUSTOMER TO CISCO FOR THE SOFTWARE THAT GAVE RISE TO THE CLAIM OR IF THE SOFTWARE IS PART OF ANOTHER PRODUCT, THE PRICE PAID FOR SUCH OTHER PRODUCT. THIS LIMITATION OF LIABILITY FOR SOFTWARE IS CUMULATIVE AND NOT PER INCIDENT (I.E. THE EXISTENCE OF TWO OR MORE CLAIMS WILL NOT ENLARGE THIS LIMIT).

NOTHING IN THE AGREEMENT SHALL LIMIT (I) THE LIABILITY OF CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS TO CUSTOMER FOR PERSONAL INJURY OR DEATH CAUSED BY THEIR NEGLIGENCE, (II) CISCO'S LIABILITY FOR FRAUDULENT MISREPRESENTATION, OR (III) ANY LIABILITY OF CISCO WHICH CANNOT BE EXCLUDED UNDER APPLICABLE LAW.

Disclaimer of Liabilities-Waiver of Consequential Damages and Other Losses. IF YOU ACQUIRED THE SOFTWARE IN THE UNITED STATES, LATIN AMERICA, THE CARIBBEAN OR CANADA, REGARDLESS OF WHETHER ANY REMEDY SET FORTH HEREIN FAILS OF ITS ESSENTIAL PURPOSE OR OTHERWISE, IN NO EVENT WILL CISCO OR ITS SUPPLIERS BE LIABLE FOR ANY LOST REVENUE, PROFIT, OR LOST OR DAMAGED DATA, BUSINESS INTERRUPTION, LOSS OF CAPITAL, OR FOR SPECIAL, INDIRECT, CONSEQUENTIAL, INCIDENTAL, OR PUNITIVE DAMAGES HOWEVER CAUSED AND REGARDLESS OF THE THEORY OF LIABILITY OR WHETHER ARISING OUT OF THE USE OF OR INABILITY TO USE SOFTWARE OR OTHERWISE AND EVEN IF CISCO OR ITS SUPPLIERS OR LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATION OR EXCLUSION OF CONSEQUENTIAL OR INCIDENTAL DAMAGES, THE ABOVE LIMITATION MAY NOT APPLY TO YOU.

IF YOU ACQUIRED THE SOFTWARE IN JAPAN, EXCEPT FOR LIABILITY ARISING OUT OF OR IN CONNECTION WITH DEATH OR PERSONAL INJURY, FRAUDULENT MISREPRESENTATION, AND REGARDLESS OF WHETHER ANY REMEDY SET FORTH HEREIN FAILS OF ITS ESSENTIAL PURPOSE OR OTHERWISE, IN NO EVENT WILL CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS BE LIABLE FOR ANY LOST REVENUE, PROFIT, OR LOST OR DAMAGED DATA, BUSINESS INTERRUPTION, LOSS OF CAPITAL, OR FOR SPECIAL, INDIRECT, CONSEQUENTIAL, INCIDENTAL, OR PUNITIVE DAMAGES HOWEVER CAUSED AND REGARDLESS OF THE THEORY OF LIABILITY OR WHETHER ARISING OUT OF THE USE OF OR INABILITY TO USE SOFTWARE OR OTHERWISE AND EVEN IF CISCO OR ANY APPROVED SOURCE OR THEIR SUPPLIERS OR LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

IF YOU ACQUIRED THE SOFTWARE IN EUROPE, THE MIDDLE EAST, AFRICA, ASIA OR OCEANIA, IN NO EVENT WILL CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS, BE LIABLE FOR ANY LOST REVENUE, LOST PROFIT, OR LOST OR DAMAGED DATA, BUSINESS INTERRUPTION, LOSS OF CAPITAL, OR FOR SPECIAL, INDIRECT, CONSEQUENTIAL, INCIDENTAL, OR PUNITIVE DAMAGES, HOWSOEVER ARISING, INCLUDING, WITHOUT LIMITATION, IN CONTRACT, TORT (INCLUDING NEGLIGENCE) OR WHETHER ARISING OUT OF THE USE OF OR INABILITY TO USE THE SOFTWARE, EVEN IF, IN EACH CASE, CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS, HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATION OR EXCLUSION OF CONSEQUENTIAL OR INCIDENTAL DAMAGES, THE ABOVE LIMITATION MAY NOT FULLY APPLY TO YOU. THE FOREGOING EXCLUSION SHALL NOT APPLY TO ANY LIABILITY ARISING OUT OF OR IN CONNECTION WITH: (I) DEATH OR PERSONAL INJURY, (II) FRAUDULENT MISREPRESENTATION, OR (III) CISCO'S LIABILITY IN CONNECTION WITH ANY TERMS THAT CANNOT BE EXCLUDED UNDER APPLICABLE LAW.

Customer acknowledges and agrees that Cisco has set its prices and entered into the Agreement in reliance upon the disclaimers of warranty and the limitations of liability set forth herein, that the same reflect an allocation of risk between the parties (including the risk that a contract remedy may fail of its essential purpose and cause consequential loss), and that the same form an essential basis of the bargain between the parties.

Controlling Law, Jurisdiction. If you acquired, by reference to the address on the purchase order accepted by the Approved Source, the Software in the United States, Latin America, or the Caribbean, the Agreement and warranties ("Warranties") are controlled by and construed under the laws of the State of California, United States of America, notwithstanding any conflicts of law provisions; and the state and federal courts of California shall have exclusive jurisdiction over any claim arising under the Agreement or Warranties. If you acquired the Software in Canada, unless expressly prohibited by local law, the Agreement and Warranties are controlled by and construed under the laws of the Province of Ontario, Canada, notwithstanding any conflicts of law provisions; and the courts of the Province of Ontario shall have exclusive jurisdiction over any claim arising under the Agreement or Warranties. If you acquired the Software in Europe, the Middle East, Africa, Asia or Oceania (excluding Australia), unless expressly prohibited by local law, the Agreement and Warranties are controlled by and construed under the laws of England, notwithstanding any conflicts of law provisions; and the English courts shall have exclusive jurisdiction over any claim arising under the Agreement or Warranties. In addition, if the Agreement is controlled by the laws of England, no person who is not

a party to the Agreement shall be entitled to enforce or take the benefit of any of its terms under the Contracts (Rights of Third Parties) Act 1999. If you acquired the Software in Japan, unless expressly prohibited by local law, the Agreement and Warranties are controlled by and construed under the laws of Japan, notwithstanding any conflicts of law provisions; and the Tokyo District Court of Japan shall have exclusive jurisdiction over any claim arising under the Agreement or Warranties. If you acquired the Software in Australia, unless expressly prohibited by local law, the Agreement and Warranties are controlled by and construed under the laws of the State of New South Wales, Australia, notwithstanding any conflicts of law provisions; and the State and federal courts of New South Wales shall have exclusive jurisdiction over any claim arising under the Agreement or Warranties. If you acquired the Software in any other country, unless expressly prohibited by local law, the Agreement and Warranties are controlled by and construed under the laws of the State of California, United States of America, notwithstanding any conflicts of law provisions; and the state and federal courts of California shall have exclusive jurisdiction over any claim arising under the Agreement or Warranties.

For all countries referred to above, the parties specifically disclaim the application of the UN Convention on Contracts for the International Sale of Goods. Notwithstanding the foregoing, either party may seek interim injunctive relief in any court of appropriate jurisdiction with respect to any alleged breach of such party's intellectual property or proprietary rights. If any portion hereof is found to be void or unenforceable, the remaining provisions of the Agreement and Warranties shall remain in full force and effect. Except as expressly provided herein, the Agreement constitutes the entire agreement between the parties with respect to the license of the Software and Documentation and supersedes any conflicting or additional terms contained in any Purchase Order or elsewhere, all of which terms are excluded. The Agreement has been written in the English language, and the parties agree that the English version will govern.

Cisco “WebEx” Terms and Conditions

September 24, 2013 as provided on Cisco.com:

http://www.cisco.com/web/products/software_licensing_center.html

and specifically

<http://contractdocuments.webex.com/webextermsconditions.pdf>

WebEx Terms and Conditions

1. WebEx Services. These WebEx Terms and Conditions ("Agreement") govern the use by the Subscriber of any services (the "Services") ordered by Subscriber from WebEx and set forth in one or more Order Forms. "Services" in this Agreement does not refer to or include any professional services. Professional services ordered by Subscriber, if any, will be as set forth in a statement of work governed by separate terms and conditions.

2. Order Forms. An "Order Form" is a form signed by Subscriber that identifies the type and quantity of Services being ordered and the associated fees. The Order Form includes a link to the Service Description(s). An Order Form is effective only when signed by Subscriber and either signed or provisioned by WebEx. Subscriber may be required to provide information in order to register for and/or use certain Services. Subscriber warrants that all such information is accurate.

3. Changes to Services. WebEx may, at its sole discretion and from time to time, enhance and/or expand the features of a Service at no additional cost to Subscriber. WebEx may also, at its sole discretion and from time to time, make available additional features and/or functionalities to a Service which may, but are not required to, be added to a Service by Subscriber at an additional cost ("Cost Feature"). If Subscriber elects to add a Cost Feature, it may do so by contacting its local WebEx sales representative or WebEx directly at http://www.webex.com/go/contact_sales in order to receive a quote for the Cost Feature. Further, WebEx may elect to discontinue the availability of a Service, provided that such discontinuance will be effective no earlier than expiration of the then-current Initial or Renewal Term as specified in the applicable Order Form. Subscriber agrees that WebEx is free to use and incorporate into WebEx products and services any suggestions, ideas, recommendations, bug reports, or other feedback that Subscriber provides to WebEx without payment of compensation to Subscriber.

4. Beta Services. WebEx may, at its sole discretion, make available to Subscriber a "beta" version of any of the Services (the "Beta Services") for purposes of evaluation and feedback. Subscriber acknowledges that the Beta Service(s) Subscriber is evaluating may contain bugs, errors and other problems and is provided to Subscriber "AS-IS." WebEx disclaims any warranty or liability obligations to Subscriber of any kind with respect to the Beta Services. Subscriber further acknowledges the importance of communication between WebEx and Subscriber during Subscriber's use of the Beta Services and hereby agrees to receive related correspondence and updates from WebEx. In the event Subscriber requests to opt-out from such communications, Subscriber's participation in the Beta Services will also be canceled. Subscriber also hereby acknowledges that WebEx has not made any representations, promises or guarantees that the Beta Services will ever be announced or made available to anyone in the future and that WebEx has no express or implied obligation to Subscriber to announce or introduce the Beta Services. During the WebEx Beta program, Subscriber will be asked to provide feedback regarding Subscriber's use of the Beta Service(s). Subscriber agrees that WebEx is free to use and incorporate into WebEx products and services any suggestions, ideas, recommendations, bug reports, or other feedback (including, but not limited to, feedback on any Beta Services) that Subscriber provides to WebEx without payment of compensation to Subscriber. WebEx may suspend or terminate access to Beta Services (and delete any Content or data provided to WebEx with respect to such Beta Service(s)) at any time, without notice and without any liability to Subscriber.

5. Fee Adjustments. WebEx may, upon at least forty-five (45) days prior written notice and effective at the end of the then-current Initial or Renewal Term, adjust the fees paid by Subscriber for the Services, provided that Subscriber shall have the option, within thirty (30) days of receiving such notice from WebEx, to either (i) modify the quantity or type of Services utilized by Subscriber by a mutual written amendment between the parties, or (ii) terminate the affected Order Forms upon written notice, either of which will become effective at the end of the then current Initial or Renewal Term.

6. WebEx Training and Support. Online training and online support will be provided by WebEx at no additional cost, and is specified in the service descriptions included on the applicable Order Form.

7. Payment. Subscriber will pay invoices for the Services when due, and in accordance with the Payment Terms set forth on the Order Form. WebEx reserves the right to charge interest at the lower of 1.5% per month or the highest rate permitted by law on any monthly payment (not being reasonably disputed by Subscriber) that is not received when due. Subscriber must notify WebEx in writing of any disputed fees within fifteen (15) days of the invoice date. WebEx may suspend the Services ten (10) business days following WebEx's written notice to Subscriber that Subscriber's payment of undisputed fees is ten (10) or more business days delinquent. Additionally, WebEx is entitled to recover any reasonable sums expended in connection with the collection of sums not paid when due. Subscriber shall pay all taxes (exclusive of taxes based on the net income of WebEx), levies, or charges imposed by any governmental authority of any kind whatsoever applicable to any of the materials, goods, Services or related components provided by WebEx to Subscriber.

8. Term and Termination.

a. Term and Termination of Order Forms. The "Initial Term" of an Order Form will be for the number of months set forth on the Order Form, commencing on the date the Service is available for use by Subscriber. Each "Renewal Term" will begin at the end of the preceding (Initial or Renewal) Term and continue as set forth on the Order Form. Either party may terminate any Order Form at the end of any (Initial or Renewal) Term by providing the other party written notice of termination at least thirty (30) days prior to the end of such term.

b. Term and Termination of Agreement. This Agreement will commence on the date Subscriber signs its first Order Form and may be terminated by written notice effective upon the termination of all of Subscriber's Order Forms. Each party may terminate any Order Form(s) and/or this Agreement by written notice to the other party if the other party is in material breach of its obligations under this Agreement and such breach is not cured within thirty (30) days after written notice thereof from the terminating party.

c. Surviving Provisions. The following provisions will survive the expiration or termination of this Agreement: Sections 7 and any payment provisions set forth in the Order Form (as to amounts due and owing as of this Agreement's expiration or termination date), 9, 10, 11, and 12. Upon any termination of this Agreement, Subscriber must cease any further use of the Services and destroy any copies of associated software within its possession and control (to the extent not prohibited by applicable law).

9. Subscriber Responsibilities.

a. Account Number/Password. Except when Subscriber's account number/password is obtained by a third party as a result of a material breach of WebEx's physical or computer system security arising from circumstances within WebEx's control, Subscriber agrees that Subscriber is solely responsible for maintaining the confidentiality of Subscriber's username, account number and passwords and solely responsible for any unauthorized usage. Subscriber agrees to immediately notify WebEx of any unauthorized use of Subscriber's account of which Subscriber becomes aware.

b. Content. Except when Subscriber's account is accessed by a third party as a result of a material breach of WebEx's physical or computer system security arising from circumstances within WebEx's control, Subscriber agrees that it is solely responsible for the content of all visual, written or audible communications, files, documents, videos, recordings, and any other material ("Content") displayed, posted, uploaded, stored, exchanged or transmitted on or through the Service. Under no circumstances will WebEx be liable to Subscriber for any loss or damages: (i) arising from any Content, or Content related errors or omissions; or (ii) incurred as a result of the use of, access to, or denial of access to the Content. Subscriber understands and agrees that by displaying, posting, uploading, storing, exchanging or transmitting Content while using the Services or otherwise providing Content to a WebEx website or space ("Site"), Subscriber automatically grants (and warrants and represents it has a right to grant) to WebEx, solely for the purpose of offering the Sites and/or the Services to Subscriber, a world-wide, royalty-free, sublicensable (so WebEx affiliates, contractors, resellers and partners can deliver the Services) license to use, modify, publicly perform, publicly display, reproduce and distribute the Content, during the course of this Agreement and any delivery of Services. If at any time Subscriber objects to any material on a Site, Subscriber's sole remedy is to cease using it (to the extent not prohibited by applicable law). WebEx does not endorse and has no control over what Subscribers or other users of the Service ("Users") post or submit to a Site. Subscriber shall contact WebEx Customer Support at 866-229- 3239 if Subscriber becomes aware of misuse of the Services by any person. WebEx cannot guarantee the accuracy of any information submitted by any User or Content, nor any identity information about any User. WebEx may without notice or liability investigate any complaints and violations or suspected violations of this Agreement that come to its attention and may take any action that it believes is appropriate, including, but not limited to, to rejecting, refusing to post or removing any profile, posting Content, or other data, or restricting, suspending, or terminating Subscriber or any User's access to a Site or Services. However, because situations and interpretations vary, WebEx also reserves the right not to take any action.

c. Communications. Subscriber agrees that Subscriber will not use the Services to send unsolicited email outside Subscriber's company or organization (e.g., "spam") in violation of applicable law, falsify any email header information when sending emails (e.g., "spoofing"), or attempt to acquire sensitive information such as usernames, passwords and credit card details by masquerading as a trustworthy entity (e.g., "phishing"). Subscriber further agrees not to use the Services to communicate any message or material that is harassing, libelous, threatening, obscene, or that would violate the intellectual property rights of any party, give rise to civil liability, constitute a criminal offense, or is otherwise unlawful under any applicable law or regulation. Subscriber agrees to indemnify, defend and hold harmless WebEx from any and all third party claims, liability, damages and/or costs (including, but not limited to, attorneys' fees) arising from Subscriber's violation of this Section 9.

d. Privacy. Subscriber acknowledges and agrees that WebEx acts as a passive conduit and it will not monitor or disclose Content, except as needed to provide the Services, as instructed by Subscriber, or as otherwise required by law. Use of the Sites and the Services constitutes consent by Subscriber to WebEx's and/or its affiliates' collection and use of such information and, for European Economic Area (EEA) customers, to the transfer of such information to a location outside the EEA, as well as to other countries deemed to have adequate data protection laws. Use of Sites and the Services is also subject to the Cisco Systems, Inc. Online Privacy Statement located at <http://www.cisco.com/web/siteassets/legal/privacy.html>, which is incorporated into this Agreement by this reference. The foregoing notwithstanding, WebEx may contact Subscriber via e-mail or otherwise with information relevant to Subscriber's use of the Services and payment obligations, if any, regardless of whether Subscriber has opted out of receiving such notices. Subscriber also agrees to have Subscriber's name and/or email address listed in the header of certain communications Subscriber initiates through the Services.

10. Warranty Disclaimer. SUBSCRIBER UNDERSTANDS AND AGREES THAT THE SERVICES, SITES, AND ANY ASSOCIATED SOFTWARE, ARE PROVIDED "AS IS" AND "AS AVAILABLE." TO THE EXTENT NOT PROHIBITED BY APPLICABLE LAW, WEBEX, AND ITS SUPPLIERS, RESELLERS AND AFFILIATES, EXPRESSLY DISCLAIM ALL WARRANTIES OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT. WEBEX, AND ITS SUPPLIERS, RESELLERS AND AFFILIATES, MAKE NO WARRANTY OR REPRESENTATION REGARDING THE SERVICES, ANY INFORMATION, MATERIALS, GOODS OR SERVICES OBTAINED THROUGH THE SERVICES OR THE SITES, OR THAT THE SERVICES WILL MEET ANY SUBSCRIBER REQUIREMENTS, OR BE UNINTERRUPTED, TIMELY, SECURE OR ERROR FREE. Without limiting the foregoing, the Services are not designed or licensed for use in environments requiring fail-safe controls, including without limitation operation of nuclear facilities, aircraft navigation/communication systems, air traffic control, and life support or weapons systems, and WebEx, and its suppliers, resellers and affiliates, specifically disclaim any express or implied warranty of fitness for such purposes.

11. Limitation of Liability. IN NO EVENT WILL WEBEX, OR ITS SUPPLIERS, RESELLERS OR AFFILIATES, BE LIABLE FOR ANY SPECIAL, INCIDENTAL, PUNITIVE, INDIRECT, EXEMPLARY OR CONSEQUENTIAL DAMAGES

WHATSOEVER (INCLUDING, WITHOUT LIMITATION, DAMAGES FOR LOSS OF BUSINESS PROFITS, BUSINESS INTERRUPTION, LOSS OF BUSINESS INFORMATION, PROCUREMENT OF SUBSTITUTE GOODS AND/OR SERVICES, OR ANY OTHER PECUNIARY LOSS) INCLUDING BUT NOT LIMITED TO CLAIMS ARISING OUT OF, OR RESULTING FROM THE USE OF OR INABILITY TO USE THE SERVICES, THE SITES, OR ASSOCIATED SOFTWARE, WHETHER ARISING IN TORT (INCLUDING NEGLIGENCE), CONTRACT OR ANY OTHER LEGAL THEORY, EVEN IF WEBEX HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN ANY CASE, WEBEX'S (AND ITS SUPPLIERS', RESELLERS' AND AFFILIATES') MAXIMUM CUMULATIVE LIABILITY AND SUBSCRIBER'S EXCLUSIVE REMEDY FOR ANY CLAIMS ARISING OUT OF OR RELATED TO THIS AGREEMENT WILL BE LIMITED TO THE AMOUNT ACTUALLY PAID BY SUBSCRIBER, IF ANY, FOR THE SUBSCRIPTION SERVICE FEES IN THE PREVIOUS TWELVE (12) MONTHS PRECEDING THE EVENT OR CIRCUMSTANCES GIVING RISE TO SUCH CLAIMS EVEN IF ANY REMEDIES FAIL OF THEIR ESSENTIAL PURPOSE. THIS LIMITATION IS CUMULATIVE AND NOT PER INCIDENT (I.E., THE EXISTENCE OF TWO OR MORE CLAIMS WILL NOT ENLARGE THIS LIMIT). Because some states and jurisdictions do not allow the exclusion or limitation of liability, the above limitation may not apply to Subscriber.

12. General.

a. Proprietary Rights. Excluding Subscriber Marks and Content, WebEx and/or its suppliers, as applicable, retain ownership of all proprietary rights in the Services and Sites and in all trade names, trademarks, service marks, logos, and domain names ("WebEx Marks") associated or displayed with the Services. Subscriber may not frame or utilize framing techniques to enclose any WebEx Marks, or other proprietary information (including images, text, page layout, or form) of WebEx without WebEx's express written consent. Subscriber may not use any meta tags or any other "hidden text" utilizing WebEx Marks without WebEx's express written consent.

b. Use of Subscriber's Name and Logo. Subscriber agrees that WebEx may use Subscriber's name, logo and other trademarks or service marks of Subscriber (collectively "Subscriber's Trademarks") to create a co-branded Services website as part of delivery of the Services. Nothing in this Agreement transfers to WebEx any right, title or interest in or to the Subscriber's Trademarks, and all goodwill arising from use of the Subscriber's Trademarks will inure to the Subscriber's benefit.

c. Copyright Policy. Subscriber retains copyright and any other rights it already holds in Content which Subscriber submits, stores, posts or displays on or through, the Services. Subscriber may not post, store, modify, distribute, or reproduce in any way copyrighted material, trademarks, rights of publicity or other proprietary rights without obtaining the prior written consent of the owner of such proprietary rights. WebEx may deny access to the Sites or the Services to any User who is alleged to infringe another party's copyright. If Subscriber believes that WebEx or any of its affiliates or any user of WebEx has violated a copyright, please contact us at: DMCAagent@cisco.com for details on how to properly notify us of a potential copyright infringement or other intellectual property rights issue. In the event Subscriber's content is removed pursuant to this process, Subscriber will receive information on how to file a counter-notice. Notices and counter-notices are legal notices distinct from regular Service activities or communications. As such, they are not subject to WebEx's Privacy Policy. This means WebEx may publish or share them with third parties at WebEx's discretion, and WebEx may produce them pursuant to a legal discovery request.

d. Assignment. Neither party may assign or delegate their respective obligations under this Agreement either in whole or in part, without the prior written consent of the other party. Notwithstanding the foregoing, either party may assign their rights and obligations under this Agreement as the result of a merger, consolidation, acquisition or the sale of all or substantially all of the assets of the assigning party and WebEx may assign its rights and delegate its obligations in whole or in part to an affiliate. Either party may terminate this Agreement upon ten (10) days notice, if the assignee can be reasonably considered a competitor of the non-assigning party.

e. Interpretation and Conflicting Terms. This Agreement will be interpreted fairly in accordance with its terms and without any strict construction in favor of or against either party. This Agreement has been prepared in the English Language and such version shall be controlling in all respects and any non-English version of this Agreement is solely for accommodation purposes. This Agreement, including all Attachments and Service-specific Supplemental Terms (if any), constitutes the entire agreement between the parties with respect to the subject matter hereof, and supersedes and replaces all prior or contemporaneous understandings or agreements, written or oral, regarding such subject matter. To the extent that any provision of this Agreement and any Order Form conflict, the terms of the Order Form shall control. However, WebEx and Subscriber shall not be bound by terms additional to or different from those in this Agreement that appear in Subscriber's or WebEx's acknowledgements, purchase orders, quotations, prior understandings, or in any other communications between the parties, unless such terms are expressly agreed to by amendment to this Agreement, and are executed by both Subscriber and WebEx.

f. Force Majeure. Neither party will be responsible for failure of performance due to causes beyond its control. Such causes include (without limitation) accidents, acts of God, labor disputes, actions of any government agency, shortage of materials, acts of terrorism, or the stability or availability of the Internet or a portion thereof.

g. Waivers. The waiver of any one breach, default or right granted under this Agreement will not constitute the waiver of any subsequent breach, default or right granted. Any provision of this Agreement held to be illegal or unenforceable will be deemed amended to conform to applicable laws or regulations, or if it cannot be so amended without materially altering the intention of the parties, it will be stricken and the remainder of this Agreement will continue in full force and effect.

h. Use of the Services. Subscriber may use the Services only as permitted under the terms and conditions of this Agreement or other written agreements between Subscriber and WebEx. Subscriber will not resell, distribute, use on a timeshare or service bureau basis, or otherwise directly generate income from the Services. Subscriber will not modify, make derivative works of, disassemble, decompile or reverse engineer the Sites, Services or any component thereof (except to the

extent expressly permitted by law). For meeting Services, Subscriber may use the Services only for sessions or meetings in which Subscriber is an active participant.

i. Software. Subscriber may be required to download and install WebEx software ("Software"). In that event, WebEx agrees to provide Subscriber with a limited, personal, non-exclusive, non-transferable, non-sublicensable license to use the Software in accordance to the terms of this Agreement. Subscriber may not use the Software for anything other than as intended by WebEx in connection with Subscriber's use of the Services. Subscriber may not use the Software with any device, program or service designed to circumvent technological measures employed to control access to, or the rights in, a content file or other work protected by copyright laws. All rights not expressly granted by WebEx are hereby reserved. Subscriber agrees not to take any action to interfere with WebEx's or its supplier's ownership of or rights in the Software. Subscriber agrees that, unless otherwise permitted in this license or by law, Subscriber will not: (i) reproduce, republish, display, frame, download, distribute, or transmit the Software; (ii) to the extent permitted under applicable law redistribute, encumber, sell, rent, lease, loan, sublicense, assign, or otherwise transfer rights to the Software; (iii) modify or create any derivative works based on the Software, including customization, translation, or localization; (iv) copy, reproduce, reuse in another product or service, modify, alter, or display in any manner any software or files, or parts thereof, included as part of the Software; (v) except to the extent expressly permitted by law, decompile, disassemble, reverse engineer, or otherwise attempt to derive the source code of the Software, or in any way ascertain, decipher, or obtain the communications protocols for accessing the Software, or the underlying ideas or algorithms of the Software; (vi) create or use any software other than as authorized by WebEx to access the Software; (vii) attempt to gain unauthorized access to the Software or to any account, application, platform, computer system or network associated with the Software; (viii) use the Software in any way that violates this Agreement, or any other agreements between Subscriber and WebEx or its affiliates, or any law; and (ix) remove or alter any trademark, logo, copyright or other proprietary notices, legends, symbols or labels in or on the Software or associated with the Services.

j. Legal Compliance. Subscriber agrees that Subscriber will comply with all applicable laws and regulations in connection with Subscriber's use of the Services, including, but not limited to: (a) with respect to personally identifiable information sent or received by Subscriber, all applicable privacy laws and regulations, (b) laws relating to the recording of communications, including, when required, advising all participants in a recorded WebEx meeting or event that the meeting or event is being recorded, and (c) laws relating to the use of VoIP-based services, if applicable. It is the sole responsibility of Subscriber to ensure it has the right to use all features of the Services in Subscriber's jurisdiction. WebEx may modify or not make available Services or Service features to comply with applicable laws and regulations. Subscriber represents that Subscriber is not an individual less than 18 years of age, or an emancipated minor, or over the age of 13 and possess legal parental or guardian consent to register for and use the Sites and Services. WebEx products, technology and the Services are subject to U.S. and local export control laws and regulations. Subscriber shall comply with such laws and regulations governing use, export, re-export, and transfer of products, technology and Services and will obtain all required U.S. and local authorizations, permits, or licenses. Subscriber certifies that Subscriber and any third parties Subscriber invites will not use the Service from within an embargoed country. Subscriber certifies that they are not on the U.S. Department of Commerce's Denied Persons List or affiliated lists, on the U.S. Department of Treasury's Specially Designated Nationals List or on any U.S. Government export exclusion lists. The export obligations under this clause shall survive the expiration or termination of this Agreement.

k. Governing Law. Subscriber's use of the Services is subject to Subscriber entering into the Agreement with the WebEx entity specified below based on where Subscriber or its business is located. Choice of law and the location for resolving disputes with such WebEx entity for Subscriber's region/country is also specified below. The validity, interpretation, and performance of this Agreement shall be controlled by and construed under those applicable laws.

The websites for this region are webex.com (US and Canada), webex.com.mx (for Latin America) and webex.com.br (for Brazil). Nothing in this Agreement will be construed as transferring or changing your ownership rights or interests in the Customer Content in any respect.

5.4. **Privacy and Data Collection.** Our Privacy Policy hereby incorporated into this Agreement as Attachment 3. Please read the Privacy Policy carefully for information relating to our collection, use, and disclosure of personal information. We

collect Traffic Information and may from time to time make available functionality that allows the Government to limit or restrict the types of Traffic Information we collect. Additionally, for devices with Agent Software installed, we transmit certain geolocation information about those devices and the networks on which they are running to Google Inc. ("Google"), which provides us with related geolocation information that we store and make available to network administrators as described in our Privacy Policy. Google's Privacy Policy, and not Meraki's, governs Google's handling of the information that we provide to Google. We use Traffic Information to make data available to you regarding, and to allow you to exercise certain controls with respect to, the traffic on your Network. We use Systems Manager Data to provide support and conduct product development activities. You represent and warrant to us that you have obtained or will obtain valid consent from each End User to add that End User's device to the Network, to permit you and Meraki to collect, use, and disclose Traffic Information as described in this Section 5.4, and, to the extent you use Systems Manager, to use Systems Manager as described above (including, without limitation, accessing and deleting files on devices) and to permit you and Meraki to collect, use, and disclose Systems Manager Data as described in this Section 5.4. You hereby consent to our collection, use, and disclosure of Traffic Information and, to the extent you use Systems Manager, to our use of the Device Management Functionality and its collection, use, and disclosure of Systems Manager Data, in each case as described in this Section 5.4.

5.5. **Publicity.** Neither we, nor you, will use the other's name, trademark, or trade name without the prior written consent of the other party.

ARTICLE 6 TERM AND TERMINATION

6.1. **Term.** This Agreement will be effective with respect to your use of the Products until the expiration of the License(s) applicable to the Products you are using, unless earlier terminated under the FAR. To the extent that you purchase additional Hosted Software License(s) subsequent to the date of the first Order, the duration of each Hosted Software License you have purchased will be adjusted such that all of your Hosted Software Licenses terminate on the same date.

The new co-termination date is calculated as a function of (i) the remaining time on your existing Hosted Software License(s) at the time of purchase, (ii) the duration of the Hosted Software License(s) purchased, and (iii) the one-year list price of each such Hosted Software License. This function produces a time value attributable to each Hosted Software License purchased that, when added together with the time value attributable to all new Hosted Software Licenses in a given purchase, yields what we call the "Incremental Dollar Days" associated with the new purchase. In addition, based on the one-year list price of all Hosted Software Licenses in your Network and the number of each type of Hosted Software License purchased, we determine the amount of Hosted Software License value that your Network consumes each day, what we call the "Daily License Usage Rate." By dividing the Incremental Dollar Days by the Daily License Usage Rate, and adding the resulting number of days to the remaining time on your existing Hosted Software Licenses we arrive at the adjusted co-termination date following any new purchase. For further information regarding our licensing and co-termination policies please visit <http://meraki.cisco.com/support/#policies:licensing>.

6.2. **Termination.** Termination may only be effected by the procedures set forth in the FAR.

6.3. **Effect of Termination.** Upon the termination of this Agreement for any reason, your access to and right to use the Products will terminate, and all Licenses will terminate. Upon expiration of a Hosted Software License, your Apps License will survive and you may continue to access and use the Web Apps and Mobile Apps, subject to the terms and conditions of this Agreement. Upon termination of this Agreement, each party will return (or destroy) any Confidential Information of the other party in its possession. The following provisions of this Agreement will survive any termination of the Agreement: Sections 5.1, 5.2, 5.3, 5.4, and 6.3, and ARTICLE 8.

ARTICLE 7 MERAKI WARRANTIES

7.1. **Service Warranties.** Meraki will make reasonable efforts to provide the Hosted Software and Web Apps available in accordance with the service level warranty set forth in the Service Level Agreement included as Attachment 1 (the "Service Level Warranty"). The remedy set forth in the Service Level Agreement is your sole and exclusive remedy with respect to the subject matter of the Service Level Agreement, and our sole and exclusive liability, in contract, tort, or otherwise, for any breach of the Service Level Warranty.

7.2. **Hardware Warranties.** We represent and warrant to you, the entity who obtained the Hardware from Meraki or its authorized reseller, but not to any End Users or other third parties, as follows: (i) for the Warranty Period, the Hardware will be free from material defects in materials and workmanship; (ii) all items of Hardware are new or refurbished unless otherwise indicated on the face of the Order; and (iii) we have good title to the Hardware, free and clear of any liens, claims, or encumbrances. Hardware not meeting the warranties set forth above will be, at our option, (a) repaired, (b) replaced, or (c) Meraki will refund to you the depreciated amount of the Purchase Price allocable to the defective Hardware, calculated on a straight-line, five-year basis. All Hardware repaired or replaced under warranty will be warranted for the remainder of the Warranty Period. For any return permitted under Meraki's return policy as provided in Attachment 4, you will request a Return Materials Authorization ("RMA") number in writing with the reasons for the return

request. The remedies described above are our sole liability and your sole remedy for any breach of the warranties contained in this Section 7.2. Meraki is not responsible for any Customer Content or any other non-Meraki data or information stored on any Hardware returned to Meraki for repair, whether under warranty or not.

ARTICLE 8 MISCELLANEOUS

8.1. Integration. This Agreement, the EULA, the Order, and the Service Level Agreement (collectively, the "Governing Documents") constitute the entire agreement between Meraki and Customer with respect to the subject matter of the Governing Documents and supersede all prior agreements, understandings, and arrangements, oral or written, between Meraki and Customer. No agreement or representations, oral or otherwise, express or implied, with respect to the subject matter of the Governing Documents have been made either by Meraki or Customer which is not expressly set forth in the Governing Documents. If there is a conflict between the terms of this Agreement and the EULA, the terms of this Agreement will apply.

8.2. Force Majeure. Neither you nor Meraki will be liable under this Agreement by reason of any failure or delay in the performance of its obligations on account of strikes (other than strikes of a party's own employees), shortages, riots, insurrection, fires, flood, storm, explosions, acts of God, war, governmental action, labor conditions (other than with respect to a party's own employees), earthquakes, material shortages or any other causes that are beyond the reasonable control of such party so long as the parties will use commercially reasonable efforts, including the implementation of business continuity measures, to mitigate the effects of such force majeure.

8.3 Reserved.

8.4. Severability. If any portion of this Agreement is held invalid by a court of competent jurisdiction, then such portion will be deemed to be of no force or effect, and this Agreement will be construed as if such portion had not been included herein.

8.5. Assignment. Neither this Agreement nor any rights under this Agreement may be assigned or otherwise transferred by either party, in whole or in part, without the prior written consent of the other party, in accordance with the provisions of the Anti-Assignment Act, 41 U.S.C. § 6305, and approval procedures set forth at FAR42.1204. Any attempted assignment in violation of this Section 8.5 will

be void and without effect. Subject to the foregoing, this Agreement will be binding upon and will inure to the benefit of the parties and their respective successors and assigns.

ADDITIONAL LICENSE RESTRICTIONS

Device Restricted Versions: The Customer may install and run the Software on a single server to manage up to the cumulative device count specified in the Right To Use statement located on the Claim Certificate received as part of the software package. When used anywhere in this SEULA, a "device" means any device in the Customer's network environment which has its own IP address.

Please refer to this [guide](#) for further device definition.

Customers whose requirements exceed the license limit of devices must purchase additional incremental licenses. Device restrictions are enforced by license registration and through serial key installation.

Limitations associated with the maximum number of devices that the application can support per server is specified below. The licensed device limit will always override the maximum number of devices supported per server unless the customer has purchased and registered the 5,000 or the 10,000 device license offering.

Installation and Use

The Software components are provided to Customer solely to install, update, supplement, or replace existing functionality of the applicable Network Management Software product. Some license terms, such as device count and proof of preexisting licenses may be electronically enforced. Customer may install and use the following Software components:

Cisco Prime LAN Management Solution (Cisco Prime LMS): May be installed on one (1) server in Customer's network management environment. Installing the Software and applying a single serial license key to two (2) servers are supported in the 5,000 and 10,000 device restricted versions, but the cumulative total number of devices supported cannot exceed 5,000 and 10,000 respectively per serial license key. When two servers are used to host Cisco Prime LMS, each server should have a copy of the original license key installed on it. Customers should not modify the license file.

Additional Information for 5,000 Device Restricted Version for LMS 4.2

Users of Cisco Prime LMS 4.2 with 5,000 device restricted licensing may require Cisco Prime LMS to be run on separate servers in order to support a large number of devices or to meet certain performance criteria. One additional copy of Cisco Prime LMS may be installed on a secondary server provided the customer has purchased and registered the 5,000 device restricted version of the Cisco Prime LMS software. When installed on a secondary server, the cumulative total number of devices supported cannot exceed 5,000 per serial license key. Device support beyond 5,000 unique cumulative devices will require additional licenses and copies of Cisco Prime LMS to be purchased pursuant to a newly executed GSA Customer Purchase Order.

Additional Information for 10,000 Device Restricted Version for LMS 4.2

Users of Cisco Prime LMS 4.2 with 10,000 device restricted licensing often require Cisco Prime LMS to be run on separate servers in order to support a large number of devices or to meet certain performance criteria. One additional copy of Cisco Prime LMS may be installed on a secondary server provided that the customer has purchased and registered the 10,000 device restricted version of the Cisco Prime LMS software. When installed on a secondary server, the cumulative total number of devices supported cannot exceed 10,000 per serial license key. Device support beyond 10,000 unique cumulative devices will require additional licenses and copies of Cisco Prime LMS to be purchased pursuant to a newly executed GSA Customer Purchase Order.

Additional Information for RHEL

RHEL distribution that comes along with Cisco Prime LMS 4.2 is solely intended for use by Cisco Prime LMS application alone and customers may not use this for other purposes.

Reproduction and Distribution

Customer may not reproduce nor distribute software except to make copies to authorized employees, agents, and contractors for backup purposes only.

For the purpose of this SEULA, we define the following terms:

"Authorized Service Provider" is a service provider that has an agreement with Cisco that explicitly authorizes support for the Restricted Features.

"Intra-company Use" is a use of the Software Product which occurs within the same company/entity and which traverses a service provider network for the purpose of interconnecting and communicating to endpoints within the same companies/entities.

"Inter-company Use" is a use of the Software Product which occurs between two or more companies/entities and which traverses a service provider network for the purpose of interconnecting and communicating to other companies/entities. A use may include functionality that is accessed before, during or after a Cisco TelePresence meeting. Inter-company Use also includes providing features of the Software Product in a commercially available service offering.

"Restricted Features" means one or more of the following features: (i) Inter-company Multipoint encryption; and (ii) Inter-company HD/SD Inter-Operability.

In addition to the Agreement, the following supplemental terms apply:

1. The Restricted Features are available or potentially enabled in this Software Product but may only be used for Intra-company Use. THE RESTRICTED FEATURES CANNOT BE USED FOR THE PURPOSES OF INTER-COMPANY USE UNLESS SUCH USE IS PERMITTED BY AN AUTHORIZED SERVICE PROVIDER. IF YOU WERE TO USE THE RESTRICTED FEATURES FOR INTER-COMPANY USE, YOUR USE OF THE RESTRICTED FEATURES PRIOR TO SUCH AUTHORIZATION WOULD CONSTITUTE A BREACH OF THE AGREEMENT. Unless your use is through an Authorized Service Provider, you are not authorized to use the Restricted Features for Inter-company Use until

the Restricted Features have been noted as a generally available feature set in the updated release notes for the Software Product, as posted by Cisco on cisco.com. Notwithstanding the foregoing, your Intra-company Use of the Restricted Features shall not be restricted by this paragraph.

2. The CTS-Manager calendaring feature for scheduling TelePresence calls may only be used for Intra-company Use. The CTS-Manager calendaring feature may not be used with more than one calendaring application. Customers in a shared office space with multiple tenants using their own calendaring solution must deploy one CTS-Manager per tenant.
3. The Commercial Express product contains software provided by VMware, Inc. or its affiliates, and use of VMware software is subject to the terms of the VMware ESX/ESXi End User License Agreement Attachment 10.

THE FOLLOWING TERMS OF THE AGREEMENT GOVERN CUSTOMER'S ACCESS AND USE OF EACH CISCO OR CISCO-SUPPLIED SOFTWARE ("SOFTWARE").

License

Conditioned upon compliance with the terms and conditions of the Agreement, Cisco grants to Customer a nonexclusive and nontransferable license to use for Customer's internal business purposes the Software and the Documentation for which Customer has paid the required license fees. "Documentation" means written information (whether contained in user or technical manuals, training materials, specifications or otherwise) pertaining to the Software and made available by Cisco with the Software in any manner (including on CD-ROM, or on-line). In order to use the Software, Customer may be required to input a registration number or product authorization key and register Customer's copy of the Software online at Cisco's website to obtain the necessary license key or license file. Customer's license to use the Software shall be limited to, and Customer shall not use the Software in excess of, a single hardware chassis or card or such other limitations as are set forth in the applicable Supplemental License Agreement or in the applicable Purchase Order which has been accepted by Cisco and for which Customer has paid to Cisco the license fee as required by the "GSA Customer Purchase Order").

Unless otherwise expressly provided in the Documentation or any applicable Supplemental License Agreement, Customer shall use the Software solely as embedded in, for execution on, or (where the applicable Documentation permits installation on non-Cisco equipment) for communication with Cisco equipment owned or leased by Customer

and used for Customer's internal purposes. No other licenses are granted by implication, estoppel or otherwise. For evaluation or beta copies for which Cisco does not charge a license fee, the above requirement to pay license fees does not apply.

General Limitations

This is a license, not a transfer of title, to the Software and Documentation, and Cisco retains ownership of all copies of the Software and Documentation. Customer acknowledges that the Software and Documentation contain trade secrets of Cisco or its suppliers or licensors, including but not limited to the specific internal design and structure of individual programs and associated interface information. Except as otherwise expressly provided under the Agreement, Customer shall have no right, and Customer specifically agrees not to:

- (i) transfer, assign or sublicense its license rights to any other person or entity (other than in compliance with any Cisco relicensing/transfer policy then in force), or use the Software on unauthorized or secondhand Cisco equipment, and Customer acknowledges that any attempted transfer, assignment, sublicense or use shall be void;
- (ii) make error corrections to or otherwise modify or adapt the Software or create derivative works based upon the Software, or permit third parties to do the same;
- (iii) reverse engineer or decompile, decrypt, disassemble or otherwise reduce the Software to human-readable form, except to the extent otherwise expressly permitted under applicable law notwithstanding this restriction;
- (iv) publish any results of benchmark tests run on the Software;
- (v) use or permit the Software to be used to perform services for third parties, whether on a service bureau or time sharing basis or otherwise, without the express written authorization of Cisco; or
- (vi) disclose, provide, or otherwise make available trade secrets contained within the Software and Documentation in any form to any third party without the prior written consent of Cisco. Customer shall implement reasonable security measures to protect such trade secrets.

To the extent required by applicable law, and at Customer's written request, Cisco shall provide Customer with the interface information needed to achieve interoperability between the Software and another independently created program, on payment of Cisco's applicable fee, if any. Customer shall observe strict obligations of confidentiality with respect to such information and shall use such information in compliance with any applicable terms and conditions upon which Cisco makes such information available.

Software, Upgrades and Additional Copies

For purposes of the Agreement, "Software" shall include (and the terms and conditions of the Agreement shall apply to) computer programs, including firmware, as provided to Customer by Cisco or an authorized Cisco reseller, and any upgrades, updates, bug fixes or modified versions thereto (collectively, "Upgrades") or backup copies of any of the foregoing. **NOTWITHSTANDING ANY OTHER PROVISION OF THE AGREEMENT: (1) CUSTOMER HAS NO LICENSE OR RIGHT TO MAKE OR USE ANY ADDITIONAL COPIES OR UPGRADES UNLESS CUSTOMER, AT THE TIME OF MAKING OR ACQUIRING SUCH COPY OR UPGRADE, ALREADY HOLDS A VALID LICENSE TO THE ORIGINAL SOFTWARE AND HAS PAID THE APPLICABLE FEE FOR THE UPGRADE OR ADDITIONAL COPIES; (2) USE OF UPGRADES IS LIMITED TO CISCO EQUIPMENT FOR WHICH CUSTOMER IS THE ORIGINAL END USER PURCHASER OR LESSEE OR OTHERWISE HOLDS A VALID LICENSE TO USE THE SOFTWARE WHICH IS BEING UPGRADED; AND (3) THE MAKING AND USE OF ADDITIONAL COPIES IS LIMITED TO NECESSARY BACKUP PURPOSES ONLY. NOTHING CONTAINED HEREIN SHALL RESTRICT THE CUSTOMER'S RIGHT TO PROVIDE COPIES TO ITS DULY AUTHORIZED EMPLOYEES, AGENTS, CONSULTANTS AND/OR INDEPENDENT CONTRACTORS SOLELY FOR BACKUP PURPOSES.**

Proprietary Notices

Customer agrees to maintain and reproduce all copyright and other proprietary notices on all copies, in any form, of the Software in the same form and manner that such copyright and other proprietary notices are included on the Software. Except as expressly authorized in the Agreement, Customer shall not make any copies or duplicates of any Software without the prior written permission of Cisco. **NOTHING CONTAINED HEREIN SHALL RESTRICT THE GOVERNMENT'S RIGHT TO PROVIDE COPIES TO ITS DULY AUTHORIZED EMPLOYEES, AGENTS, CONSULTANTS AND/OR INDEPENDENT CONTRACTORS SOLELY FOR BACKUP PURPOSES.**

Term and Termination

The Agreement and the license granted herein shall remain effective until terminated. The parties may terminate the Agreement only in accordance with the procedures set forth in the FAR. Upon termination, Customer shall destroy all copies of Software and Documentation in its possession or control. All confidentiality obligations of Customer and all limitations of liability and disclaimers and restrictions of warranty shall survive termination of this Agreement. In addition, the provisions of the sections titled "U.S. Government End User Purchasers" and "General Terms Applicable to the Limited Warranty Statement and End User License Agreement" shall survive termination of the Agreement.

Government Records

Customer grants to Cisco and its independent accountants the right to examine Customer's books, records and accounts during Customer's normal business hours to verify compliance with this Agreement as long as Cisco complies with Customer's security requirements. In the event such audit discloses non-compliance with this Agreement, the parties shall negotiate a new GSA Customer Purchase Order to bring the Customer into compliance..

Export, Re-Export, Transfer and Use Controls

The Software, Documentation and technology or direct products thereof (hereafter referred to as Software and Technology), supplied by Cisco under this Agreement are subject to export controls under the laws and regulations of the United States (U.S.) and any other applicable countries' laws and regulations. Customer shall comply with such laws and regulations governing export, re-export, transfer and use of Cisco Software and Technology and will obtain all required U.S. and local authorizations, permits, or licenses. Cisco and Customer each agree to provide the other information, support documents, and assistance as may reasonably be required by the other in connection with securing authorizations or licenses. Information regarding compliance with export, re-export, transfer and use may be located at the following URL:

http://www.cisco.com/web/about/doing_business/legal/global_export_trade/general_export/contract_compliance.html and is provided for informational purposes only.

U.S. Government End User Purchasers

The Software and Documentation qualify as "commercial items," as that term is defined at Federal Acquisition Regulation ("FAR") (48 C.F.R.) 2.101, consisting of "commercial computer software" and "commercial computer software documentation" as such terms are used in FAR 12.212. Consistent with FAR 12.212 and DoD FAR Supp. 227.7202-1 through 227.7202-4, and notwithstanding any other FAR or other contractual clause to the contrary in any agreement into which the Agreement may be incorporated, Customer may provide to Government end user or, if the Agreement is direct, Government end user will acquire, the Software and Documentation with only those rights set forth in the Agreement.

The Government agrees that the Software and Documentation are "commercial computer software" and "commercial computer software documentation," and accepts the rights and restrictions herein.

Limited Warranty

Subject to the limitations and conditions set forth herein, Cisco warrants that commencing from the date of shipment to Customer (but in case of resale by an authorized Cisco reseller, commencing not more than ninety (90) days after original shipment by Cisco), and continuing for a period of the longer of (a) ninety (90) days or (b) the warranty period (if any) expressly set forth as applicable specifically to software in the warranty card accompanying the product of which the Software is a part (the "Product") (if any): (a) the media on which the Software is furnished will be free of defects in materials and workmanship under normal use; and (b) the Software substantially conforms to the Documentation. The date of shipment of a Product by Cisco is set forth on the packaging material in which the Product is shipped. Except for the foregoing, the Software is provided "AS IS". This limited warranty extends only to

the Customer who is the original licensee. Customer's sole and exclusive remedy and the entire liability of Cisco and its suppliers under this limited warranty will be (i) replacement of defective media and/or (ii) at Cisco's option, repair, replacement, or refund of the purchase price of the Software, in both cases subject to the condition that any error or defect constituting a breach of this limited warranty is reported to Cisco or the party supplying the Software to Customer, if different than Cisco, within the warranty period. Cisco or the party supplying the Software to Customer may, at its option, require return of the Software and/or Documentation as a condition to the remedy. In no event does Cisco warrant that the Software is error free or that Customer will be able to operate the Software without problems or interruptions. In addition, due to the continual development of new techniques for intruding upon and attacking networks, Cisco does not warrant that the Software or any equipment, system or network on which the Software is used will be free of vulnerability to intrusion or attack.

Restrictions

This warranty does not apply if the Software, Product or any other equipment upon which the Software is authorized to be used (a) has been altered, except by Cisco or its authorized representative, (b) has not been installed, operated, repaired, or maintained in accordance with instructions supplied by Cisco, (c) has been subjected to abnormal physical or electrical stress, abnormal environmental conditions, misuse, negligence, or accident; or (d) is licensed for beta, evaluation, testing or demonstration purposes. The Software warranty also does not apply to (e) any temporary Software modules; or (f) any Software for which Cisco does not receive a license fee.

Disclaimer OF Warranty

EXCEPT AS SPECIFIED IN THIS WARRANTY SECTION, ALL EXPRESS OR IMPLIED CONDITIONS, REPRESENTATIONS, AND WARRANTIES INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, SATISFACTORY QUALITY, NON-INTERFERENCE, ACCURACY OF INFORMATIONAL CONTENT, OR ARISING FROM A COURSE OF DEALING, LAW, USAGE, OR TRADE PRACTICE, ARE HEREBY EXCLUDED TO THE EXTENT ALLOWED BY APPLICABLE LAW AND ARE EXPRESSLY DISCLAIMED BY CISCO, ITS SUPPLIERS AND LICENSORS. TO THE EXTENT AN IMPLIED WARRANTY CANNOT BE EXCLUDED, SUCH WARRANTY IS LIMITED IN DURATION TO THE EXPRESS WARRANTY PERIOD. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, THE ABOVE LIMITATION MAY NOT APPLY. THIS WARRANTY GIVES CUSTOMER SPECIFIC LEGAL RIGHTS, AND CUSTOMER MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM JURISDICTION TO JURISDICTION. This disclaimer and exclusion shall apply even if the express warranty set forth above fails of its essential purpose.

The foregoing exclusions/limitations of liability shall not apply (1) to personal injury or death caused by Cisco's negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

General Terms Applicable to the Limited Warranty

Statement, End User License Agreement, and Supplemental License Agreement

Controlling Law, Jurisdiction

If you acquired the Software in the United States, , the Agreement and Hardware and Software warranties ("Warranties") are controlled by and construed under the Federal laws of the , United States of America, notwithstanding any conflicts of law provisions. For all countries referred to above, the parties specifically disclaim the application of the UN Convention on Contracts for the International Sale of Goods.

If any portion hereof is found to be void or unenforceable, the remaining provisions of the Agreement and Warranties shall remain in full force and effect. Except as expressly provided herein, the Agreement constitutes the entire agreement between

Minor Release means an incremental release of VMS Software that provides maintenance fixes and additional VMS Software functions. Cisco designates Minor releases as a change in the tenths digit of the VMS Software version number [x.(x).x].

GSA Customer Warranties. GSA Customer represents, warrants and covenants that (i) it shall only use the VMS Software to provide Video Services to its End Users only as permitted by any Capacity limitations set forth in the GSA Customer Purchase Order. If GSA Customer wishes to utilize the VMS Software beyond the Capacity set forth in the Purchase Order, GSA Customer shall be obligated to place a new GSA Customer Purchase Order with Cisco to procure such additional required Capacity as soon as is reasonably practical.

Content. As between Cisco and GSA Customer, GSA Customer is and will be solely responsible for the creation, renewal, updating, deletion, editorial content, control, maintaining any and all backup, and all other aspects of any files, software, scripts, multimedia images, graphics, audio, video, text, data or other objects, including any third party content or materials, originating or transmitted from any location owned or operated by GSA Customer, in any medium, which is transmitted or delivered by GSA Customer using the VMS Software ("GSA Customer Content").

GSA Customer owns all right, title, and interest in the GSA Customer Content, or possesses or will possess all legally valid rights in the GSA Customer Content necessary to use the GSA Customer Content. GSA Customer shall be solely responsible for maintaining the availability of its networks, web site(s) and any other medium for the delivery of online video services, and all GSA Customer Content, IP addresses, domain names, hyperlinks, databases, applications and other resources as necessary for GSA Customer to operate and maintain its services to meet GSA Customer's purposes and objectives. In the case where at no material fault of Cisco or the VMS Software, a third party software component, including but not limited to, WMDRM Server or Windows Media Player ("WMP") or Microsoft PlayReady creates a digital rights management (DRM) security breach due to a failure or hacking of such component, Cisco shall notify GSA Customer as soon as is practical after receiving a confirmed notice from the provider of such components or discovering such a DRM security breach itself. If, after receiving such DRM breach notice, GSA Customer continues to allow its content to be

accessed with any software or services operated in conjunction with the VMS Software during the period where there is no fix for such DRM security breach, or GSA Customer decides not to implement such fix (which may require restricting End Users to using certain versions of third party applications), then GSA Customer acknowledges and agrees Cisco will not have any liability to GSA Customer for any costs, damages or legal fees related to a DRM security breach.

ADDITIONAL SERVICES

Professional Services and/or Support Services relating to the VMS Software purchased by GSA Customer pursuant to a Purchase Order will be set forth in a separate document to be mutually agreed by the parties.

Personal Information does not include "aggregate" or other non-personally identifiable information. Aggregate information is information that we collect about a group or category of products, services, or users that is not personally identifiable or from which individual identities are removed. We may use and disclose aggregate information, and other non-personally identifiable information, for various purposes at our sole discretion and without notice or liability to you.

Collection of Information

Collection of Voluntarily-Provided Information

We collect Personal Information that our users provide to us in a variety of ways on our Services. These include the following:

- *E-mail Newsletters.* We may offer e-mail newsletters from time to time on our Services. If you sign up to receive a newsletter from us, we collect your e-mail address.
- *User Accounts and Profiles.* Our Services may give you the ability to register for an account or to create and update a user profile. This information may include, for example, name, postal address, telephone number, e-mail address, and related demographic information about you. We may indicate that some Personal Information is required for you to register for the account or to create the profile, while some is optional.
- *Logging into Networks.* Certain networks using our Services may require users to establish or use login credentials. In connection with supporting this log-on functionality, we may collect information such as email addresses, telephone numbers, or user or administrator-created usernames, along with user-created or administrator-created passwords, to facilitate such log-on functionality and otherwise to provide our Services.
- *Correspondence.* If you contact us by e-mail, using a contact form on the Services, or by other means, we collect the Personal Information contained within, and associated with, your correspondence.
- *Contests and Sweepstakes.* We and other business partners may conduct or sponsor special contests, sweepstakes, and other promotions that users may enter or otherwise participate in on our Services or otherwise. Certain of these promotions may be co-branded with one of our advertisers or other business partners. In these instances, the collection of your Personal Information may occur directly by the third-party partner on its website or other online service and may be shared with us. The promotion will state the privacy policy or policies governing the collection of such personal information.
- *Testimonials.* We display testimonials of satisfied customers on our site in addition to other endorsements. With your consent we may post your testimonial along with your name.
- *Information Related to Data Collected for our Customers.* Meraki collects information under the direction of its customers, and has no direct relationship with the individuals whose personal data it processes. We may transfer personal information to companies that help us provide our Services. Transfers to subsequent third parties are covered by the service agreements with our customers.

Passive Information Collection

When you use or visit our Services, some information is collected automatically. For example, when you access our Services, we automatically collect your browser's Internet Protocol (IP) address, your browser type, the nature of the device from which you are visiting the Services (e.g., a personal computer or a mobile device), identifiers for any handheld or mobile device that you may be using, the Web site that you visited immediately prior to accessing any Web-based Services, the actions you take on our Services, and the content, features, and activities that you access and engage with on our Services. We also may collect information regarding your interaction with e-mail messages from Meraki, such as whether you opened, clicked on, or forwarded a message.

We may collect this information passively using technologies such as standard server logs, cookies, and clear GIFs (also known as "Web beacons"). We use passively-collected information to administer, operate, maintain and improve our Services and our other services and systems and to provide content that is tailored to you.

If we link or associate any information gathered through passive means with Personal Information, or if applicable laws require us to treat any information gathered through passive means as Personal Information, we treat the combined

information as Personal Information under this Policy. Otherwise, we use and disclose information collected by passive means in aggregate form or otherwise in a non-personally identifiable form. Please be aware that in the course of your use of the Services, websites or other services provided by third parties ("**Third-Party Services**"), including marketing or website optimization vendors, may set cookies on your hard drive or use other means of passively collecting information about your use of their Third-Party Services or other services or content. To do this, they may use first-party cookies (which are set by the same domain your browser is receiving data from) or third-party cookies (which are set by a different domain). Meraki also may make non-personally identifiable information available to Third-Party Services, and these Third-Party Services may collect such information, to assist such parties in understanding our users' activities and usage patterns on the Services. If desired, you may use the [Google Analytics Opt-out Browser Add-on](#) to opt-out of having information collected by Google Analytics.

We do not have access to, or control over, the actions of Third-Party Services. Each provider of Third-Party Services uses information that it collects in accordance with its own privacy and security policies.

Additionally, please be aware that Google and other third-party vendors may place or recognize one or more unique cookies on your computer when you use the Services, and may record information to these cookies based upon your activities on our Services and on third-party websites and other Third-Party Services. Google and these other third-party vendors may use information about those activities to inform, optimize, and serve advertisements. In particular, we may use Google and other third-party vendors to engage in "remarketing," in which advertisements you see on third-party websites and services may be based on your prior visits to our Services.

To learn more about these practices, and to opt-out from Google's and other vendors' use of information collected on the Services through cookies for advertising purposes, you may visit [Google's Ads Preferences Manager](#), [TRUSTe's Preference Manager](#), or the [Network Advertising Initiative opt-out page](#). Please note that opting-out will not prevent advertisements from being served to you on the Internet; it will only result in advertisements that utilize cookies to serve advertisements on the specified advertising networks from which you opt-out no longer being targeted. We are not responsible for the activities of other parties that may not comply with your opt-out requests.

We also use Google Conversion Tracking, which tracks whether users engage in certain activities (e.g., filling out a form to receive more information about our products or services) after they view one of our advertisements on a Third-Party Service. Google uses cookies to track conversions and to report that information to us.

Finally, please also be aware that we use the Google Maps API as a source of maps, geographic data, and geolocation information for purposes of providing location-based information regarding terminal devices connected to networks managed by our Services and for providing related reporting and analysis. Google may collect information, including personal information, from those who view content provided through the Google Maps API, and Google handles such information in accordance with the [Google Privacy Policy](#).

Network Usage Information Collected by Our Services

Some of our Services collect information from terminal devices connected to networks that are managed by those Services. Those Services also collect information regarding the performance of, and certain other information regarding, such networks. This information includes, for example, MAC address, device type, operating system, geolocation information, and network traffic information (e.g., hostnames, protocols, port numbers, and IP addresses). This information is made available to administrators of networks managed by our Services through an online interface that we call the "dashboard". Additionally, if a Meraki customer elects to use our device management tool currently known as Systems Manager ("**Systems Manager**") and installs its software on, or configures the profile of, a mobile device or other device (e.g., a laptop computer) managed by Systems Manager, the customer or Meraki may undertake certain actions on the device, such as the following: (i) list, access, copy, move, and delete files; (ii) track and record device location over time; (iii) take and record screenshots; (iv) manage the device through remote desktop functionality; (v) set and enforce policies; and (vi) install/remove apps. Finally, for devices with Systems Manager installed or devices that utilize Global Positioning System (GPS) technology, we transmit certain geolocation information about those devices and the network(s) on which they are running to Google, which provides us with related geolocation information that we store and make available to network

administrators through our dashboard as described above in this paragraph. Google handles the information that we provide to it in accordance with the [Google Privacy Policy](#).

Information from Other Sources

We may receive information about you, including Personal Information, from affiliated and unaffiliated third parties, and may combine this information with other Personal Information we maintain about you in order to ensure we have accurate information. - To investigate, prevent, or take action regarding illegal activities, suspected or potential fraud, brand protection matters (such as gray market sales or use of Cisco's trademark without a license), situations involving potential threats to the physical safety of any person, violations of Cisco's terms of use, or as otherwise required by law.

Security of Your Personal Information

We are committed to protecting the Personal Information you share with us and utilize a combination of industry-standard security technologies, procedures, and organizational measures to help protect your Personal Information from unauthorized access, use or disclosure. We recommend you to take every precaution in protecting your Personal Information when you are on the Internet. When you enter sensitive information on our forms, we encrypt this data using SSL or other technologies. Please visit our Learning Center for more tips for using security features when connected to the Internet using a router.

Retention of Personal Information

We will only retain your Personal Information to fulfill the purposes for which it was collected or as required for legitimate purposes or permitted by law.

Use of Cookies and other Web Technologies

Like many websites, Cisco uses automatic data collection tools, such as cookies, embedded web links and web beacons. These tools collect certain standard information that your browser sends to our website such as your browser type and the address of the website from which you arrived at our website. They may also collect information about your Internet Protocol (IP) address (a number automatically assigned to your computer whenever you are surfing the Web, allowing Web servers to locate and identify your computer, which is a unique address assigned to your PC by your Internet Service Provider or Information Systems Department on a TCP/IP network) and clickstream behavior (for example, the pages you view and the links you click). These tools help make your visit to our website easier, more efficient and more valuable by providing you with a customized experience and recognizing you when you return. To learn more, read Cisco's Use of [Automatic Data Collection Tools](#).

Our website includes widgets, which are interactive mini-programs that run on our site to provide specific services from another company (e.g. displaying the news, opinions, music, etc). Personal information, such as your email address, may be collected through the widget. Cookies may also be set by the widget to enable it to function properly. Information collected by this widget is governed by the privacy policy of the company that created it. Our widget may have an import contacts feature to help you email your contacts. At your request, we will search your email address book to help you import your contacts to our website.

Some web browsers may let you enable a "do not track" feature that sends signals to the websites you visit, indicating that you do not want your online activities tracked. This is different than blocking or deleting cookies, as browsers with a "do not track" feature enabled may still accept cookies. There is currently no industry standard for how companies should respond to "do not track" signals, although one may develop in the future. We do not respond to "do not track" signals at this time. If we do so in the future, we will describe how in this Privacy Statement. More information about "do not track" is available at www.allaboutdnt.org.

Linked Websites

We may provide links to other third-party websites and services which are outside our control and not covered by this Privacy Statement. We encourage you to review the privacy statements posted on those websites (and all websites) you visit.

Forums/Chat Rooms

If you participate in a discussion forum or chat room on a Cisco website, you should be aware that the information you provide there will be made broadly available to others, and can be read, collected or used by other users of these forums, potentially inside or outside Cisco, who have access to that discussion forum or chat room. This information could also be used to send you unsolicited messages. Also, please recognize that individual forums and chat rooms may have additional rules and conditions. Each participant's opinion on a forum or chat room is his or her own and should not be considered as reflecting the opinion of Cisco. We are not responsible for the Personal Information or any other information you choose to submit in these forums.

Children's Privacy

Cisco does not knowingly collect Personal Information from children under the age of 13. If we learn that we have collected Personal Information of a child under the age of 13, we will delete that data from our systems. Please note that the Personal Information collected by Cisco Networking Academy (NetAcad) is subject to the privacy statement posted on the NetAcad websites along with any applicable privacy supplement.

- Know the sites your children are visiting and which sites are appropriate.
- Look for website privacy policies and know how your child's information is treated.

For more tips on protecting children's privacy online, please see Cisco's Online Privacy Portal [here](#) or FTC's website [here](#).

Consent to Transfer, Processing and Storage of Personal Information

As Cisco is a global organization, we may transfer your Personal Information to Cisco in the United States of America, to any Cisco subsidiary worldwide, or to third parties acting on our behalf, for the purposes of processing or storage. By providing any Personal Information to us, you fully understand and unambiguously consent to the transfer, processing and storage of such information outside of your country of residence where data protection standards may be different. Our Privacy Statement and our practices are designed to provide a globally consistent level of protection for Personal Information all over

the world. This means that even in countries whose laws provide for less protection for your information, Cisco will still handle your information in the manner described here.

Your California Privacy Rights

Residents of the State of California, under California Civil Code § 1798.83, have the right to request from companies conducting business in California a list of all third parties to which the company has disclosed Personal Information during the preceding year for direct marketing purposes. Alternatively, the law provides that if the company has a privacy policy that gives either an Opt-out or Opt-in choice for use of your Personal Information by third parties (such as advertisers) for marketing purposes, the company may instead provide you with information on how to exercise your disclosure choice options.

Cisco qualifies for the alternative option. We have a comprehensive privacy statement, and provide you with details on how you may either Opt-out or Opt-in to the use of your Personal Information by third parties for direct marketing purposes. Therefore, we are not required to maintain or disclose a list of the third parties that received your Personal Information for marketing purposes during the preceding year.

If you are a California resident and request information about how to exercise your third party disclosure choices, please send a request to privacy@cisco.com.

How to Contact Us

We value your opinions. Should you have any privacy-related questions or comments related to this Privacy Statement, please send an email to privacy@cisco.com.

Updates to this Cisco Privacy Statement

We may update this Privacy Statement at any time, so please review it frequently. If we change our Privacy Statement, we will post the revised version here, with an updated revision date. If we make significant changes to our Privacy Statement, we may also notify you by other means prior to the changes taking effect, such as sending an email or posting a notice on our website.

REVISED AND POSTED AS OF: FEBRUARY 3, 2014. Please note this version does not substantively change the way we treat personal information compared to the previous version of the privacy statement available [here](#).

Third Party Usage Guidelines for Oracle Trademarks

Oracle Trademarks

Oracle's trademarks and service marks ("Oracle trademarks") are valuable assets that Oracle needs to protect. We ask that you help us by properly using and crediting Oracle trademarks in accordance with these guidelines. For information about proper use of Oracle logos, logotypes, signatures, and design marks, please review the Third Party Usage Guidelines for Oracle Logos.

Permissible Use

You may generally use Oracle trademarks to refer to the associated Oracle products or services. For instance, an authorized reseller can note in its advertisements that it is selling the Oracle application server. Similarly, an Oracle customer may issue a press release stating that it has implemented Oracle software.

Relationship of Products or Services

You may indicate the relationship of your products or services to Oracle products or services by using accurate, descriptive tag lines such as "for Oracle database," "for use with Oracle E-Business Suite applications," and "works with Oracle software" in connection with your product or service name. Within text or body copy, such tag lines may appear in the same type as your product or service name. On product, packaging, advertising and other collateral where your product or service name is displayed apart from body copy, make sure that the tag line appears in significantly smaller type than your name. You should also distinguish the tag line from your mark by using a different font or color. However, Oracle or the tag line should never appear in the Oracle red color. This is important to avert any implication that your product or service is produced or endorsed by Oracle.

Titles

Oracle permits use of its marks in single volume book titles (not magazines or periodicals) where such use is descriptive or referential. To avoid misleading the public as to Oracle sponsorship, affiliation or endorsement, the Oracle mark must not appear more prominently than the rest of the title, and do not use Oracle logos on the cover. In addition, we request that you include a disclaimer of association with Oracle on the copyright page.

Open Source Software

Most open source licenses do not grant, and many exclude, a license of trademark rights. Do not assume you can use the name of a source code base in the name of your distribution developed from that code base. Without a license or permission, you may not incorporate Oracle trademarks in the name of your distribution or other products that incorporate open source elements. Truthful statements incorporating a trademark are generally allowed (for example, in the format "MyImplementation, derived from Trademarked ProductName"), but you should check the terms of the license for the original source code or any posted trademark guidelines for the project.

User Groups

Oracle generally permits use of its marks in groups name that include phrases such as "user group," "special interest group," "lobby," etc., that clarify the relationship between Oracle and the group and do not create confusion about the source of products. This applies only to user groups that are not formally doing business as commercial entities. If you are administering a user group that includes an Oracle trademark in its name, do not claim any trademark rights in the name or attempt to register the name or your logo with a trademark office, and do not register the name as a trade name or business name, or conduct any business under the name.

Prohibited Use

You may not use Oracle trademarks in a manner which could cause confusion as to Oracle sponsorship, affiliation or endorsement. Take particular care not to use Oracle marks as set out below.

Company, Product or Service Names

Do not use Oracle trademarks or potentially confusing variations as all or part of your company, product or service names. If you wish to note the relationship of your products or services to Oracle products or services, please use an appropriate tag line as detailed above. For example, "XYZ for Oracle database" not "OraXYZ or XYZ Oracle"

Logos

For more information regarding use of Oracle logos, please review the Third Party Usage Guidelines for Oracle Logos.

Trade Dress

You must not imitate Oracle trade dress, type style or logos. For instance, do not copy Oracle packaging for use with your product or display your product name in the distinctive logotype associated with the Oracle logo.

Domain Names

Do not use Oracle trademarks or potentially confusing variations in your Internet domain name. This helps prevent Internet users from being confused as to whether you or Oracle is the source of the Web site.

Correct Use

Proper use of Oracle trademarks reinforces their role as brands for our products and services, and helps prevent them from becoming generic names that can be used by anyone. Examples of former trademarks that became generic terms are "aspirin," "cellophane," and "escalator." By adhering to the following rules, you help protect Oracle's investment in its trademarks.

Use a Generic Term

Use a generic term in association with each Oracle trademark the first time the mark appears in text, and as often as possible after that. You need not include generic names in headlines, package titles and documentation titles. For example, "Oracle iLearning software", "Oracle On Demand services", and "Oracle database."

Use as Adjectives

Oracle trademarks are adjectives and should not be used as nouns, or in the possessive or plural form. For example, "Oracle database's benefits.." not "Oracle's benefits..."

Avoid Variations

Do not vary Oracle trademarks by changing their spelling or abbreviating them. For example, "Oracle Collaboration Suite" not "CollabSuite."

Trademark Symbols and Credit Lines

Proper trademark attribution through trademark symbols and credit lines helps makes the public aware of our trademarks, and helps prevent them from becoming generic terms. Credit lines also help clarify that they belong to Oracle. Accordingly, Oracle would appreciate you attributing ownership of Oracle trademarks to Oracle Corporation by using trademark symbols (™ or SM or ®) and credit lines as detailed below.

Trademark Symbols

Use the ® symbol with the most prominent appearance of the "Oracle" mark on products, packaging, manuals, advertisements, promotional materials and Web pages (for example, in the headline of an advertisement), and the first use of the mark in text or body copy. This includes situations where "Oracle" is a part of a product or service name (for example, Oracle® Collaboration Suite, Oracle® PartnerNetwork). You do not need to use trademark symbols with other Oracle trademarks.

Example: XYZ Develops New Product for Oracle® Database

XYZ Corporation, a member of the Oracle® PartnerNetwork program, has developed the ABC software cartridge for use with the industry leading Oracle database. The ABC software cartridge is one of numerous products XYZ has developed that complement leading Oracle offerings.

"Oracle" receives a trademark symbol in the headline because this is the most prominent appearance, and when it appears as part of the "Oracle PartnerNetwork" name because this is the first appearance in text. While there is no trademark symbol after "Oracle" when it appears in front of the term "products" and "offerings" since we already used a symbol the first time that the term "Oracle" appeared in body copy. It is always acceptable to continue using the ® after "Oracle" throughout the document.

Credit Line

All products, packaging, manuals, advertisements, promotional materials and Web pages bearing Oracle trademarks should include the following trademark credit line.

"Oracle and Java are registered trademarks of Oracle and/or its affiliates. Other names may be trademarks of their respective owners."

The credit line may appear anywhere on the collateral, but typically is displayed on a copyright page, the back of a package or at the end of a document or web page.

"Oracle" As a Trade Name

Trade names are the actual business names of companies. Trademarks and trade names are not the same, even though many companies use their trade names as trademarks. If you are using "Oracle" as a substitute for Oracle Corporation, you are using it as a trade name. Because they are nouns, trade names can be used in the possessive and do not require a generic term or a trademark symbol. Thus, you should not use a ® after "Oracle" when it appears as part of the full corporate name or as a trade name.

Examples

Corporate Name: This software was developed by Oracle Corporation.

Trade Name: This software was developed by Oracle.

Trade Name: Oracle's latest software developments are outstanding.

Trademark: The Oracle® database leads the industry.

CISCO END USER LICENSE AGREEMENT (EULA)

Cisco EULA

September 24, 2013 as provided on Cisco.com:

http://www.cisco.com/en/US/docs/general/warranty/English/EU1KEN_.html

IMPORTANT: PLEASE READ THIS END USER LICENSE AGREEMENT CAREFULLY. IT IS VERY IMPORTANT THAT YOU CHECK THAT YOU ARE PURCHASING CISCO SOFTWARE OR EQUIPMENT FROM AN APPROVED SOURCE AND THAT YOU, OR THE ENTITY YOU REPRESENT (COLLECTIVELY, THE "CUSTOMER") HAVE BEEN REGISTERED AS THE END USER FOR THE PURPOSES OF THIS CISCO END USER LICENSE AGREEMENT.

CISCO SYSTEMS, INC. OR ITS AFFILIATE LICENSING THE SOFTWARE ("CISCO") IS WILLING TO LICENSE THIS SOFTWARE TO YOU ONLY UPON THE CONDITION THAT YOU PURCHASED THE SOFTWARE FROM AN APPROVED SOURCE AND THAT YOU ACCEPT ALL OF THE TERMS CONTAINED IN THIS END USER LICENSE AGREEMENT. YOU ACKNOWLEDGE THAT A SUPPLEMENTAL LICENSE AGREEMENT MAY ACCOMPANY THE PRODUCT. THE SOFTWARE MAY CONTAIN OPEN SOURCE SOFTWARE THAT IS SUBJECT TO ITS OWN TERMS AND NOT CONTROLLED BY CISCO. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM AN APPROVED SOURCE, AND APPLIES ONLY IF YOU ARE THE ORIGINAL AND REGISTERED END USER PURCHASER. FOR THE PURPOSES OF THIS END USER LICENSE AGREEMENT, AN "APPROVED SOURCE" MEANS (A) CISCO; OR (B) A DISTRIBUTOR OR SYSTEMS INTEGRATOR AUTHORIZED BY CISCO TO DISTRIBUTE / SELL CISCO EQUIPMENT, SOFTWARE AND SERVICES WITHIN YOUR TERRITORY TO END USERS; OR (C) A RESELLER AUTHORIZED BY ANY SUCH DISTRIBUTOR OR SYSTEMS INTEGRATOR IN ACCORDANCE WITH THE TERMS OF THE DISTRIBUTOR'S AGREEMENT WITH CISCO TO DISTRIBUTE / SELL THE CISCO EQUIPMENT, SOFTWARE AND SERVICES WITHIN YOUR TERRITORY TO END USERS.

THE FOLLOWING TERMS OF THE AGREEMENT GOVERN CUSTOMER'S USE OF THE SOFTWARE (DEFINED BELOW), EXCEPT TO THE EXTENT: (A) THERE IS A SEPARATE SIGNED CONTRACT BETWEEN CUSTOMER AND CISCO GOVERNING CUSTOMER'S USE OF THE SOFTWARE. FOR PURPOSES OF THE AGREEMENT, "SOFTWARE" SHALL MEAN COMPUTER PROGRAMS, INCLUDING FIRMWARE AND COMPUTER PROGRAMS EMBEDDED IN CISCO EQUIPMENT, AS PROVIDED TO CUSTOMER BY AN APPROVED SOURCE, AND ANY UPGRADES, UPDATES, BUG FIXES OR MODIFIED VERSIONS THERETO (COLLECTIVELY, "UPGRADES"), ANY OF THE SAME WHICH HAS BEEN RELICENSED UNDER THE CISCO SOFTWARE TRANSFER AND RE-LICENSING POLICY (AS MAY BE AMENDED BY CISCO FROM TIME TO TIME) OR BACKUP COPIES OF ANY OF THE FOREGOING.

License. Conditioned upon compliance with the terms and conditions of the Agreement, Cisco grants to Customer a nonexclusive and nontransferable license to use for Customer's internal business purposes the Software and the Documentation for which Customer has paid the required license fees to an Approved Source. "Documentation" means written information (whether contained in user or technical manuals, training materials, specifications or otherwise) pertaining to the Software and made available by an Approved Source with the Software in any manner (including on CD-Rom, or on-line). In order to use the Software, Customer may be required to input a registration number or product authorization key and register Customer's copy of the Software online at Cisco's website to obtain the necessary license key or license file.

Customer's license to use the Software shall be limited to, and Customer shall not use the Software in excess of, a single hardware chassis or card or such other limitations as are set forth in the applicable Supplemental License Agreement or in the applicable purchase order which has been accepted by an Approved Source and for which Customer has paid to an Approved Source the required license fee (the "Purchase Order").

Unless otherwise expressly provided in the Documentation or any applicable Supplemental License Agreement Customer shall use the Software solely as embedded in, for execution on, or (where the applicable Documentation permits installation on non-Cisco equipment)

for communication with Cisco equipment owned or leased by Customer and used for Customer's internal business purposes. No other licenses are granted by implication, estoppel or otherwise.

For evaluation or beta copies for which Cisco does not charge a license fee, the above requirement to pay license fees does not apply.

General Limitations. This is a license, not a transfer of title, to the Software and Documentation, and Cisco retains ownership of all copies of the Software and Documentation. Customer acknowledges that the Software and Documentation contain trade secrets of Cisco or its suppliers or licensors, including but not limited to the specific internal design and structure of individual programs and associated interface information. Except as otherwise expressly provided under the Agreement Customer shall only use the Software in connection with the use of Cisco equipment purchased by the Customer from an Approved Source and Customer shall have no right, and Customer specifically agrees not to:

(i) transfer, assign or sublicense its license rights to any other person or entity (other than in compliance with any Cisco relicensing/transfer policy then in force), or use the Software on Cisco equipment not purchased by the Customer from an Approved Source or on secondhand Cisco equipment, and Customer acknowledges that any attempted transfer, assignment, sublicense or use shall be void;

(ii) make error corrections to or otherwise modify or adapt the Software or create derivative works based upon the Software, or permit third parties to do the same;

(iii) reverse engineer or decompile, decrypt, disassemble or otherwise reduce the Software to human-readable form, except to the extent otherwise expressly permitted under applicable law notwithstanding this restriction or except to the extent that Cisco is legally required to permit such specific activity pursuant to any applicable open source license;

(iv) publish any results of benchmark tests run on the Software;

(v) use or permit the Software to be used to perform services for third parties, whether on a service bureau or time sharing basis or otherwise, without the express written authorization of Cisco; or

(vi) disclose, provide, or otherwise make available trade secrets contained within the Software and Documentation in any form to any third party without the prior written consent of Cisco. Customer shall implement reasonable security measures to protect such trade secrets.

To the extent required by applicable law, and at Customer's written request, Cisco shall provide Customer with the interface information needed to achieve interoperability between the Software and another independently created program, on payment of Cisco's applicable fee, if any. Customer shall observe strict obligations of confidentiality with respect to such information and shall use such information in compliance with any applicable terms and conditions upon which Cisco makes such information available. Notwithstanding the above, Customer may disclose confidential information in accordance with law or court order.

Software, Upgrades and Additional Copies. NOTWITHSTANDING ANY OTHER PROVISION OF THE AGREEMENT: (1) CUSTOMER HAS NO LICENSE OR RIGHT TO MAKE OR USE ANY ADDITIONAL COPIES OR UPGRADES UNLESS CUSTOMER, AT THE TIME OF MAKING OR ACQUIRING SUCH COPY OR UPGRADE, ALREADY HOLDS A VALID LICENSE TO THE ORIGINAL SOFTWARE AND HAS PAID THE APPLICABLE FEE TO AN APPROVED SOURCE FOR THE UPGRADE OR ADDITIONAL COPIES; (2) USE OF UPGRADES IS LIMITED TO CISCO EQUIPMENT SUPPLIED BY AN APPROVED SOURCE FOR WHICH CUSTOMER IS THE ORIGINAL END USER PURCHASER OR LESSEE OR OTHERWISE HOLDS A VALID LICENSE TO USE THE SOFTWARE WHICH IS BEING UPGRADED; AND (3) THE MAKING AND USE OF ADDITIONAL COPIES IS LIMITED TO NECESSARY BACKUP PURPOSES ONLY. NOTHING CONTAINED HEREIN SHALL LIMIT THE GOVERNMENT'S RIGHT TO PROVIDE COPIES TO ITS DULY AUTHORIZED EMPLOYEES, AGENTS, CONSULTANTS AND/OR INDEPENDENT CONTRACTORS SOLELY FOR BACKUP PURPOSES.

Proprietary Notices. Customer agrees to maintain and reproduce all copyright, proprietary, and other notices on all copies, in any form, of the Software in the same form and manner that such copyright and other proprietary notices are included on the Software. Except as expressly authorized in the Agreement, Customer shall not make any copies or duplicates of any Software without the prior written permission of Cisco.

Term and Termination. The Agreement and the license granted herein shall remain effective until terminated. This agreement may be terminated only as stated in the GSA Schedule Contract and applicable regulation. Recourse against the United States for any alleged breach of this agreement must be made under the terms of the Federal Tort Claims Act or as a dispute under the contract disputes clause

(Contract Disputes Act) as applicable. The Contractor shall proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, appeal, or action arising under the contract. All confidentiality obligations of Customer, all restrictions and limitations imposed on the Customer under the section titled "General Limitations" and all limitations of liability and disclaimers and restrictions of warranty shall survive termination of this Agreement. In addition, the provisions of the sections titled "U.S. Government End User Purchasers" and "General Terms Applicable to the Limited Warranty Statement and End User License Agreement" shall survive termination of the Agreement.

Customer Records. Customer grants to Cisco and its independent accountants the right to examine Customer's books, records and accounts during Customer's normal business hours to verify compliance with this Agreement. In the event such audit discloses non-compliance with this Agreement, the contract disputes clause (Contract Disputes Act) and applicable regulations shall govern.

Export, Re-Export, Transfer and Use Controls. The Software, Documentation and technology or direct products thereof (hereafter referred to as Software and Technology), supplied by Cisco under the Agreement are subject to export controls under the laws and regulations of the United States ("U.S.") and any other applicable countries' laws and regulations. Customer shall comply with such laws and regulations governing export, re-export, import, transfer and use of Cisco Software and Technology and will obtain all required U.S. and local authorizations, permits, or licenses. Cisco and Customer each agree to provide the other information, support documents, and assistance as may reasonably be required by the other in connection with securing authorizations or licenses. Information regarding compliance with export, re-export, transfer and use may be located at the following URL:

www.cisco.com/web/about/doing_business/legal/global_export_trade/general_export/contract_compliance.html

U.S. Government End User Purchasers. The Software and Documentation qualify as "commercial items," as that term is defined at Federal Acquisition Regulation ("FAR") (48 C.F.R.) 2.101, consisting of "commercial computer software" and "commercial computer software documentation" as such terms are used in FAR 12.212. Consistent with FAR 12.212 and DoD FAR Supp. 227.7202-1 through 227.7202-4, and notwithstanding any other FAR or other contractual clause to the contrary in any agreement into which the Agreement may be incorporated, Customer may provide to Government end user or, if the Agreement is direct, Government end user will acquire, the Software and Documentation with only those rights set forth in the Agreement.

Limited Warranty

Subject to the limitations and conditions set forth herein, Cisco warrants that commencing from the date of shipment to Customer (but in case of resale by an Approved Source other than Cisco, commencing not more than ninety (90) days after original shipment by Cisco), and continuing for a period of the longer of (a) ninety (90) days or (b) the warranty period (if any) expressly set forth as applicable specifically to software in the warranty card accompanying the product of which the Software is a part (the "Product") (if any): (a) the media on which the Software is furnished will be free of defects in materials and workmanship under normal use; and (b) the Software substantially conforms to the Documentation. The date of shipment of a Product by Cisco is set forth on the packaging material in which the Product is shipped. Except for the foregoing, the Software is provided "AS IS". This limited warranty extends only to the Software purchased from an Approved Source by a Customer who is the first registered end user. Customer's sole and exclusive remedy and the entire liability of Cisco and its suppliers under this limited warranty will be (i) replacement of defective media and/or (ii) at Cisco's option, repair, replacement, or refund of the purchase price of the Software, in both cases subject to the condition that any error or defect constituting a breach of this limited warranty is reported to the Approved Source supplying the Software to Customer, within the warranty period. Cisco or the Approved Source supplying the Software to Customer may, at its option, require return of the Software and/or Documentation as a condition to the remedy. In no event does Cisco warrant that the Software is error free or that Customer will be able to operate the Software without problems or interruptions. In addition, due to the continual development of new techniques for intruding upon and attacking networks, Cisco does not warrant that the Software or any equipment, system or network on which the Software is used will be free of vulnerability to intrusion or attack.

Restrictions. This warranty does not apply if the Software, Product or any other equipment upon which the Software is authorized to be used (a) has been altered, except by Cisco or its authorized representative, (b) has not been installed, operated, repaired, or maintained in accordance with instructions supplied by Cisco, (c) has been subjected to abnormal physical or electrical stress, abnormal environmental conditions, misuse, negligence, or accident; or (d) is licensed for beta, evaluation, testing or demonstration purposes. The Software warranty also does not apply to (e) any temporary Software modules; (f) any Software not posted on Cisco's Software Center; (g) any Software that Cisco expressly provides on an "AS IS" basis on Cisco's Software Center; (h) any Software for which an Approved Source does not receive a license fee; and (i) Software supplied by any third party which is not an Approved Source.

DISCLAIMER OF WARRANTY

EXCEPT AS SPECIFIED IN THIS WARRANTY SECTION, ALL EXPRESS OR IMPLIED CONDITIONS, REPRESENTATIONS, AND WARRANTIES INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, SATISFACTORY QUALITY, NON-INTERFERENCE, ACCURACY OF INFORMATIONAL CONTENT, OR ARISING FROM A COURSE OF DEALING, LAW, USAGE, OR TRADE PRACTICE, ARE HEREBY EXCLUDED TO THE EXTENT ALLOWED BY APPLICABLE LAW AND ARE EXPRESSLY DISCLAIMED BY CISCO, ITS SUPPLIERS AND LICENSORS. TO THE EXTENT THAT ANY OF THE SAME CANNOT BE EXCLUDED, SUCH IMPLIED CONDITION, REPRESENTATION AND/OR WARRANTY IS LIMITED IN DURATION TO THE EXPRESS WARRANTY PERIOD REFERRED TO IN THE "LIMITED WARRANTY" SECTION ABOVE. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, THE ABOVE LIMITATION MAY NOT APPLY IN SUCH STATES. THIS WARRANTY GIVES CUSTOMER SPECIFIC LEGAL RIGHTS, AND CUSTOMER MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM JURISDICTION TO JURISDICTION. This disclaimer and exclusion shall apply even if the express warranty set forth above fails of its essential purpose.

Disclaimer of Liabilities-Limitation of Liability. IF YOU ACQUIRED THE SOFTWARE IN THE UNITED STATES, LATIN AMERICA, CANADA, JAPAN OR THE CARIBBEAN, NOTWITHSTANDING ANYTHING ELSE IN THE AGREEMENT TO THE CONTRARY, ALL LIABILITY OF CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS COLLECTIVELY, TO CUSTOMER, WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE), BREACH OF WARRANTY OR OTHERWISE, SHALL NOT EXCEED THE PRICE PAID BY CUSTOMER TO ANY APPROVED SOURCE FOR THE SOFTWARE THAT GAVE RISE TO THE CLAIM OR IF THE SOFTWARE IS PART OF ANOTHER PRODUCT, THE PRICE PAID FOR SUCH OTHER PRODUCT. THIS LIMITATION OF LIABILITY FOR SOFTWARE IS CUMULATIVE AND NOT PER INCIDENT (I.E. THE EXISTENCE OF TWO OR MORE CLAIMS WILL NOT ENLARGE THIS LIMIT).

IF YOU ACQUIRED THE SOFTWARE IN EUROPE, THE MIDDLE EAST, AFRICA, ASIA OR OCEANIA, NOTWITHSTANDING ANYTHING ELSE IN THE AGREEMENT TO THE CONTRARY, ALL LIABILITY OF CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS COLLECTIVELY, TO CUSTOMER, WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE), BREACH OF WARRANTY OR OTHERWISE, SHALL NOT EXCEED THE PRICE PAID BY CUSTOMER TO CISCO FOR THE SOFTWARE THAT GAVE RISE TO THE CLAIM OR IF THE SOFTWARE IS PART OF ANOTHER PRODUCT, THE PRICE PAID FOR SUCH OTHER PRODUCT. THIS LIMITATION OF LIABILITY FOR SOFTWARE IS CUMULATIVE AND NOT PER INCIDENT (I.E. THE EXISTENCE OF TWO OR MORE CLAIMS WILL NOT ENLARGE THIS LIMIT). NOTHING IN THE AGREEMENT SHALL LIMIT (I) THE LIABILITY OF CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS TO CUSTOMER FOR PERSONAL INJURY OR DEATH CAUSED BY THEIR NEGLIGENCE, (II) CISCO'S LIABILITY FOR FRAUDULENT MISREPRESENTATION, OR (III) ANY LIABILITY OF CISCO WHICH CANNOT BE EXCLUDED UNDER APPLICABLE LAW.

Disclaimer of Liabilities-Waiver of Consequential Damages and Other Losses. IF YOU ACQUIRED THE SOFTWARE IN THE UNITED STATES, LATIN AMERICA, THE CARIBBEAN OR CANADA, REGARDLESS OF WHETHER ANY REMEDY SET FORTH HEREIN FAILS OF ITS ESSENTIAL PURPOSE OR OTHERWISE, IN NO EVENT WILL CISCO OR ITS SUPPLIERS BE LIABLE FOR ANY LOST REVENUE, PROFIT, OR LOST OR DAMAGED DATA, BUSINESS INTERRUPTION, LOSS OF CAPITAL, OR FOR SPECIAL, INDIRECT, CONSEQUENTIAL, INCIDENTAL, OR PUNITIVE DAMAGES HOWEVER CAUSED AND REGARDLESS OF THE THEORY OF LIABILITY OR WHETHER ARISING OUT OF THE USE OF OR INABILITY TO USE SOFTWARE OR OTHERWISE AND EVEN IF CISCO OR ITS SUPPLIERS OR LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATION OR EXCLUSION OF CONSEQUENTIAL OR INCIDENTAL DAMAGES, THE ABOVE LIMITATION MAY NOT APPLY TO YOU.

IF YOU ACQUIRED THE SOFTWARE IN JAPAN, EXCEPT FOR LIABILITY ARISING OUT OF OR IN CONNECTION WITH DEATH OR PERSONAL INJURY, FRAUDULENT MISREPRESENTATION, AND REGARDLESS OF WHETHER ANY REMEDY SET FORTH HEREIN FAILS OF ITS ESSENTIAL PURPOSE OR OTHERWISE, IN NO EVENT WILL CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS BE LIABLE FOR ANY LOST REVENUE, PROFIT, OR LOST OR DAMAGED DATA, BUSINESS INTERRUPTION, LOSS OF CAPITAL, OR FOR SPECIAL, INDIRECT, CONSEQUENTIAL, INCIDENTAL, OR PUNITIVE DAMAGES HOWEVER CAUSED AND REGARDLESS OF THE THEORY OF LIABILITY OR WHETHER ARISING OUT OF THE USE OF OR INABILITY TO USE SOFTWARE OR OTHERWISE AND EVEN IF CISCO OR ANY APPROVED SOURCE OR THEIR SUPPLIERS OR LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

IF YOU ACQUIRED THE SOFTWARE IN EUROPE, THE MIDDLE EAST, AFRICA, ASIA OR OCEANIA, IN NO EVENT WILL CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS, BE LIABLE FOR ANY LOST REVENUE, LOST PROFIT, OR LOST OR DAMAGED DATA, BUSINESS INTERRUPTION, LOSS OF CAPITAL, OR FOR SPECIAL, INDIRECT, CONSEQUENTIAL, INCIDENTAL, OR PUNITIVE DAMAGES, HOWSOEVER ARISING, INCLUDING, WITHOUT LIMITATION, IN CONTRACT, TORT (INCLUDING NEGLIGENCE) OR WHETHER ARISING OUT OF THE USE OF OR INABILITY TO USE THE SOFTWARE, EVEN IF, IN EACH CASE, CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS, HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. BECAUSE SOME STATES OR

JURISDICTIONS DO NOT ALLOW LIMITATION OR EXCLUSION OF CONSEQUENTIAL OR INCIDENTAL DAMAGES, THE ABOVE LIMITATION MAY NOT FULLY APPLY TO YOU. THE FOREGOING EXCLUSION SHALL NOT APPLY TO ANY LIABILITY ARISING OUT OF OR IN CONNECTION WITH: (I) DEATH OR PERSONAL INJURY, (II) FRAUDULENT MISREPRESENTATION, OR (III) CISCO'S LIABILITY IN CONNECTION WITH ANY TERMS THAT CANNOT BE EXCLUDED UNDER APPLICABLE LAW.

Customer acknowledges and agrees that Cisco has set its prices and entered into the Agreement in reliance upon the disclaimers of warranty and the limitations of liability set forth herein, that the same reflect an allocation of risk between the parties (including the risk that a contract remedy may fail of its essential purpose and cause consequential loss), and that the same form an essential basis of the bargain between the parties.

Controlling Law, Jurisdiction. The Agreement and warranties ("Warranties") are controlled by and construed under the federal laws of the United States of America, notwithstanding any conflicts of law provisions.

The parties specifically disclaim the application of the UN Convention on Contracts for the International Sale of Goods. If any portion hereof is found to be void or unenforceable, the remaining provisions of the Agreement and Warranties shall remain in full force and effect. Except as expressly provided herein, the Agreement, constitutes the entire agreement between the parties with respect to the license of the Software and Documentation. The Agreement has been written in the English language, and the parties agree that the English version will govern.

VMware End User License Agreement

Effective August 27, 2012, VMware is eliminating the vRAM restriction on licenses to VMware vSphere. The removal of the vRAM limit from VMware vSphere licenses applies retroactively to any past and existing users of VMware vSphere, in addition to any new users of VMware vSphere. This new policy replaces and supersedes any conflicting terms in any license agreement previously agreed upon between VMware and any licensee of VMware vSphere. This change does not apply to VMware vSphere users under the VMware Service Provider Program.

PLEASE NOTE THAT THE TERMS OF THIS END USER LICENSE AGREEMENT SHALL GOVERN YOUR USE OF THE SOFTWARE, REGARDLESS OF ANY TERMS THAT MAY APPEAR DURING THE INSTALLATION OF THE SOFTWARE.

IMPORTANT-READ CAREFULLY: BY DOWNLOADING, INSTALLING, OR USING THE SOFTWARE, YOU (THE INDIVIDUAL OR LEGAL ENTITY) AGREE TO BE BOUND BY THE TERMS OF THIS END USER LICENSE AGREEMENT ("EULA"). IF YOU DO NOT AGREE TO THE TERMS OF THIS EULA, YOU MUST NOT DOWNLOAD, INSTALL, OR USE THE SOFTWARE, AND YOU MUST DELETE OR RETURN THE UNUSED SOFTWARE TO THE VENDOR FROM WHICH YOU ACQUIRED IT WITHIN THIRTY (30) DAYS AND REQUEST A REFUND OF THE LICENSE FEE, IF ANY, THAT YOU PAID FOR THE SOFTWARE.

VMware grants to You a non-exclusive, non-transferable (except as set forth in Section 12.1 (Transfers; Assignment) license to use the Software and the Documentation during the period of the license and within the Territory, solely for Your internal business operations, and subject to the provisions of the Product Guide. Unless otherwise indicated in the Order, licenses granted to You will be perpetual, will be for use of object code only, and will commence on either delivery of the physical media or the date You are notified of availability for electronic download.

2.2 Third Party Agents. Under the License granted to You in Section 2.1 (General License Grant) above, You may permit Your Third Party Agents to access, use and/or operate the Software on Your behalf for the sole purpose of delivering services to You, provided that You will be fully responsible for Your Third Party Agents’ compliance with terms and conditions of this EULA and any breach of this EULA by a Third Party Agent shall be deemed to be a breach by You.

2.3 Copying Permitted. You may copy the Software and Documentation as necessary to install and run the quantity of copies licensed, but otherwise for archival purposes only.

2.4 Benchmarking. You may use the Software to conduct internal performance testing and benchmarking studies. You may only publish or otherwise distribute the results of such studies to third parties as follows: (a) if with respect to VMware's Workstation or Fusion products, only if You provide a copy of Your study to benchmark@vmware.com prior to distribution; (b) if with respect to any other Software, only if VMware has reviewed and approved of the methodology, assumptions and other parameters of the study (please contact VMware at benchmark@vmware.com to request such review and approval) prior to such publication and distribution.

2.5 VMware Tools. You may distribute the VMware Tools to third parties solely when installed in a Guest Operating System within a Virtual Machine. You are liable for compliance by those third parties with the terms and conditions of this EULA.

2.6 Open Source Software. Notwithstanding anything herein to the contrary, Open Source Software is licensed to You under such OSS's own applicable license terms, which can be found in the `open_source_licenses.txt` file, the Documentation or as applicable, the corresponding source files for the Software available at www.vmware.com/download/open_source.html. These OSS license terms are consistent with the license granted in Section 2 (License Grant), and may contain additional rights benefiting You. The OSS license terms shall take precedence over this EULA to the extent that this EULA imposes greater restrictions on You than the applicable OSS license terms. To the extent the license for any Open Source Software requires VMware to make available to You the corresponding source code and/or modifications (the "Source Files"), You may obtain a copy of the applicable Source Files from VMware's website at www.vmware.com/download/open_source.html or by sending a written request, with Your name and address to: VMware, Inc., 3401 Hillview Avenue, Palo Alto, CA 94304, United States of America. All requests should clearly specify: Open Source Files Request, Attention: General Counsel. This offer to obtain a copy of the Source Files is valid for three years from the date You acquired this Software.

3. RESTRICTIONS; OWNERSHIP.

3.1 License Restrictions. Without VMware's prior written consent, You must not, and must not allow any third party to: (a) use Software in an application services provider, service bureau, or similar capacity for third parties, except that You may use the Software to deliver hosted services to Your Affiliates; (b) disclose to any third party the results of any benchmarking testing or comparative or competitive analyses of VMware's Software done by or on behalf of You, except as specified in Section 2.4 (Benchmarking); (c) make available Software in any form to anyone other than Your employees or contractors reasonably acceptable to VMware and require access to use Software on behalf of You in a matter permitted by this EULA, except as specified in Section 2.2 (Third Party Agents); (d) transfer or sublicense Software or Documentation to an Affiliate or any third party, except as expressly permitted in Section 12.1 (Transfers; Assignment); (e) use Software in conflict with the terms and restrictions of the Software's licensing model and other requirements specified in Product Guide and/or VMware quote; (f) except to the extent permitted by applicable mandatory law, modify, translate, enhance, or create derivative works from the Software, or reverse engineer, decompile, or otherwise attempt to derive source code from the Software, except as specified in Section 3.2 (Decompilation); (g) remove any copyright or other proprietary notices on or in any copies of Software; or (h) violate or circumvent any technological restrictions within the Software or specified in this EULA, such as via software or services.

3.2 Decompilation. Notwithstanding the foregoing, decompiling the Software is permitted to the extent the laws of the Territory give You the express right to do so to obtain information necessary to render the Software interoperable with other software; provided, however, You must first request such information from VMware, provide all reasonably requested information to allow VMware to assess Your claim, and VMware may, in its discretion, either provide such interoperability information to You, impose reasonable conditions, including a reasonable fee, on such use of the Software, or offer to provide alternatives to ensure that VMware's proprietary rights in the Software are protected and to reduce any adverse impact on VMware's proprietary rights.

3.3 Ownership. The Software and Documentation, all copies and portions thereof, and all improvements, enhancements, modifications and derivative works thereof, and all Intellectual Property Rights therein, are and shall remain the sole and exclusive property of VMware and its licensors. Your rights to use the Software and Documentation shall be limited to those expressly granted in this EULA and any applicable Order. No other rights with respect to the Software or any related Intellectual Property Rights are implied. You are not authorized to use (and shall not permit any third party to use) the Software, Documentation or any portion thereof except as expressly authorized by this EULA or the applicable Order. VMware reserves all rights not expressly granted to You. VMware does not transfer any ownership rights in any Software.

3.4 Guest Operating Systems. Certain Software allows Guest Operating Systems and application programs to run on a computer system. You acknowledge that You are responsible for obtaining and complying with any licenses necessary to operate any such third-party software.

4. ORDER. Your Order is subject to this EULA. No Orders are binding on VMware until accepted by VMware. Orders for Software are deemed to be accepted upon VMware's delivery of the Software included in such Order. Orders issued to VMware do not have to be signed to be valid and enforceable.

5. RECORDS AND AUDIT. During the License Term for Software and for two (2) years after its expiration or termination, You will maintain accurate records of Your use of the Software sufficient to show compliance with the terms of this EULA. During this period, VMware will have the right to audit Your use of the Software to confirm compliance with the terms of this EULA. That audit is subject to reasonable notice by VMware and will not unreasonably interfere with Your business activities. VMware may conduct no more than one (1) audit in any twelve (12) month period, and only during normal business hours. You will reasonably cooperate with VMware and any third party auditor and will, without prejudice to other rights of VMware, address any non-compliance identified by the audit by promptly paying additional fees. You will promptly reimburse VMware for all reasonable costs of the audit if the audit reveals either underpayment of more than five (5%) percent of the Software fees payable by You for the period audited, or that You have materially failed to maintain accurate records of Software use.

6. SUPPORT AND SUBSCRIPTION SERVICES. Except as expressly specified in the Product Guide, VMware does not provide any support or subscription services for the Software under this EULA. You have no rights to any updates, upgrades or extensions or enhancements to the Software developed by VMware unless you separately purchase VMware support or subscription services. These support or subscription services are subject to the Support Services Terms.

7. WARRANTIES.

7.1 Software Warranty, Duration and Remedy. VMware warrants to You that the Software will, for a period of ninety (90) days following notice of availability for electronic download or delivery ("Warranty Period"), substantially conform to the applicable Documentation, provided that the Software: (a) has been properly installed and used at all times in accordance with the applicable Documentation; and (b) has not been modified or added to by persons other than VMware or its authorized representative. VMware will, at its own expense and as its sole obligation and Your exclusive remedy for any breach of this warranty, either replace that Software or correct any reproducible error in that Software reported to VMware by You in writing during the Warranty Period. If VMware determines that it is unable to correct the error or replace the Software, VMware will refund to You the amount paid by You for that Software, in which case the License for that Software will terminate.

7.2 Software Disclaimer of Warranty. OTHER THAN THE WARRANTY ABOVE, AND TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, VMWARE AND ITS SUPPLIERS MAKE NO OTHER EXPRESS WARRANTIES UNDER THIS EULA, AND DISCLAIM ALL IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE AND NON-INFRINGEMENT, AND ANY WARRANTY ARISING BY STATUTE, OPERATION OF LAW, COURSE OF DEALING OR PERFORMANCE, OR USAGE OF TRADE. VMWARE AND ITS LICENSORS DO NOT WARRANT THAT THE SOFTWARE WILL OPERATE UNINTERRUPTED OR THAT IT WILL BE FREE FROM DEFECTS OR THAT IT WILL MEET YOUR REQUIREMENTS.

8. INTELLECTUAL PROPERTY INDEMNIFICATION.

8.1 Defense and Indemnification. Subject to the remainder of this Section 8 (Intellectual Property Indemnification), VMware shall defend You against any third party claim that the Software infringes any patent, trademark or copyright of such third party, or misappropriates a trade secret (but only to the extent that the misappropriation is not a result of Your actions) under the laws of: (a) the United States and Canada; (b) the European Economic Area; (c) Australia; (d) New Zealand; (e) Japan; or (f) the People's Republic of China, to the extent that such countries are part of the Territory for the License ("Infringement Claim") and indemnify You from the resulting costs and damages finally awarded against You to such third party by a court of competent jurisdiction or agreed to in settlement. The foregoing obligations are applicable only if You: (i) promptly notify VMware in writing of the Infringement Claim; (ii) allow VMware sole control over the defense for the claim and any settlement negotiations; and (iii) reasonably cooperate in response to VMware requests for assistance. You may not settle or compromise any Infringement Claim without the prior written consent of VMware.

8.2 Remedies. If the alleged infringing Software become, or in VMware's opinion be likely to become, the subject of an Infringement Claim, VMware will, at VMware's option and expense, do one of the following: (a) procure the rights necessary for You to make continued use of the affected Software; (b) replace or modify the affected Software to make it non-infringing; or (c) terminate the License to the affected Software and discontinue the related support services, and, upon Your certified deletion of the affected Software, refund: (i) the fees paid by You for the License to the affected Software, less straight-line depreciation over a three (3) year useful life beginning on the date such Software was delivered; and (ii) any pre-paid service fee attributable to related support services to be delivered after the date such service is stopped. Nothing in this Section 8.2 (Remedies) shall limit VMware's obligation under Section 8.1 (Defense and Indemnification) to defend and indemnify You, provided that You replace the allegedly infringing Software upon VMware's making alternate Software available to You and/or You discontinue using the allegedly infringing Software upon receiving VMware's notice terminating the affected License.

8.3 Exclusions. Notwithstanding the foregoing, VMware will have no obligation under this Section 8 (Intellectual Property Indemnification) or otherwise with respect to any claim based on: (a) a combination of Software with non-VMware products (other than non-VMware products that are listed on the Order and used in an unmodified form); (b) use for a purpose or in a manner for which the Software was not designed; (c) use of any older version of the Software when use of a newer VMware version would have avoided the infringement; (d) any modification to the Software made without VMware's express written approval; (e) any claim that relates to open source software or freeware technology or any derivatives or other adaptations thereof that is not embedded by VMware into Software listed on VMware's commercial price list; or (f) any Software provided on a no charge, beta or evaluation basis. THIS SECTION 8 (INTELLECTUAL PROPERTY INDEMNIFICATION) STATES YOUR SOLE AND EXCLUSIVE REMEDY AND VMWARE'S ENTIRE LIABILITY FOR ANY INFRINGEMENT CLAIMS OR ACTIONS.

9. LIMITATION OF LIABILITY.

9.1 Limitation of Liability. TO THE MAXIMUM EXTENT MANDATED BY LAW, IN NO EVENT WILL VMWARE AND ITS LICENSORS BE LIABLE FOR ANY LOST PROFITS OR BUSINESS OPPORTUNITIES, LOSS OF USE, LOSS OF REVENUE, LOSS OF GOODWILL, BUSINESS INTERRUPTION, LOSS OF DATA, OR ANY INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES UNDER ANY THEORY OF LIABILITY, WHETHER BASED IN CONTRACT, TORT, NEGLIGENCE, PRODUCT LIABILITY, OR OTHERWISE. BECAUSE SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OR LIMITATION OF LIABILITY FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES, THE PRECEDING LIMITATION MAY NOT APPLY TO YOU. VMWARE'S AND ITS LICENSORS' LIABILITY UNDER THIS EULA WILL NOT, IN ANY EVENT, REGARDLESS OF WHETHER THE CLAIM IS BASED IN CONTRACT, TORT, STRICT LIABILITY, OR OTHERWISE, EXCEED THE GREATER OF THE LICENSE FEES YOU PAID FOR THE SOFTWARE GIVING RISE TO THE CLAIM OR \$5000. THE FOREGOING LIMITATIONS SHALL APPLY REGARDLESS OF WHETHER VMWARE OR ITS LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES AND REGARDLESS OF WHETHER ANY REMEDY FAILS OF ITS ESSENTIAL PURPOSE.

9.2 Further Limitations. VMware's licensors shall have no liability of any kind under this EULA and VMware's liability with respect to any third party software embedded in the Software shall be subject to Section 9.1 (Limitation of Liability). You may not bring a claim under this EULA more than eighteen (18) months after the cause of action arises.

10. TERMINATION.

10.1 EULA Term. The term of this EULA begins on the notice of availability for electronic download or delivery of the Software and continues until this EULA is terminated in accordance with this Section 10.

10.2 Termination for Breach. VMware may terminate this EULA effective immediately upon written notice to You if: (a) You fail to pay any portion of the fees under an applicable Order within ten (10) days after receiving written notice from VMware that payment is past due; or (b) You breach any other provision of this EULA and fail to cure within thirty (30) days after receipt of VMware's written notice thereof.

10.3 Termination for Insolvency. VMware may terminate this EULA effective immediately upon written notice to You if You: (a) terminate or suspend your business; (b) become insolvent, admit in writing Your inability to pay Your debts as they mature, make an assignment for the benefit of creditors; or become subject to control of a trustee, receiver or similar authority; or (c) become subject to any bankruptcy or insolvency proceeding.

10.4 Effect of Termination. Upon VMware's termination of this EULA: (a) all Licensed rights to all Software granted to You under this EULA will immediately cease; and (b) You must cease all use of all Software, and return or certify destruction of all Software and License Keys (including copies) to VMware, and return, or if requested by VMware, destroy, any related VMware Confidential Information in Your possession or control and certify in writing to VMware that You have fully complied with these requirements. Any provision will survive any termination or expiration if by its nature and context it is intended to survive, including Sections 1 (Definitions), 2.6 (Open Source Software), 3 (Restrictions; Ownership), 5 (Records and Audit), 7.2 (Software Disclaimer of Warranty), 9 (Limitation of Liability), 10 (Termination), 11 (Confidential Information) and 12 (General).

11. CONFIDENTIAL INFORMATION.

11.1 Definition. "Confidential Information" means information or materials provided by one party ("Discloser") to the other party ("Recipient") which are in tangible form and labelled "confidential" or the like, or, information which a reasonable person knew or should have known to be confidential. The following information shall be considered Confidential Information whether or not marked or identified as such: (a) License Keys; (b) information regarding VMware's pricing, product roadmaps or strategic marketing plans; and (c) non-public materials relating to the Software.

11.2 Protection. Recipient may use Confidential Information of Discloser; (a) to exercise its rights and perform its obligations under this EULA; or (b) in connection with the parties' ongoing business relationship. Recipient will not use any Confidential Information of Discloser for any purpose not expressly permitted by this EULA, and will disclose the Confidential Information of Discloser only to the employees or contractors of Recipient who have a need to know such Confidential Information for purposes of this EULA and who are under a duty of confidentiality no less restrictive than Recipient's duty hereunder. Recipient will protect Confidential Information from unauthorized use, access, or disclosure in the same manner as Recipient protects its own confidential or proprietary information of a similar nature but with no less than reasonable care.

11.3 Exceptions. Recipient's obligations under Section 11.2 (Protection) with respect to any Confidential Information will terminate if Recipient can show by written records that such information: (a) was already known to Recipient at the time of disclosure by Discloser; (b) was disclosed to Recipient by a third party who had the right to make such disclosure without any confidentiality restrictions; (c) is, or through no fault of Recipient has become, generally available to the public; or (d) was independently developed by Recipient without access to, or use of, Discloser's Information. In addition, Recipient will be allowed to disclose Confidential Information to the extent that such

disclosure is required by law or by the order of a court of similar judicial or administrative body, provided that Recipient notifies Discloser of such required disclosure promptly and in writing and cooperates with Discloser, at Discloser's request and expense, in any lawful action to contest or limit the scope of such required disclosure.

11.4 Data Privacy. You agree that VMware may process technical and related information about Your use of the Software which may include internet protocol address, hardware identification, operating system, application software, peripheral hardware, and non-personally identifiable Software usage statistics to facilitate the provisioning of updates, support, invoicing or online services and may transfer such information to other companies in the VMware worldwide group of companies from time to time. To the extent that this information constitutes personal data, VMware shall be the controller of such personal data. To the extent that it acts as a controller, each party shall comply at all times with its obligations under applicable data protection legislation.

12. GENERAL.

12.1 Transfers; Assignment. Except to the extent transfer may not legally be restricted or as permitted by VMware's transfer and assignment policies, in all cases following the process set forth at www.vmware.com/support/policies/licensingpolicies.html, You will not assign this EULA, any Order, or any right or obligation herein or delegate any performance without VMware's prior written consent, which consent will not be unreasonably withheld. Any other attempted assignment or transfer by You will be void. VMware may use its Affiliates or other sufficiently qualified subcontractors to provide services to You, provided that VMware remains responsible to You for the performance of the services.

12.2 Notices. Any notice delivered by VMware to You under this EULA will be delivered via mail, email or fax.

12.3 Waiver. Failure to enforce a provision of this EULA will not constitute a waiver.

12.4 Severability. If any part of this EULA is held unenforceable, the validity of all remaining parts will not be affected.

12.5 Compliance with Laws; Export Control; Government Regulations. Each party shall comply with all laws applicable to the actions contemplated by this EULA. You acknowledge that the Software is of United States origin, is provided subject to the U.S. Export Administration Regulations, may be subject to the export control laws of the applicable territory, and that diversion contrary to applicable export control laws is prohibited. You represent that (1) you are not, and are not acting on behalf of, (a) any person who is a citizen, national, or resident of, or who is controlled by the government of any country to which the United States has prohibited export transactions; or (b) any person or entity listed on the U.S. Treasury Department list of Specially Designated Nationals and Blocked Persons, or the U.S. Commerce Department Denied Persons List or Entity List; and (2) you will not permit the Software to be used for, any purposes prohibited by law, including, any prohibited development, design, manufacture or production of missiles or nuclear, chemical or biological weapons. The Software and accompanying documentation are deemed to be "commercial computer software" and "commercial computer software documentation", respectively, pursuant to DFARS Section 227.7202 and FAR Section 12.212(b), as applicable. Any use, modification, reproduction, release, performing, displaying or disclosing of the Software and documentation by or for the U.S. Government shall be governed solely by the terms and conditions of this EULA.

12.6 Construction. The headings of sections of this EULA are for convenience and are not to be used in interpreting this EULA. As used in this EULA, the word 'including' means "including but not limited to".

12.7 Governing Law. This EULA is governed by the laws of the State of California, United States of America (excluding its conflict of law rules), and the federal laws of the United States. To the extent permitted by law, the state and federal courts located in Santa Clara County, California will be the exclusive jurisdiction for disputes arising out of or in connection with this EULA. The U.N. Convention on Contracts for the International Sale of Goods does not apply.

12.8 Third Party Rights. Other than as expressly set out in this EULA, this EULA does not create any rights for any person who is not a party to it, and no person who is not a party to this EULA may enforce any of its terms or rely on

any exclusion or limitation contained in it.

12.9 Order of Precedence. In the event of conflict or inconsistency among the Product Guide, this EULA and the Order, the following order of precedence shall apply: (a) the Product Guide, (b) this EULA and (c) the Order. With respect to any inconsistency between this EULA and an Order, the terms of this EULA shall supersede and control over any conflicting or additional terms and conditions of any Order, acknowledgement or confirmation or other document issued by You.

12.10 Entire Agreement. This EULA, including accepted Orders and any amendments hereto, and the Product Guide contain the entire agreement of the parties with respect to the subject matter of this EULA and supersede all previous or contemporaneous communications, representations, proposals, commitments, understandings and agreements, whether written or oral, between the parties regarding the subject matter hereof. This EULA may be amended only in writing signed by authorized representatives of both parties.

CISCO SYSTEMS, INC. OR ITS SUBSIDIARY LICENSING THE SOFTWARE INSTEAD OF CISCO SYSTEMS, INC. ("CISCO") IS WILLING TO LICENSE THIS SOFTWARE TO YOU ONLY UPON THE CONDITION THAT YOU PURCHASED THE SOFTWARE FROM AN APPROVED SOURCE AND THAT YOU ACCEPT ALL OF THE TERMS CONTAINED IN THIS END USER LICENSE AGREEMENT PLUS ANY ADDITIONAL LIMITATIONS ON THE LICENSE SET FORTH IN A SUPPLEMENTAL LICENSE AGREEMENT ACCOMPANYING THE PRODUCT OR AVAILABLE AT THE TIME OF YOUR ORDER (COLLECTIVELY THE "AGREEMENT"). TO THE EXTENT OF ANY CONFLICT BETWEEN THE TERMS OF THIS END USER LICENSE AGREEMENT AND ANY SUPPLEMENTAL LICENSE AGREEMENT, THE SUPPLEMENTAL LICENSE AGREEMENT SHALL APPLY. IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE, AND (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND, OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, YOU MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM AN APPROVED SOURCE, AND APPLIES ONLY IF YOU ARE THE ORIGINAL AND REGISTERED END USER PURCHASER. FOR THE PURPOSES OF THIS END USER LICENSE AGREEMENT, AN "APPROVED SOURCE" MEANS (A) CISCO; OR (B) A DISTRIBUTOR OR SYSTEMS INTEGRATOR AUTHORIZED BY CISCO TO DISTRIBUTE / SELL CISCO EQUIPMENT, SOFTWARE AND SERVICES WITHIN YOUR TERRITORY TO END USERS; OR (C) A RESELLER AUTHORIZED BY ANY SUCH DISTRIBUTOR OR SYSTEMS INTEGRATOR IN ACCORDANCE WITH THE TERMS OF THE DISTRIBUTOR'S AGREEMENT WITH CISCO TO DISTRIBUTE / SELL THE CISCO EQUIPMENT, SOFTWARE AND SERVICES WITHIN YOUR TERRITORY TO END USERS.

THE FOLLOWING TERMS OF THE AGREEMENT GOVERN CUSTOMER'S USE OF THE SOFTWARE (DEFINED BELOW), EXCEPT TO THE EXTENT THAT THERE IS A SEPARATE SIGNED CONTRACT BETWEEN CUSTOMER AND CISCO GOVERNING CUSTOMER'S USE OF THE SOFTWARE. FOR PURPOSES OF THE AGREEMENT, "SOFTWARE" SHALL MEAN COMPUTER PROGRAMS, INCLUDING FIRMWARE AND COMPUTER PROGRAMS EMBEDDED IN CISCO EQUIPMENT, AS PROVIDED TO CUSTOMER BY AN APPROVED SOURCE, AND ANY UPGRADES, UPDATES, BUG FIXES OR MODIFIED VERSIONS THERETO (COLLECTIVELY, "UPGRADES"), ANY OF THE SAME WHICH HAS BEEN RELICENSED UNDER THE CISCO SOFTWARE TRANSFER AND RE-LICENSING POLICY (AS MAY BE AMENDED BY CISCO FROM TIME TO TIME) OR BACKUP COPIES OF ANY OF THE FOREGOING.

License. Conditioned upon compliance with the terms and conditions of the Agreement, Cisco grants to Customer a nonexclusive and nontransferable license to use for Customer's internal business purposes the Software and the Documentation for which Customer has paid the required license fees to an Approved Source. "Documentation" means written information (whether contained in user or technical manuals, training materials, specifications or otherwise) pertaining to the Software and made available by an Approved Source with the Software in any manner (including on CD-Rom, or online). In order to use the Software, Customer may be required to input a registration number or product authorization key and register Customer's copy of the Software online at Cisco's website to obtain the necessary license key or license file. Customer's license to use the Software shall be limited to, and Customer shall not use the Software in excess of, a single hardware chassis or card or such other limitations as are set forth in the applicable Supplemental License Agreement or in the applicable purchase order which has been accepted by an Approved Source and for which Customer has paid to an Approved Source the required license fee (the "Purchase Order"). Unless otherwise expressly provided in the Documentation or any applicable Supplemental License Agreement, Customer shall use the Software solely as embedded in, for execution on, or (where the applicable Documentation permits installation on non-Cisco equipment) for communication with Cisco equipment owned or leased by Customer and used for Customer's internal business purposes. No other licenses are granted by implication, estoppel or otherwise. For evaluation or beta copies for which Cisco does not charge a license fee, the above requirement to pay license fees does not apply.

General Limitations. This is a license, not a transfer of title, to the Software and Documentation, and Cisco retains ownership of all copies of the Software and Documentation. Customer acknowledges that the Software and Documentation contain trade secrets of Cisco or its suppliers or licensors, including but not limited to the specific internal design and structure of individual programs and associated interface information. Except as otherwise expressly provided under the Agreement, Customer shall only use the Software in connection with the use of Cisco equipment purchased by the Customer from an Approved Source and Customer shall have no right, and Customer specifically agrees not to:

- (i) transfer, assign or sublicense its license rights to any other person or entity (other than in compliance with any Cisco relicensing/transfer policy then in force), or use the Software on Cisco equipment not purchased by the Customer from an Approved Source or on secondhand Cisco equipment, and Customer acknowledges that any attempted transfer, assignment, sublicense or use shall be void;
- (ii) make error corrections to or otherwise modify or adapt the Software or create

derivative works based upon the Software, or permit third parties to do the same;

- (iii) reverse engineer or decompile, decrypt, disassemble or otherwise reduce the Software to human-readable form, except to the extent otherwise expressly permitted under applicable law notwithstanding this restriction or except to the extent that Cisco is legally required to permit such specific activity pursuant to any applicable open source license;
- (iv) publish any results of benchmark tests run on the Software;
- (v) use or permit the Software to be used to perform services for third parties, whether on a service bureau or time sharing basis or otherwise, without the express written authorization of Cisco; or
- (vi) disclose, provide, or otherwise make available trade secrets contained within the Software and Documentation in any form to any third party without the prior written consent of Cisco. Customer shall implement reasonable security measures to protect such trade secrets.

To the extent required by applicable law, and at Customer's written request, Cisco shall provide Customer with the interface information needed to achieve interoperability between the Software and another independently created program, on payment of Cisco's applicable fee, if any. Customer shall observe strict obligations of confidentiality with respect to such information and shall use such information in compliance with any applicable terms and conditions upon which Cisco makes such information available.

Software, Upgrades and Additional Copies. NOTWITHSTANDING ANY OTHER PROVISION OF THE AGREEMENT: (1) CUSTOMER HAS NO LICENSE OR RIGHT TO MAKE OR USE ANY ADDITIONAL COPIES OR UPGRADES UNLESS CUSTOMER, AT THE TIME OF MAKING OR ACQUIRING SUCH COPY OR UPGRADE, ALREADY HOLDS A VALID LICENSE TO THE ORIGINAL SOFTWARE AND HAS PAID THE APPLICABLE FEE TO AN APPROVED SOURCE FOR THE UPGRADE OR ADDITIONAL COPIES; (2) USE OF UPGRADES IS LIMITED TO CISCO EQUIPMENT SUPPLIED BY AN APPROVED SOURCE FOR WHICH CUSTOMER IS THE ORIGINAL END USER PURCHASER OR LESSEE OR OTHERWISE HOLDS A VALID LICENSE TO USE THE SOFTWARE WHICH IS BEING UPGRADED; AND (3) THE MAKING AND USE OF ADDITIONAL COPIES IS LIMITED TO NECESSARY BACKUP PURPOSES ONLY.

Proprietary Notices. Customer agrees to maintain and reproduce all copyright, proprietary, and other notices on all copies, in any form, of the Software in the same form and manner that such copyright and other proprietary notices are included on the Software. Except as expressly authorized in the Agreement, Customer shall not make any copies or duplicates of any Software without the prior written permission of Cisco.

Term and Termination. The Agreement and the license granted herein shall remain effective until terminated in accordance with the terms of the GSA Schedule Contract and the Federal Acquisition Regulations. Upon termination, Customer shall destroy all copies of Software and Documentation in its possession or control. All confidentiality obligations of Customer, all restrictions and limitations imposed on the Customer under the section titled "General Limitations" and all limitations of liability and disclaimers and restrictions of warranty shall survive termination of this Agreement. In addition, the provisions of the sections titled "U.S. Government End User Purchasers" and "General Terms Applicable to the Limited Warranty Statement and End User License Agreement" shall survive termination of the Agreement.

Customer Records. Customer grants to Cisco and its independent accountants the right to examine Customer's books, records and accounts during Customer's normal business hours to verify compliance with this Agreement, provided that Cisco coordinates such activity with Customer and complies with Customer's security requirements. In the event such audit discloses noncompliance with this Agreement, Customer shall promptly pay to Cisco the appropriate license fees.

Export, Re-Export, Transfer and Use Controls. The Software, Documentation and technology or direct products thereof (hereafter referred to as Software and Technology), supplied by Cisco under the Agreement are subject to export controls under the laws and regulations of the United States (U.S.) and any other applicable countries' laws and regulations. Customer shall comply with such laws and regulations governing export, reexport, transfer and use of Cisco Software and Technology and will obtain all required U.S. and local authorizations, permits, or licenses. Cisco and Customer each agree to provide the other information, support documents, and assistance as may reasonably be required by the other in connection with securing authorizations or licenses. Information regarding compliance with export, re-export, transfer and use may be located at the following URL:

http://www.cisco.com/web/about/doing_business/legal/global_export_trade/general_export_contract_compliance.html.

U.S. Government End User Purchasers. The Software and Documentation qualify as "commercial items," as that term is defined at Federal Acquisition Regulation ("FAR") (48 C.F.R.) 2.101, consisting of "commercial computer software" and "commercial computer software documentation" as such terms are used in FAR 12.212. Consistent with FAR 12.212 and DoD FAR Supp. 227.7202-1 through 227.7202-4, and notwithstanding any other FAR or other contractual clause to the contrary in any agreement into which the Agreement may be incorporated, Customer may provide to Government end user or, if the Agreement is direct, Government end user will acquire, the Software and Documentation with only those rights set forth in the Agreement. Use of either the Software or Documentation or both constitutes agreement by the Government that the Software and Documentation are "commercial computer software" and "commercial computer software documentation," and constitutes acceptance of the rights and restrictions herein.

Identified Components; Additional Terms. The Software may contain or be delivered with one or more components, which may include third-party components, identified by Cisco in the Documentation, readme.txt file, third-party click-accept or elsewhere (e.g. on www.cisco.com) (the "Identified Component(s)") as being subject to different license agreement terms, disclaimers of warranties, limited warranties or other terms and conditions (collectively, "Additional Terms") than those set forth herein. You agree to the applicable Additional Terms for any such Identified Component(s)."

Limited Warranty

Subject to the limitations and conditions set forth herein, Cisco warrants that commencing from the date of shipment to Customer (but in case of resale by an Approved Source other than Cisco, commencing not more than ninety (90) days after original shipment by Cisco), and continuing for a period of the longer of (a) ninety (90) days or (b) the warranty period (if any) expressly set forth as applicable specifically to software in the warranty card accompanying the product of which the Software is a part (the "") (if any): (a) the media on which the Software is furnished will be free of defects

in materials and workmanship under normal use; and (b) the Software substantially conforms to the Documentation. The date of shipment of a Product by Cisco is set forth on the packaging material in which the Product is shipped. Except for the foregoing, the Software is provided "AS IS". This limited warranty extends only to the Software purchased from an Approved Source by a Customer who is the first registered end user. Customer's sole and exclusive remedy and the entire liability of Cisco and its suppliers under this limited warranty will be (i) replacement of defective media and/or (ii) at Cisco's option, repair, replacement, or refund of the purchase price of the Software, in both cases subject to the condition that any error or defect constituting a breach of this limited warranty is reported to the Approved Source supplying the Software to Customer, within the warranty period Cisco or the Approved Source supplying the Software to Customer may, at its option, require return of the Software and/or Documentation as a condition to the remedy. In no event does Cisco warrant that the Software is error free or that Customer will be able to operate the Software without problems or interruptions. In addition, due to the continual development of new techniques for intruding upon and attacking networks, Cisco does not warrant that the Software or any equipment, system or network on which the Software is used will be free of vulnerability to intrusion or attack. In the event of a breach of warranty, the U.S. Government reserves all rights and remedies under the contract, the Federal Acquisition Regulations, and the Contract Disputes Act, 41 U.S.C. 7101-7109.

Restrictions. This warranty does not apply if the Software, Product or any other equipment upon which the Software is authorized to be used (a) has been altered, except by Cisco or its authorized representative, (b) has not been installed, operated, repaired, or maintained in accordance with instructions supplied by Cisco, (c) has been subjected to abnormal physical or electrical stress, abnormal environmental conditions, misuse, negligence, or accident; or (d) is licensed for beta, evaluation, testing or demonstration purposes. The Software warranty also does not apply to (e) any temporary Software modules; (f) any Software not posted on Cisco's Software Center; (g) any Software that Cisco expressly provides on an "AS IS" basis on Cisco's Software Center; (h) any Software for which an Approved Source does not receive a license fee; and (i) Software supplied by any third party which is not an Approved Source.

DISCLAIMER OF WARRANTY

EXCEPT AS SPECIFIED IN THIS WARRANTY SECTION, ALL EXPRESS OR IMPLIED CONDITIONS, REPRESENTATIONS, AND WARRANTIES INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, SATISFACTORY QUALITY, NONINTERFERENCE,

ACCURACY OF INFORMATIONAL CONTENT, OR ARISING FROM A COURSE OF DEALING, LAW, USAGE, OR TRADE PRACTICE, ARE HEREBY EXCLUDED TO THE EXTENT ALLOWED BY APPLICABLE LAW AND ARE EXPRESSLY DISCLAIMED BY CISCO, ITS SUPPLIERS AND LICENSORS. TO THE EXTENT THAT ANY OF THE SAME CANNOT BE EXCLUDED, SUCH IMPLIED CONDITION, REPRESENTATION AND/OR WARRANTY IS LIMITED IN DURATION TO THE EXPRESS WARRANTY PERIOD REFERRED TO IN THE "LIMITED WARRANTY" SECTION ABOVE. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, THE ABOVE LIMITATION MAY NOT APPLY IN SUCH STATES. THIS

WARRANTY GIVES CUSTOMER SPECIFIC LEGAL RIGHTS, AND CUSTOMER MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM JURISDICTION TO JURISDICTION. This disclaimer and exclusion shall apply even if the express warranty set forth above fails of its essential purpose.

Disclaimer of Liabilities - Limitation of Liability. IF YOU ACQUIRED THE SOFTWARE IN THE UNITED STATES, LATIN AMERICA, CANADA, JAPAN OR THE CARIBBEAN, NOTWITHSTANDING ANYTHING ELSE IN THE AGREEMENT TO THE CONTRARY, ALL LIABILITY OF CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS COLLECTIVELY, TO CUSTOMER, WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE), BREACH OF WARRANTY OR OTHERWISE, SHALL NOT EXCEED THE PRICE PAID BY CUSTOMER TO ANY APPROVED SOURCE FOR THE SOFTWARE THAT GAVE RISE TO THE CLAIM OR IF THE SOFTWARE IS PART OF ANOTHER PRODUCT, THE PRICE PAID FOR SUCH OTHER PRODUCT. THIS LIMITATION OF LIABILITY FOR SOFTWARE IS CUMULATIVE AND NOT PER INCIDENT (I.E. THE EXISTENCE OF TWO OR MORE CLAIMS WILL NOT ENLARGE THIS LIMIT).

IF YOU ACQUIRED THE SOFTWARE IN EUROPE, THE MIDDLE EAST, AFRICA, ASIA OR OCEANIA, NOTWITHSTANDING ANYTHING ELSE IN THE AGREEMENT TO THE CONTRARY, ALL LIABILITY OF CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS COLLECTIVELY, TO CUSTOMER, WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE), BREACH OF WARRANTY OR OTHERWISE, SHALL NOT EXCEED THE PRICE PAID BY CUSTOMER TO CISCO FOR THE SOFTWARE THAT GAVE RISE TO THE CLAIM OR IF THE SOFTWARE IS PART OF ANOTHER PRODUCT, THE PRICE PAID FOR SUCH OTHER PRODUCT. THIS LIMITATION OF LIABILITY FOR SOFTWARE IS CUMULATIVE AND NOT PER INCIDENT (I.E. THE EXISTENCE OF TWO OR MORE CLAIMS WILL NOT ENLARGE THIS LIMIT). NOTHING IN THE AGREEMENT SHALL LIMIT (I) THE LIABILITY OF CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS TO CUSTOMER FOR PERSONAL INJURY OR DEATH CAUSED BY THEIR NEGLIGENCE, (II) CISCO'S LIABILITY FOR FRAUDULENT MISREPRESENTATION, OR (III) ANY LIABILITY OF CISCO WHICH CANNOT BE EXCLUDED UNDER APPLICABLE LAW.

Disclaimer of Liabilities - Waiver of Consequential Damages and Other Losses. IF YOU ACQUIRED THE SOFTWARE IN THE UNITED STATES, LATIN AMERICA, THE CARIBBEAN OR CANADA, REGARDLESS OF WHETHER ANY REMEDY SET FORTH HEREIN FAILS OF ITS ESSENTIAL PURPOSE OR OTHERWISE, IN NO EVENT WILL CISCO OR ITS SUPPLIERS BE LIABLE FOR ANY LOST REVENUE, PROFIT, OR LOST OR DAMAGED DATA, BUSINESS INTERRUPTION, LOSS OF CAPITAL, OR FOR SPECIAL, INDIRECT, CONSEQUENTIAL, INCIDENTAL, OR PUNITIVE DAMAGES HOWEVER CAUSED AND REGARDLESS OF THE THEORY OF LIABILITY OR WHETHER ARISING OUT OF THE USE OF OR INABILITY TO USE SOFTWARE OR OTHERWISE AND EVEN IF CISCO OR ITS SUPPLIERS OR LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATION OR EXCLUSION OF CONSEQUENTIAL OR INCIDENTAL DAMAGES, THE ABOVE LIMITATION MAY NOT APPLY TO YOU. IF YOU ACQUIRED THE SOFTWARE IN JAPAN, EXCEPT FOR LIABILITY

ARISING OUT OF OR IN CONNECTION WITH DEATH OR PERSONAL INJURY, FRAUDULENT MISREPRESENTATION, AND REGARDLESS OF WHETHER ANY REMEDY SET FORTH HEREIN FAILS OF ITS ESSENTIAL PURPOSE OR OTHERWISE, IN NO EVENT WILL CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS BE LIABLE FOR ANY LOST REVENUE, PROFIT, OR LOST OR DAMAGED DATA, BUSINESS INTERRUPTION, LOSS OF CAPITAL, OR FOR SPECIAL, INDIRECT, CONSEQUENTIAL, INCIDENTAL, OR PUNITIVE DAMAGES HOWEVER CAUSED AND REGARDLESS OF THE THEORY OF LIABILITY OR WHETHER ARISING OUT OF THE USE OF OR INABILITY TO USE SOFTWARE OR OTHERWISE AND EVEN IF CISCO OR ANY APPROVED SOURCE OR THEIR SUPPLIERS OR LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

IF YOU ACQUIRED THE SOFTWARE IN EUROPE, THE MIDDLE EAST, AFRICA, ASIA OR OCEANIA, IN NO EVENT WILL CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS, BE LIABLE FOR ANY LOST REVENUE, LOST PROFIT, OR LOST OR DAMAGED DATA, BUSINESS INTERRUPTION, LOSS OF CAPITAL, OR FOR SPECIAL, INDIRECT, CONSEQUENTIAL, INCIDENTAL, OR PUNITIVE DAMAGES, HOWSOEVER ARISING, INCLUDING, WITHOUT LIMITATION, IN CONTRACT, TORT (INCLUDING NEGLIGENCE) OR WHETHER ARISING OUT OF THE USE OF OR INABILITY TO USE THE SOFTWARE, EVEN IF, IN EACH CASE, CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS, HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATION OR EXCLUSION OF CONSEQUENTIAL OR INCIDENTAL DAMAGES, THE ABOVE LIMITATION MAY NOT FULLY APPLY TO YOU. THE FOREGOING EXCLUSION SHALL NOT APPLY TO ANY LIABILITY ARISING OUT OF OR IN CONNECTION WITH: (I) DEATH OR PERSONAL INJURY, (II) FRAUDULENT MISREPRESENTATION, OR (III) CISCO'S LIABILITY IN CONNECTION WITH ANY TERMS THAT CANNOT BE EXCLUDED UNDER APPLICABLE LAW. THIS AGREEMENT SHALL NOT IMPAIR THE U.S. GOVERNMENT'S RIGHT TO RECOVER FOR FRAUD OR CRIMES ARISING OUT OF OR RELATED TO THIS CONTRACT UNDER ANY FEDERAL FRAUD STATUTE, INCLUDING THE FALSE CLAIMS ACT, 31 USC 3729-3733. FURTHERMORE, THIS CLAUSE SHALL NOT IMPAIR NOR PREJUDICE THE U.S. GOVERNMENT'S RIGHT TO EXPRESS REMEDIES PROVIDED IN THE GSA SCHEDULE CONTRACT (E.G., CLAUSE 552.238-75—PRICE REDUCTIONS, CLAUSE 52.212-4(H)—PATENT INDEMNIFICATION, AND GSAR 552.215-72—PRICE ADJUSTMENT—FAILURE TO PROVIDE ACCURATE INFORMATION.

Customer acknowledges and agrees that Cisco has set its prices and entered into the Agreement in reliance upon the disclaimers of warranty and the limitations of liability set forth herein, that the same reflect an allocation of risk between the parties (including the risk that a contract remedy may fail of its essential purpose and cause consequential loss), and that the same form an essential basis of the bargain between the parties.

Controlling Law, Jurisdiction. The Agreement and warranties ("Warranties") are Controlled by and construed under the laws of the United States of America, notwithstanding any conflicts of law provisions.
The parties specifically disclaim the application of the UN Convention on Contracts for the

International Sale of Goods. If any portion hereof is found to be void or unenforceable, the remaining provisions of the Agreement and Warranties shall remain in full force and effect. Except as expressly provided herein, the Agreement constitutes the entire agreement between the parties with respect to the license of the Software and Documentation and supersedes any conflicting or additional terms contained in any Purchase Order or elsewhere, all of which terms are excluded. The Agreement has been written in the English language, and the parties agree that the English version will govern. IMPORTANT: READ CAREFULLY

This Supplemental End User License Agreement (“SEULA”) contains additional terms and conditions for the FireAMP Product (the “Software”) licensed under the End User License Agreement (“EULA”) between you (the Ordering Activity, as defined in GSA ORDER ADM4800.2H and revised from time to time) and Cisco (collectively, the “Agreement”). Capitalized terms used in this SEULA but not defined will have the meanings assigned to them in the EULA. To the extent that there is a conflict between the terms and conditions of the EULA and this SEULA, the terms and conditions of this SEULA will take precedence.

In addition to the limitations set forth in the EULA on your access and use of the Software, you agree to comply at all times with the terms and conditions provided in this SEULA.

IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE, AND (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND, OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, YOU MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND. Additional License Rights and Restrictions

License. Conditioned upon compliance with the terms and conditions of the Agreement, Cisco grants to you a nonexclusive, nontransferable and non-sublicenseable license to use for your internal business purposes the Software and Documentation for which you have paid the required license and/or subscription fee. The license shall be a subscription to use the Software for a defined period of time as indicated in a SKU or as otherwise shown in the ordering document. In order to use the Software, you may be required to input a registration number or product authorization key and register your copy of the Software online at Cisco’s website to obtain the necessary license key or license file. You will need a connection to the Internet in order to access certain cloud-based components of the Software. You are solely responsible for establishing and maintaining all required Internet connections.

Certain components of the Software will be required to be installed on your Endpoints. You may install such components of the Software only on the number of Endpoints for which you have paid the applicable fee.

If you allow a third party acting on your behalf (i.e. a contractor) to access and use the Software, then you shall remain responsible for compliance with the Agreement by each such third party. If you distribute the Software to such third party or otherwise install any component of the Software on an Endpoint of such third party, then each such distribution or installation shall include a copy of the Agreement.

If Cisco provides you with application IDs, signatures or rules for use with any Software (collectively, the “Rules”), then such Rules, and all modifications and updates thereto, are provided on an “AS IS” basis without warranty of any kind, either expressed or implied, including, without limitation, warranties that the Rules are free of defects, merchantable, fit for a particular purpose, error-free or non-infringing.

The subscription term is subject to the termination provisions under the GSA Schedule contract. You must renew the subscription license and pay the applicable fee before the expiration date for continued authorized use of the Software. You may not use the Software in a manner that exceeds the permitted number of Endpoints, term of subscription or other limitations associated with the applicable license or subscription fee paid or payable by you. If the subscription term expires without renewal, Software features

and services may cease operation. In the event of a termination of the Agreement, you must use commercially reasonable efforts to notify all permitted third party users that their rights of access and use of the Software have also ceased.

Consent to Data Collection and Privacy

1. Data Collection and Processing. Cisco may, as part of your use of the Software and/or the provision of related services by Cisco, collect, retain, and use Non-Personal Information and specific identifiable data about you, your network and your Endpoints (e.g., Endpoint IDs, IP addresses, location, content, etc.). Some of this specific identifiable data may contain Personal Information. Cisco also may transfer data so collected to Cisco's offices and subsidiaries in the United States and other countries where Cisco or its service providers have facilities.

2. Purpose of Data Collection and Processing. The data Cisco collects from the Software is necessary for the essential use and functionality of the Software (e.g. device tracking, access control, data and traffic analysis, threat detection, malware and conduct-related analysis, etc.), and is also used by Cisco to provide associated services and to improve the operation and functionality of the Software. For these reasons you may not be able to opt out from some of this data collection other than by uninstalling or disabling the Software. You may have the ability, however, to configure your Software to limit some of the data that can be collected, as described in the applicable Software Documentation.

3. Consent to Data Collection and Use. You agree to the collection, use, transfer, backup, and storage of your Personal Information and other data by Cisco and its service providers. Cisco will not process this information other than in accordance with Cisco's Privacy Statement (identified in section 4 below). Cisco and its service providers may, as part of your use of the Software and the provision of related services by Cisco, transfer, copy, backup and store your Personal Information and other data in the United States, Europe, or other countries or jurisdictions outside your own where data protection standards may be different.

4. Privacy Statement. By entering into this Agreement, you agree that Cisco's Privacy Statement, as it exists at any relevant time, applies to you. The most current Privacy Statement can be found at:

The party receiving Confidential Information will employ all reasonable measures to maintain the confidentiality of such Confidential Information, but in no event shall such measures be less than the measures the receiving party employs to protect its own confidential information. The party receiving the Confidential Information will limit the disclosure of the other party's Confidential Information to its employees and contractors with a bona fide need to access such Confidential Information in order to exercise its rights and obligations under this Agreement; provided that, all such employees and contractors are bound by a written non-disclosure agreement that contains restrictions at least as protective as those set forth herein.

9. INSTALLATION

You represent, warrant and covenant that You are solely responsible for the proper installation, configuration and management of the Appliance on which the Licensed Materials will be installed, as well as the installation of any separately provided Licensed Materials. You further understand and hereby acknowledge that the failure to properly configure and manage an Appliance, and the failure to properly install any separately provided Licensed Materials, may adversely affect the performance of the Appliance and the Licensed Materials. You represent, warrant and covenant that You will adhere to the recommended minimum requirements specified in the Documentation. Sourcefire shall have no obligation under this Agreement to the extent an Appliance or any separately provided Licensed Materials fails to substantially perform the functions described in the Documentation, in whole or in part, because (i) You fail to adhere to specified minimum operating requirements; (ii) Your separate hardware fails to perform properly; (iii) You improperly configured an Appliance; or (iv) the Licensed Materials had been improperly installed.

10. WARRANTY AND DISCLAIMER

Sourcefire warrants that, for a period of ninety (90) days from the date of initial shipment of the Appliance or, in the case of Sourcefire Software separately provided to You, the date the Sourcefire Software is made available to You for download or delivered on a fixed media (as the case may be, the "Software Warranty Period"), the unmodified Sourcefire Software will, under normal use, substantially perform the functions described in its Documentation. Sourcefire also warrants that for a period of one (1) year from the date of initial shipment of a new Appliance (the "Hardware Warranty Period") that the unmodified Hardware comprising such Appliance will, under normal use, be free of substantial defects in materials and workmanship. Neither of the aforementioned warranties apply if the Sourcefire Software or Appliance (i) has been altered, except by Sourcefire or its authorized representative; (ii) has not been installed, operated, repaired or maintained in accordance with the Documentation and/or instructions supplied by Sourcefire; (iii) has been subjected to abnormal physical or electrical stress, abnormal environmental conditions, misuse, negligence or accident by You; or (iv) is licensed for beta, evaluation, testing or demonstration purposes. If a court of competent jurisdiction determines that the statutory warranty periods of such jurisdiction apply rather than the Software Warranty Period and Hardware Warranty Periods referenced above, then such statutory warranty periods will control only in the event of a conflict with the terms of this Section 10.

EXCEPT AS EXPRESSLY WARRANTED IN THIS SECTION 10, THE SOURCEFIRE PRODUCTS (INCLUDING, ANY EVALUATION AND BETA PRODUCTS), AND ANY OTHER DOCUMENTATION, MATERIALS AND/OR DATA PROVIDED BY SOURCEFIRE ARE PROVIDED "AS IS" AND "WITH ALL FAULTS," AND SOURCEFIRE EXPRESSLY DISCLAIMS ALL OTHER WARRANTIES OF ANY KIND OR NATURE, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING, BUT NOT LIMITED TO, ANY WARRANTIES OF OPERABILITY, CONDITION, TITLE, NON-INFRINGEMENT, NON-INTERFERENCE, QUIET ENJOYMENT, VALUE, ACCURACY OF DATA, OR QUALITY, AS WELL AS ANY WARRANTIES OF MERCHANTABILITY, SYSTEM INTEGRATION, WORKMANSHIP, SUITABILITY, FITNESS FOR A

PARTICULAR PURPOSE, OR THE ABSENCE OF ANY DEFECTS THEREIN, WHETHER LATENT OR PATENT. 8. DATA PROTECTION

8.1 In this Section 8, the terms “personal data”, “data processor”, “data subject”, “process and processing” and “data controller” shall be as defined in the DPA.

8.2 For the purposes of the Data Protection Laws, as between Customer and Duo Security, the parties agree that Customer shall at all times be the data controller and Duo Security shall be the data processor with respect to the processing of Customer Personal Data in connection with this Agreement.

8.3 By entering into this Agreement, Customer agrees that Duo Security may collect, retain and use certain Customer Personal Data (which may include, without limitation, names, mobile telephone numbers, IP addresses and email addresses of Users) in connection with the Services. As the data controller of such Customer Personal Data, Customer shall be responsible for ensuring that, and warrants and represents to Duo Security that it shall ensure that any processing of Customer Personal Data in connection with the Services shall comply with the Data Protection Laws. This shall include (without limitation) ensuring that Customer: (a) has given adequate notice and made all appropriate disclosures to the data subjects regarding Customer's and/or Duo Security's use and disclosure of Customer Personal Data, including (but without limitation) for the provision of the Services; and (b) has and/or obtains all necessary rights, and where applicable, all appropriate and valid consents from the data subjects to share such personal data with Duo Security and to permit use of Customer Personal Data by Duo Security for the purposes of the provision of the Services and performing its obligations under this Agreement or as may be required by applicable law (“Purpose”), including (but without limitation) notifying the data subject of the transfer of Customer Data outside of the European Economic Area to countries whose laws they have acknowledged may provide a lower standard of data protection than exists in the European Economic Area (“EEA”).

8.4 At the request of Customer, Duo Security and Customer shall negotiate a separate data processing agreement, setting forth each Party's obligations in respect of any processing of Customer Personal Data, which agreement will be incorporated herein by reference once executed by the Parties.

8.5 Customer acknowledges that Duo Security is reliant on Customer for direction as to the extent to which Duo Security is entitled to use and process Customer Data. Consequently, Duo Security will not be liable for any claim brought by a data subject to the extent that such action or omission resulted directly from Customer's instructions. Customer undertakes to comply in all respects with any applicable laws, regulations, standards and guidelines applicable to personal data and shall use all reasonable endeavors to where possible anonymize personal data sent to Duo Security.

9. INDEMNIFICATION.

For Customers enrolled in one of the editions of Services requiring purchase, Duo Security shall indemnify and hold Customer harmless from liability to third parties resulting from infringement by the Services of any United States or United Kingdom patent or any copyright or misappropriation of any trade secret, provided Duo Security is promptly notified of any and all threats, claims and proceedings related thereto and given reasonable assistance and the opportunity (subject to the requirements of 28 USC §516, if applicable) to assume sole control over defense and settlement; Duo Security will not be responsible for any settlement it does not approve. The foregoing obligations do not apply with respect to portions or components of the Services (i) not created by Duo Security, (ii) resulting in whole or in part from Customer specifications, (iii) that are modified after delivery by Duo Security, 6

(iv) combined with other products, processes or materials where the alleged infringement relates to such combination, (v) where Customer continues allegedly infringing activity after being notified thereof or after being informed of modifications that would have avoided the alleged infringement, or (vi) where Customer's use of Services is not strictly in accordance with this Agreement and all related Documentation. If Duo Security receives information about an actual or alleged infringement or misappropriation claim that would be subject to indemnification rights set forth in this Section 9, Duo Security shall have the option, at its expense, to (i) modify the Software to be non-infringing; or (ii) obtain for Customer a license to continue using the Software. If Duo Security determines it is not commercially reasonable to perform either of the above options, then Duo Security may at its option elect to terminate the license for the Services and refund the unearned portion of any pre-paid subscription Fees, pro-rated on a monthly basis. THIS SECTION STATES CUSTOMER'S SOLE AND EXCLUSIVE REMEDY FOR INFRINGEMENT, MISAPPROPRIATION AND/OR CLAIMS ALLEGING INFRINGEMENT OR MISAPPROPRIATION.

(e) If, after termination, it is determined that Cradlepoint was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of Customer.

(f) The rights and remedies of Customer in this clause are in addition to any other rights and remedies provided by law or under this contract.

7.4 Customer's access to the Service, and any licenses granted hereunder, shall terminate upon any termination of this Agreement. All sections of this Agreement, which by their nature should survive termination, will survive termination, including, without limitation, restrictions, accrued rights to payment, confidentiality obligations, intellectual property rights, warranty disclaimers, and limitations of liability. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW AND REGARDLESS OF WHETHER ANY REMEDY HEREIN FAILS OF ITS ESSENTIAL PURPOSE, IN NO EVENT SHALL CRADLEPOINT OR ITS THIRD PARTY LICENSORS BE LIABLE TO CUSTOMER OR ANY THIRD PARTY ARISING OUT OF THE USE OF OR INABILITY TO USE THE SERVICES, UNDER ANY CONTRACT, NEGLIGENCE, STRICT LIABILITY OR OTHER THEORY, FOR ANY SPECIAL, INCIDENTAL, INDIRECT, PUNITIVE OR CONSEQUENTIAL DAMAGES WHATSOEVER, INCLUDING, BUT NOT LIMITED TO, DAMAGES FOR: LOSS OF PROFITS OR REVENUES, BUSINESS INTERRUPTION, COST OF PROCUREMENT OF SUBSTITUTE GOODS OR TECHNOLOGY, LOSS OF PRIVACY, CORRUPTION OR LOSS OF DATA, FAILURES TO TRANSMIT OR RECEIVE DATA OR ANY OTHER PECUNIARY LOSS WHATSOEVER ARISING OUT OF OR IN ANY WAY RELATED TO THE USE OF OR INABILITY TO USE THE SERVICES OR OTHERWISE IN CONNECTION WITH ANY PROVISION OF THIS AGREEMENT, EVEN IF CRADLEPOINT OR ITS THIRD PARTY LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

THE TOTAL LIABILITY OF CRADLEPOINT AND ITS LICENSORS, WHETHER BASED IN CONTRACT, TORT (INCLUDING NEGLIGENCE OR STRICT LIABILITY), OR OTHERWISE, WILL NOT EXCEED, IN THE AGGREGATE, THE LESSER OF (i) ONE THOUSAND DOLLARS (\$1,000), OR (ii) THE FEES PAID TO CRADLEPOINT HEREUNDER IN THE THREE MONTH PERIOD ENDING ON THE DATE THAT A CLAIM OR DEMAND IS FIRST ASSERTED. THE FOREGOING LIMITATIONS WILL APPLY NOTWITHSTANDING ANY FAILURE OF ESSENTIAL PURPOSE OF ANY LIMITED REMEDY.

THE FOREGOING LIMITATIONS, EXCLUSIONS AND DISCLAIMERS SHALL APPLY TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, EVEN IF ANY REMEDY FAILS ITS ESSENTIAL PURPOSE.

All other changes shall be agreed to in writing and signed by both parties.

11.11 No Implied Waivers. If either party fails to require performance of any duty hereunder by the other party, such failure shall not affect its right to require performance of that or any other duty thereafter. Introduction

Cradlepoint products and services go through a defined product lifecycle and eventually reach their end of life (“EOL” or “End-of-Life”). A Cradlepoint product/service may enter the End-of-Life process for a variety of reasons, including but not limited to: availability of newer, more technologically advanced products, market demand, or component availability. Any Cradlepoint product/service to be discontinued will be announced and identified on the Cradlepoint website six months prior to its End-of-Sale date*. This End-of-Life announcement outlines important milestones for Cradlepoint products and/or services which are in the process of becoming discontinued. **Discontinued products are removed from the price list and are no longer available for purchase after the End-of-Sale date.*

Milestones

- **End-of-Life Announcement Date:** The date at which Cradlepoint announces to the general public the End-of-Sale and End-of-Life for Cradlepoint solutions.
- **End-of-Sale Date:** The last date to order and ship the solution through Cradlepoint Channel Partners (typically 6 months after End-of-Life announcement date).
- **End of Software Release:** Generally, NetCloud OS (NCOS, router software) releases will continue through the supported life of the product until Last Date of Support. However, based on technical limitations or other limiting factors, and at the sole discretion of Cradlepoint, endpoints may stop receiving NCOS or modem firmware updates for embedded modems following End of Sale but prior to Last Date of Support.
- **Last Date of Support (End-of-Life)*:** The date through which Cradlepoint will support the specified endpoint, this includes warranty and technical support (typically 5 years after End-of-Sale date).

**Support during the 5 years requires an active NetCloud Service Plan.*

End-of-Life Cradlepoint Products/Services

For a comprehensive list of EOL products and services, refer to [End of Life Cradlepoint Products/Services](#) .

Technical Support

Cradlepoint provides support for NetCloud Service, endpoints, modem software, and NCOS for an EOL product or service for a period of five (5) years after the End-of-Sale date for customers with a current NetCloud Service Plan or until the end of the applicable license(s) to that plan. Customers must have a current and fully paid subscription to a NetCloud Service Plan to access the Cradlepoint Global Service and Support Department for technical assistance.

Embedded Modem Support

Modems may reach the end of their supported life before the associated endpoint in which they are embedded. Cradlepoint will continue to provide NCOS updates to ensure those modems still work within their associated platforms. However, external factors, such as changes in operator networks or discontinued module support, may cause these modems to have reduced functionality or to stop working. In these cases, the recommended action will be to replace the whole platform or, in the case of products with extensible modem functions (through a modem slot or expansion dock), replace with an updated modem.

Hardware Support

- Hardware support is provided as long as an active NetCloud Service Plan is maintained.
- Refer to [Cradlepoint Warranty](#).

NetCloud OS Lifecycle Policy

NCOS Lifecycle Policy Statement Keeping NetCloud OS (NCOS) software up to date is crucial to ensure the benefits of new features, enablement of required security enhancements, and to receive improved stability and performance during the lifespan of Cradlepoint NetCloud services. Bug fixes, new features and functionality will only be available on the latest version of NCOS. Cradlepoint has a policy to support NCOS, the software that resides on the Cradlepoint endpoints and is included in a NetCloud Service subscription. **NCOS versions older than 24 months will be unsupported. While NetCloud and NCOS functionality will remain active, to engage Cradlepoint support for assistance, customer will be required to upgrade to supported versions of NCOS.**

- Endpoints or Groups on an unsupported release of NCOS will continue to work as configured.
- NetCloud Manager will show a unsupported release of NCOS as "X.X.XX (Date **Unsupported**)".
 - While Cradlepoint will not deliberately remove any functionality; no testing of unsupported versions of NCOS will be conducted. Any loss of features or functionality will require a NCOS update to restore functionality.
 - Because unsupported versions of NCOS are no longer tested, any issues that occur on unsupported versions of NCOS that require assistance from Cradlepoint Global Services and Support will require a NCOS update prior to support engagement.
 - Customers and partners should follow documented [best practices](#) when migrating from older versions of NCOS to new versions.
- Last supported releases of NCOS for EOL products are not subject to this policy until the device's End of Support date.
 - Security patches will be made to older NCOS versions, if it is the last supported version for an affected platform.

NCOS State Definitions:

- **Supported:** Currently supported version of NCOS; NCOS that are within 24 months of their release date.
- **Unsupported:** NCOS versions are outside of 24 months since release. These are versions of NCOS that are still available for use within NCM and the hardware. However, no testing of unsupported versions of NCOS will be conducted. Any loss of features or functionality will require a NCOS update to restore functionality.
- **Deprecated:** NCOS versions that are removed from use in NCM. This could be for technical reasons such as critical defects.

Refer to the [NCOS Lifecycle FAQ](#) for more information on the NetCloud OS Lifecycle Policy.

Renewal

- Customers may renew products not covered under an active NetCloud Service Plan, if the product is eligible, by contacting their Cradlepoint authorized partner or servicerenewal@cradlepoint.com.
- NetCloud Subscription renewal will generally be available until the last year of support for the product but may not extend beyond the Last Date of Support.
- For customers who have active NetCloud Subscriptions but are nearing the end of their subscription term, refer to [Processing a Subscription Renewal](#).

These Policy Guidelines are subject to change by Cradlepoint without notice.

Whenever the Customer is the U.S. Federal Government, or any prime contractor or subcontractor (at any tier) under any contract, grant, cooperative agreement, or other activity with the U.S. Federal Government, the terms and conditions with respect to Customer's use and disclosure of the Software and Documentation shall be set forth in an attached Exhibit B.
- 2. License.** Subject to the terms, conditions and limitations of this ELA and timely payment by Customer of the amounts due under Exhibit A, Dell hereby grants Customer a limited, nonexclusive, nontransferable, non-assignable license, without rights to sublicense, to (A) install or have installed, display and use the Software (in object code only) only on as many computers, devices and/or in such configurations as Customer is expressly entitled under Exhibit A, and (B) only for such period as Customer are entitled under Exhibit A. The terms and conditions of this ELA will govern use of the Software and any upgrades, updates, patches, hotfixes and/or additional versions of the Software provided by Dell, at Dell's sole discretion, that replace and/or supplement the original Software (collectively, "Update"), unless such Update is accompanied by or references a separate license agreement, in which case the terms and conditions of that agreement will govern. If this ELA governs Customer's use of an Update, such Update shall be considered Software for purposes of this ELA. Unless earlier terminated as provided herein, the term of each individual license granted under this ELA begins on the date of execution by Customer of this ELA, and continues only for such period as indicated in Exhibit A. Each party recognizes that Dell grants no licenses except for the license expressly set forth herein.
- 3. License Limitations.** Customer may not copy the Software except for a reasonable number of copies solely as needed for backup or archival purposes or as otherwise expressly permitted in in Section 2 "License" above. Customer may not modify or remove any titles, trademarks or trade names, copyright notices, legends, or other proprietary notices or markings on or in the Software. The rights granted herein are limited to Dell's and its licensors' and suppliers' intellectual property rights in the Software and do not include any other third party's intellectual property rights. If the software was provided to Customer on removable media (e.g., CD, DVD, or USB drive), Customer may own the media on which the Software is recorded but Dell, Dell's licensor(s) and/or supplier(s) retain ownership of the Software itself and all related intellectual property rights. Customer is not granted any rights to any trademarks or service marks of Dell. This ELA does not apply to any third party software that is not included as part of the Software or addressed in Exhibit A. The use of any other software, including any software package or file, whether licensed to Customer by Dell or by a third party, is subject to the terms and conditions that come with or are associate with such software.
- 4. Rights Reserved.** THE SOFTWARE IS LICENSED, NOT SOLD. Except for the license expressly granted in this ELA, Dell, on behalf of itself and its licensors and suppliers, retains all right, title, and interest in and to the Software and in all related content, materials, copyrights, trade secrets, patents, trademarks, derivative works and any other intellectual and industrial property and proprietary rights, including registrations, applications, renewals, and extensions of such rights (the "Works"). The rights in these Works are valid and protected in all forms, media and technologies existing now or hereinafter developed and any use other than as contemplated herein, including the reproduction, modification, distribution, transmission, adaptations, translation, display, republication or performance of the Works, except as specifically permitted herein, is strictly prohibited. Dell, on behalf of itself and its licensors and suppliers, retains all rights not expressly granted herein.
- 5. Restrictions.** Except as otherwise provided herein or expressly agreed by Dell, Customer may not, and will not allow a third party to: (A) sell, lease, license, sublicense, assign, distribute or otherwise transfer or encumber in whole or in part the Software; (B) provide, make available to, or permit use of the Software in whole or in part by, any third party, including contractors, without Dell's prior written consent, unless such use by the third party is subject to the terms and conditions of this ELA and Customer is liable for any breach of this ELA by such third party; (C) copy, reproduce, republish, upload, post, transmit or distribute the Software in any way; (D) decompile, disassemble, reverse engineer, or otherwise attempt to derive source code (or underlying ideas, algorithms, structure or organization) from the Software program, in whole or in part; (E) modify or create derivative works based upon the Software; (F) use the Software on a service bureau, rental or managed services basis or permit other individuals or entities to create Internet "links" to the Software or "frame" or "mirror" the Software on any other server or wireless or Internet-based device; or (G) use the Software to create a competitive offering. Customer may not, and will not allow a third party to, use the Software program in excess of the number of licenses expressly authorized by Exhibit A. In addition, Customer may not share the results of any benchmarking activities without Dell's prior written consent.
- 6. Compliance.** Customer will certify in writing, upon reasonable request by Dell, Customer's compliance with the terms of this ELA, indicating the number of Software licenses deployed at that time. Customer grants Dell or an agent selected by Dell, the right to perform an audit of Customer's compliance with this ELA during normal business hours. Customer agrees to cooperate and provide Dell with all records reasonably related to Customer's compliance with this ELA. If, as a result of the audit, a deficiency of greater than five percent (5%) is found in the licensee fees paid, then Customer shall bear the total cost of the audit, in addition to any other liabilities Customer may have.
- 7. Support and Subscription Services Not Included.** Dell does not provide any maintenance or support services under this ELA. Maintenance and support services, if any, are provided under a separate agreement. Additionally, this ELA, in and of itself, does not entitle Customer to any Updates at any time in the future.
- 8. Termination.** Dell may terminate this ELA immediately and without prior notice if Customer fails to comply with any term or condition of this ELA or if Customer fails to timely pay for the licenses to the Software. In addition, Dell may terminate any license associated with Software distributed for free at any time in its sole discretion. In the event of termination of this ELA, all licenses granted hereunder shall automatically terminate and Customer must immediately cease use of the Software and return or destroy all copies of the Software. The parties recognize and agree that their obligations under Sections 4, 5, 11, 12, 13, 15, 16, 18 and 19 of this ELA, as well as obligations for payment, survive the cancellation, termination, and/or expiration of this ELA and/or the license granted hereunder.
- 9. Export, Import and Government Restrictions.** Customer is advised that the Software is subject to U.S. export laws as well as the laws of the country where it is delivered or used. Customer agrees to abide by these laws. Under these laws, the Software may

DELL CONFIDENTIAL

not be sold, leased, or transferred to restricted countries (currently Cuba, Iran, North Korea, Sudan and Syria), restricted end-users, or for restricted end-uses. Customer specifically agrees that the Software will not be used for activities related to weapons of mass destruction, including but not limited to, activities related to the design, development, production or use of nuclear materials, nuclear facilities, or nuclear weapons, missiles or support of missile projects, or chemical or biological weapons. Customer understands that certain functionality of the Software, such as encryption or authentication, may be subject to import restrictions in the event Customer transfers the Software from the country of delivery and Customer is responsible for complying with applicable restrictions.

10. **Limited Warranty.** Dell has the right to grant the licenses to the Software, and such Software will substantially conform in material respects to the functional specifications and current documentation provided by Dell with the Software. This limited warranty is not transferable and extends only for thirty (30) days from the date of delivery of the Software. This limited warranty does not cover damages, defects, malfunctions or failures caused by any unauthorized modification by Customer, or Customer's agents, of the Software, any abuse, misuse or negligent acts of Customer, modification by Customer of any interfaces or any software or hardware interfacing with the Software, or any failure by Customer to follow Dell's installation, operation or maintenance instructions. EXCEPT FOR THE PRECEDING EXPRESS LIMITED WARRANTY, DELL MAKES, AND CUSTOMER RECEIVES, NO OTHER WARRANTIES RELATED TO THE SOFTWARE WHETHER EXPRESS, IMPLIED OR STATUTORY, AND DELL SPECIFICALLY DISCLAIMS ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT. DELL DOES NOT WARRANT THAT THE FUNCTIONS OF THE SOFTWARE WILL MEET CUSTOMER'S REQUIREMENTS OR THAT OPERATION OF THE SOFTWARE WILL BE UNINTERRUPTED OR ERROR FREE. CUSTOMER ASSUMES RESPONSIBILITY FOR SELECTING THE SOFTWARE AND THE RESULTS ACHIEVED. CUSTOMER'S SOLE AND EXCLUSIVE REMEDY, AND DELL'S ENTIRE LIABILITY FOR BREACH OF THE WARRANTIES PROVIDED HEREIN, IS FOR DELL, AT ITS SOLE DISCRETION, TO EITHER USE COMMERCIAL REASONABLE EFFORTS TO REMEDY ANY NON-CONFORMANCE OR TO PROVIDE A REFUND OF THE LICENSE FEES PAID BY CUSTOMER TO DELL FOR THE SOFTWARE. THIS DISCLAIMER OF WARRANTY MAY NOT BE VALID IN SOME JURISDICTIONS AND CUSTOMER MAY HAVE WARRANTY RIGHTS UNDER LAW WHICH MAY NOT BE WAIVED OR DISCLAIMED -- ANY SUCH WARRANTY EXTENDS ONLY FOR THIRTY (30) DAYS FROM THE DATE OF DELIVERY OF THE SOFTWARE.

11. **Limitation of Liability.** DELL WILL NOT BE LIABLE FOR ANY INCIDENTAL, INDIRECT, PUNITIVE, SPECIAL OR CONSEQUENTIAL DAMAGES, ARISING OUT OF OR IN CONNECTION WITH THIS ELA AND/OR THE SOFTWARE. DELL SHALL HAVE NO LIABILITY FOR THE FOLLOWING: (A) LOSS OF REVENUE, INCOME, PROFIT, OR SAVINGS, (B) LOST OR CORRUPTED DATA OR SOFTWARE, LOSS OF USE OF SYSTEM(S) OR NETWORK(S), OR THE RECOVERY OF SUCH, (C) LOSS OF BUSINESS OPPORTUNITY, (D) BUSINESS INTERRUPTION OR DOWNTIME, (E) LOSS OF GOODWILL OR REPUTATION, OR (F) SOFTWARE NOT BEING AVAILABLE FOR USE OR THE PROCUREMENT OF SUBSTITUTE SOFTWARE OR GOODS.

NOTWITHSTANDING ANYTHING TO THE CONTRARY SET FORTH IN THIS ELA, DELL'S TOTAL LIABILITY FOR ANY AND ALL CLAIMS ARISING OUT OF OR IN CONNECTION WITH THIS ELA AND/OR THE SOFTWARE SHALL NOT

EXCEED THE TOTAL AMOUNT RECEIVED BY DELL FOR THE PARTICULAR SOFTWARE GIVING RISE TO SUCH CLAIM(S). THIS PARAGRAPH SHALL NOT LIMIT CUSTOMER'S PAYMENT OBLIGATIONS OR LIABILITY FOR MISAPPROPRIATION OR INFRINGEMENT OF DELL'S INTELLECTUAL PROPERTY. DELL SHALL NOT BE LIABLE TO CUSTOMER FOR ANY CLAIM BROUGHT MORE THAN TWO YEARS AFTER THE CAUSE OF ACTION FOR SUCH CLAIM FIRST AROSE.

The foregoing limitations, exclusions and disclaimers shall apply, regardless of whether the claim for such damages is based in contract, warranty, strict liability, negligence, tort or otherwise, for any claim. Insofar as applicable law prohibits any limitation on liability herein, the parties agree that such limitation will be automatically modified, but only to the extent so as to make the limitation compliant with applicable law. The parties agree that the limitations on liabilities set forth herein are agreed allocations of risk and such limitations will apply notwithstanding the failure of essential purpose of any limited remedy and even if a party has been advised of the possibility of any such liability.

12. **Indemnification.** Dell shall defend and indemnify Customer against any third-party claim or action that the Software (specifically excluding third-party and open source software) infringes or misappropriates that third party's patent, copyright, trade secret, or other intellectual property rights ("Indemnified Claims"). In addition, if Dell receives prompt notice of an Indemnified Claim that, in Dell's reasonable opinion, is likely to result in an adverse ruling, then Dell shall at its sole discretion, (A) obtain a right for Customer to continue using such Software; (B) modify such Software; (C) replace such Software with a non-infringing substitute; or (D) provide a reasonable depreciated or pro rata refund for the allegedly infringing Software. Notwithstanding the foregoing, Dell shall have no obligation under this Section for indemnified Claims resulting or arising from: (i) modifications of the Software that were not performed by or on behalf of Dell; (ii) the operation, use, or combination with a third-party product, software or service (the combination of which causes the claimed infringement) of the Software; or (iii) Dell's compliance with Customer's specifications or directions, including the incorporation of any software or other materials or processes provided by or requested by Customer (collectively, "Excluded Indemnified Claims"). Dell's duty to indemnify and defend is contingent upon: (a) Customer providing Dell with prompt written notice of the third-party claim or action, (b) Dell having the right to solely control the defense and settlement of such claim or action, and (c) Customer's cooperation with Dell in defending and resolving such claim or action. This section states Customer's exclusive remedies for any third-party intellectual property claim or action, and nothing in this ELA or elsewhere will obligate Dell to provide any greater indemnity to Customer. Customer, at Customer's expense, shall defend and indemnify Dell against any claim, action or proceeding brought against Dell which arises from or is in any manner connected with Excluded Indemnified Claims.
13. **Confidentiality.** Customer agree to: (A) refrain from using Confidential Information except as necessary to exercise the rights herein and (B) use best efforts to preserve and protect the confidentiality of the Confidential Information. "Confidential Information" means any oral, written, graphic or machine-readable information disclosed by Dell that is (i) identified as confidential; (ii) designated in writing to be confidential or proprietary; or (iii) should be reasonably understood to be confidential. Confidential Information includes the Software and its trade secrets, including but not limited to source code, the development status of the Software, the appearance, content and flow of the user interface of the Software, and the content and documentation of the Software. Confidential information does not include information that is (a) publicly available other than through a breach of this ELA; (b)

known to Customer prior to such disclosure, or (c) subsequently lawfully obtained by Customer from a third party that has no obligations of confidentiality. Customer agrees that, without Dell's prior written consent, Customer will not grant access to any Dell Confidential Information to any persons or entities except for Customer's employees and agents who have a business need to have such access and who are obligated to maintain the confidentiality thereof as set forth herein. In some, limited circumstances, Dell may need to engage a third party to fulfill its obligations to Customer under this license. By using this software Customer agrees that Dell may provide Customer's information to such third party for that purpose. Any feedback or other information that is provided to Dell relating to the Software or this ELA shall be considered Dell Confidential Information. Such feedback shall be treated by Dell on a non-confidential and unrestricted basis, and Dell shall have full rights, title and ownership of such feedback.

14. **Open Source and Third Party Software.** A portion of the Software may contain or consist of open source or third party software, which Customer may use under the terms and conditions of the specific license under which the open source or third party software is distributed. THIS OPEN SOURCE AND THIRD PARTY SOFTWARE IS PROVIDED "AS IS" WITHOUT ANY WARRANTY, EXPRESS, IMPLIED, OR OTHERWISE, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT. AS IT RELATES TO ANY AND ALL CLAIMS ARISING OUT OF OR IN CONNECTION WITH OPEN SOURCE OR THIRD PARTY SOFTWARE, DELL SHALL HAVE NO LIABILITY FOR ANY DIRECT, INDIRECT, INCIDENTAL, PUNITIVE, SPECIAL OR CONSEQUENTIAL DAMAGES. Under certain open source software licenses, Customer is also entitled to obtain the corresponding source files. Customer may find corresponding source files for the Software at <http://opensource.dell.com> or other locations that may be specified to Customer by Dell.

15. **Jurisdiction/Injunction.** This ELA is governed by the laws of the State of Texas, U.S.A. without regard to conflict of law principles. The United Nations Convention for the International Sale of Goods shall not apply. Customer agrees that money damages would be an inadequate remedy for Dell in the event of a breach or threatened breach by Customer of the provisions set forth in this ELA; therefore, in the event of a breach or threatened breach of any such provisions, Dell may, in addition to any other remedies afforded to it by law or equity, immediately obtain and enforce an injunction from any court of law or equity prohibiting Customer from

breaching such provisions. All rights and remedies afforded Dell by law shall be cumulative and not exclusive. THE PARTIES HEREBY UNCONDITIONALLY WAIVE THEIR RESPECTIVE RIGHTS TO A JURY TRIAL OF ANY CLAIM OR CAUSE OF ACTION ARISING DIRECTLY OR INDIRECTLY OUT OF, RELATED TO, OR IN ANY WAY CONNECTED WITH THE PERFORMANCE OR BREACH OF THIS ELA, AND/OR THE RELATIONSHIP THAT IS BEING ESTABLISHED AMONG THEM.

16. **No Waiver.** No waiver of breach or failure to exercise any option, right, or privilege under the terms of this ELA on any occasion shall be construed to be a waiver of a subsequent breach or right to exercise any option, right, or privilege.
17. **No Assignment.** Customer may not assign or transfer Customer's interests, rights or obligations under this ELA by written agreement, merger, consolidation, operation of law or otherwise, without the prior written consent of an authorized executive officer of Dell. Any attempt to assign this ELA by Customer shall be null and void.
18. **Entire Agreement.** Unless Customer has entered into another written agreement with respect to the Software which has been signed by Customer and an authorized representative of Dell and which conflicts with the terms of this ELA, Customer agrees that this ELA supersedes all prior written or oral agreements, warranties or representations, including any and all other click-wrap, shrink-wrap or similar licenses or agreements, with respect to the Software. No amendment to or modification of this ELA, in whole or in part, will be valid or binding unless it is in writing and executed by authorized representatives of both parties. If any term of this ELA is found to be invalid or unenforceable, the remaining provisions will remain effective. Customer agrees that any principle of construction or rule of law that provides that an agreement shall be construed against the drafter shall not apply to the terms and conditions of this ELA. Customer represents that it has read this ELA, has had the opportunity to review it with local counsel, understands it, and agrees to be bound by all terms and conditions stated herein.
19. **Notices.** Notice to Dell under this ELA must be in writing and sent to the address below or to such other address (including facsimile or e-mail) as specified in writing, and will be effective upon receipt.

Exhibit B

Terms & Conditions Applicable to the Purchase or Use of Licensed Software by the U.S. Government

1. This Section applies whenever the Customer is the U.S. Federal Government, or any prime contractor or subcontractor (at any tier) under any contract, grant, cooperative agreement, or other activity with the U.S. Federal Government. In such case, the terms and conditions of this Exhibit B shall pertain to the Customer's use and disclosure of the Software and Documentation, and shall supersede any conflicting contractual terms or conditions. To the extent that it is held by a court or board of competent jurisdiction that any part of any provision of the ELA is invalid or unenforceable under applicable law, said part shall be ineffective to the extent of such invalidity or unenforceability only, without in any way affecting the remaining parts of said provision or the remaining provisions of said license agreement.
2. The software and documentation are "commercial items" as that term is defined at 48 C.F.R. 2.101; consisting of "commercial computer software" and "commercial computer software documentation" as such terms are used in 48 C.F.R. 12.212. Consistent with 48 C.F.R. 12.212 and 48 C.F.R. 227.7202-1 through 227.7202-4, all U.S. Government end users acquire the software and documentation with only those rights set forth herein. Sections 13 and 16 of this ELA shall not apply to the U.S. Federal Government but shall continue to apply to prime contractors and subcontractors of the U.S. federal government. Disputes with the U.S. Federal Government shall be subject to resolution pursuant to the Contract Disputes Act of 1978, as amended. All other provisions of this ELA remain in effect as written.
3. Purchase of Software licenses is subject to the terms and conditions of (a) U.S. General Services Administration Multiple Award Schedule 70 Contract GS-35F-4076D; or (b) other such U.S. Government Federal Acquisition Regulation Part 12 Commercial Item prime and/or subcontracts in which the Dell Enterprise License Agreement to which this Exhibit B is attached is incorporated either in its entirety or by reference, and all Delivery Orders and Task Orders issued thereunder which include the Exhibit A software.
4. Use of the software is subject to the terms and conditions of the Dell Enterprise License Agreement to which this Exhibit B is attached.
5. Listed below are changes to the Dell Enterprise License Agreement applicable to the purchase of licensed Software by the United States Government.

ELA Section

1. **General.** The definition of "Company" is Dell Products L.P. on behalf of Dell Marketing L.P. and / or Dell Federal Systems L.P.
2. **License.** In the event a separate license agreement accompanies or is referenced by an Update, the U.S. Government shall have a right, prior to delivery of the Update, to review such license agreement before accepting the terms and conditions contained therein.
3. **License Limitations.** The language "to which the U.S. Government will have a right to review before agreement to such terms and conditions" is added to the last sentence.
5. **Restrictions.** In subsection (B), the phrase "and Customer is liable for any breach of this ELA by such third party" is deleted. The Government has no liability to third-parties under this ELA.
6. **Compliance.** This provision in the ELA is deleted and replaced with the following:

"Customer will certify in writing, upon reasonable request by Dell, Customer's compliance with the terms of this ELA, indicating the number of Software licenses deployed at that time. Customer grants Dell or an agent selected by Dell, the right to perform an audit of Customer's compliance with this ELA during normal business hours and in a manner that does not interfere unreasonably with your operations. Any auditor selected by Dell or an agent of Dell is subject to approval of the Government, which shall not be unreasonably withheld. As an alternative, Dell may require Customer to accurately complete a self-audit relating to the Software. In the event the audit finds a deficiency of greater than five percent (5%) in the licensee fees paid, then such shall be considered a change and resolved under the Changes clause of the applicable contract (FAR 52.212-4(c)). And in the event such a change

cannot be negotiated in a commercially reasonable time, the same shall be considered a dispute under Contract Disputes Act of 1978, as amended ("CDA")."

8. **Termination.** The termination provision is deleted and replaced with the following:
"This ELA and the license granted to Customer to use the Software hereunder shall be terminated (i) by Company, if such remedy is granted after conclusion of the Contract Disputes Act dispute resolution process or if such remedy is otherwise available to Company under United States federal law; or (ii) by Customer, at its option in accordance with FAR 52.212-4. Upon any termination, Customer shall promptly return the Software and any copies thereof in any form. Company will not have any obligation to refund any portion of any license fee upon the termination of this ELA if after the Contract Disputes Act dispute resolution process a Court or administrative board determines that the End User materially breached any provision of this ELA. Sections 4, 5, 11, 12, 13, 15, 16, 18, 19 of this ELA, as well as Exhibit A payment obligations, shall survive termination, cancellation, and/or expiration of this ELA and/or the license granted hereunder."
11. **Limitation of Liability.** The language in this Section 11 is deleted and replaced with the following:
"IN NO EVENT SHALL COMPANY BE LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL, PUNITIVE OR SIMILAR DAMAGES OF ANY KIND ARISING UNDER OR IN ANY WAY RELATED TO THE SOFTWARE OR THIS ELA. EXCEPT AS IT RELATES TO INDEMNIFICATION FOR INFRINGEMENT REFERENCED IN SECTION 12 IN NO EVENT SHALL COMPANY'S AGGREGATE LIABILITY ARISING UNDER OR IN ANY WAY RELATED TO THE SOFTWARE OR THIS ELA EXCEED THE AGGREGATE LICENSE FEES PAID FOR THE LICENSE GRANTED HEREUNDER, EXCLUDING REPROCUREMENT COSTS. THE FOREGOING LIMITATIONS SHALL APPLY REGARDLESS OF THE FORM OF ANY CLAIM HEREUNDER, WHETHER FOR BREACH OF ANY WARRANTY, FOR BREACH OR REPUDIATION OF ANY OTHER TERM OR CONDITION OF THIS AGREEMENT OR ANY RELATED WRITING, FOR NEGLIGENCE, ON THE BASIS OF STRICT LIABILITY, OR OTHERWISE. This clause shall not impair the U.S. Government's right to recover for fraud or crimes arising out of or related to Company's Multiple Award Schedules Contract under any federal fraud statute, including the False Claims Act, 31 U.S.C. §§ 3729-3733."
12. **Indemnification.** Subparagraph (b) of this section is deleted and replaced with the following:
"(b) Dell having the right to solely control the defense and settlement of such claim or action provided that for the U.S. Government the control of the defense is subject to 28 USC 516."

The last sentence of this section, "Customer, at Customer's expense, shall defend and indemnify Dell against any claim, action or proceeding brought against Dell which arises from or is in any manner connected with Excluded Indemnified Claims" is deleted.
15. **Jurisdiction/Injunction.** This section does not apply to the Government, but shall apply to prime and subcontractors to the Government. Disputes with the Government shall be subject to resolution pursuant to the CDA.
17. **No Assignment.** This paragraph is deleted and number 17 is marked "Reserved."
18. **Entire Agreement.** The language in this Section 18 is deleted and replaced with the following:
"This ELA (a) constitutes the entire agreement between the parties with respect to the licensing of the Software and supersedes any prior negotiations, proposals, representations and agreements relating specifically thereto; (b) may only be changed by a writing signed by the parties specifically referencing this ELA; (c) shall be interpreted in accordance with the federal laws of the United States of America; and (d) is not assignable, in whole or in part, by either party. Any prohibited assignment is null and void. Failure by either party to enforce any term hereof shall not be deemed a waiver. All claims arising out of or relating to this ELA shall be resolved in accordance with the Contracts Disputes Act of 1978. In the event any provision of this EULA is declared invalid, the remainder shall continue in binding effect."

5. LICENSES AND CONDITIONS

5.1 Perpetual License. Subject to the terms and conditions of this Agreement and the license and payment terms of the relevant Purchase Order, and only when a Perpetual License is purchased under a valid Purchase Order, EXAGRID hereby grants to CUSTOMER a limited, revocable, non-exclusive, personal, non-transferable license under EXAGRID intellectual property rights to use the EXAGRID Software for CUSTOMER's internal business purposes solely upon and in connection with each System (or its temporary or permanent replacement) for which applicable Perpetual License fees have been paid. The EXAGRID Software supplied to CUSTOMER includes proprietary information owned by EXAGRID or its third party licensors and is provided to CUSTOMER solely under the license granted under this Section 5.1, and not by sale. EXAGRID and its third party licensors will continue to own their respective interests. Except for the express licenses granted herein, EXAGRID reserves all other rights to its intellectual property.

5.2 Subscription License. Subject to the terms and conditions of this Agreement and the license and payment terms of the relevant Purchase Order, and only when a Subscription License is purchased under a valid Purchase

Order, EXAGRID hereby grants to CUSTOMER, during the term of this Agreement, a limited, revocable, non-exclusive, personal, non-transferable license under EXAGRID intellectual property rights to use the EXAGRID Software for CUSTOMER's internal business purposes solely upon and in connection with each System (or its temporary or permanent replacement) for which applicable Subscription License fees have been paid. The EXAGRID Software supplied to CUSTOMER includes proprietary information owned by EXAGRID or its third party licensors and is provided to CUSTOMER solely under the license granted under this Section 5.2, and not by sale. EXAGRID and its third party licensors will continue to own their respective interests. Except for the express licenses granted herein, EXAGRID reserves all other rights to its intellectual property.

5.3 Changes to EXAGRID Software. EXAGRID reserves the right to make changes to any EXAGRID Software whenever such changes: (a) are required for safety; (b) facilitate performance in accordance with specifications; or (c) represent substitutions and modifications in accordance with applicable product performance specifications, provided however that such changes shall not impede CUSTOMER's use of any EXAGRID Software.

5.4 Limitation of Rights. CUSTOMER shall not itself, or through any affiliate, agent, or third party: (a) disassemble, reverse engineer, or decompile the EXAGRID Software or otherwise attempt to derive source code from it, except to the extent applicable laws specifically prohibit such restrictions; (b) modify, adapt, translate, or create derivative works based upon the EXAGRID Software; (c) transfer, lease, loan, sublicense, sell, resell for profit, distribute, or otherwise grant any rights in the EXAGRID Software in any form to any other party; or (d) use the EXAGRID Software on a commercial time-sharing, rental, or service bureau basis, or in any manner or for any purpose other than as described in the System documentation. CUSTOMER shall only have the rights with respect to the EXAGRID Software expressly set forth in this Agreement; all other rights are expressly reserved to EXAGRID and its licensors.

5.5 Reservation of Rights. CUSTOMER acknowledges that the EXAGRID Software, and all trade secret, copyright, patent, trademark, trade name, and other intellectual and proprietary rights in the EXAGRID Software, are and at all times shall remain the valuable property of EXAGRID and its licensors, or their respective successors or assigns. CUSTOMER agrees that, except as provided in this Section 5, nothing contained in this Agreement shall be construed as granting or conferring by implication, estoppel, or otherwise, any license or right under any patent, trademark, copyright, or other proprietary right, whether now existing or hereafter obtained, and no such license or other right shall arise from this Agreement or from any acts or omissions in connection with the execution of this Agreement or the performance of the obligations of the parties.

5.6 Use of Trademarks; Additional Technology. CUSTOMER agrees: (a) to respect and observe and not to alter, remove, or conceal any copyright, trademark, trade name, or other proprietary marking that may appear on or in the EXAGRID Software; and (b) that CUSTOMER is responsible for itself obtaining any additional software, hardware, or technologies not provided by EXAGRID under this Agreement and required to operate the Systems, including but not limited to communications devices and Internet access services.

5.7 Third Party Software. EXAGRID will redistribute certain Third Party Software to CUSTOMER for CUSTOMER's use with Systems. As a condition of its use of the Third Party Software, CUSTOMER agrees to familiarize itself with the conditions and restrictions required of software users by the owners of such Third Party Software as set forth in <http://www.exagrid.com/thirdparty/exagridthirdpartylicenseagreements.asp>. Nothing herein shall bind the Ordering Activity to any Third Party terms unless the terms are provided for review and agreed to in writing by all parties.

6. SERVICES

6.1 Availability. All Services shall be provided to CUSTOMER by EXAGRID. CUSTOMER may purchase Services from EXAGRID or Reseller in accordance with the terms and prices of EXAGRID's then current published Services offerings in accordance with the terms and prices of the GSA Schedule Contract. EXAGRID will not be responsible for providing Services for: (i) any Third Party Software, or hardware; or (ii) any EXAGRID Software that is not configured in accordance with the specifications set forth in the applicable Purchase Order.

6.2 Conditions. Services to be provided by EXAGRID under this Agreement require cooperation between CUSTOMER and EXAGRID, and CUSTOMER recognizes and accepts certain responsibilities. These CUSTOMER responsibilities include but are not limited to: (i) providing EXAGRID with specific details regarding CUSTOMER's business requirements and operating procedures as they relate to the application of the Services to be performed by EXAGRID; and (ii) proper installation of and timely access to all necessary computer hardware, facilities, and software in accordance with mutually agreeable and reasonable schedules.

7. LIMITED WARRANTY

7.1 EXAGRID Software. EXAGRID warrants that the EXAGRID Software for which a license is purchased by CUSTOMER as part of a System will for a period of ninety (90) days from the date of shipment perform substantially as specified in the applicable System documentation. If CUSTOMER satisfactorily demonstrates to EXAGRID within such ninety (90) day period that the EXAGRID Software contains errors, then as EXAGRID's sole and exclusive liability and as CUSTOMER's sole and exclusive remedy, EXAGRID shall at its sole option use commercially reasonable efforts to correct the EXAGRID Software errors reported by CUSTOMER or replace the EXAGRID Software with substantially conforming software. EXAGRID does not warrant the results of its correction or replacement services. Correction or replacement under the immediately preceding sentence, and the issuance of any corrections, patches, bug fixes, workarounds, upgrades, enhancements, or Updates by EXAGRID to CUSTOMER, shall not be deemed to begin a new, extended, or additional warranty period.

7.2 No Other Warranties.

(i) THE LIMITED WARRANTY IN SECTION 7.1 ABOVE IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, WRITTEN OR ORAL, INCLUDING WITHOUT LIMITATION, ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT, AND ANY WARRANTY ARISING BY STATUTE OR OTHERWISE IN LAW, OR FROM A COURSE OF DEALING OR USAGE OF TRADE. EXAGRID SPECIFICALLY BUT WITHOUT LIMITATION DOES NOT WARRANT THAT: (A) THE EXAGRID SOFTWARE SHALL MEET ALL OF CUSTOMER'S REQUIREMENTS OR SHALL OPERATE IN ALL THE COMBINATIONS WHICH MAY BE SELECTED FOR USE BY CUSTOMER; (B) THE OPERATION OF THE EXAGRID SOFTWARE SHALL BE ERROR-FREE OR UNINTERRUPTED; OR (C) ALL ERRORS OR DEFECTS IN THE EXAGRID SOFTWARE SHALL BE CORRECTED. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OF IMPLIED WARRANTIES SO THAT THE ABOVE EXCLUSIONS MAY NOT APPLY TO CUSTOMER. THIS WARRANTY GIVES CUSTOMER SPECIFIC LEGAL RIGHTS. CUSTOMER MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM JURISDICTION TO JURISDICTION.

(ii) ALL HARDWARE, THE THIRD PARTY SOFTWARE AND ANY EVALUATION SYSTEM ARE PROVIDED TO CUSTOMER "AS IS" WITHOUT WARRANTY OF ANY KIND BY EXAGRID, INCLUDING BUT NOT LIMITED TO ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT. Except for Evaluation Systems, in cases in which EXAGRID's vendors or licensors permit EXAGRID to pass through any warranties of such vendors or licensors to CUSTOMER, EXAGRID will use commercially reasonable efforts to help CUSTOMER accomplish such pass through, provided that CUSTOMER shall be responsible for all necessary charges or fees and for taking whatever actions are required on its part, and that any warranties passed through shall not be deemed to originate from or be binding on EXAGRID.

(iii) No representation or other affirmation of fact, whether made by EXAGRID employees, EXAGRID Agents, or otherwise, shall be deemed a warranty by EXAGRID for any purpose or give rise to any liability of EXAGRID whatever unless contained in this Agreement.

8. INFRINGEMENT

8.1 Indemnity by EXAGRID. If a third party acting against CUSTOMER claims, threatens to claim, or obtains a judicial or administrative determination that the EXAGRID Software infringes its U.S. patent, copyright, or trade secret rights, EXAGRID shall have the option, at its own expense and at its sole option, to: (i) intervene to defend CUSTOMER at EXAGRID's expense and pay all damages that a tribunal finally awards; (ii) obtain for CUSTOMER the right to continue using the infringing item; (iii) replace the infringing item or modify it so that it shall become non-infringing with no substantial degradation; or (iv) remove the infringing portion of the EXAGRID Software and refund the proportional license fee that CUSTOMER paid for such portion, pro rata, on a five-year straight-line depreciation basis, provided that CUSTOMER promptly notifies EXAGRID in writing of the claim, and allows EXAGRID to control, and cooperate with EXAGRID in, the defense and any related settlement negotiations. Nothing contained herein shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute 28 U.S.C. §516. In no event shall EXAGRID's liability under this Section 8 exceed the amount paid by CUSTOMER to EXAGRID for any allegedly infringing products.

8.2 Exception. Notwithstanding the provisions of Section 8.1 above, EXAGRID shall have no obligation to CUSTOMER for any claim arising from the license or use of any EXAGRID Software: (i) that has been modified by a party other than EXAGRID; (ii) used to practice any process, or used in combination with other products not provided by EXAGRID where such infringement would not have occurred but for such use in combination with such other products; (iii) from failure of CUSTOMER to use updated EXAGRID Software provided by EXAGRID for avoiding such infringement; or (iv) that is part of any Evaluation System. EXAGRID shall not be bound by any settlement of any charge of infringement made without the prior written consent of EXAGRID.

8.3 Reserved.

8.4 Limitation. THIS SECTION 8 STATES THE ENTIRE LIABILITY OF EXAGRID, EXAGRID AGENTS, AND EXAGRID LICENSORS TO CUSTOMER AND ANY AND ALL THIRD PARTIES, WHETHER FOR DAMAGES OR OTHERWISE, FOR INFRINGEMENT OF ANY COPYRIGHT, PATENT, TRADE SECRET, OR OTHER INTELLECTUAL PROPERTY RIGHT WITH RESPECT TO ANY PRODUCT OR SERVICES FURNISHED BY EXAGRID UNDER THIS AGREEMENT.

9. LIMITATION OF LIABILITY

9.1 Limitation. It is expressly agreed that each party's maximum liability for damages to the other party under or in connection with this Agreement, regardless of the form of legal action, whether in contract or in tort, shall in no event exceed the actual payments received by EXAGRID or Reseller for the EXAGRID Software, Systems, or Services that caused such damage or that are directly related to the cause of action, except that no such limitation on damages shall apply to losses due to CUSTOMER's violation of EXAGRIDS intellectual property rights or breach of any of the licenses, license restrictions, or confidentiality obligations set forth in this Agreement. The foregoing limitation of liability shall not apply to (1) personal injury or death resulting from Licensor's negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

9.2 No Consequential Damages. IN NO EVENT SHALL EITHER PARTY BE LIABLE FOR SPECIAL, INDIRECT, OR CONSEQUENTIAL DAMAGES, INCLUDING, BUT NOT LIMITED TO, LOSS OF PROFITS, LOSS OF REVENUE, LOSS OF USE, OR LOSS OF DATA, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH LOSS, OR, IF REASONABLY FORESEEABLE, INCURRED BY THE OTHER PARTY OR CLAIMED AGAINST THE OTHER PARTY BY ANY OTHER PARTY, EXCEPT THAT NO SUCH LIMITATIONS ON CONSEQUENTIAL DAMAGES SHALL APPLY IN THE EVENT OF VIOLATION OF EXAGRIDS INTELLECTUAL PROPERTY RIGHTS OR BREACH BY CUSTOMER OF ANY OF THE LICENSES, LICENSE RESTRICTIONS, OR CONFIDENTIALITY OBLIGATIONS CONTAINED IN THIS AGREEMENT. EXAGRIDS LIABILITY FOR DEATH OR PERSONAL INJURY RESULTING FROM THE NEGLIGENCE OF EXAGRID OR THAT OF ITS EMPLOYEES OR AGENTS OR IN RELATION TO ANY OTHER LIABILITY THAT MAY NOT BY APPLICABLE LAW BE EXCLUDED OR LIMITED IS NOT EXCLUDED OR LIMITED AND NOTHING IN THIS AGREEMENT SHALL BE CONSTRUED AS AN ATTEMPT TO EXCLUDE OR LIMIT SUCH LIABILITY.

10. TERM; TERMINATION

10.1 Perpetual License Term. To the extent the applicable Purchase Order specifies that the EXAGRID Software is subject to a Perpetual License, this Agreement shall be effective from the Effective Date, and shall continue in full force and effect for a period of one (1) year thereafter. This Agreement may be renewed upon its anniversary date for successive one (1) year periods by exercising an option, or by both parties executing a new purchase order in writing. After the initial one year term, either party may, at its discretion, terminate this Agreement at any time by notifying the other party of its decision to terminate in writing not less than thirty (30) days prior to the proposed termination date.

This Agreement may be renewed for one (1) year terms following: (i) receipt by Reseller, of a Purchase Order renewing such Subscription License; and (ii) timely payment of any Subscription License payment or fee due therefor, unless and until terminated as set forth elsewhere in this Agreement.

10.3 General.

When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, EXAGRID shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer.

10.4 Consequences. In the event of expiration or termination of this Agreement for any reason, CUSTOMER shall promptly: (i) discontinue all use of the EXAGRID Software; (ii) erase or destroy any EXAGRID Software

contained in the computer memory or data storage apparatus under the control of CUSTOMER; (iii) return to EXAGRID all copies of the EXAGRID Software provided by EXAGRID in CUSTOMER's possession; and (v) certify in writing to EXAGRID, within thirty (30) days of termination of this Agreement, that CUSTOMER has complied with the foregoing.

11. SPECIAL TERMS APPLICABLE TO EVALUATION SYSTEMS ONLY

11.3 System Loan. EXAGRID shall loan the Evaluation System to CUSTOMER at no charge. Title to the Evaluation System shall at all times remain in EXAGRID and its licensors.

11.4 CUSTOMER Responsibilities.

11.4.1 CUSTOMER shall: (i) provide appropriate space in its facility for the Evaluation System, including necessary electrical and communications connections; (ii) be responsible for the proper use and deployment of the Evaluation System, and for training anyone using the Evaluation System on its proper use in accordance with any System use procedures; (iii) use the Evaluation System solely for the limited purposes of conducting its own internal tests to evaluate the performance and functionality of the Evaluation System in CUSTOMER's internal business environment or for CUSTOMER's business purposes; (iv) make the Evaluation System available for maintenance and support purposes as requested by EXAGRID on a reasonable basis, subject to mutual agreement between the parties on scheduling; (v) take appropriate action, by means of agreement, instruction or otherwise, with respect to its employees or other third parties permitted access to the Evaluation System in furtherance of its permitted use to ensure that all of its obligations under this Agreement are satisfied; and (vi) return the Evaluation System to EXAGRID at the conclusion of the evaluation in the same condition in which it was delivered, normal wear and tear excepted.

This risk allocation reflects the lack of charges for the use of the Evaluation System.

11.7 Confidentiality

11.7.1 Each party acknowledges that by reason of its relationship to the other party under this Agreement it may have access to certain information and material concerning the other party's business, plans, customers, technology, and products that are confidential and of substantial value to the disclosing party ("Information"), which value would be impaired if such Information were disclosed to third parties. Each party agrees to maintain all Information received from the other, both orally and in writing, in confidence and agrees not to disclose or otherwise make available such Information to any third party without the prior written consent of the disclosing party. Each party further agrees to use the Information only for the purpose of performing this Agreement. No Information shall be deemed confidential unless so marked if given in writing or, if given orally, identified as confidential orally prior to disclosure, except that CUSTOMER agrees that any Information in whatever form relating to: (i) the design, functionality, operational methods or coding of EXAGRID Software, including but not limited to any complete or

partial source or object code versions; and (ii) performance information, test results or analyses created by or for CUSTOMER (including, without limitation, benchmarks) relating to the Evaluation System, shall be deemed confidential Information of EXAGRID regardless of the presence or absence of any confidential markings or identification.

11.7.2 The parties obligations of non-disclosure under this Agreement shall not apply to Information that the receiving party can demonstrate: (i) is or becomes a matter of public knowledge through no fault of or action by the receiving party; (ii) was rightfully in the receiving party's possession prior to disclosure by the disclosing party; (iii) subsequent to disclosure, is rightfully obtained by the receiving party from a third party who is lawfully in possession of such Information without restriction; or (iv) except as otherwise provided in Section 11.7.1(ii) above, is independently developed by the receiving party without resort to Information. EXAGRID recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which may require that certain information be released, despite being characterized as "confidential" by the vendor.

11.7.3 Whenever requested by a disclosing party, a receiving party shall immediately return to the disclosing party all manifestations of the Information or, at the disclosing party's option, shall destroy all such Information as the disclosing party may designate. Recipient's obligation of confidentiality shall survive this Agreement.

11.8 **Consequences of Termination.** In the event of termination of this Agreement or the evaluation for any reason, CUSTOMER shall promptly: (i) discontinue all use of the Evaluation System; (ii) erase or destroy any EXAGRID Software and CUSTOMER data contained in the computer memory or data storage apparatus under the control of CUSTOMER; (iii) return to EXAGRID all copies of the EXAGRID Software provided by EXAGRID in CUSTOMER's possession; and (iv) promptly make the Evaluation System available for removal by EXAGRID.

11.9 **Conversion to Purchase.** In the event CUSTOMER elects to purchase the Evaluation System prior to its removal by EXAGRID, CUSTOMER shall do so in accordance with the provisions of Sections 2 and 4 above and the terms and conditions of this Agreement (or an applicable written EXAGRID agreement or Purchase Order provided by an EXAGRID Agent) shall govern such purchase.

If the communication is from CUSTOMER to EXAGRID, it shall be addressed to "Attn: President." If the communication is from EXAGRID to CUSTOMER, it shall be addressed to the Chief Executive Officer of CUSTOMER.

12.2 **Assignment.** The parties may not assign, delegate or otherwise transfer this Agreement or any of its licenses, rights or duties under this Agreement, whether by operation of law or otherwise, without the prior written consent of the other party. Any attempt to transfer or assign this Agreement without such written consent will be null and void.

12.3 **Waiver.** The failure of either party to enforce in any one or more instances any of the terms and conditions of this Agreement shall not be construed as a waiver of future performance of any such term or condition. Waiver of any term or condition shall only be deemed to have been made if expressed in writing by the party granting such waiver.

12.4 **Severability.** If any provision of this Agreement shall be held by a court of law of competent jurisdiction to be illegal, invalid, or unenforceable, that provision shall be reformed, construed, and enforced to the maximum extent permissible and the remaining provisions shall remain in full force and effect.

12.5 **Governing Law and Jurisdiction.** This Agreement shall be governed by and construed under the Federal laws of the United States.

The United Nations Convention on Contracts for the International Sale of Goods does not apply.

12.6 Entire Agreement. This Agreement and its Attachments, any separate agreement referenced in Sections 1.3 and 11.1, and the Third Party Software restrictions and conditions referred to in Section 5.3 above, together with the underlying GSA Schedule Contract, Schedule Pricelist, Purchase Order(s), constitute the entire understanding between the parties, and supersede all prior discussions, representations, understandings or agreements (including any pre-existing nondisclosure agreement, except as to its surviving terms), whether oral or in writing, between the parties with respect to the subject matter of this Agreement. In the event of any conflict between the terms of this Agreement and terms other than quantity, price, and the like set forth in an accepted Purchase Order, the terms of the Purchase Order shall prevail. Any modification or amendment to this Agreement must be in writing and signed by authorized representatives of both parties. Except as otherwise provided in Section 5.3 above, any item or service furnished by EXAGRID in furtherance of this Agreement, although not specifically identified in it or in a Purchase Order referencing this Agreement, shall nevertheless be covered by this Agreement unless specifically covered by some other written agreement executed by CUSTOMER and an authorized representative of EXAGRID. The headings and captions used in this Agreement are for convenience only, and shall not affect the interpretation of the provisions of this Agreement.

12.7 U.S. Government Restricted Rights. In the event that CUSTOMER is an agency of the United States Government, or that the license granted under this Agreement is pursuant to a contract with either a defense or civilian agency of the United States Government, CUSTOMER agrees that the EXAGRID Software is provided with restricted rights and that the EXAGRID Software and all other software that forms a part of any System is a "commercial item," as that term is defined in 48 C.F.R. 2.101, consisting of "commercial computer software" and "commercial computer software documentation," as such terms are used in 48 C.F.R. 12.212. Consistent with 48 C.F.R. 12.212, all U.S. Government End Users acquire the EXAGRID Software with only those rights set forth in those C.F.R. provisions or equivalent and in this Agreement.

12.8 Export Control. CUSTOMER agrees to comply with all applicable export and re-export control laws and regulations, including the Export Administration Regulations ("EAR") maintained by the United States Department of Commerce. CUSTOMER agrees to indemnify EXAGRID, to the fullest extent permitted by law, from and against any fines or penalties that may arise as a result of CUSTOMER's breach of this provision. This export control clause shall survive termination of this Agreement.

12.9 Use of Customer Name. EXAGRID may include CUSTOMER's name as an EXAGRID customer in a list of representative customers to the extent permitted by the General Services Acquisition Regulation (GSAR) 552.203-71. EXAGRID agrees to display the CUSTOMER's name or logo in compliance with any publishing standards defined by CUSTOMER. Prior to developing and publicizing any profile, case study or similar document published on EXAGRID's Web site or in hardcopy describing how EXAGRID's products are used by CUSTOMER, EXAGRID Software agrees to obtain CUSTOMER's specific approval.

12.10 Independent Contractors. The relationship of EXAGRID and CUSTOMER established by this Agreement is that of independent contractors, and nothing contained in the Agreement will be construed to constitute the parties as partners, joint venturers, co-owners, or otherwise as participants in a joint or common undertaking. For a period of one year following the completion of any Services performed for CUSTOMER under this Agreement, CUSTOMER shall not directly or indirectly employ, solicit for employment, or contract with any EXAGRID personnel performing Services for CUSTOMER under this Agreement.

Products offered by Honeywell Safety and Productivity Solutions are covered for a defined period of time with a Limited Warranty. Honeywell extends this warranty only to the first end-user of the product. This warranty is non-transferable. This warranty covers each product and warrants them to be free from defects in workmanship, under normal use and service, for the defined period of time from the date of purchase by the first end-user. Under this warranty, Honeywell will repair or replace, at its option, any unit that fails to perform according to Honeywell' published specifications during the warranty period.

What's not covered by the warranty?

The warranty does not cover software or damage to the product caused by modification, alteration, misapplication, misuse of, or physical abuse to the product; or damage due to repair or service to the product by anyone other than an Authorized Honeywell Safety and Productivity Solutions Service Center. This warranty also excludes any damage to the product caused by circumstances outside of Honeywell' control, such as, but not limited to, lightning or fluctuation in electrical power.

Acquiring warranty service

Should the product prove to be defective within the warranty period, return the product, as described in the RMA procedures that follow, and Honeywell will, at its option, repair or replace the product, to whatever extent Honeywell deems necessary to restore the product to proper operating condition, without any charge to you.

If you purchased the product from an Authorized Honeywell Reseller, contact the Reseller with the unit's serial number. Your Reseller will contact Honeywell, on your behalf, to arrange for the unit to be serviced.

If you purchased the product directly from Honeywell, or have been instructed by your Reseller to contact Honeywell Safety and Productivity Solutions directly, call the Customer Service Department in your area to request a Repair Maintenance Authorization (RMA) number. Failure to obtain an RMA number before shipping your product to the repair facility will delay the processing of your repair.

When calling for service at any of our repair facilities, please be prepared to give the following information:

Customer ID

Product's type

Brief description of problem

Serial Number and/or Date Code and/or dated Proof-of-Purchase.

(Serial numbers and/or date codes are found in various places on our products. Please have your unit in hand when you call, and a representative will help you find the number or date code.)

If your equipment is still covered under the initial end user's product warranty, please notify the Customer Service Representative when you call. For your protection, we recommend you insure any equipment being sent to Honeywell. Place the product in its original packaging with a copy of your original invoice to avoid possible service delays and ship the product prepaid to the appropriate address. Please ensure that the RMA number is clearly visible on the address label.

HP Warranty Information

This document contains warranty information for HP products, including Compaq, Digital and Tandem branded products.

Note: Some products detailed are normally only supported directly by the HP Customer Services organisation. This document provides summary information. Please refer to the warranty statement shipped with product for a detailed explanation of the warranty terms associated with a particular product.

Limited warranty

This Limited Warranty applies only to HP-branded and Compaq-branded hardware products (collectively referred to in this document as "HP Hardware Products") sold by or leased from Hewlett-Packard Company, its worldwide subsidiaries, affiliates, authorized resellers, or country distributors (collectively referred to in this Limited Warranty as "HP") with this Limited Warranty. The term "HP Hardware Product" is limited to the hardware components and required firmware. The term "HP Hardware Product" DOES NOT include any software applications or programs; non-HP products or non-HP branded peripherals. All non-HP products or non-HP branded peripherals external to the HP Hardware Product— such as external storage subsystems, displays, printers and other peripherals— are provided "AS IS" without HP warranty. However, non-HP manufacturers and suppliers, or publishers may provide their own warranties directly.

HP guarantees that the HP Hardware Products that you have purchased or leased from HP are free from defects in materials or workmanship under normal use during the Limited Warranty Period. The Limited Warranty Period starts on the date of purchase or lease from HP. Your dated sales or delivery receipt, showing the date of purchase or lease of the product, is your proof of the purchase or lease date. You may be required to provide proof of purchase or lease as a condition of receiving warranty service. You are entitled to hardware warranty service according to the terms and conditions of this document if a repair to your HP Hardware Product is required within the Limited Warranty Period.

During the Limited Warranty Period, HP will, at its discretion, repair or replace any defective component. All component parts or hardware products removed under this Limited Warranty become the property of HP. In the unlikely event that your HP Hardware Product has recurring failures, HP, at its sole discretion, may elect to provide you with (a) a replacement unit of HP's choosing that is the same or equivalent to your HP Hardware Product in performance or (b) to give you a refund of your purchase price or lease payments (less interest) instead of a replacement. This is your exclusive remedy for defective products.

It is mandatory that the unit product number and serial number be made available when requesting a warranty service event. Failure to do so may result in the event being deemed out of warranty by HP or, HP's Authorised Service Providers, and therefore chargeable to the requester.

Unless otherwise stated, and to the extent permitted by local law, new HP Hardware Products may be manufactured using new materials or new and used materials equivalent to new in performance and reliability. HP may repair or replace HP Hardware Products (a) with new or previously used products or parts equivalent to new in performance and reliability, or (b) with equivalent products to an original product that has been discontinued. Replacement parts are warranted to be free from defects in material or workmanship for ninety (90) days or, for the remainder of the Limited Warranty Period of the HP Hardware Product they are replacing or in which they are installed, whichever is longer.

Notes:

- Products external to the system processor (CPU) box, such as external storage subsystems, printers and other peripherals, are covered by the applicable warranty for those products or options.
- An effective repair does not necessarily require the replacement of a defective part. For example, cleaning the heads of a floppy drive or updating revision levels of ROM BIOS on a PCA board are activities that in many instances deliver an effective repair.
- BIOS/Firmware upgrades are not covered under the basic warranty Terms & Conditions. Firmware that is an integral part of the option hardware board is not automatically upgraded

when new versions of firmware are released.

Where a specific hardware product problem is found to be caused by a superseded BIOS/firmware revision on an HP component, HP will either bring the firmware up to the latest revision, by exchanging the affected component under warranty, or will recommend that the customer upgrade the firmware using Flash-ROM where appropriate. It is essentially the responsibility of the customer to:

1. Ensure that their software is compatible with the latest BIOS/firmware revision.
 2. Upgrade their firmware to keep it synchronised with the new software releases.
- HP fully understands the concerns raised by customers with regards to the security of any data which may be contained on a hard disk being sent for repair. HP's procedures for handling these items start by acknowledging that all such disks may contain sensitive business or technological information and that all appropriate security is in place to safeguard that information.
1. The procedure for handling returned units is as follows:
 2. The documents accompanying a returned item, record the Authorised Service Provider name and ID number, the serial number of the machine it was removed from and a description of the fault.
 3. Using the first two pieces of information for warranty verification only, the unit is then transferred to HP in Scotland, where it is mixed with units from all over Europe, Middle East and Africa for return to the repair vendor.
 4. The repair of the item in no way depends on HP's ability to read any user data contained on the disk.
 5. During the testing/repair cycle, the disks will have a destructive pattern written onto them that will erase all previously held user data.
 6. If the media is damaged, it is removed and scrapped.

Note: HP does not support the use of degaussers to erase data on the disks. Doing so will invalidate the warranty as the degaussing will also erase other data on the disk which is required to format the disk and ensure it operates appropriately, for example sector alignment data, error correction logic, bad sector files and the geometry of the drive.

Even with the above processes, customers may still be reluctant to return defective disks due to confidential data contained on the disks. Customers who wish to retain the original disk will be required to purchase a replacement disk to affect the repair or, purchase the "Defective Material Retention" service offer.

- All marking and/or branding of HP products must be removable. If the marked or branded product can not be refurbished by HP for use (eg. the branding or tagging removed), then the customer may require to purchase a replacement part or unit. Where marking and/or branding cannot be removed, then the Part credit element of a service event may not be paid.

Exclusions

HP does not guarantee that the operation of this product will be uninterrupted or error-free. HP is not responsible for damage that occurs as a result of your failure to follow the instructions intended for the HP hardware product.

This Limited Warranty does not apply to expendable or consumable parts and does not extend to any product from which:

The serial number has been removed, damaged or rendered defective;

- (a) as a result of accident, misuse, abuse, contamination, improper or inadequate maintenance or calibration or other external causes;
- (b) by operation outside the usage parameters stated in the user documentation that shipped with the product (including burned monitor screens and incorrect input voltage);
- (c) by software, interfacing, parts or supplies not supplied by HP

- (d) improper site preparation or maintenance
- (e) virus infection
- (f) loss or damage in transit
- (g) by modification or service by anyone other than
 - (i) HP
 - (ii) an HP authorized service provider
 - (iii) your own installation of end-user replaceable HP or HP approved parts if available for your product in the servicing country or region.

HP IS NOT RESPONSIBLE FOR DAMAGE TO OR LOSS OF ANY PROGRAMS, DATA, OR REMOVABLE STORAGE MEDIA. HP IS NOT RESPONSIBLE FOR THE RESTORATION OR REINSTALLATION OF ANY PROGRAMS OR DATA OTHER THAN SOFTWARE INSTALLED BY HP WHEN THE PRODUCT IS MANUFACTURED.

Before returning any unit for service, be sure to back up data and remove any confidential, proprietary, or personal information..

HP is not responsible for any interoperability or compatibility issues that may arise when (1) products, software, or options not supported by HP are used; (2) configurations not supported by HP are used; (3) parts intended for one system are installed in another system of different make or model

Limitation of liability

If the HP hardware product fails to work as warranted above, HP's maximum liability under the limited warranty is expressly limited to the lesser of the price paid for the product or the cost of repair or replacement of any hardware components that malfunction in conditions of normal use. Except as indicated above, in no event will HP be liable for any damages caused by the product or the failure of the product or perform, including any lost profits or savings, business interruption, loss of use or any other commercial or economic loss of any kind, or special, incremental, or consequential damages. HP is not liable for any claim made by a third party or made by you for the third party. This limitation of liability applies whether damages are sought, or a claim made, under this limited warranty or as a tort claim (including negligence and strict product liability), a contract claim or any other claim. This limitation in liability cannot be waived or amended by any person. This limitation of liability will be effective even if you have advised HP, or an authorized representative of HP, of the possibility of any such damages or even if such possibility were reasonably foreseeable. This limitation of liability, however, will not apply to claims for personal injury.

This limited liability gives specific legal rights. You may also have other rights that may vary from state to state or from county to county. You are advised to consult applicable state or country laws for a full determination of rights.

If HP determines that damage/failure that exists is not covered by the warranty -- i.e. failure of Non-HP memory or options etc. -- the end user will be contacted to determine whether such damage/failure should be repaired for a charge or whether the Product should be returned to the end user as received. All associated transportation and handling costs are charged to the customer.

HP's warranty obligation extends only to products, options, and parts manufactured or distributed by HP, Compaq, Digital or Tandem under their respective brand names. HP in this statement is the sales subsidiary of Hewlett Packard Corporation in the country where the claim is first raised; if no subsidiary exists in the country, it is Hewlett Packard Corporation GmbH in Munich, Germany.

Customer responsibilities

To enable HP to provide the best possible support and service during the Limited Warranty Period, you will be required to:

- Maintain a proper and adequate environment, and use the HP Hardware Product in accordance with the instructions furnished.
- Verify configurations, load most recent firmware, install software patches, run HP diagnostics and utilities, and implement temporary procedures or workarounds provided by HP while HP works on permanent solutions.
- Allow HP to keep resident on your systems or sites certain system and network diagnosis and maintenance tools to facilitate the performance of warranty support (collectively referred to as "Proprietary Service Tools"); Proprietary Service Tools are and remain the sole and exclusive property of HP. Additionally, you will:
 - Use the Proprietary Service Tools only during the applicable warranty period and only as allowed by HP
 - Install, maintain, and support Proprietary Service Tools, including any required updates and patches
 - Provide remote connectivity through an HP-approved communications line, if required
 - Assist HP in running the Proprietary Service Tools
 - Use the electronic data transfer capability to inform HP of events identified by the software
 - Purchase HP-specified remote connection hardware for systems with remote diagnosis service, if required
 - Return the Proprietary Service Tools or allow HP to remove these Proprietary Service Tools upon termination of warranty support
 - Not sell, transfer, assign, pledge, or in any way encumber or convey the Proprietary Service Tools

In some cases, HP may require additional software such as drivers and agents to be loaded on your system in order to take advantage of these support solutions and capabilities.

- Use HP remote support solutions where applicable. HP strongly encourages you to use available support technologies provided by HP. If you choose not to deploy available remote support capabilities, you may incur additional costs due to increased support resource requirements.
- Cooperate with HP in attempting to resolve the problem over the telephone. This may involve performing routine diagnostic procedures, installing additional software updates or patches, removing third-party options, and/or substituting options.
- Make periodic backup copies of your files, data, or programs stored on your hard drive or other storage devices as a precaution against possible failures, alteration, or loss. Before returning any HP Hardware Product for warranty support, back up your files, data, and programs, and remove any confidential, proprietary, or personal information.
- Maintain a procedure to reconstruct your lost or altered files, data, or programs that is not dependent on the HP Hardware Product under warranty support.
- Notify HP if you use HP Hardware Products in an environment that poses a potential health or safety hazard to HP employees or subcontractors. HP may require you to maintain such products under HP supervision and may postpone warranty service until you remedy such hazards.
- Perform additional tasks as defined within each type of warranty service listed below and any other actions that HP may reasonably request in order to best perform the warranty support.

Types of hardware warranty service

Listed below are the types of warranty services that may be applicable to the HP Hardware Product you have purchased. For more details, refer to the "[Limited warranty period](#)" section.

Customer self repair

HP products are designed with many Customer Self Repair (CSR) parts to minimize repair time and allow for greater flexibility in performing defective parts replacement. If during the diagnosis period, HP identifies that the repair can be accomplished by the use of a CSR part, HP will ship that part directly to you for replacement. There are two categories of CSR parts:

- Parts for which customer self repair is mandatory. If you request HP to replace these parts, you will be charged for the travel and labor costs of this service.
- Parts for which customer self repair is optional. These parts are also designed for customer

self repair. If, however, you require that HP replace them for you, this may be done at no additional charge under the type of warranty service designated for your product.

Based on availability and where geography permits, CSR parts will be shipped for next business day delivery. Same-day or four-hour delivery may be offered at an additional charge where geography permits. If assistance is required, you can call the HP Technical Support Center and a technician will help you over the phone. HP specifies in the materials shipped with a replacement CSR part whether a defective part must be returned to HP. In cases where it is required to return the defective part to HP, you must ship the defective part back to HP within a defined period of time, normally five (5) business days. The defective part must be returned with the associated documentation in the provided shipping material. Failure to return the defective part may result in HP billing you for the replacement. With a customer self repair, HP will pay all shipping and part return costs and determine the courier/carrier to be used.

Parts only warranty service

Your HP Limited Warranty may include a parts only warranty service. Under the terms of parts only service, HP will provide replacement parts free of charge. If HP carries out the repair, labor and logistics costs are at your expense.

Advanced unit replacement warranty service

Your HP Limited Warranty may include an advanced unit replacement warranty service. Under the terms of the advanced unit replacement warranty service, HP will ship a replacement unit directly to you if the HP Hardware Product you purchased is diagnosed as defective. On receiving the replacement unit, you will be required to return the defective unit back to HP, in the packaging that arrives with the replacement unit, within a defined period of time, normally five (5) days. HP will incur all shipping and insurance costs to return the defective unit to HP. Failure to return the defective unit may result in HP billing you for the replacement unit.

Pick up and return warranty service

Your HP Limited Warranty may include a pick up and return warranty service. Under the terms of pick up and return service, HP will pick up the defective unit from your location, repair it, and return it to your location. HP will incur all repair, logistics, and insurance costs for this type of service.

Mail-in warranty service

Your HP Limited Warranty may include a mail-in warranty service. Under the terms of mail-in service, you will be required to ship your HP Hardware Product to an authorized service location for warranty repair. You must prepay any shipping charges, taxes, or duties associated with transportation of the product to the repair location. In addition, you are responsible for insuring any product you ship, and you assume risk of loss during shipping. HP will return the repaired product to you and incur all logistics and insurance costs to return the product to you.

Carry-in warranty service

Your HP Limited Warranty may include a carry-in warranty service. Under the terms of carry-in service, you will be required to deliver your HP Hardware Product to an authorized service location for warranty repair. You must prepay any shipping charges, taxes, or duties associated with transportation of the product to and from the service location. In addition, you are responsible for insuring any product shipped or returned to an authorized service location, and you assume risk of loss during shipping.

On-site warranty service

Your HP Limited Warranty may include an on-site warranty service. Under the terms of on-site service, HP may, at its sole discretion, determine if a defect can be repaired:

- Remotely
- By the use of a CSR part
- By a service call at the location of the defective unit

If HP ultimately determines that an on-site service call is required to repair a defect, the call will be scheduled during standard office hours unless otherwise stated for the HP Hardware Product you purchased. Standard office hours are typically 08:00 to 17:00, Monday through Friday, but may vary with local business practices. If the location of the defective unit is outside the customary service zone (typically 50km), response times may be longer or there may be additional charges. To locate the nearest HP authorized service provider, refer to the HP website at www.hp.com/support. In order to receive on-site support, you must:

- Have a representative present when HP provides warranty services at your site
- Notify HP if products are being used in an environment which poses a potential health or safety hazard to HP employees or subcontractors
- Subject to its reasonable security requirements, provide HP with sufficient, free, and safe access to and use of all facilities, information, and systems determined necessary by HP to provide timely support
- Ensure that all manufacturers labels (such as serial numbers) are in place, accessible, and legible
- Maintain an environment consistent with product specifications and supported configurations

Listed below are the types of warranty services that may be applicable to the HP Hardware Product you have purchased. For more details, refer to the "[Limited warranty period](#)" section.

Options limited warranty

The Limited Warranty terms and conditions for most HP-branded options (HP Options) are as set forth in the Limited Warranty applicable to the HP Option and are included in the HP Option product packaging. If your HP Option is installed in an HP Hardware Product, HP may provide warranty service for either the period specified in the warranty documents (HP Option Limited Warranty Period) that shipped with the HP Option or for the remaining warranty period of the HP Hardware Product in which the HP Option is being installed, whichever period is the longer unless stated otherwise in the "[Limited warranty period](#)" section. In all cases, the warranty period of the HP Option will not exceed three (3) years from the date you purchased the HP Option. The HP Option Limited Warranty Period starts from the date of purchase from HP or an HP authorized reseller. Your dated sales or delivery receipt, showing the date of purchase of the HP Option, is your warranty start date. See your HP Option Limited Warranty for more details. Non-HP options are provided "AS IS". However, non-HP manufacturers and suppliers may provide warranties directly to you.

Spare parts

All HP spare parts (see Notes 1 and 2 below) that are used to replace defective parts in a HP product are entitled to:

the remaining service period of the product in which it is installed; or
90 days parts replacement warranty, whichever is greater.

This may include free on-site repair if the HP product is entitled to on-site warranty. See Table - Warranty Services Table.

NOTE 1: The replacement spare part must be a genuine HP spare part.

NOTE 2: This does not include Spare Rechargeable Battery Packs, Spare Compaq Netelligent Products and Network Interface Cards, Microcom Integrated Access Devices, and Compaq External Modems (see below).

Spare Compaq Rechargeable Battery Packs are entitled to a 12 month Parts-only Warranty. Spare Compaq Netelligent, Compaq External Modems and Microcom Integrated Access Products are entitled to the remaining warranty of the replaced product as shown in Table. They do **not** adopt the remaining service period of the product to which they are connected and or any warranty services to which the product is entitled (this/which may include free on-site repair). Spare Netelligent Network Interface Cards receive lifetime Parts-only Warranty.

NOTE: Spare Part, provided that the replacement part is a genuine HP spare part, purchased to repair "Out of Warranty" machines are entitled to 90 days parts-only warranty from date of sale of the spare part to the End User. It is a requirement that an End User Proof of Purchase is provided when claiming spare part warranty. Validation of the spare part warranty will be made against this Proof of

Purchase. This may be dependent on local country legislation.

Under the HP Global Limited Warranty program, products may be purchased in one country/region and transferred to another country/region, where HP or its authorized service providers offer warranty service for the same product model number without voiding the warranty. Warranty terms, service availability, and service response times may vary from country to country or region to region. Standard warranty service response time is subject to change due to local parts availability. When the product has been transferred to another country it will be entitled to the same warranty as if the product had been purchased in the country to which it has been transferred.

One-Year WarrantyA limited one-year warranty applies to all Jabra mobile products.

Warranty termsLimited One (1) Year Warranty GN Netcom, Inc. / GN Netcom A/S ("GN") warrants this product to be free from defects in materials and workmanship (subject to the terms set forth below) for a period of one (1) year from the date of purchase ("Warranty Period"). During the Warranty Period, GN will repair or replace (at GN's sole discretion) this product or any defective parts ("Warranty Service"). If repair or replacement is not commercially practicable or cannot be timely made, GN may choose to refund to you the purchase price paid for the affected product. Repair or replacement under the terms of this Warranty does not give right to any extension or a new beginning of the period of warranty.

Claims under the Warranty To obtain Warranty Service, please contact the GN dealer from which you purchased this product or visit [Contact](#) for further information about customer support. You will need to return the product to the dealer in either its original packaging or packaging affording an equal degree of protection. The following information must be presented to obtain Warranty Service: (a) the product, (b) proof of purchase, which clearly indicates the name and address of the dealer, the date of purchase and the product type, and (c) reason for return. As part of GN's efforts to reduce environmental waste you understand that the product may consist of reconditioned equipment that contains used components, some of which have been reworked. The used components all live up to

GN's high quality standards and comply with GN's product performance and reliability specifications. You understand that replaced parts or components will become the property of GN.

Limitation of WarrantyThis Warranty is only valid for the original purchaser and will automatically terminate prior to expiration if this product is sold or otherwise transferred to another party. The warranty provided by GN in this statement applies only to products purchased for use, and not for resale. It does not apply to open box purchases, which are sold "as is" and without any warranty. Specifically exempt from warranty are limited-life consumable components subject to normal wear and tear, such as microphone windscreens, ear cushions, modular plugs, ear tips, decorative finishes, batteries, and other accessories. This Warranty is invalid if the factory-applied serial number, date code label, or product label has been altered or removed from the product. This Warranty does not cover defects or damages that result from: (a) improper storage, misuse or abuse, accident or neglect, such as physical damage (cracks, scratches, etc.) to the surface of the product resulting from misuse; (b) contact with liquid, water, rain, extreme humidity or heavy perspiration, sand, dirt or the like, extreme heat, or food; (c) use of the product or accessories for commercial purposes or subjecting the product or accessories to abnormal usage or conditions; or (d) other acts which are not the fault of GN. This Warranty does not cover damage due to improper operation, maintenance or installation, or attempted repair by anyone other than GN or a GN dealer which is authorized to do GN warranty work. Any unauthorized repairs will void this Warranty. This Warranty does not cover defects or damages that result from the use of non-GN branded or certified products, accessories, or other peripheral equipment, nor does this Warranty apply to products which have not been charged for six (6) months. If the battery in a product has not been charged for a period of six (6) months, the product might not function or regain its full potential and long-term performance. GN does not offer any warranty for such performance.

REPAIRS OR REPLACEMENTS AS PROVIDED UNDER THIS WARRANTY ARE THE EXCLUSIVE REMEDY OF THE BUYER. GN SHALL NOT BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES FOR BREACH OF ANY EXPRESS OR IMPLIED WARRANTY ON THIS PRODUCT. EXCEPT TO THE EXTENT PROHIBITED BY LAW, THIS WARRANTY IS EXCLUSIVE AND IN LIEU OF ALL OTHER EXPRESS AND IMPLIED WARRANTIES WHATSOEVER, INCLUDING BUT NOT LIMITED TO THE WARRANTY OF MERCHANTABILITY AND FITNESS FOR A PRACTICAL PURPOSE.

NOTE:This Warranty gives you specific legal rights. You may have other rights which vary from location to location. Some jurisdictions do not allow the exclusion or limitation of incidental or consequential damages or implied warranties, so the above exclusions may not apply to you. This Warranty does not affect your legal statutory rights under your applicable national or local laws. The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by GN Netcom A/S is under license. Other trademarks and trade names are those of their respective owners.

For North America the following terms also applyFCC:

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. Users are not permitted to make changes or modify the device in any way. Changes or modifications not expressly approved by Jabra (GN Netcom, Inc.) will void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will

not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device and its antenna must not be co-located or operating in conjunction with any other antenna or transmitter. This headset, like other radio devices, emits radio frequency electromagnetic energy. The level of energy emitted by this device, however, is less than the electromagnetic energy emitted by other wireless devices such as mobile phones. The headset operates within the guidelines found in radio frequency safety standards and recommendations. These standards and recommendations reflect the consensus of the scientific community and result from deliberations of panels and committees of scientists who continually review and interpret the extensive research literature.

JUNIPER EULA

**ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

JUNIPER NETWORKS, INC.

JUNIPER NETWORKS, INC. LICENSE, WARRANTY AND SUPPORT TERMS

1. **Definitions.** In this Attachment A and in the Entitlements (unless the Entitlement otherwise expressly provides), the following capitalized terms shall have the meaning set forth below:
- a. **“Authorized Users”** means the number of Users that Ordering Activity is licensed to have access to the Software.
 - b. **“Concurrent Users”** means the number of Users that Ordering Activity is licensed to have concurrently accessing the Software. If a single User connects to Software using multiple concurrent log-ins or connections, each such active logical connection or log-in is counted toward the number of Concurrent Users.
 - c. **“Ordering Activity”** or **“You”** means the legal entity or other business, governmental or not-for-profit organization that (A) is the original end user purchaser of a license to the Software from Juniper or a Juniper-authorized reseller, (B) accepts the terms of this Attachment A, and (C) is identified as Ordering Activity or end user in the applicable Entitlement or in the authorized reseller’s invoice for such license to the Software. If Software is lawfully received from Juniper or from an authorized reseller but there is no Entitlement, then “Ordering Activity” means the party that first so received the software from Juniper or its authorized reseller and accepts the terms of this Attachment A. (See Section 2.j, below, with respect to license limitations where there is no Entitlement.)
 - d. **“Device”** means any device such as a computer, handset, tablet, laptop, server, switch or router. A Device may also be a physical or virtual machine, hardware partition or blade.
 - e. **“Embedded Software”** means a copy of operating system software delivered embedded in or loaded onto Juniper hardware equipment when such equipment is sold by Juniper; PROVIDED, however, that no Separately Licensable Feature incorporated in such Embedded Software shall itself be deemed licensed along with the Embedded Software unless an Entitlement expressly so provides. If the Ordering Activity has an Entitlement to an Update of such Embedded Software, then such Update is itself deemed “Embedded Software” to the extent such Update would be deemed Embedded Software without regard to this sentence had it been delivered installed on the Juniper equipment.
 - f. **“End-point”** means any Device that terminates a network connection.
 - g. **“Entitlement”** means the set of documents issued by (or under authority granted by) Juniper that specify (i) the Software licensed (by Juniper product number), (ii) the license term, (iii) the Licensed Units, (iv) the authorized use, if any, (v) the Ordering Activity, and (vi) the GSA license fee charged, if any, and, if none is charged, the fact that the license was granted to Ordering Activity free-of-charge.
 - i. By way of illustration, “Entitlements” may be composed of, among other things, any of the following or combinations of the following, as long as together they meet the criteria of the preceding sentence: written agreement signed by Ordering Activity and Contractor, a product description in the Contractor GSA price list, a Contractor invoice, a Juniper-issued e-certificate, a Juniper-issued email transmitting authorization codes, as to Updates, or a Juniper website-posted Services Description Document.
 - h. **“Juniper”** means Juniper Networks (U.S.), Inc. and/or its authorized service representative(s) if Ordering Activity has acquired its license rights to the Software for use in North America, Central America or South America.
 - i. **“Licensed Unit”** means a unit of measure by which Ordering Activity’s licensed use of Software is limited, as specified in the Entitlement. Examples of Licensed Units include, but are not limited to, seats, users, sessions, calls, connections, subscribers, clusters, nodes, devices, links, ports, events or transactions. Licensed Units may also be based on throughput (such as gigabytes per second), performance, configuration, bandwidth, interfaces, processing, or geographic scope. Some Licensed Units are defined in this Section 1 and those definitions shall apply to all Entitlements except as otherwise expressly provided in such Entitlements. Such defined Licensed Units include: Authorized Users, Concurrent Users, Device, End-point, Managed Device, Subscriber, and User.
 - j. **“Managed Device”** is a Device that (1) is recognized by the Software as authorized to be configured, administered, managed, provisioned, monitored or otherwise acted upon by the Software or (2) has been configured, administered, managed, provisioned, monitored or otherwise acted upon by the Software.
 - k. **“Network”** means a set of networked Devices or other network elements of the Ordering Activity that are under the common management and operational control of Ordering Activity, and in the case of an internet service provider are located within a single country unless Ordering Activity’s Entitlement otherwise expressly provides.
 - l. **“Separately Licensable Feature”** means any module, feature, function, service, application, operation, or capability furnished in combination within other Software (herein, collectively, “feature”), which feature is separately licensable from Juniper or its authorized resellers for additional fee based upon then-current GSA

price list, whether such feature is 'locked' or key-restricted or even of the feature can be activated or used without a Juniper-issued product activation key.

- m. **“Software”** means an instance of a program, module, feature, function, service, application, operation, or capability of the Juniper or Juniper-supplied software either (i) identified in an Entitlement as licensed to Ordering Activity or (ii) made available to Ordering Activity by Juniper or a Juniper-authorized reseller for Evaluation Use. “Software” may also consist of an instance either of a Separately Licensable Feature distributed in combination with other Software and or of an Update of other Software.
 - n. **“Subscriber”** is a Device, individual, Ordering Activity billing record or other identity that is recognized by the Software as authorized (presently, in the past or in the future) to receive services, usage, access or content which were, are or could be provided, managed, distributed, provisioned, billed or otherwise enabled by the Software.
 - o. **“Subscription License”** means a license to Software with respect to which the Entitlement states a finite, fixed term of use for the Software and either identifies the license as a “subscription” or expressly includes the right to Updates throughout the fixed term of use without need to purchase a separate Support Contract.
 - p. **“Support Contract”** means a support services contract that includes rights to receive certain Updates of the Software, which contract is either (i) a Juniper-issued contract purchased by Ordering Activity either from Juniper or from a Juniper-authorized reseller, or (ii) a support services contract issued by a support services provider to Ordering Activity under authorization granted by Juniper.
 - q. **“Update”** means Software that is an update, upgrade, bug fix or other new releases of other Software. Updates are either **“Major Releases”** (meaning a revision of Software as determined by Juniper Networks to have significant additional functionality or improved performance) or **“Minor Releases”** (meaning a bug fix, maintenance release, service release or a revision of a software application as determined by Juniper Networks to be limited to minor additional functionality or corrections of errors). An Entitlement to Updates may for certain cases exclude Major Releases.
 - r. **“Usage Monitor”** means a network management appliance or application software furnished to Ordering Activity (or approved in writing) by Juniper for monitoring use of the Software.
 - s. **“User”** means Device, individual, Ordering Activity billing record or other identity usable to gain access to any Software functionality (whether or not such account is restricted to a particular Device). User may be an individual or another Device. In counting Users for purposes of measuring usage against the licensed number of “Authorized Users” or “Concurrent Users,” if a User can access the Software through another User each such User shall be counted separately.
2. **License Grant.** Subject to payment of the applicable GSA fees and subject to the terms of this Attachment A, Contractor grants to Ordering Activity a non-exclusive and non-transferable license, without right to sublicense, to use the Software, in executable form only, and only within the restrictions and subject to the conditions set forth in the Entitlement and those set forth in this Attachment A. Unless otherwise expressly provided in the Entitlement:
- a. **Embedded Software.** Ordering Activity shall use Embedded Software solely for execution on the unit of Juniper equipment originally delivered to Ordering Activity with such Software installed. Any Update of such Embedded Software that Ordering Activity has licensed under a Support Contract may be loaded and executed only on the Juniper equipment on which the originally licensed Embedded Software is authorized to execute. Further, if Ordering Activity also licenses any Separately Licensable Feature combined with or incorporated in the Embedded Software (whether in dormant or active form), Ordering Activity may use such Separately Licensable Feature only for execution on the Juniper equipment on which the Embedded Software is authorized to execute. The license term for any such Separately Licensable Feature or Update shall be as specified in its own Entitlement. Notwithstanding any other provision of this Attachment A, except as may otherwise be required by applicable law, no license is granted for installation or use of any Embedded Software or associated Update or Separately Licensable Feature on any Juniper equipment resold by anyone who is not an authorized reseller of such equipment.
 - b. **Single Instance/Single Device.** Except to the extent otherwise explicitly stated in the Entitlement (including, without limitation, where the Entitlement states that the license is a “Network License”) Ordering Activity shall use a single instance of the Software on a single Device and the quantity of all applicable Licensed Units shall be one (1).
 - c. **Non-transferability of Licensed Units.** Unless expressly permitted by the Entitlement, quantities of Licensed Units purchased separately are not allowed to be transferred or allocated between or among different licenses or instances of the Software.
 - d. **Separately Licensable Features and Updates.** Unless otherwise expressly stated in an Entitlement purchased by Ordering Activity, a license to a particular release of Software shall not entitle Ordering Activity to receive or use any Separately Licensable Feature delivered in combination with that Software or any Update of that Software.
 - e. **Network License.** If the Entitlement specifies that it is a Network License, Ordering Activity may allocate the applicable Licensed Units across the licensed number of Software instances provided that (i) such instances are all running on the Ordering Activity Network specified in Ordering Activity’s Entitlement; (ii) the total number of Licensed Units does not exceed the number licensed under that Entitlement and (iii) a Usage Monitor is used to

validate (i) and (ii) and to report such usage to Juniper. Ordering Activity shall not alter or disable the Usage Monitor at any time during the term of the network license and shall not disable, alter or destroy the Usage Monitor, its connection to Juniper or any data collected by such Usage Monitor. If the network license is granted as to a particular number of Licensed Units, then all licensed copies of the software in the Ordering Activity Network may not be used to support in the aggregate more than that number of Licensed Units.

- f. **Updates.** Except as expressly provided below in Section 2.f, below, with respect to Subscription Licenses or as otherwise expressly provided in an Entitlement or Support Contract, Ordering Activity shall have no rights in any Update to Software, nor any rights to support services associated with such Software.
 - g. **Subscription License.** In case of a Subscription License of Software, Contractor through Juniper Networks shall make available to Ordering Activity during the term of the Subscription License the Supported Updates (as defined below) solely for support of the Ordering Activity's licensed copy(ies) of such Software during the term of the Subscription License, subject to the terms and conditions set forth below:
 - i. As used herein, "Supported Updates" as of any particular time during the term of the Subscription License means any Update of such Software then available generally to Ordering Activities who have purchased a Subscription License to such Software.
 - ii. Rights in Supported Updates. For each Supported Update, the Ordering Activity's rights in such Update will be subject to the same terms, restrictions and conditions as apply to the Software (including without limitation the terms, restrictions or conditions on use set forth in this Attachment A and in any "Entitlement" as it applies to the Software).
 - h. Specific license terms applicable to particular products:
 - i. Junos Space Software. If this license is granted in fulfillment of a Ordering Activity purchase order (or associated fulfillment documentation) placed with Contractor or any Contractor-authorized reseller or support services provider (including any Operate Specialist) for any package of Junos Space Software, then Ordering Activity is authorized to use Junos Space in a networked environment on the Ordering Activity Network identified in the Entitlement solely to manage Devices in such Ordering Activity Network, but only to the extent of Licensed Units specified in the Entitlement. If, instead, Ordering Activity's license in a package of Junos Space Software is granted in fulfillment of a feature of a Support Contract, the scope of the license shall be as set forth in that Support Contract, an associated Service Description Document or another associated Entitlement.
 - ii. Steel-Belted Radius or Odyssey Access Client Software – Ordering Activity shall use such Software on a single computer containing a single physical random access memory space and containing any number of processors. Use of the Steel-Belted Radius or IMS AAA Software on multiple computers or virtual machines (e.g., Solaris zones) requires multiple licenses, regardless of whether such computers or virtualizations are physically contained on a single chassis.
 - 1. The Global Enterprise Edition of the Steel-Belted Radius Software may be used by Ordering Activity only to manage access to Ordering Activity's enterprise network. Specifically, service-provider Ordering Activities are expressly prohibited from using the Global Enterprise Edition of the Steel-Belted Radius Software to support any commercial network access services.
 - i. If the Entitlement specifies "Research and Development Use", then Ordering Activity may only use the Software in Ordering Activity's own internal lab activities for research and development, excluding (A) research and development activities conducted as a paid contractor on behalf of a third party, and (B) any use of Software supporting, or installed or incorporated in whole or in part in, a product or service made commercially available or supporting live network traffic in the ordinary course of Ordering Activity's business.
 - j. If the Entitlement specifies "Lab Use", then Ordering Activity may only use the Software in Ordering Activity's own internal lab activities to evaluate and test network setup and configuration and feature testing, but excluding (A) lab testing or other activities conducted as a paid contractor on behalf of a third party, and (B) any use of Software supporting, or installed or incorporated in whole or in part in, a product or service made commercially available or supporting live network traffic in the ordinary course of Ordering Activity's business.
 - k. If there is no Entitlement, or if there is an Entitlement that specifies "Evaluation", "Demonstration" or "Trial" use then Ordering Activity may only use the Software for its internal evaluation or qualification of the Software (or the equipment in which it is embedded) and only in a development or test network environment in contemplation of potential future licensing for a commercial or other use.
 - l. Except to the extent otherwise required by applicable law or expressly provided in the Entitlement, this license is not sublicensable, transferable or assignable by Ordering Activity and any attempted sublicense, transfer or assignment shall be null and void.
3. **Use Prohibitions.** Notwithstanding the foregoing, this license does not permit the Ordering Activity to, and Ordering Activity agrees that it shall not, alone or through another party: (a) modify, unbundle, reverse engineer, or create derivative works based on the Software; (b) make copies of the Software (except as necessary for backup purposes and as otherwise expressly permitted in the Entitlement); (c) remove any proprietary notices, labels, or marks on or in the Software; (d) distribute any copy of the Software to any third party, including Embedded Software in Juniper equipment sold in any secondhand market; (e) use any feature, function, service, application, operation, or capability embedded

within Software (herein, collectively, "feature") where such feature is 'locked,' key-restricted or otherwise identified as not licensed for use without paying a separate fee, unless Ordering Activity first purchases the applicable license(s) and obtains a valid authorization from Juniper supported by an Entitlement explicitly authorizing such feature; this prohibition applies even if the feature can be activated or used without a Juniper-issued product activation key; (f) distribute any product activation key for the Software provided by Juniper to any third party; (g) use the Software in any manner that extends or is broader than the uses purchased by Ordering Activity from Contractor or an authorized Contractor reseller; (h) use Embedded Software on non-Juniper equipment; (i) use Embedded Software (or make it available for use) on Juniper equipment that the Ordering Activity did not originally purchase from Contractor or an authorized Contractor reseller; (j) disclose the results of testing or benchmarking of the Software to any third party without the prior written consent of Juniper; (k) attempt to alter or deface any notice or marking on any copy of the Software or attempt to assign or transfer any rights (whether by contract, by operation of law or otherwise) under this Attachment A or under any Entitlement; (l) use any Update to which Ordering Activity may otherwise be entitled if either (1) at the time of acquiring such Update, Ordering Activity does not already hold a valid license to the original Software or (2) Ordering Activity has not paid the applicable GSA fee for the Update (or the Support Contract under which the Update is furnished); (m) deactivate or modify or impair the functioning of any Usage Monitor or any record, log or functionality designed to monitor, measure or limit use of the Software or compliance with the license terms of this Attachment A; (n) unless otherwise expressly provided in the Entitlement, permit any other User to use its access to any Software features or functionality in support of any business activity in which such other User for a fee grants third parties access to such features or functionality; or (o) use the Software or permit any User or any other third party to use the Software in violation of any applicable law or regulation or to support any illegal activity.

4. **Ownership.** Contractor and Contractor's licensors, respectively, retain ownership of all right, title, and interest (including copyright) in and to the Software, associated documentation, and all copies of the Software. Nothing in this Attachment A constitutes a sale or other transfer or conveyance of any right, title, or interest in the Software or associated documentation.
5. **Limited Warranty.** Except as may otherwise be provided in the warranty posted in Exhibit A herein applicable to the Software, and except for Software excluded from warranty coverage under subsection (f), below, Contractor warrants for the sole benefit of Ordering Activity that for a period of ninety (90) days from the Start Date, the media on which software is delivered, shall be free from defects in material and workmanship under normal authorized use consistent with the product instructions, subject to the following:
 - a. In addition, with respect to Embedded Software embedded in Juniper security products, application acceleration products or certain other Hardware products, as more specifically set forth in Exhibit A herein, for a period of fifteen (15) days from the date a Ordering Activity receives such Hardware product Contractor will provide the Ordering Activity that purchased such Hardware product access to one (1) download of the most recent commercially-available revision of Software that is embedded in such hardware product. Ordering Activity may download the Software by going to <http://www.juniper.net/support>. Such download shall be treated as though it were an Update for purposes of this Attachment A. This right to download extends only to the Ordering Activity and not to any subsequent transferee of the Hardware product on which it is embedded;
 - b. In any event, THE REMEDY OF THE ORDERING ACTIVITY AND THE LIABILITY OF CONTRACTOR UNDER THIS LIMITED WARRANTY SHALL BE THE REPLACEMENT OF THE MEDIA CONTAINING THE SOFTWARE.
 - c. Restrictions: No warranty will apply if the Software (i) has been altered, except by Contractor through Juniper Networks; (ii) has not been installed, operated, repaired, or maintained in accordance with instructions supplied by Juniper; (iii) has been subjected to unreasonable physical, thermal or electrical stress, misuse, negligence, or accident or (iv) has been licensed solely for Evaluation Use or demonstration use or is beta software or otherwise not commercially released. In addition, Software is not designed or intended for use in (i) the design, construction, operation or maintenance of any nuclear facility, (ii) navigating or operating aircraft; or (iii) operating life-support or life-critical medical equipment, and Contractor disclaims any express or implied warranty of fitness for such uses. Ordering Activity is solely responsible for backing up its programs and data to protect against loss or corruption. Contractor warranty obligations do not include installation, reinstallation or backup support.
 - d. IN NO EVENT DOES CONTRACTOR WARRANT THAT THE SOFTWARE, OR ANY EQUIPMENT OR NETWORK RUNNING THE SOFTWARE, WILL OPERATE WITHOUT ERROR OR INTERRUPTION, OR WILL BE FREE OF VULNERABILITY TO INTRUSION OR ATTACK.
 - e. Nothing in this Attachment A shall give rise to any obligation on the part of Contractor to support the Software. Support services may be purchased separately. Any such support shall be governed by a separate, written support services agreement.
 - f. Exclusions: Software licensed for research and development use, lab use, evaluation use or demonstration use, shall be furnished "AS IS" and without warranty of any kind, expressly or implied.
 - g. Disclaimer of implied Warranties. EXCEPT AS EXPRESSLY PROVIDED IN THIS SECTION, TO THE EXTENT PERMITTED BY LAW CONTRACTOR DISCLAIMS ALL WARRANTIES IN AND TO THE SOFTWARE (WHETHER EXPRESS, IMPLIED, STATUTORY, OR OTHERWISE), INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NONINFRINGEMENT, SATISFACTORY QUALITY, NON-INTERFERENCE, ACCURACY OF INFORMATIONAL CONTENT, OR ARISING FROM A COURSE OF DEALING, LAW, USAGE, OR TRADE PRACTICE. TO THE EXTENT AN IMPLIED WARRANTY CANNOT BE EXCLUDED, SUCH WARRANTY IS LIMITED IN DURATION TO THE EXPRESS WARRANTY PERIOD. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW

LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, THE ABOVE LIMITATION MAY NOT APPLY. THIS WARRANTY GIVES ORDERING ACTIVITY SPECIFIC LEGAL RIGHTS, AND ORDERING ACTIVITY MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM JURISDICTION TO JURISDICTION. This disclaimer and exclusion shall apply even if the express warranty fails of its essential purpose.

EXHIBIT A – STANDARD PRODUCT WARRANTY POLICY

Warranty Start Date:

“Start Date” as used in this policy means (i) the date this product is shipped from the manufacturing facilities of Juniper Networks, Inc. (“Juniper Networks”), or (ii) in the case of resale by an authorized Juniper Networks reseller, the date not more than ninety (90) days after original shipment of this product by Juniper Networks.

Limited Hardware Warranty:

Contractor warrants that for a period of one (1) year from the Start Date, the Juniper Networks hardware purchased by Ordering Activity (“Hardware”) shall be free of defects in material and workmanship under normal authorized use consistent with the product instructions. This product warranty extends only to the original purchaser. In the event that Contractor receives notice during the warranty period that any Hardware does not conform to its warranty, Ordering Activity’s remedy, and Contractor’s liability, shall be for Contractor, at its sole option, to either repair or replace the non-conforming Hardware in accordance with this limited warranty. Hardware replaced under the terms of any such warranty may be refurbished or new equipment substituted at the option of Contractor. Contractor will use commercially reasonable efforts to ship the replacement Hardware within twenty (20) business days after receipt of the product at a Juniper Networks Repair Center. Actual delivery times may vary depending on the Ordering Activity’s location.

Limited 90-day Software Media Warranty:

Contractor warrants that for a period of ninety (90) days from the Start Date, the media, on which the software embedded in the Hardware (“Software”) is recorded, shall be free from defects in material and workmanship under normal authorized use consistent with the product instructions. The remedy of the Ordering Activity and the liability of Contractor under this limited warranty shall be the replacement of the media containing the Software. In addition, with respect to Software embedded in Juniper Networks security products, application acceleration products or certain other Hardware products, as more specifically set forth on <http://www.juniper.net/support> for a period of fifteen (15) days from the date a Ordering Activity receives such Hardware product, Contractor will provide the Ordering Activity that purchased such Hardware product access to one (1) download of the most recent commercially-available version of Software that is embedded in such product. Ordering Activity may download the Software by going to <http://www.juniper.net/support>. This right to download extends only to the original purchaser.

Restrictions:

No warranty will apply if the Hardware or Software (i) has been altered, except by Contractor through Juniper Networks; (ii) has not been installed, operated, repaired, or maintained in accordance with instructions supplied by Juniper Networks in the enclosed documentation; or (iii) has been subjected to unreasonable physical, thermal or electrical stress, misuse, negligence, or accident. In addition, Hardware or Software is not designed or intended for use in (i) the design, construction, operation or maintenance of any nuclear facility, (ii) navigating or operating aircraft; or (iii) operating life-support or life-critical medical equipment, and Contractor disclaims any express or implied warranty of fitness for such uses. Ordering Activity is solely responsible for backing up its programs and data to protect against loss or corruption. Ordering Activity warranty obligations do not include installation support.

Dead on Arrival (“DOA”):

For up to thirty (30) days from the Start Date, Contractor will provide expedited replacement of affected field replaceable units of Hardware that fail to operate within twenty-four (24) hours of initial installation. For purposes of this DOA policy, “fail to operate” shall mean a material failure to substantially perform in accordance with the Hardware’s technical specifications and shall not include cosmetic or other deficiencies that do not materially affect Hardware performance. A new field replaceable unit will be shipped from a Juniper Networks’ manufacturing facility within two (2) business days of Contractor’s receipt and validation of Ordering Activity’s notification of an inoperative unit. Notification must be sent by Ordering Activity via online procedures set forth below. Defective Hardware must be returned within thirty (30) days of failure, or Ordering Activity pays purchase price of replacement Hardware.

Hardware Return Procedures:

Any defective item can only be returned if it references a return material authorization (“RMA”) number issued by authorized Juniper Networks service personnel. To request an RMA number, Ordering Activity must contact Juniper Networks Technical Assistance Center (“JTAC”) via the online resource available at the URL: <http://www.juniper.net/support>. JTAC will only assist Ordering Activities with online RMA processing pursuant to the terms of this warranty and will not provide any troubleshooting, configuration or installation assistance. Telephone calls to JTAC will not be accepted unless the Ordering Activity has purchased a valid Juniper Networks service contract that is in effect as of the time of the call. The RMA number must be included on the outside carton label of the returned item. Contractor through Juniper Networks shall pay any transportation costs incurred with the redelivery of a repaired or replaced item. If, however, Juniper Networks reasonably determines that the item is functional Juniper shall invoice any transportation cost. If Juniper Networks determines, at its sole discretion, that the allegedly defective item is not covered by the terms of the warranty provided hereunder or that a warranty claim is made after the warranty period, the cost of repair by Juniper Networks, including all shipping expenses, shall be invoiced to the Ordering Activity.

Disclaimer:

EXCEPT AS EXPRESSLY SET FORTH ABOVE, CONTRACTOR MAKES NO REPRESENTATION OR WARRANTY OF ANY KIND, EXPRESS, IMPLIED OR STATUTORY, INCLUDING BUT NOT LIMITED TO WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE OR NONINFRINGEMENT, OR WARRANTIES OR OBLIGATIONS ARISING FROM A COURSE OF DEALING, USAGE OR TRADE PRACTICE. FURTHER, ORDERING ACTIVITY DOES NOT WARRANT THAT THE SOFTWARE IS ERROR FREE OR THAT ORDERING ACTIVITY WILL BE ABLE TO OPERATE THE SOFTWARE WITHOUT PROBLEMS OR INTERRUPTION.

EXHIBIT B – JUNIPER CARE AND JUNIPER CARE PLUS

1. Definitions: In this Attachment A, the following definitions shall apply:

- a) **"Advance Hardware Replacement Support Plan"** means an advance hardware replacement support plan as described herein that has been purchased by Ordering Activity.

Onsite (not available in all jurisdictions)

When JTAC determines that onsite support is required, an experienced service technician who is trained on Juniper products will be dispatched to the customer site. Upon arrival, this technician will work under the direction of a JTAC engineer to solve the problem(s). If required, a replacement product will already be at the site. The technician will perform tasks as directed by JTAC, and as outlined in the existing Global Service Operations (GSO) policy "Customer Onsite Service Support." Furthermore, the technician will be released from the site upon approval of the JTAC engineer, with concurrence from the customer. The technician will assist with packing up and removing any defective products.

Warranty Period:

The Warranty Period for each Product is shown in the section entitled "Products Covered by the Lexmark Limited Warranty", and starts on the date of original purchase.

Not Covered:

Warranty Service does not include repair or exchange when the problem results from accident, disaster, misuse, abuse, non-Lexmark modification (including refilling, tampered with in any way or remanufacturing), improper storage, malfunctioning equipment, laser print cartridges which are simply empty as a result of normal use, or normal wear and tear. Character or page yield is also not covered by warranty service, as it is influenced by customer application, printer contrast settings, operating environments, printer condition, and paper type.

Obtaining Warranty Service:

To obtain Warranty Service during the warranty period complete the End User Warranty Claim Form, attach a print sample illustrating the defect and return the Product along with proof of purchase and the completed Warranty Claim Form to the place of original purchase. If the End User Warranty Claim Form is not available, then please provide name, address, phone number, place of purchase, brief description of the problem, and a print sample, and return the Product along with proof of purchase to the place of original purchase. If the Product was purchased directly from Lexmark, you must return it to Lexmark to obtain warranty service. Should you have any warranty questions, please call, toll-free, 1-800-438-2468 for assistance.

For warranty service returns, please do NOT use the Lexmark Cartridge Collection Program shipping labels or its return address.

This limited warranty applies only to Product purchased and located in the United States and/or Puerto Rico.

Other Information:

THE ABOVE WARRANTIES ARE EXCLUSIVE AND NO OTHER WARRANTY, WHETHER WRITTEN OR ORAL, IS EXPRESSED OR IMPLIED AND LEXMARK SPECIFICALLY DISCLAIMS ANY IMPLIED WARRANTIES OR CONDITION OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR SATISFACTORY QUALITY.

Some states do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you. This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state, province to province, country to country.

Limitation of Remedies:

Your sole remedy under this Statement of Limited Warranty shall be Lexmark's performance of warranty service. For any claim concerning performance or nonperformance by Lexmark under this statement, or for any claim related to this product, you shall be entitled to recover actual damages up to the limits indicated in the following paragraph.

Lexmark's liability for damages to you for any cause whatsoever arising out of or related to this Statement of Limited Warranty or for any other claim related to this Product shall be limited to the amount that you paid for the Product at the time of original purchase. In no event will Lexmark be liable to you for any lost profits, lost savings, or other incidental or consequential damages even if 1) Lexmark, 2) a Lexmark Authorized Reseller, 3) any other reseller who purchased this product from a Lexmark Authorized Wholesaler has been advised of the possibility of such damages, or for any claim you based on a third party claim. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

MICROSOFT SURFACE TERMS & CONDITIONS

Appendix A
Microsoft Surface Terms and Conditions

THESE MICROSOFT SURFACE TERMS AND CONDITIONS APPLY TO MICROSOFT SURFACE PRODUCTS THAT YOU ORDER FROM THE CONTRACTOR UNDER THE CONTRACTOR'S GSA SCHEDULE CONTRACT (THE "CONTRACT"). THESE MICROSOFT SURFACE TERMS AND CONDITIONS SHALL TAKE PRECEDENCE OVER ANY CONFLICTING TERMS IN AN ORDER OR ORDERING DOCUMENTATION.

BY USING YOUR MICROSOFT SURFACE PURCHASED FROM CONTRACTOR OR CONTRACTOR'S AUTHORIZED DEALER ("MICROSOFT HARDWARE"), OR MICROSOFT BRANDED ACCESSORY PURCHASED FROM CONTRACTOR OR AN AUTHORIZED CONTRACTOR DEALER ("ACCESSORY"), YOU AGREE TO THESE SURFACE TERMS AND CONDITIONS.

(a) For **1 year** from the date You purchased Your Microsoft Hardware or Accessory from Contractor or its authorized dealer ("Warranty Period"), Microsoft warrants, only to You, that the Microsoft Hardware or Accessory will not malfunction due to a defect in materials or workmanship under Normal Use Conditions.
- (b) This is the only warranty Microsoft gives for Your Microsoft Hardware or Accessory. Microsoft gives no other guarantee, warranty, or condition. No one else may give any guarantee, warranty, or condition on Microsoft's behalf.
- (c) MICROSOFT DISCLAIMS ALL OTHER WARRANTIES INCLUDE ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE
- (d) **Other Definitions.** "You" means the entity purchasing the Microsoft Hardware or Accessory. "Normal Use Conditions" means ordinary consumer use under normal conditions according to the instruction manual.

B. How to Get Warranty Service

- (b) If the troubleshooting tips do not resolve Your problem, then follow the online process at www.microsoft.com/surface/warranty.
- (c) **Back up Your Hard Drive and Delete Confidential Information.** Before sending Your Microsoft Hardware or Accessory to Microsoft or taking it to the Contractor or its authorized dealer for service, be sure to:

C. Microsoft's Responsibility

- (a) After You return Your Microsoft Hardware or Accessory to Microsoft or the Contractor or its authorized dealer, Microsoft or the reseller will inspect it.
- (b) If Microsoft or the Contractor determines that the Microsoft Hardware or Accessory malfunctioned due to a defect in materials or workmanship during the Warranty Period under Normal Use Conditions, Microsoft or the reseller will (at its option) repair or replace it, or refund the purchase price to You through your Contractor. Repair may use new or refurbished parts. Replacement may be with a new or refurbished unit.
- (c) After repair or replacement, Your Microsoft Hardware or Accessory will be covered by this warranty for the longer of the remainder of Your original Warranty Period, or 90 days after Contractor or its authorized dealer ships it to You.

(d) MICROSOFT'S RESPONSIBILITY TO REPAIR OR REPLACE YOUR MICROSOFT HARDWARE OR ACCESSORY, OR TO REFUND THE PURCHASE PRICE, IS YOUR EXCLUSIVE REMEDY.

(e) If Your Microsoft Hardware or Accessory malfunctions after the Warranty Period expires, there is no warranty of any kind. After the Warranty Period expires, Microsoft may charge You a fee for its efforts to diagnose and service any problems.

(c) This warranty does not apply to consumable parts that are designed to diminish over time, including normal wear and tear, unless the failure has occurred due to a defect in materials or workmanship.

(d) Microsoft does not guarantee that Your use of the Microsoft Hardware or Accessory will be uninterrupted, timely, secure, or error-free, or that data loss will not occur.

E. EXCLUSION OF CERTAIN DAMAGES

MICROSOFT IS NOT RESPONSIBLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, OR CONSEQUENTIAL DAMAGES; ANY LOSS OF DATA, PRIVACY, CONFIDENTIALITY, OR PROFITS; OR ANY INABILITY TO USE YOUR MICROSOFT HARDWARE OR ACCESSORY. THESE EXCLUSIONS APPLY EVEN IF MICROSOFT HAS BEEN ADVISED OF THE POSSIBILITY OF THESE DAMAGES, AND EVEN IF ANY REMEDY FAILS OF ITS ESSENTIAL PURPOSE.

WARRANTY PROGRAM
SERVICE & SUPPORT

NEXSAN E-SERIES™
NEXSAN BEAST/BOY

WARRANTY GENERAL TERMS

Nexsan warrants that its Hardware Products are free from defects in material and workmanship for 3 years from date of shipment or contract purchase, and will conform to the applicable Nexsan specifications, under normal use and service, for the applicable warranty period of 3 years. All warranties begin upon original shipment date from Nexsan. (Software is covered under a separate warranty)

Nexsan's sole and exclusive obligations under its warranty are to repair or replace, at Nexsan's option, the nonconforming system or component, or to issue customer a refund for the purchase price of the equipment.

ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, ARISING BY LAW OR OTHERWISE, INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, ARE HEREBY DISCLAIMED. THE WARRANTY REMEDIES STATED HEREIN ARE EXCLUSIVE. Nexsan shall not be responsible or liable for any consequential, indirect or special damages to any party, including lost profits, lost savings, lost data and loss of reputation, even if Nexsan has been advised of the possibility of such damages. Nexsan strongly urges all customers to take precautions to protect against data loss, particularly mission critical data, and to properly archive and backup data.

Any Nexsan warranty shall immediately be null and void if, in Nexsan's sole judgment, the unit has been altered or repaired other than with authorization from Nexsan and by its approved procedures, has been subject to misuse, abuse, negligence or accident, damaged by excess voltage, damaged in shipment, subjected to improper environmental conditions, or had its serial numbers and/or other marking altered, defaced or removed. Normal user preventative maintenance is the responsibility of the Purchaser and is excluded from this warranty.

Nexsan uses specific drive models, revision levels, and specially screened drives to ensure proper operation and reliability of the Nexsan Storage array. Drives not supplied by Nexsan can cause the array to function less than optimally or not at all and will therefore, in all cases, cause the warranty to terminate. Some levels of Nexsan firmware may prevent drives not supplied by Nexsan to be recognized by the array.

In the event of a failure during the warranty or any contracted support period the end-user may contact Nexsan Technical Services during standard Nexsan Business Hours, 8:00AM to 5:00PM Monday through Friday, at the Nexsan Regional Support Center nearest to the product location and a Nexsan engineer will assist in diagnoses and resolution. Please refer to our "Contact Technical Support" web page for complete information on how to contact your closest Nexsan regional support center or call +1 760 690 1111. Customers may also contact Nexsan Technical Services via email at support@nexsan.com. All support requests via email are addressed during standard Nexsan Business Hours.

Nexsan will make available free of charge to the original registered owner of the Product any Nexsan Software updates and maintenance releases which are issued during the warranty, or contracted support period. Major releases are not included in any support level. These updates are available on www.Nexsan.com and may only be available if the system has been registered through the on-line or GUI process.

Nexsan provides advance replacement of any identified defective hardware component during the warranty period. Replacement components will be advance shipped within one business day. Deliveries are normally shipped via standard two day freight. Actual delivery times may vary depending upon location.

Customers that do not wish to replace defective components can arrange for the entire storage device to be shipped, at customer's expense, to Nexsan for diagnosis and repair or alternatively can request on-site professional services from Nexsan. If professional services are requested a quote will be provided to the customer.

Global Service Programs: Warranty Terms and Conditions

These Terms and Conditions of Warranty, Service and Support ("Terms and Conditions") cover services provided by Overland to customers ("Customers") who have purchased products ("Products") from Overland Storage, Inc. ("Overland").

Limited Hardware Warranty

Overland warrants that Overland or its designated third party service provider ("Service Provider") will repair or exchange, at Overland's option and without charge to Customer, each Product failing to function properly under normal use during the Limited Warranty Period (the "Limited Warranty"). The "Limited Warranty Period" starts on the date of shipment from Overland or on the purchase date from an Overland authorized reseller and continues for the applicable time specified at the "Warranty Coverage and Service Options" web page or for any period during which Overland agrees to extend such Limited Warranty Period. Customer's dated sales or delivery receipt is Customer's proof of the purchase date. Customer may be required to provide proof of purchase as a condition of receiving warranty service. Customer means the original end-user purchaser of the Product. This Limited Warranty is extended to the original end-user purchaser only and is not transferable.

Your Limited Warranty is NOT in effect until Overland receives your completed Warranty Registration via the Product Self Support section on Overland's web site at support.overlandstorage.com and it is processed by Overland. Processing may take up to 15 business days after receipt of your Warranty Registration by Overland.

Overland Storage warrants that the software functionality for specified Overland Products will substantially conform to its published specifications for a period of time as specified at the "Warranty Coverage and Service Options" web page from the receipt of the equipment containing the software or receipt of access to the software. This limited warranty extends only to the end customer as the original licensee. Overland Storage will comply with all applicable laws, rules and regulations in connection with its activities under the published End User License Agreement (EULA). Refer to the EULA for your product for the complete statement of warranty.

Any Product, which Overland has authorized to be replaced must be returned to Overland per the terms of the specific warranty. For Return to Factory (RTF) Replacement material, Customer must first ship the product to Overland at the Customer's expense. Once Overland receives the part, the repaired or replaced item will be shipped to Customer, at Overland's expense.

For Advanced Warranty Replacement material, the customer is obligated to return the replaced material within the stated timeframe in order to maintain the Limited Warranty entitlement. Failure to comply will result in suspension of your Limited Warranty and grant Overland the right to invoice the Customer, at current list price, for the replacement material. All returned parts or Products become the property of Overland. Overland, at its discretion, may use new, refurbished, or reconditioned replacement parts to perform any warranty repair or replacement of its Products or provide a replacement unit of Overland's choosing that is at least equivalent to the Product in hardware performance. Overland reserves the right, at its sole discretion, to refund the purchase price instead of replacing the Product.

Other terms and conditions relating to duration, scope and procedures of the Limited Warranty are available on the [Global Service Programs: Service Options Details](#) page.

Upgraded Warranty Coverage and Additional Purchased Services

In addition to the Limited Warranty applicable to all Products during the Limited Warranty Period, Customer may purchase, upon payment of the applicable fees, extended terms of the Limited Warranty Period, additional, or upgraded warranties, on-site service, and other maintenance or installation services and support ("Purchased Services") all as set forth on the "Warranty Coverage and Service Options" web page (any such purchased services being referred to as the "Services"). Purchased Services are valid to the original end-user purchaser only and are not transferable or refundable.

If Customer has purchased any Services set forth on the "Warranty Coverage and Service Options" web page, Overland or its Service Provider will provide the Services, commencing the date that Overland receives and processes your purchase order for such Services ("Service Start Date"). Processing your purchase order may take up to 15 business days after receipt of your purchase order by Overland.

Services may include mandatory engineering changes, maintenance updates, releases or upgrade versions of the Products, if any, to the Customer, but installation of recommended non-mandatory changes, updates, releases, or upgrade versions will subject Customer to additional charges.

Overland or the Service Provider will use commercially reasonable efforts to respond to Customer's request for Services within the response time set forth under the "Warranty Coverage and Service Options" web page, measured from the time Overland or its Authorized Service Provider has determined that the Services are required. Overland or the Service Provider will use reasonable care to assure that all services are performed in a workmanlike manner by competent and trained individuals utilizing generally accepted industry standards and practices.

If any Purchased Services coverage was not originally provided or purchased with the Products, or if Services coverage has lapsed, or if ownership of the product has been transferred to other than the original end user purchaser, Overland or the Service Provider may require an inspection of the Products before the Service Start Date and as a condition to providing the Services. Customer will bear the expense of such inspection, as well as the expense of the repair should the inspection reveal any failure of the Product to function properly or any conditions listed as Exclusions below.

PROPRIETARY AND CONFIDENTIAL

BELOW (AND ARE ALSO INCLUDED IN THE DOCUMENTATION PACKAGED WITH NEW POLYCOM PRODUCTS):

LIMITED WARRANTY. Contractor warrants to the end user ("Ordering Activity") that the product will be free from defects in workmanship and materials, under normal use and service, for one year, or such longer period as Polycom may announce publicly from time to time for particular products, from the date of purchase from Contractor or its authorized reseller. Contractor's obligation under this express warranty shall be, at Contractor's option and expense, to repair the defective product or part, deliver to Ordering Activity an equivalent product or part to replace the defective item, or if neither of the two foregoing options is reasonably available, Contractor may, in its discretion, refund to Ordering Activity the purchase price paid for the defective product. All products that are replaced will become the property of Polycom. Replacement products or parts may be new or reconditioned. Contractor warrants any replaced or repaired product or part for ninety (90) days from shipment, or the remainder of the initial warranty period, whichever is longer.

Products returned to Polycom must be sent prepaid and packaged appropriately for safe shipment, and it is recommended that they be insured or sent by a method that provides for tracking of the package. Responsibility for loss or damage does not transfer to Polycom until the returned item is received by Polycom. The repaired or replaced item will be shipped to Ordering Activity, at Polycom's expense, not later than thirty (30) days after Polycom receives the defective product, and Polycom will retain risk of loss or damage until the item is delivered to Ordering Activity.

EXCLUSIONS. Contractor will not be liable under this limited warranty if its testing and examination disclose that the alleged defect or malfunction in the product does not exist or results from:

- Failure to follow Polycom's installation, operation, or maintenance instructions.
- Unauthorized product modification or alteration.
- Unauthorized use of common carrier communication services accessed through the product.
- Abuse, misuse, negligent acts or omissions of Ordering Activity and persons under Ordering Activity's control; or
- Acts of third parties, acts of God, accident, fire, lightning, power surges or outages, or other hazards.

WARRANTY EXCLUSIVE. IF A POLYCOM PRODUCT DOES NOT OPERATE AS WARRANTED ABOVE, ORDERING ACTIVITY'S REMEDY FOR BREACH OF THAT WARRANTY SHALL BE REPAIR, REPLACEMENT, OR REFUND OF THE PURCHASE PRICE PAID, AT CONTRACTOR'S OPTION, TO THE FULL EXTENT ALLOWED BY LAW. THE FOREGOING WARRANTIES AND REMEDIES ARE IN LIEU OF ALL OTHER WARRANTIES, TERMS, OR CONDITIONS, EXPRESS OR IMPLIED, EITHER IN FACT OR BY OPERATION OF LAW, STATUTORY OR OTHERWISE, INCLUDING WARRANTIES, TERMS, OR CONDITIONS OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, SATISFACTORY QUALITY, CORRESPONDENCE WITH DESCRIPTION, AND NON-INFRINGEMENT, ALL OF WHICH ARE EXPRESSLY DISCLAIMED. CONTRACTOR NEITHER ASSUMES NOR AUTHORIZES ANY OTHER PERSON TO ASSUME FOR IT ANY OTHER LIABILITY IN CONNECTION WITH THE SALE, INSTALLATION, MAINTENANCE OR USE OF ITS PRODUCTS.

Quantum Sales and Support Terms and Conditions

These Quantum Sales and Support Terms and Conditions ("Terms and Conditions") set forth the terms governing the purchase of Quantum hardware and software (collectively "Products") from Quantum, the limited warranty provided thereon, and the provision of services (including Support Services and Other Services as defined herein) ("Services") by Quantum. Previously executed reseller, distributor, master purchase, master services agreement, or a similar document setting forth terms of purchase and/or services from Quantum by Customer in effect at the time of purchase will take precedence over these Terms and Conditions. Otherwise, Quantum's assent to any agreement between Quantum and the purchaser ("Customer") for any sale of Products or Services in connection with a Quantum Sales Quote ("Quote") is expressly conditioned on Customer's assent to these Terms and Conditions. Customer's assent will be conclusively presumed if Customer responds by issuance of a purchasing document. Any different, conflicting, or additional terms in Customer's purchasing document are objected to and deemed rejected unless expressly approved by an officer of Quantum in writing.

1. QUOTE

The accuracy of a Quote is dependent largely upon factors at Customer's site and the particulars of Customer's specific network and hardware configuration. Quantum does not warrant the accuracy of its Quotes in terms of configuration, cabling, porting, and other details specific to Customer's network. Pricing may differ based upon configuration at the installation site. Service pricing may change based upon changes in configuration or site location.

2. DELIVERY

Delivery of Products will be FCA Quantum's manufacturing facility (INCOTERMS 2010). Title and risk of loss or damage to the Products shall shift to Customer upon release to the initial carrier for holding or shipment. Customer hereby grants Quantum a purchase-money security interest in all Products to secure payment of the purchase price and any other charges due to Quantum. If delivery of the Products to the initial carrier is delayed in excess of twenty Business Days, Customer may cancel the order involved upon notice to Quantum prior to shipment. Such cancellation right is Customer's sole remedy for any delay or failure in delivery by Quantum.

3. PRICES AND PAYMENT

3.1 Generally: Pricing will be valid for thirty days unless a different term is set forth in writing. Customer agrees to pay to Quantum the purchase price for the Products and/or the Services set forth in the Sales Quote. The price is exclusive of, and Customer agrees to pay, any applicable federal, state, local or foreign sales or use taxes, tariffs, customs, duties and other governmental charges, and shipping charges.

3.2 Fees for Other Services: Quantum will invoice Customer at Quantum's standard published hourly rates for performance of Other Services as defined herein. All such charges will include actual travel time and travel expenses, as well as costs incurred due to waiting, rescheduling, or other accommodations made as a result of lack of availability or preparation by the Customer for services scheduled. Quantum will provide an estimate of total costs prior to performance of Other Services. This estimate shall be non-binding unless otherwise specified in writing.

3.3 Service Re-Enrollment Fee: To the extent that Customer fails to maintain a current and continuous Support Contract with Quantum or a Quantum Authorized Service Provider, Quantum may assess a reasonable re-enrollment fee in addition to the fees for the upcoming Support Term.

3.4 Payment: For purchases made directly to Quantum, Customer shall either prepay or complete a credit application (www.quantum.com/credit) requesting payment terms. Qualified Customers shall make payment in full within thirty days from the date of the invoice in the currency quoted. Payment terms are not guaranteed and are subject to approval and ongoing credit history. Any amount not paid by the due date will be subject to a finance charge at the rate equal to the lesser of 1.5% per month or the maximum rate allowed by law. However, payment of such finance charge will not cure Customer's default for late payment. For purchases made through a Quantum Authorized Reseller, Customer shall pay the Reseller pursuant to the terms between the Customer and the Reseller.

4. CANCELLATION

Subject to Quantum's prior written approval, Customer may cancel an order, or any portion thereof, for standard Products at any time prior to thirty days before shipment when shipment is not delayed. This cancellation right is subject to a cancellation charge of fifteen percent of the purchase price.

5. THIRD PARTY PRODUCT

Product sold to Customer by Quantum that is the branded product of a third party ("Third Party Product"), regardless of whether it is identified as Third Party Product on the sales quote issued by Vendor, shall be warranted directly to Customer by the third party. Notwithstanding any provision herein, subject to any non-excluded rights that you may have under the laws in your country, Quantum makes no representations or warranties regarding Third Party Product, and shall have no ongoing obligations to Customer for the support or maintenance of Third Party Product unless expressly agreed to in writing.

6. LIMITED PRODUCT WARRANTY

SUBJECT TO THE LIMITATIONS SET FORTH BELOW, QUANTUM WARRANTS THAT PRODUCTS WILL PERFORM IN ACCORDANCE WITH PRODUCT SPECIFICATIONS FOR THE APPLICABLE PRODUCT WARRANTY PERIOD PUBLISHED BY QUANTUM COMMENCING AT THE TIME OF SHIPMENT. SUBJECT TO ANY NON-EXCLUDABLE RIGHTS THAT YOU MAY HAVE UNDER THE LAWS IN YOUR COUNTRY, CUSTOMER'S SOLE AND EXCLUSIVE REMEDY SHOULD PRODUCT FAIL TO PERFORM ACCORDING TO PRODUCT SPECIFICATIONS, IS REPAIR, REPLACEMENT, OR ACCEPTANCE OF RETURN OF THE DEFECTIVE PRODUCT, AT QUANTUM'S SOLE DISCRETION.

Customer shall discontinue all use of any portion of the Products that has been replaced or modified or for which such a refund has been tendered. Quantum's obligations hereunder shall not apply to any claim based on Quantum's following Customer's specifications or requests, the use of the Products to practice a process not recommended by Quantum or in conjunction with items not supplied by Quantum, and Customer shall similarly indemnify Quantum with respect to any such claims. THE FOREGOING STATES QUANTUM'S SOLE RESPONSIBILITY, AND CUSTOMER'S SOLE REMEDY, FOR ANY INFRINGEMENTS OF ANY PROPRIETARY RIGHTS.

Considering the new location of the Product, Quantum may, in its sole discretion: (i) continue performance of Support Services with the condition that Customer is responsible for any additional mileage charges; (ii) terminate the Support Services contract; or (iii) designate a different provider. Movement of Product that is designated non-customer installable as designated by Quantum without notifying Quantum prior to the move, shall void the Product warranty and/or any then current Support Contract. Manufacturer supplied packaging is required to move all or partial units to a new location to ensure safe transit and can be purchased from Quantum if not retained by Customer. Inadequate packaging may void the warranty, subject a support contract to termination and/or require Customer to recertify unit at Customer's cost.

16.4.4 Customer Responsibilities: In addition to responsibilities for fees hereunder, Customer will be responsible for: (a) properly using and controlling access to the Product; (b) permitting Quantum's access to Customer's facilities consistent with Customer's security and operational requirements; (c) promptly notifying Quantum if Customer becomes aware of any unsafe conditions or hazardous materials to which Quantum's personnel may be exposed at any of Customer's facilities; (d) complying with all applicable government laws and regulations; (e) providing prompt notice to Quantum of any malfunction or request for services for the Product; and (f) providing full and accurate Product and service installation descriptions as necessary to allow Quantum to fulfill its duties hereunder.

16.4.5 Firmware: Changes to Firmware which Quantum designates as bug fixes, improvements, or incremental updates are covered under the terms of these Terms and Conditions. The Customer is required to maintain the product at no more than one Firmware revision removed from current production Firmware level to ensure proper operation and servicing for the product. The Customer may be required to upgrade Firmware to latest released level prior to making any CRU or FRU replacements. Quantum will provide Customer with access to non-billable library updates and bug fixes through Quantum's web site for Product under warranty or current Support Contract. Firmware changes that Quantum designates as upgrades, and for which Quantum normally charges its customers, will be provided to Customer for the applicable fee. Quantum will provide Customer with information on any upgrade charges prior to installation of the upgrade. Quantum will also be willing to perform the Firmware upgrade when allowed remote access to the customer's system through the Remote Management Utility ("RMU"). At Quantum's discretion and upon prior notice to Customer, an additional fee may be levied for Firmware upgrades requiring an onsite visit, either as a result of a library not having an RMU, or as a result of Customer's request.

After receipt of any such written notice of an Error from Customer, Quantum will promptly notify Customer if Quantum cannot reproduce the Error. If Quantum cannot reproduce the Error, Customer will provide such additional information regarding the Error as Quantum may request in order to assist Quantum with reproducing the Error. Customer will provide a separate written notice for each Error encountered by Customer. In its notice of an

Error, Customer will reasonably classify for Quantum the initial priority of the Error. Customer will use the nature of the Error and Customer's business circumstances to initially classify each Error. Customer will classify each Error as a Critical Error, Major Error or Minor Error. To the extent that Quantum disagrees with any Error classification provided by Customer, Quantum will promptly advise Customer of the revised classification of any Error.

16.5.3 New Releases and Feature Upgrades. During such periods that Customer purchases Support Services hereunder and pays all fees in connection therewith, Quantum will make available to Customer any and all new Releases at no additional charge to Customer. Support is available only for the Release that is currently shipping and the immediately prior Release. Quantum will provide Customer with access to new Releases through Quantum's web site (www.Quantum.com). These new Releases and/or patches will be customer installable, with technical assistance available from Quantum's Technical Assistance Center. New Releases containing Feature Upgrades will be available without cost under this section, but will not contain the functionality of the Feature Upgrade unless the Feature Upgrade is purchased at Quantum's then-current list price. Quantum will provide Customer with information on any Feature Upgrade charges prior to installation or activation of the Feature Upgrade. Quantum on-site installation services for new Releases and/or Feature Upgrades shall be available to Customer for a fee, and shall be considered Other Services.

16.5.4 Exclusions. Software Support Services do not include: (i) physical installation or removal of the Software at or from any Customer site; (ii) visits to any Customer site; (iii) any electrical, mechanical or other work with hardware, accessories or other devices associated with the use of the Software; or, (iv) any work with any third party equipment or software. Quantum has no obligation to correct any Error resulting from: (i) use not in accordance with these Terms and Conditions or the Documentation; (ii) modification, damage, misuse or other action of Customer or any third party; (iii) combination of the Software with any goods, services or items provided by Customer or any third party; or (iv) any failure of Customer to comply with these Terms and Conditions or Documentation. Quantum will not be responsible for correcting Errors if Customer fails to implement any Error correction or Releases made available by Quantum. Service requested for any of the above exclusions shall be considered Other Services.

16.5.5 Customer's Responsibilities. Upon Quantum's request, Customer will provide Quantum remote access to Customer's computer systems as reasonably required for Quantum to perform the Support Services and its other obligations hereunder. Except as otherwise set forth in these Terms and Conditions, Customer will provide all hardware, software, services and other items necessary to operate the Software.

17. Notices: All notices, demands, and other communications called for or required by these Terms and Conditions shall be in writing and shall be addressed to the parties at their respective corporate headquarter addresses or to such other address as a party may subsequently designate by ten days' advance written notice to the other party except as otherwise provided in these Terms and Conditions.

18. Integration and Modifications: Each party acknowledges that it has read these Terms and Conditions, understands it, and agrees to be bound by it. The parties further agree that these Terms and Conditions are the complete and exclusive statement of the agreement of the parties with respect to the subject matter hereof, and that it supersedes and merges all prior proposals, understandings, and agreements, whether oral or written, between the parties with respect to the subject matter hereof. Any provisions or conditions of any purchase order or other document submitted by Customer which are in any way inconsistent with or in addition to the terms and conditions set forth in these Terms and Conditions rejected and shall not be binding upon Quantum. No waiver or modification of these Terms and Conditions or of any provision contained herein shall be valid unless in writing and duly executed by Quantum and Customer.

19. Choice of Law: These Terms and Conditions shall be governed by and construed in accordance with the laws of the State of California, USA without regard to any conflict of laws rules thereof. In the event of any dispute arising under these Terms and Conditions, the parties agree to the exclusive jurisdiction of the courts located in Santa Clara County, California. The United Nations Convention on Contracts for the International Sale of Goods shall not apply.

20. Severability and Waiver: In the event that any provision of these Terms and Conditions is held to be invalid, illegal, or unenforceable, such provision shall be enforced to the maximum extent permitted by applicable law and the remaining provisions shall continue in full force and effect. Failure or delay on the part of any party in exercising any rights, power, or privileges under these Terms and Conditions shall not be deemed a waiver of any exercise of any right, power or privilege.

21. Force Majeure: Neither party will be liable hereunder for, or be considered to be in breach of or default under these Terms and Conditions on account of, any delay or failures to perform as required by these Terms and Conditions if such delay or failure is due in whole or substantial part to causes or conditions beyond such party's reasonable control which render timely performance hereunder commercially impracticable, including without limitation strikes, riots, wars, government regulations or acts, acts of God or the elements, fire, flood, material shortages or other causes. The existence of such causes of delay shall justify extension of the time of performance to the extent reasonably necessary to enable such party to satisfy its obligation hereunder after the cause of delay has been removed.

22. Assignment: Neither party may assign its benefits or delegate its obligations under these Terms and Conditions without the advance written consent of the other party unless in the context of a sale of all or substantially all of the assigning parties' assets to another entity who is not a competitor to the non-assigning party and who has a reasonably acceptable credit rating.

RUBRIK EULA

RUBRIK END USER AGREEMENT

IMPORTANT: PLEASE READ BEFORE INSTALLATION OR USE OF THE RUBRIK, INC. (“RUBRIK”) PRODUCT (AS DEFINED BELOW).

PURCHASE OF HARDWARE. 1.1 This Agreement is entered into in connection with the End User’s purchase of Rubrik’s converged data management solution consisting of on-premises hardware and software (individually, “**Hardware**,” “**Software**” or, collectively, “**Product**”) that End User has purchased from Rubrik, in accordance with the purchase order or other order form pursuant to which the Product is delivered to the End User (“Order Form”).

1.2 Software is licensed and not sold. Software consists of Rubrik’s standard embedded software, its virtual appliance (“**Virtual Appliance**”) and certain available subscription software add-ons offering enhanced features and functionality (“**Software Add-ons**”). Software excludes third party software provided with the Software. Third party software may be governed by separate license terms which are available on request and applicable provision of this Agreement.

1.3 Title and risk of loss for the Hardware pass to End User upon delivery thereof by Rubrik to a common carrier.

RIGHT TO USE THE SOFTWARE.

Software License Grant. Subject to the terms of this Agreement, Rubrik hereby grants End User a limited, non-sublicensable, non-transferable, non-exclusive license to use:

- the Software (including the third party software) in conjunction with and to operate the Hardware only for End User’s internal business purposes in accordance with the user manuals, training materials, product descriptions and specifications and other printed information relating to the Product, as in effect and generally available from Rubrik, in written or electronic form (expressly excluding marketing and sales collateral and materials) (“Documentation”) and and third party license terms; and
- the Documentation to operate the Product only as expressly permitted herein.

Scope of License. For clarity, the license granted herein only applies to that Software and/or features and functionality for which End User has procured a valid license and paid the corresponding fees, and only during the relevant subscription terms (or, if no term is designated, until terminated in accordance with Section 0).

Proprietary Rights. As between the parties, title, ownership rights, and intellectual property rights in and to the Software, third party software and Documentation, and any copies or portions thereof, shall remain in Rubrik and its suppliers or licensors. The Software and Documentation are protected by the copyright and other intellectual property laws, and this Agreement does not grant End User any rights not expressly granted herein.

USE OF THE HARDWARE, SOFTWARE AND DOCUMENTATION.

Certain Restrictions. Except as expressly and unambiguously permitted by this Agreement, End User shall not, nor permit anyone else to, directly or indirectly:

- copy, modify, or distribute the Software or Documentation;
- reverse engineer, disassemble, decompile or otherwise attempt to discover the source code or structure, sequence and organization of the Software or Hardware (except where the foregoing is expressly prohibited by applicable local law, and then only to the extent so prohibited);
- rent, lease, or use the Hardware or Software for timesharing or service bureau purposes, or otherwise use the Hardware or Software on behalf of any third party (including as part of a managed service offering);
- remove or obscure any proprietary notices on the Hardware, Software or Documentation and include such notices on all authorized copies of the Software or Documentation;
- use the Hardware or Software for performing comparisons or other “benchmarking” activities, either alone or in connection with any hardware or software; or

- use the Hardware or Software for any purpose not expressly and unambiguously authorized herein (including, without limitation, for any purpose competitive with Rubrik).

However, the foregoing is not intended to limit or modify the terms of any applicable license that applies to third party software.

Support Services. Except for limited Product Warranty (as described in Rubrik's Support Services Policy), this Agreement does not entitle End User to any technical support, updates, upgrades, patches, enhancements, new versions, new functionality or fixes for the Product. End User may purchase Support Services from Rubrik (as described in Rubrik's Support Policy) which will be performed in accordance with the Rubrik's Support Services Policy.

3.3 Reporting; Feedback. End User acknowledges the Software contains automated reporting routines that generate and report to Rubrik de-personalized metrics and statistics regarding the performance of the Product to report problems and issues with the Product and provide information back to Rubrik ("Report") Rubrik will own all right, title and interest in and to any data and information it so collects (and End User hereby makes all assignments necessary to accomplish such ownership). End User may from time to time provide suggestions, comments for enhancements or functionality or other feedback ("Feedback") to Rubrik with respect to the Product for which End User grants Rubrik, without charge or accounting, the full, unencumbered, paid-up, perpetual, irrevocable right and license to use, share, modify, commercialize and otherwise fully exercise and exploit such Feedback and all related intellectual property or other rights (and to allow others to do so) for any purpose in connection with its products and services.

CONFIDENTIALITY. End User acknowledges that the Product including its features and functionality, and all Documentation and other related information are confidential to Rubrik, its suppliers and licensors ("Confidential Information"), and End User agrees at all times to protect and preserve in strict confidence all such Confidential Information and use it only as expressly permitted herein. End User agrees not to permit or authorize access to or disclosure of any such Confidential Information to any person other than employees of End User who are bound in writing to terms no less restrictive than this Agreement and have a need to know such Confidential Information to use the Product as permitted by this Agreement except when required by law to disclose (i.e. FOIA). End User will notify Rubrik promptly of any unauthorized disclosure or use of Confidential Information, remains liable and responsible for any unauthorized use or disclosure of Confidential Information and will undertake all reasonably required remedial action at Rubrik's request.

Audit. During the term hereof and for a minimum of three (3) years thereafter, Rubrik or an independent third party auditor selected by Rubrik shall have the right to reasonably inspect and audit End User's facilities, systems and relevant books and records to confirm End User's compliance with the terms of this Agreement subject to any security requirements. If such audits disclose that End User has installed, accessed, used, or otherwise permitted access to the Product in a manner that is not permitted by the terms of this Agreement

DISCLAIMERS.

DISCLAIMERS. EXCEPT AS EXPRESSLY STATED HEREIN, RUBRIK, ITS SUPPLIERS AND LICENSORS, DISCLAIM ALL WARRANTIES WITH RESPECT TO THE RUBRIK SOLUTION AND DOCUMENTATION, WHETHER EXPRESS OR IMPLIED BY OPERATION OF LAW, REPRESENTATION, STATEMENTS, OR OTHERWISE, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR NONINFRINGEMENT. END USER ACKNOWLEDGES AND AGREES THAT RUBRIK, ITS SUPPLIERS AND LICENSORS, DO NOT WARRANT THAT THE PRODUCT OR DOCUMENTATION WILL MEET END USER'S REQUIREMENTS, BE UNINTERRUPTED, TIMELY, SECURE OR ERROR FREE. RUBRIK, ITS SUPPLIERS AND LICENSORS, DO NOT MAKE ANY WARRANTY AS TO THE RESULTS WHICH MAY BE OBTAINED FROM THE USE OF THE PRODUCT OR DOCUMENTATION.

This clause does not limit or disclaim any of the warranties specified in the GSA Schedule 70 contract under FAR 52.212-4(o). In the event of a breach of warranty, the U.S. Government reserves all rights and remedies under the contract, the

Federal Acquisition Regulations, and the Contract Disputes Act, 41 U.S.C. 7101-7109.

LIMITATION OF LIABILITY. UNDER NO CIRCUMSTANCES AND UNDER NO LEGAL THEORY, INCLUDING, BUT NOT LIMITED TO, TORT, CONTRACT, NEGLIGENCE, STRICT LIABILITY OR OTHERWISE, SHALL RUBRIK OR ITS SUPPLIERS, LICENSORS OR PARTNERS BE LIABLE TO END USER OR ANY OTHER PERSON FOR ANY OF THE FOLLOWING:

- ANY INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES OF ANY CHARACTER INCLUDING, WITHOUT LIMITATION, DAMAGES FOR LOST PROFITS, LOSS OF GOODWILL, WORK STOPPAGE, ACCURACY OF RESULTS, COMPUTER FAILURE OR MALFUNCTION, OR LOSS OR CORRUPTION OF DATA OR THE COST OF COVER; OR
- ANY AMOUNT IN THE AGGREGATE IN EXCESS OF THE FEES PAID BY END USER FOR THE APPLICABLE PRODUCT IN THE TWELVE (12) MONTHS PRECEDING THE DATE THE CLAIM AROSE, OR, IF GREATER, ONE THOUSAND DOLLARS (\$1,000).

THE FOREGOING LIMITATIONS SHALL APPLY EVEN IF RUBRIK SHALL HAVE BEEN INFORMED OF THE POSSIBILITY OF SUCH DAMAGES. However, the foregoing limitations shall not impair the U.S. Government's right to recover for fraud or crimes arising out of or related to this Government Contract under any federal fraud statute, including the False Claims Act, 31 U.S.C. §§ 3729-3733.

INDEMNITY. Rubrik agrees to defend to the extent permitted by 28 U.S.C. 516 or settle, at Rubrik's option, a third party claim or cause of action against the End User alleging that the Product infringes or misappropriates a U.S. patent or copyright of such third party ("**Claim**") and to pay damages finally awarded against the End User or to pay settlement amounts directly resulting from such Claim, provided Rubrik is promptly notified of such Claim, is given sole control of the defense and settlement of the Claim and End User provides to Rubrik all reasonable assistance. Rubrik will not be responsible for any settlement it does not approve in writing. The foregoing obligations do not apply with respect to any Hardware or Software or portions or components thereof:

- **not supplied by Rubrik;**
- **made in whole or in part in accordance with End User specifications;**
- **modified after delivery by Rubrik;**
- **combined with other products, processes or materials where the alleged infringement relates to such combination;**
- **where End User continues allegedly infringing activity after being notified thereof or after being informed of modifications that would have avoided the alleged infringement; or**
- **where End User's use of such Hardware or Software is not strictly in accordance with this Agreement.**

If any such infringement claim arises, Rubrik may, at its sole option and expense, (a) replace or modify the affected Hardware or Software to make it non-infringing with no less functionality, (b) procure a license for End User's continued use of the affected Hardware or Software or (c) if neither of the foregoing is commercially practicable, require the return of the affected Hardware or Software, and terminate this Agreement and End User's rights hereunder. The provisions of this Section 8 set forth Rubrik's sole and exclusive obligations, and End User's sole and exclusive remedies, with respect to any claims of infringement or misappropriation of third party intellectual property rights of any kind.

TERM AND TERMINATION.

Term. This Agreement shall continue until the end of the applicable license term designated by Rubrik or as otherwise terminated as set forth in this section.

Termination.

Effects of Termination. Upon termination of this Agreement for any reason, the license granted hereunder will terminate and End User shall destroy and remove from all computers, hard drives, networks and other storage media all copies of the Software and documentation

and shall so certify to Rubrik that such actions have occurred. Sections 0, 0, 0, 0, 0 0, 0, 0, 0, 0 and 0, and all accrued rights to payment, shall survive termination of this Agreement.

GOVERNMENT USE. If End User is part of an agency, department, or other entity of the United States Government (“Government”), the use, duplication, reproduction, release, modification, disclosure or transfer of the Software is restricted in accordance with the Federal Acquisition Regulations as applied to civilian agencies and the Defense Federal Acquisition Regulation Supplement as applied to military agencies. The Software is a “commercial item,” “commercial computer software” and “commercial computer software documentation.” In accordance with such provisions, any use of the Software by the Government shall be governed solely by the terms of this Agreement.

COMPLIANCE AND EXPORT CONTROLS. End User will comply with all applicable laws and regulations, including, without limitation, the all privacy laws, regulations and directives and the U.S. Foreign Corrupt Practices Act (including, without limitation, not offering any inducement, whether money or goods or services, to any government official, employee, candidate or party). End User shall comply with all export laws and restrictions and regulations of the Department of Commerce, the United States Department of Treasury Office of Foreign Assets Control (“OFAC”), or other United States or foreign agency or authority, and End User shall not export, or allow the export or re-export of the Hardware or Software or any related technical information in violation of any such restrictions, laws or regulations. End User represents and warrants that End User is not located in, under the control of, or a national or resident of any restricted country.

MISCELLANEOUS. Written notice is effective when delivered or rejected at the address a party last notified the other party in writing. Rubrik’s third party suppliers or licensors are third party beneficiaries hereunder with respect to their respective product or software and reserve the right to assert claims for infringement or misappropriation of their intellectual property rights by Reseller or its End User. This Agreement represents the complete agreement concerning the Product between the parties, to the exclusion of any pre-printed or contrary terms of any End User purchase order (or similar document), and supersedes all prior agreements and representations between them. This Agreement may be amended only by a writing executed by both parties. If any provision of this Agreement is held to be unenforceable for any reason, such provision shall be reformed only to the extent necessary to make it enforceable. The failure of Rubrik to act with respect to a breach of this Agreement by End User or others does not constitute a waiver and shall not limit Rubrik’s rights with respect to such breach or any subsequent breaches. This Agreement is personal to End User and may not be assigned or transferred for any reason whatsoever, without Rubrik’s consent, and any action or conduct in violation of the foregoing shall be void and without effect. Rubrik expressly reserves the right to assign this Agreement and to delegate any of its obligations hereunder. This Agreement shall be governed by and construed under the federal laws of the United States, and The U.N. Convention on Contracts for the International Sale of Goods shall not apply.

RUBRIK MAINTENANCE AND PRICING TERMS

RUBRIK Corporation provides a variety of warranty and maintenance support offerings for all RUBRIK products. Maintenance terms are set forth in the RUBRIK Product Warranty and Maintenance Table that is incorporated in the GSA Schedule. The following is a general summary of those terms.

The **Maintenance List Price (MLP)** for RUBRIK equipment and software maintenance, warranty upgrades, and equipment and software maintenance renewals **is priced as a percentage of** (not discount off) the product list price. As set forth in the table below, the percentages vary by Service Type within each Hardware and Software Product. A limited number of components are priced on a fixed dollar basis.

The annual maintenance list price rates are provided in Table 1. The total maintenance list price for system configuration is determined as follows:

1. The commercial list price of each component product is multiplied by the quantity of the product (extended component list price).
2. The extended component list price is multiplied by the applicable maintenance list price rate (percentage) from the rate tables attached for the desired level of support (maintenance list price).
3. The maintenance list price is multiplied by the number of units of support required. (duration)
4. The individual component maintenance list prices are summed using a Services model number, at point of sale.
5. The GSA net price for maintenance is calculated by applying the GSA discount (*discount off maintenance list*) to the total maintenance list price. **The GSA discounts are set forth in Table 1 below.**

When circumstances require, annual prices can be pro-rated to the actual term of support.

Pricing:

Prepaid Maintenance Pricing. Also referred to as point-of-sale maintenance, this maintenance is purchased in the initial order and is calculated within the RUBRIK quoting systems.

Renewal Maintenance Pricing. Also referred to as renewal maintenance, this maintenance is offered for previously purchased systems and products installed in specific customer locations. Renewal quotes are based on information from RUBRIK installed base systems, as well as customer provided information. Because maintenance renewal quotes are highly individualized for particular installations of RUBRIK products, renewal quotes are supported by detailed spreadsheets provided with the renewal quote.

5. **LIMITED WARRANTY.** SMART warrants to you that the software, when properly installed and used, shall operate in substantial accordance with our published specifications for a period of ninety (90) days from the date of purchase. Subject to entitlements under a maintenance program (if any), you assume the entire cost of all necessary upgrades, servicing, repairs or correction of the software. THIS AGREEMENT SHALL NOT IMPAIR THE U.S. GOVERNMENT'S RIGHT TO RECOVER FOR FRAUD OR CRIMES ARISING OUT OF OR RELATED TO THIS CONTRACT UNDER ANY FEDERAL FRAUD STATUTE, INCLUDING THE FALSE CLAIMS ACT, 31 U.S.C. 3729-3733. FURTHERMORE, THIS CLAUSE SHALL NOT IMPAIR NOR PREJUDICE THE U.S. GOVERNMENT'S RIGHT TO EXPRESS REMEDIES PROVIDED IN THE GSA SCHEDULE CONTRACT (E.G., CLAUSE 552.238-75 – PRICE REDUCTIONS, CLAUSE 52.212-4(H) – PATENT INDEMNIFICATION, AND GSAR 552.215-72 – PRICE ADJUSTMENT – FAILURE TO PROVIDE ACCURATE INFORMATION).

This means we are free to use them for any purpose, without compensation, acknowledgment or other obligation of any kind to you.
9. BETA CHANNEL. The beta channel is meant for advanced users who are comfortable using pre-release software and providing feedback. Problems you may encounter in beta channel releases are not supported by SMART support. Moving to the beta channel may cause your board to behave unexpectedly. Updates will be installed automatically and all bugs or crashes will be automatically reported. Returning to the stable channel requires a factory reset that erases all settings and returns them to their default values.
10. EXPORT RESTRICTIONS. You agree that you shall comply with all domestic and international export laws and regulations that apply. Our software is a "Commercial Item", as that term is defined at 48 CFR 2.101, consisting of "Commercial Computer Software" and "Commercial Computer Software Documentation", as such terms are used in 48 CFR 12.212 or 48 CFR 227.7202, as applicable. Consistent with 48 CFR 12.212 or 48 CFR 227.7202-4, as applicable, the Commercial Computer Software and Commercial Computer Software Documentation are being licensed to US Government end users (a) only as Commercial Items, and (b) with only those rights as are granted to all other end users pursuant to the terms and conditions of this agreement.
11. INVALIDITY OF PROVISIONS. If any provision of this agreement is invalid, illegal or unenforceable in any respect, such provision shall be severed from this agreement or the applicable linked terms, and the validity, legality or enforceability of the remaining provisions shall not in any way be affected or impaired. The failure by a party to exercise any right shall not operate as a waiver of such party's right to exercise such right or any other right in the future.
12. ENTIRE AGREEMENT. This agreement, together with the purchase order and linked terms, constitutes the entire understanding of the parties and supersedes all prior end user license agreements, representations, negotiations, tender documents and proposals between the parties with respect to the subject matter of this agreement.

This warranty applies to claims of which you have notified SMART during the Warranty Term.

WHAT SMART WILL DO TO HONOR THIS WARRANTY

If SMART receives notice during the Warranty Term that the Product does not conform to the above warranty, your exclusive remedy and SMART's sole obligation shall be for SMART to **repair or replace the Product** (or component of Product) that has proven to be defective at no cost to you except for the one-way shipping cost (plus any duties and taxes) of the Product or component to a SMART-authorized service center. Product must be returned in original packaging.

Upon receipt of returned Product or component, SMART will establish the cause of the problem. At the sole discretion of SMART, the defective Product or component will be either repaired or replaced. SMART offers Advance Replacement at an additional cost for select Products. If you have purchased optional Advanced Replacement, separate warranty terms may apply in addition to those set out in this Standard Limited Warranty.

WHAT YOU MUST DO TO CLAIM THE WARRANTY

To make a claim under this warranty you will need to:

1. Contact SMART to register your claim and provide sufficient details to enable a SMART representative to assess the claim. It is a requirement to provide the serial number of the Product when requesting a warranty claim.
Contact SMART at:
Website: smarttech.com/contactsupport
Phone: 1.866.518.6791 (toll-free in the U.S./Canada) or +1.403.228.5940 (all other countries)
2. The SMART representative will first attempt to understand and correct the problem via telephone or e-mail. If SMART's representative is unable to correct the situation, the SMART representative will confirm the serial number of the Product. If appropriate, the SMART representative will then provide you with a Return of Merchandise Authorization (RMA) number.
3. Ship the Product (or component) to a SMART-authorized service center and in accordance with the shipping instructions of the SMART representative. Shipping to the SMART-authorized service center is at your cost. The RMA number must be clearly marked on the packaging of the item being returned.

If Product fails to function **within 30 days of the original purchase**, you must follow the same procedures as described above for warranty claims. Purchase dates must be supported by proof of purchase upon SMART's request. In such circumstances, replacement hardware Product or components, subject to availability, will be shipped to your location via ground transportation at SMART's cost. Defective Product or components must then be returned by you by ground transportation, as directed by SMART, at SMART's cost within 30 days of failure, or you will be liable to pay SMART for the purchase price of the replacement item.

DAMAGED IN SHIPPING

If Product arrives in visibly damaged condition you must note the damage on carrier delivery documents and advise **SMART or Distributor or Reseller** as soon as possible and before the expiry of ten (10) days after delivery at smarttech.com/contactsupport.

COST CLAIM

SMART may seek shipping costs or reimbursement from you of any reasonable costs incurred if the Product or component is found, at SMART's discretion, to be in good working order, the problem is not a consequence of a defect or manufacturing fault or where any of the warranty exclusions or limitations apply. Reasonable costs may include the costs of packaging, insurance, shipping, service or parts and labor.

WHAT SMART WILL DO TO HONOR THIS WARRANTY

If SMART receives notice during the Warranty Term that the Product does not conform to the above warranty, your exclusive remedy and SMART's sole obligation shall be for SMART to **repair or replace the Product** (or component of Product) that has proven to be defective at no cost to you except for the one-way shipping cost (plus any duties and taxes) of the Product or component to a SMART-authorized service center. Product must be returned in original packaging.

Upon receipt of returned Product or component, SMART will establish the cause of the problem. At the sole discretion of SMART, the defective Product or component will be either repaired or replaced. SMART offers Advance Replacement at an additional cost for select Products. If you have purchased optional Advanced Replacement, separate warranty terms may apply in addition to those set out in this Limited Product Warranty.

WHAT YOU MUST DO TO CLAIM THE WARRANTY

To make a claim under this warranty you will need to:

Provide representatives of Licensor or Auditor any necessary assistance and access to records and computers to allow an inspection and audit of Your computers and records, during Your normal business hours, for compliance with the applicable Agreement and fully cooperate with such audit.

D. Non-Compliance. In the event that You have, or at any time have had, unlicensed installation, use of, or access to the Software or have otherwise breached this Agreement (a "Non-Compliance"), without prejudice to any other rights or remedies Licensor may have You shall, within thirty (30) days' notice of such Non-Compliance to You, pay Licensor's current (as of the date of such additional purchase) list term license and support and maintenance fees and interest in accordance with the GSA Schedule Pricelist (compounded at the rate permitted by the Prompt Payment Act (31 USC 3901 et seq) and Treasury regulations at 5 CFR 1315) for such additional licenses for the time period from the commencement of the Non-Compliance until payment of the aforementioned fees, with interest payable even if an invoice was not issued at the time the Non-Compliance occurred. If the Ordering Activity exceeds the use amount, both parties will work together to either prevent such overages in the future or will execute a new agreement in writing that encompasses the higher use amount.

Transfer. This Agreement and the associated licenses purchased for use of the Software may not be transferred or assigned without the prior written approval of Licensor. Any such attempted transfer or assignment shall be void and of no effect. Please contact CRC@suse.com to request the transfer of licenses and assignment of this Agreement.

Law. All matters arising out of or relating to this Agreement will be governed by the Federal laws of the United States. The application of the United Nations Convention of Contracts for the International Sale of Goods is expressly excluded.

Entire Agreement. This Agreement, together with any other purchase documents or other agreement between You and Licensor, sets forth the entire understanding and agreement between You and

Licensor and may be amended or modified only by a written agreement agreed to by You and an authorized representative of Licensor. NO THIRD PARTY LICENSOR, DISTRIBUTOR, DEALER, RETAILER, RESELLER, SALES PERSON, OR EMPLOYEE IS AUTHORIZED TO MODIFY THIS AGREEMENT OR TO MAKE ANY REPRESENTATION OR PROMISE THAT IS DIFFERENT FROM, OR IN ADDITION TO, THE TERMS OF THIS AGREEMENT.

Waiver. No waiver of any right under this Agreement will be effective unless in writing, signed by a duly authorized representative of the party to be bound. No waiver of any past or present right arising from any breach or failure to perform will be deemed to be a waiver of any future right arising under this Agreement.

Severability. If any provision in this Agreement is invalid or unenforceable, that provision will be construed, limited, modified or, if necessary, severed, to the extent necessary, to eliminate its invalidity or unenforceability, and the other provisions of this Agreement will remain unaffected.

Export Compliance. You acknowledge that Licensor's products and/or technology are subject to the U.S. Export Administration Regulations (the "EAR") and You agree to comply with the EAR. You will not export or re-export Licensor's products, directly or indirectly, to: (1) any countries that are subject to US export restrictions; (2) any end user who You know or have reason to know will utilize Licensor's products in the design, development or production of nuclear, chemical or biological weapons, or rocket systems, space launch vehicles, and sounding rockets, or unmanned air vehicle systems, except as authorized by the relevant government agency by regulation or specific license; or (3) any end user who has been prohibited from participating in the US export transactions by any federal agency of the US government. By downloading or using the Software, You are agreeing to the foregoing and You are representing and warranting that You are not located in, under the control of, or a national or resident of any such country or on any such list. In addition, You are responsible for complying with any local laws in Your jurisdiction which may impact Your right to import, export or use Licensor's products. Please consult the Bureau of Industry and Security web page www.bis.doc.gov before exporting items subject to the EAR. For more information on exporting Software, including the applicable Export Control Classification Number (ECCN) and associated license exception (as applicable), see www.suse.com/company/legal/. Upon request, Licensor's International Trade Services Department can provide information regarding applicable export restrictions for Licensor products. Licensor assumes no responsibility for Your failure to obtain any necessary export approvals.

Universal Amendment to Software License Agreements for SUSE LLC Software Products

This Universal Amendment ("Amendment") is between SUSE LLC ("Licensor") and the Authorized End User Licensee ("Authorized Licensee"), as defined below, and modifies SUSE LLC's GSA End User License Agreements (including Volume License Agreements and associated program guide, as applicable, attached hereto and made a part hereof as Exhibit B, and SUSE Support Flyer attached hereto and made a part hereof as Exhibit C) for SUSE software and related services ("License Agreement") purchased by an Authorized Licensee. The Amendment is effective as of the date the End User License Agreement is effective for the Authorized Licensee ("Effective Date").

1. Applicability. This Amendment applies to any order placed for Licensor's software or related services by an Authorized End User Licensee which is defined as: (a) Ordering Activity under GSA Schedule contracts i; or (b) a purchasing agent authorized by a U.S. Government federal agency or organization to purchase on behalf of and solely for the benefit of the U.S. Government federal agency or organization as evidenced by a written authorization letter from the U.S. Government federal agency or organization. This Amendment does not apply to any individual person or to any organization that is a commercial entity or not authorized to purchase in accordance with Subsections 1(a) or 1(b) above.

2. Precedence. Any conflict between the License Agreement and this Amendment shall be controlled by the terms of this Amendment to the maximum extent allowed by applicable Federal law.

3. Contracting Authority. Except as authorized under FAR 1.601(a) and 43.102, all provisions in the License Agreement which would allow any individual to bind the U.S. Government to the terms of the License Agreement or any modifications thereto are hereby deleted. Such provisions include the ability of the Licensor to unilaterally modify the terms of the License Agreement and any requirement to accept terms by means of use, download, or click-through agreements. Authorized Licensee agrees that when an authorized contracting officer of the Authorized Licensee places a task order for the Licensor software, the License Agreement in effect at the time, as amended by this Amendment, shall be legally binding on Authorized Licensee. If an Authorized Licensee receives Licensor software through a task order that is not authorized by the Authorized Licensee's authorized contracting officer or Authorized Licensee fails to acknowledge that the License Agreement is binding on Authorized Licensee, Authorized Licensee shall not be deemed to have any license to the Licensor software and Licensor reserves all rights, remedies, and enforcement actions and venues available under applicable state and federal law.

4. Costs and Fees. Pursuant to the Anti-Deficiency Act, 31 U.S.C. § 1341(a)(1)(B), the U.S. Government does not agree to pay any future costs or fees under the License Agreement or this Amendment. Any provisions of the License Agreement obligating the U.S. Government to pay future costs, fees, or damages, or to otherwise expend unappropriated funds, are hereby deleted unless imposed pursuant to a claim under the Contracts Dispute Act of 1978, as amended, or other applicable Federal law. Any provisions of the License Agreement providing for automatic renewal absent some action by the U.S. Government are hereby deleted. If Authorized Licensee orders Licensor's software or related services from a reseller, then pricing and payment of the software license fee and any related service fees for that transaction shall be between Authorized Licensee and the reseller.

5. Taxes. If Authorized Licensee is exempt by applicable law from paying sales, use or other taxes, then such exemption shall apply in accordance with applicable law.

6. Installation and Use of the Software. Installation and use of the software shall be in accordance with the License Agreement as modified by this Amendment, unless an Authorized Licensee determines that it requires different terms of use and Licensor agrees in writing to such terms.

7. Licensor Indemnification. A License Agreement may contain terms that obligate Licensor to indemnify and defend an Authorized Licensee against a claim brought by a third party. In such case, Licensor agrees it cannot assume responsibility for or control of the litigation or any settlement negotiations, provided that Authorized Licensee (i) agrees that any litigation or settlement negotiation shall not bind Licensor to the final outcome of any such litigation or settlement; (ii) shall not impair Licensor's own rights, defenses, or claims against the claimant or the rights of Licensor's other licensees, (iii) shall not have the right to settle any claim, make any admissions, or waive any defenses on behalf of Licensor; and (v) shall in good faith reasonably cooperate and consult with Licensor during the course of settlement negotiations and prosecution of the claim and shall afford Licensor free access to all communications and documentations with all parties, witnesses, and judicial or administrative body(ies) associated with such claim upon Licensor's request. Any contrary provisions in the License Agreement are hereby deleted. Licensor shall have the right to intervene in a proceeding described by this paragraph at its own expense through counsel of its choice.

8. No Indemnification by Authorized Licensee. In compliance with the Anti-Deficiency Act, 31 U.S.C. §1341(a)(1)(B), an officer or employee of the U.S. Government may not involve the U.S. Government

in a contract or obligation for the payment of money before an appropriation is made unless authorized by law. Any provision requiring the Licensee indemnify the Licensor in the License Agreement is deleted. This provision is not a waiver of Licensor's rights to seek other remedies authorized by applicable U.S. Federal law.

9. Governing Law. The License Agreement and this Amendment shall be governed by the Federal laws of the United States, unless there is no applicable law of the United States which would apply, in which case the laws of the State of Utah shall apply. Any provisions in the License Agreement stating that the License Agreement shall only be governed by the law of any particular U.S. state, U.S. territory or district, or foreign nation are deleted.

10. Dispute Resolution and Venue. Any provisions in the License Agreement requiring the U.S. Government to follow a specific procedure to raise claims or to resolve disputes are hereby deleted. Any provisions in the License Agreement selecting a particular judicial forum or form of alternative dispute resolution for resolving claims relating to the License Agreement are hereby deleted. Any disputes between Licensor and Authorized Licensee relating to the License Agreement and to this Amendment shall be resolved in accordance with the Contract Disputes Act of 1978, as amended (41 U.S.C. §§ 7101-7109). Authorized Licensee expressly acknowledges that Licensor shall have standing to bring a claim to enforce Licensor's rights under the License Agreement and this Amendment provided such claim is brought in a forum and venue allowed by applicable U.S. Federal law.

11. Termination. Licensee's termination rights shall be governed by FAR 52.212-4(l) and (m).

12. Equitable Remedies. Any provision of the License Agreement providing for equitable remedies against the U.S. Government, including an injunction, is deleted to the extent the provision violates the U.S. Government's sovereign immunity or is in violation of an applicable federal law. Nothing in this paragraph shall prevent Licensor from filing a claim or limit damages under the Contract Disputes Act of 1978, as amended (41 USC §§7101-7109).

13. Monitoring Use of License and Audits. Any provision in the License Agreement permitting Licensor to audit, inspect, or monitor use of the software for compliance with the License Agreement is contingent upon reasonable notice to the Authorized Licensee and adherence to reasonable security measures, including any requirements for personnel to be cleared prior to accessing sensitive facilities if clearances are normally required for such access.

14. Advertisements and Endorsements. Any provisions allowing Licensor to use the name or logo of any Authorized Licensee to advertise or to imply an endorsement of Licensor's products or services are hereby deleted. Unless specifically authorized by an Authorized Licensee, such use of the name or logo of any U.S. Government entity is prohibited.

15. Confidentiality, Public Access to Information. Licensor agrees that the License Agreement and this Amendment contain no confidential or proprietary information and acknowledges that the License Agreement and this Amendment may be made available to the public. Except for Licensor's software and documentation included with the software, of which Licensor deems as proprietary and confidential, the Authorized Licensee shall not be prohibited from disclosing the terms of the Licensing Agreement and this Amendment, as required by law, including the Freedom of Information Act.

General Terms and Conditions

1. **Acceptance.** By both parties executing this Agreement in writing or a purchase order incorporating this Agreement in writing, you (“You”) accept this agreement (“Agreement”) with SUSE LLC (“SUSE”). IF YOU ARE ACCEPTING THIS AGREEMENT ON BEHALF OF A COMPANY, YOU REPRESENT AND WARRANT THAT YOU HAVE THE LEGAL AUTHORITY TO BIND THE COMPANY TO THIS AGREEMENT, AND THAT YOU HAVE READ AND UNDERSTOOD THIS AGREEMENT. IF YOU DO NOT HAVE SUCH AUTHORITY, OR IF YOU OR THE COMPANY DOES NOT AGREE WITH THE TERMS OF THIS AGREEMENT, YOU SHOULD NOT ACCEPT IT. If you are accepting this Agreement on behalf of your company, then the terms “you” and “your” refer to the Ordering Activity under GSA Schedule contracts identified in the Purchase Order, Statement of Work, or similar document. If you have previously accepted a different version of this agreement, this Agreement supersedes that agreement. “Subscription Offering” means a SUSE offering you acquire for a “SUSE Product” (e.g., subscription services available with SUSE Linux Enterprise Server (“SLES”) products, whether designated as Basic, Standard, or Priority Subscription) and may include Subscriptions for non-SUSE products. A “SUSE Product” is a software product that you acquire directly or indirectly from SUSE for which Subscription Offerings are made available.
2. **Authority.** You represent that you are the licensee and have rightfully acquired licenses for all software covered by each Subscription Offering. If you are not using the SUSE Product or Subscription Offering as an end user and you have a separately executed agreement with SUSE (e.g., you are an OEM, VAR, etc.), the terms and conditions herein shall not apply to you.
3. **End User License Agreements.** Software you receive as part of a Subscription Offering for a SUSE Product (e.g., an update), if not accompanied by its own license terms, is subject to the end user license agreement accompanying the SUSE Product.
4. **Subscription Offering Types.** A description of the different types of Subscription Offerings is available at <https://www.suse.com/support/programs/subscriptions/>.
5. **Subscription Offering.**
 - 5.1. **Unit of Measure.** In general, unless specified otherwise in the end user license agreement for the applicable SUSE Product or other written agreement between the parties, the unit of measure for a Subscription Offering is the metric specified in Exhibit A (“Unit”).
 - 5.2. **Coverage Requirement.** When you acquire a Subscription Offering for a SUSE Product, you must acquire sufficient Subscription Offerings in the applicable Unit to cover all acquired, installed, or deployed SUSE Products (including variants or components thereof). By way of example, if the Unit is per device on which the SUSE Product is installed, then you must acquire a Subscription Offering for each such device.
 - 5.3. **No Mixing of Subscription Offerings.** Subscription Offerings may only be applied to the exact SUSE Product for which the Subscription Offering was acquired (by way of example and not limitation, you cannot apply Subscription Offering benefits for the x86 platform version of SUSE® Linux Enterprise Server (SLES) to the z System platform version of SLES, nor may you apply Subscription Offerings benefits for SLES to SLES for SAP Applications). You may not mix 1-2 Virtual Machine Subscription Offerings with Unlimited Virtual Machine Subscription Offerings on the same Physical Server. All Subscription Offerings must be of the same type on a Physical Server.

With respect to Subscription Offerings for such an exact SUSE Product, you may concurrently benefit from Standard Subscription Offerings and from Priority Subscription

Offerings. However, with the exception of self-support Subscription Offerings such as Academic Offerings or Developer Offerings, under no circumstances are You permitted to concurrently benefit from a Basic Subscription Offering and a Standard and/or Priority Subscription Offering.

SUSE's Basic Subscription Offerings are no longer offered since May 1st 2015 for SUSE Linux Enterprise Server for x86 and/or x86-64 and from April 1st 2016 for SUSE Linux Enterprise Server for POWER. Notwithstanding the foregoing restriction on concurrently benefiting from a Basic Subscription Offering and a Standard and/or Priority Subscription Offering, if You have Basic Subscription Offerings for SUSE Linux Enterprise Server for x86 and/or x86-64 which expire after May 1st 2015 or Basic Subscription Offerings for SUSE Linux Enterprise Server for POWER which expire after April 1st 2016, You may continue to benefit from those Basic Subscription Offerings until they expire even if this means concurrently benefiting with Standard and/or Priority Subscription Offerings. These Basic Subscription Offerings cannot be renewed.

- 5.4. **Evaluation Offerings.** SUSE may offer limited Subscription Offerings for evaluation purposes. These Subscription Offerings are time limited for sixty (60) days unless otherwise agreed to between You and SUSE. You agree not to use such Subscription Offerings in any production environment or for commercial use.
- 5.5. **Academic Offerings.** SUSE may offer discounted pricing for Academic Use of its Subscription Offerings. You agree to use such Subscription Offerings solely for Academic Use as defined in this Agreement. For the avoidance of doubt, SUSE unconditionally reserves the right to determine whether a specific use constitutes Academic Use.
- 5.6. **Developer Offerings.** SUSE may offer limited Subscription Offerings for personal development purposes. These Subscription Offerings are time limited for one (1) year unless otherwise agreed between You and SUSE. You agree to use such Subscription Offerings only for personal use and not in any production environment or for commercial use.
6. **Benefits.** Each Subscription Offering acquired by You is solely for Your internal use and direct benefit. For each Subscription Offering You are entitled to receive the materials and services, including technical support services as applicable, identified in this Agreement and on the SUSE web page that defines the Subscription Offering – <https://www.suse.com/support/handbook/>.
7. **Reporting.** You acknowledge that the completeness and accuracy of the information You provide to SUSE may affect SUSE's ability to provide Subscription Offering benefits. Any unauthorized use of Subscription Offering will be treated as a material breach of this Agreement. SUSE has the right to verify Your compliance with this Agreement. You agree to: (1) Implement internal safeguards to prevent any unauthorized copying, distribution, installation, use of, or access to, the SUSE Products including materials provided under this Agreement; (2) Keep records sufficient to certify Your compliance with this Agreement, and, upon request of SUSE, provide and certify metrics and/or reports based upon such records and account for both numbers of copies (by product and version) and network architectures as they may reasonably relate to Your use, licensing and deployment of the SUSE Product, Subscription Offerings and Units; and (3) subject to Government security requirements, Allow a SUSE representative or an independent auditor ("Auditor") to inspect and audit Your, or Your contractor's, computers and records during Your normal business hours for compliance with the terms of this Agreement. Upon SUSE's and the Auditor's presentation of their signed, written confidentiality statement form to safeguard Your confidential information, You shall fully cooperate with such audit and provide any necessary assistance

and access to records and computers. If an audit reveals that Your Subscription Offering purchases have at any time been insufficient to cover each installation, use of, deployment of, or access to the Software, You will, within 30 days, purchase sufficient Subscription Offerings to cover any shortfall without benefit of any otherwise applicable discount and subject to fees reflecting the duration of the shortfall.

8. **Product Support Lifecycle and Application of Current Software.** SUSE's product support lifecycle provides support availability guidelines for SUSE Products and is described at: <https://www.suse.com/support/policy.html>. Subscription Offering benefits may be conditioned on You having applied the most current maintenance software available; for example, once a new Service Pack becomes available, support may be conditioned on You having applied that Service Pack. Similarly, support for Modules may be conditioned on You having updated to the most recent Module version made available by SUSE.
9. **Changes to this Agreement.** From time to time SUSE may make changes to this Agreement including changes to Subscription Offering Units in Exhibit A.. Any material updates to this agreement shall be presented to Ordering Activity for review and will not be effective unless and until both parties sign a written agreement updating these terms.
10. **Warranty Disclaimer, Limitation of Liability and Reserved Rights.** SUSE WARRANTS THAT THE SOFTWARE OR SERVICES WILL, FOR A PERIOD OF SIXTY (60) DAYS FROM THE DATE OF YOUR RECEIPT, PERFORM SUBSTANTIALLY IN ACCORDANCE WITH SOFTWARE OR SERVICES WRITTEN MATERIALS ACCOMPANYING IT. EXCEPT AS EXPRESSLY SET FORTH IN THE FOREGOING, AND EXCEPT AS OTHERWISE RESTRICTED BY LAW, SUSE, ON BEHALF OF ITSELF AND ITS AFFILIATES, SUPPLIERS, DISTRIBUTORS, DEALERS, RETAILERS AND RESELLERS (COLLECTIVELY "THIRD PARTIES") DISCLAIMS AND EXCLUDES ANY AND ALL IMPLIED WARRANTIES INCLUDING ANY WARRANTIES OF MERCHANTABILITY, TITLE, NON-INFRINGEMENT, OR FITNESS FOR A PARTICULAR PURPOSE. SUSE AND THIRD PARTIES MAKE NO WARRANTY, REPRESENTATION OR PROMISE NOT EXPRESSLY SET FORTH IN THE END USER LICENSE AGREEMENT ACCOMPANYING THE SOFTWARE. NEITHER SUSE NOR THIRD PARTIES WARRANT THAT THE SOFTWARE OR SERVICES WILL SATISFY YOUR REQUIREMENTS OR THAT THE OPERATION OF THE SOFTWARE WILL BE UNINTERRUPTED. SUSE AND THIRD PARTIES RESERVE ALL RIGHTS NOT EXPRESSLY GRANTED HEREIN AND GRANT NO ADDITIONAL RIGHTS, LICENSES OR COVENANTS BY IMPLICATION, ESTOPPEL, OR OTHERWISE. NEITHER SUSE NOR ITS AFFILIATES, THIRD PARTIES, SUBSIDIARIES, OR EMPLOYEES WILL IN ANY CASE BE LIABLE FOR ANY OF THE FOLLOWING: (A) ANY SPECIAL, INCIDENTAL, CONSEQUENTIAL, INDIRECT, TORT, ECONOMIC, OR PUNITIVE DAMAGES ARISING OUT OF THE USE OF OR INABILITY TO USE THE SOFTWARE OR SERVICES, INCLUDING WITHOUT LIMITATION LOSS OF PROFITS, BUSINESS OR DATA, EVEN IF ADVISED OF THE POSSIBILITY OF THOSE DAMAGES; OR (B) AGGREGATE LIABILITY FOR DIRECT DAMAGES TO PROPERTY OR PERSON (WHETHER IN ONE INSTANCE OR A SERIES OF INSTANCES) EXCEEDING 1.25 TIMES THE AMOUNT PAID BY YOU FOR THE SOFTWARE OR SERVICES OUT OF WHICH SUCH CLAIM AROSE (OR \$50 (U.S.)) IF YOU RECEIVED THE SOFTWARE OR SERVICES FREE OF CHARGE). THE FOREGOING LIMITATION OF LIABILITY SHALL NOT APPLY TO (1) PERSONAL INJURY OR DEATH RESULTING FROM LICENSOR'S NEGLIGENCE; (2) FOR FRAUD; OR (3) FOR ANY OTHER MATTER FOR WHICH LIABILITY CANNOT BE EXCLUDED BY LAW.
11. **Law and Integration.** All matters arising out of or relating to the Agreement will be governed by the substantive laws of the United States without regard to its choice of law provisions. The application of the United Nations Convention of Contracts for the International Sale of Goods is expressly excluded. This Agreement constitutes the entire agreement between You and SUSE and its Third Parties with respect to the Subscription Offerings. It may be modified only by a written agreement executed by both parties.

12. **Transfer.** This Agreement may not be transferred or assigned without the prior written approval of SUSE; any other transfer or assignment or attempted transfer or assignment shall be null and void.
13. **Translations.** For Your convenience, SUSE may from time to time make available translated versions of this Agreement. You acknowledge and agree that such translations are merely a convenience. In the event of any conflict between any such translated version and this Agreement, this Agreement shall govern.

SUSE Linux Enterprise Server Subscription Offerings and Units of Measure

Effective May 1st 2015 for SUSE Linux Enterprise Server for x86 and x86-64, and effective April 1st 2016 for SUSE Linux Enterprise Server for POWER.

Operating Environments and Unit of Measure.

Each Physical Server, Virtualization Host or Virtualization Environment on which SUSE Linux Enterprise Server is deployed, installed, used or executed must have a Subscription Offering. Except for our Arm AArch64 processor Subscription offerings, Units of Measure do not differentiate between single core, multi-core or simultaneous multi-threading capable Processors.

For Virtualization Environments, if the Unit of Measure chosen is per number of Sockets with Unlimited Virtual Machines per Physical Server, only Physical Servers for which the appropriate Subscription Offering has been acquired may be used to deploy such Virtualization Environment, irrespective of whether such Physical Server is actually used or for how long such Physical Server is used.

A SUSE Linux Enterprise Server Subscription Offering must not be used as Subscription Offering for SUSE Linux Enterprise Server for SAP Applications. However, a Subscription Offering for SUSE Linux Enterprise Server for SAP Applications can alternatively (but not concurrently) be used as a SUSE Linux Enterprise Server Subscription Offering.

To change the deployment type of a Product during the Subscription Offering period, You must choose the highest valued Subscription Offering matching Your different deployment types for this Product. For example, if You deploy the higher valued SUSE Linux Enterprise Server Subscription Offering for '1-2 Sockets with Unlimited Virtual Machines' during the Subscription Offering period for a deployment scenario matching a lower valued (when compared to the 1-2 Sockets with Unlimited Virtual Machines Subscription Offering) '1-2 Sockets or 1-2 Virtual Machines', You may continue to use the higher valued Subscription Offering for the remaining subscription period. However, You may not deploy the lower valued SUSE Linux Enterprise Server Subscription Offering for '1-2 Sockets or 1-2 Virtual Machines' during the Subscription Offering period for a deployment type matching the higher valued '1-2 Sockets with Unlimited Virtual Machines' Subscription Offering.

Subscription Offerings for 1-2 Sockets or 1-2 Virtual Machines

These Subscription Offerings are intended for flexible deployments on Physical Servers and low-density or cloud virtualization.

Deployment on Physical Servers

The number of Subscription Offerings needed for a Physical Server is determined by the number of Sockets in the Physical Server.

Physical Servers with 1 - 2 Sockets need 1 Subscription Offering for "1-2 Sockets or 1-2 Virtual Machines."

For Physical Servers with more than 2 Sockets, Subscription Offerings are Stackable to match or exceed the number of Sockets. For example, a Physical Server with 4 Sockets needs 2 Subscription Offerings for "1-2 Sockets or 1-2 Virtual Machines."

Subscription Offerings can be transferred to new and/or different Physical Servers. For example, when 10 Physical Servers with 2 Sockets each are replaced by 4 Physical Servers with 4 Sockets each, the 10 “1-2 Sockets or 1-2 Virtual Machines” Subscription Offerings can be transferred to the new Physical Servers. In this example, a total of 8 Subscription Offerings (2 per Physical Server with 4 Sockets) are transferred to the new Physical Servers. You can use the remaining 2 Subscription Offerings for later deployments.

Low-Density or Cloud Deployments

Up to 2 Virtual Machines running on the same Virtualization Host or Virtualization Environment or within the same Private Cloud account or Public Cloud zone can be deployed with one “1-2 Sockets or 1-2 Virtual Machines” Subscription Offering.

Subscription Offerings for “1-2 Sockets or 1-2 Virtual Machines” can also be repurposed as Virtual Machines on any Virtualization Host, Virtualization Environment or with any certified Cloud Services provider (CSP).

At any point in time, a Subscription Offering for “1-2 Sockets or 1-2 Virtual Machines” can only be deployed either on a Physical Server or as Virtual Machines. For clarity, a Subscription Offering for “1-2 Sockets or 1-2 Virtual Machines” cannot be used for 1 Socket on a Physical Server and 1 Virtual Machine.

Subscription Offerings for “1-2 Sockets or 1-2 Virtual Machines” may not be used as a Virtualization Host. Virtualization Host capability is provided pursuant to the Subscriptions for 1-2 Sockets with Unlimited Virtual Machine defined below.

Subscription Offerings for 1-2 Sockets with Unlimited Virtual Machines

For high-density Virtualized Deployment a Subscription Offering for “1-2 Sockets with Unlimited Virtual Machines.” is available. This Subscription Offering entitles You to deploy an unlimited number of Virtual Machines per 1-2 Sockets on a Virtualization Host. For Virtualization Hosts with more than 2 Sockets, Subscription Offerings are Stackable to match or exceed the number of Sockets. This Subscription Offering can be used on any third-party Virtualization Host and also includes the entitlement to run SUSE Linux Enterprise for x86-64 Xen or KVM as the Virtualization Host.

Subscription Offerings for “1-2 Sockets with Unlimited Virtual Machines” may be deployed alternatively (but not concurrently) as 1 or 2 Virtual Machines on any Virtualization Host or with any Cloud Services provider which is authorized by SUSE (Bring Your Own Subscription or “BYOS”). Unlike Subscription Offerings for “1-2 Sockets or 1-2 Virtual Machines” (“Low-Density”), Subscription offerings for 1-2 Sockets with Unlimited Virtual Machines must be acquired for each Virtualization Host capable of deploying SUSE Products within a Virtualization Environment.

z Systems (“s390x”)

For a Physical Server with IBM z Systems Processors (s390x), the number of required Subscription Offerings for Your environment must match or exceed the number of IFLs on which SUSE Linux Enterprise Server is deployed, installed, used or executed. You can use an unlimited number of SUSE Linux Enterprise Server Instances per IFL. All these SUSE Linux Enterprise Server Instances must have a Subscription Offering, either Basic or a mix of Standard or Priority. Subscription Offerings are available for EC (Enterprise Class), BC (Business Class) type IBM z Systems models, and IBM LinuxONE type systems. The Unit of Measure for these Subscription Offerings is per IFL. If a single IFL on a specific Physical Server is used as an IFLe, then only IFLe use is permitted on that specific Physical Server. SUSE Linux Enterprise High Availability Extension (SLE HA) Subscription Offerings are included in SUSE Linux Enterprise Server for z Systems Subscription Offering.

Sub-Capacity for ppc64le Power servers

Physical Servers with PowerVM virtualization provide a hardware platform designed for workload consolidation with high scalability (192 cores + 64 TB memory) of servers combined with efficient virtualized resource management. SUSE Subscription Offerings for Power servers may be purchased for a subset of the Sockets on the Physical Server. This is known as Sub-Capacity pricing.

Sub-Capacity pricing is available for SUSE Subscription Offerings running on Power servers with four or more physical Sockets and PowerVM virtualization. Sub-capacity pricing can be used for all SUSE Subscription Offerings that are based on a 1-2 Socket charge metric including but not limited to SUSE Linux Enterprise Server for Power, SUSE Linux Enterprise Server for SAP Applications for Power, SUSE Linux Enterprise High Availability Extension for Power, SUSE Linux Enterprise Live Patching, SUSE Manager, and SUSE Manager Lifecycle Management.

For example, if a Power 980 server with 16 Sockets of total capacity is configured to only provide 8 Sockets of Processor capacity to SUSE Linux Enterprise Server for Power, then You only have to purchase four 1-2 Socket Subscription Offerings for SUSE Linux Enterprise Server for Power. This is useful for customers that consolidate multiple SUSE and non-SUSE workloads on a single Physical Server.

Prerequisites for Sub-Capacity pricing on Power servers include:

- Must be server based on POWER8 or later generation Processors
- The Physical Server must have four or more physical Sockets
- PowerVM virtualization must be used to limit that amount of Processor capacity available to run the SUSE Subscription Offerings using PowerVM methodologies such as Dedicated processor partitions (Dedicated LPAR), Dynamic LPAR, Single or Multiple Shared Processor Pools

Note: Integrated Facility for Linux (IFL) on Power does not automatically limit SUSE Subscription Offerings to only run on IFL Processors.

Calculating Socket Pair Equivalent for ppc64le Power servers: IBM PowerVM virtualization assigns Processor capacity to an LPAR/VM in 1/20th increments of a Processor Core. Since SUSE Subscription Offerings for IBM Power are sold by Socket Pairs, it is necessary to calculate the "Socket Pair Equivalent" of Processor capacity assigned to a SUSE Subscription Offering when using Sub-Capacity. IBM Power servers vary the number of physical Processor Cores per physical Socket from 8 to 12 Cores. Due this variability, it is necessary to calculate the Socket Pair Equivalent for each individual Physical Server because the Cores/Socket can vary between Physical Servers.

To calculate the Socket Pair Equivalent, the number of whole Processor Cores available to run the SUSE Subscription Offering are divided by the number of Cores for each physical Socket Pair in the Physical Server for which Subscription Offerings are being acquired.

For example, an eight Socket Power Physical Server with ten Cores per physical Socket and 40 Processor Cores assigned to SUSE Linux for SAP Applications for Power, the calculation is 40 Cores divided by 20 Cores (the Cores per Socket Pair on this Physical Server) = 2 Socket Pair Equivalent. You would need to purchase two SUSE Linux Enterprise Server for SAP Applications on Power Subscription Offerings. You must calculate the Socket Pair Equivalent calculation for each SUSE Subscription Offering running on that Physical Server.

When calculating the Socket Pair Equivalent, any fractional Cores or fractional Socket Pairs must be rounded up to the next highest integer. For example, if the number of Cores of capacity available to the SUSE Subscription Offering

was “40.4”, you would round the number of Cores to “41”. Similarly, if the number of Sockets in the Socket Pair Equivalent is “2.1”, the Socket Pair Equivalent is rounded up to “3”.

Should You increase the Processor capacity you must correspondingly increase the number of SUSE Subscription Offerings. Note that changes to Processor pools or LPAR/VM configuration may require the acquisition of additional SUSE Subscription Offerings.

Itanium Processor Family (“ia64”)

For a Physical Server with Itanium Processors (“ia64”), the number of required Subscription Offerings must match or exceed the number of Sockets on which SUSE Linux Enterprise Server is deployed, installed, used or executed. Customers may use an unlimited number of SUSE Linux Enterprise Server Instances per Socket. All these SUSE Linux Enterprise Server Instances must have a Subscription Offering, either Basic or a mix of Standard or Priority.

Intel or AMD Processors (“x86” or “x86-64”), Physical Deployment (Pre May 1st, 2015)

For a Physical Server with 32-bit or 64-bit Processors, the number of required Subscription Offerings must match or exceed the number of Sockets per Physical Server. If necessary, the CPU count per Physical Server must be rounded up to the next available Subscription Offering. Subscription Offerings are available for 1-2 CPU Sockets, 4 CPU Sockets or 8 CPU Sockets. One Subscription Offering cannot be used to entitle more than one Physical Server. Each Physical Server on which SUSE Linux Enterprise Server is deployed, installed, used or executed must have a Subscription Offering: either Basic or a mix of Standard or Priority. Virtualized Deployment of SUSE Linux Enterprise Server is not permitted with these Subscription Offerings (see “Virtualized Deployment” below).

Intel or AMD Processors (“x86” or “x86-64”), Virtualized Deployment (Pre May 1st, 2015)

For a Physical Server with 32-bit or 64-bit Processors, “Unlimited Virtual” Subscription Offerings are available for Virtualized Deployments of SUSE Linux Enterprise Server for use as Virtual Guest and/or Virtualization Host. You can use an unlimited number of SUSE Linux Enterprise Server Instances per Physical Server. The number of required “Unlimited Virtual” Subscription Offerings for Your Physical Server must match or exceed the number of Sockets per Physical Server on which SUSE Linux Enterprise Server is deployed, installed, used or executed. If necessary, the Socket count per Physical Server must be rounded up to the next available Subscription Offering.

“Unlimited Virtual” Subscription Offerings are available for 1-2 CPU Sockets, 4 CPU Sockets, or 8 CPU Sockets. One Subscription Offering cannot be used to entitle more than one Physical Server. Each Physical Server on which SUSE Linux Enterprise Server is deployed, installed, used or executed must have a Subscription Offering: either Basic or a mix of Standard or Priority.

POWER (“ppc64 or ppc64le”), (Pre April 1st, 2016)

For a Physical Server with POWER Processors (ppc64 or ppc64le), the number of required Subscription Offerings for Your environment must match or exceed the number of Sockets on which SUSE Linux Enterprise Server is deployed, installed, used or executed. You can use an unlimited number of SUSE Linux Enterprise Server Instances per Socket. All these SUSE Linux Enterprise Server Instances must have a Subscription Offering, either Basic or a mix of Standard or Priority.

Arm AArch64 Processors (“AArch64”), Subscription Offerings for 1-2 Sockets or 1-2 Virtual Machines

These Subscription Offerings are intended for flexible deployments on Physical Servers and low-density or cloud virtualization.

The number of Subscription Offerings needed for a Physical Server is determined by the number of Cores or Sockets in the Physical Server.

For Physical Servers with 16 or more Cores, the Subscription Offering is based on 1-2 Sockets. For example, a Physical Arm server with 16 Cores would require a single 1-2 Socket Subscription Offering.

For Physical Servers with more than 2 Sockets, Subscription Offerings are Stackable to match or exceed the number of Sockets. For example, a Physical Server with 4 Sockets needs 2 Subscription Offerings for “1-2 Sockets or 1-2 Virtual Machines.” The maximum number of Cores per Socket Pair is limited to 144. One Subscription Offering cannot be used to entitle more than one Physical Server.

Each Physical Server on which SUSE Linux Enterprise Server is deployed, installed, used or executed must have a Subscription. Subscription Offerings can be transferred to new and/or different Physical Servers. For example, when 10 Physical Servers with 2 Sockets each are replaced by 4 Physical Servers with 4 Sockets each, the 10 “1-2 Sockets or 1-2 Virtual Machines” Subscription Offerings can be transferred to the new Physical Servers. In this example, a total of 8 Subscription Offerings (2 per Physical Server with 4 Sockets) are transferred to the new Physical Servers. You can use the remaining 2 Subscription Offerings for later deployments.

Up to 2 Virtual Machines running on the same Virtualization Host or Virtualization Environment or within the same Private Cloud account or Public Cloud zone can be deployed with one “1-2 Sockets or 1-2 Virtual Machines” Subscription Offering.

Subscription Offerings for “1-2 Sockets or 1-2 Virtual Machines” can also be repurposed as Virtual Machines on any Virtualization Host or with any certified Cloud Services provider (CSP).

At any point in time, a Subscription Offering for “1-2 Sockets or 1-2 Virtual Machines” can only be deployed either on a Physical Server or as Virtual Machines. For clarity, a Subscription Offering for “1-2 Sockets or 1-2 Virtual Machines” cannot be used for 1 Socket on a Physical Server and 1 Virtual Machine.

Subscription Offerings for “1-2 Sockets or 1-2 Virtual Machines” may not be used as a Virtualization Host. Virtualization Host capability is provided pursuant to the Subscriptions for 1-2 Sockets with Unlimited Virtual Machine defined below.

Arm AArch64 Processors (“AArch64”), Subscription Offerings for 1-2 Sockets with Unlimited Virtual Machines

For a Physical Server with 64-bit Arm AArch64 Processors, “Unlimited Virtual” Subscription Offerings are available for Virtualized Deployments of SUSE Linux Enterprise Server for use as Virtual Guest and/or Virtualization Host.

For Physical Servers with 16 or more Cores, the Unlimited Virtual Machine Subscription Offering is based on 1-2 Sockets. For example, an Arm Physical Server with 16 Cores would require a single 1-2 Socket Unlimited Virtual Machine Subscription Offering.

This Subscription Offering entitles You to deploy an unlimited number of Virtual Machines per Subscription Offering on a Virtualization Host. For Virtualization Hosts with more than 2 Sockets, Subscription Offerings are Stackable to match or exceed the number of Sockets. This Subscription Offering can be used on any third-party Virtualization

Host and also includes the entitlement to run SUSE Linux Enterprise Xen or KVM as the Virtualization Host One Subscription Offering cannot be used to entitle more than one Physical Server.

Each Physical Server on which SUSE Linux Enterprise Server is deployed, installed, used or executed must have a Subscription.

Arm AArch64 Processors (“AArch64”), 1-2 Virtual Machines per 4 Cores

For Physical Servers with less than 16 physical Arm Cores, the Subscription Offerings are based on groups of 4 Cores. These Subscription Offerings are stackable up to a total of 15 Cores per Physical Server. For example, an Arm Physical Server such as a Raspberry Pi with a total of 4 Cores would need a single, 4-Core group Subscription Offering. An Arm Physical Server with 12 Cores would require three 4-Core group Subscription Offerings. An Arm Physical Server with 15 Cores would require four 4-Core group Subscription Offerings.

For a Physical Server with 64-bit Arm AArch64 Processors, the number of required Subscription Offerings must match or exceed the number of Cores in the Physical Server divided by four (4) and if necessary rounded to the next integer. Subscription Offerings are available for each group of 4 Cores. One Subscription Offering cannot be used to entitle more than one Physical Server.

Each Physical Server on which SUSE Linux Enterprise Server is deployed, installed, used or executed must have a Subscription. Virtualized Deployment of SUSE Linux Enterprise Server is not permitted with these Subscription Offerings (see “Virtualized Deployment” below).

Arm AArch64 Processors (“AArch64”), Unlimited Virtual Machines per 4 Cores

For a Physical Server with 64-bit Arm AArch64 Processors, “Unlimited Virtual Machines” Subscription Offerings are available for Virtualized Deployments of SUSE Linux Enterprise Server for use as Virtual Guest and/or Virtualization Host.

For Arm Physical Servers with less than 16 Cores, the Subscription Offerings are based on groups of 4 Cores. These Subscription Offerings are stackable up to a total of 15 Cores per Physical Server. For example, an Arm Physical Server with a total of 4 Cores would need a single, 4-Core group Unlimited Virtual Machine Subscription Offering. An Arm Physical Server with 12 Cores would require three 4-Core group Unlimited Virtual Machine Subscription Offerings.

This Subscription Offering entitles You to deploy an unlimited number of Virtual Machines per 4 Cores on a Virtualization Host. For Virtualization Hosts with more than 4 Cores, Subscription Offerings are Stackable to match or exceed the number of Cores. This Subscription Offering can be used on any third-party Virtualization Host and also includes the entitlement to run SUSE Linux Enterprise Xen or KVM as the Virtualization Host

The number of required “Unlimited Virtual Machines” Subscription Offerings for Your Physical Server must match or exceed the number of Cores in the Physical Server divided by four (4) and if necessary rounded to the next integer for each Core on which SUSE Linux Enterprise Server is deployed, installed, used or executed.

Each Physical Server on which SUSE Linux Enterprise Server is deployed, installed, used or executed must have a Subscription Offering.

SUSE Linux Enterprise Server with Expanded Support Subscription Offerings and Units of Measure

When You acquire SUSE Linux Enterprise Server with Expanded Support, You are actually acquiring a standard Subscription Offering for SUSE Linux Enterprise Server, but with the added entitlement for Expanded Support. As such, the Units of Measure for SUSE Linux Enterprise Server with Expanded Support are the same as for the corresponding SUSE Linux Enterprise Server Subscription Offering (e.g. with Unlimited Virtual Machines).

Appendix B – SUSE Linux Enterprise Extensions

SUSE Linux Enterprise High Availability Extension

SUSE Linux Enterprise High Availability Extension is a SUSE Product based on open source technology to implement highly available Linux clusters. It is supported on all Physical and Virtual Deployments where SUSE Linux Enterprise Server (x86, x86-64, ppc64, ia64, s390x) is supported.

Unit of Measure is the same as the Unit of Measure for SUSE Linux Enterprise Server Subscription Offerings for x86, AMD64 & Intel64, and POWER (see Appendix A).

Organizations with a Current SUSE Linux Enterprise Server Subscription Offering for Itanium (ia64), or z Systems (s390x) are entitled to receive Subscription Offering benefits for SUSE Linux Enterprise High Availability Extension for the respective Hardware Architecture. Organizations with a SUSE Linux Enterprise Server Subscription Offering for POWER (ppc64) purchased before April 1st 2016, are entitled to receive Subscription Offering benefits for SUSE Linux Enterprise High Availability Extension.

SUSE Linux Enterprise High Availability Extension Subscription Offering benefits are determined by and inherited from the underlying SUSE Linux Enterprise Server Subscription Offering benefits.

Geo Clustering for SUSE Linux Enterprise High Availability Extension

To receive Subscription Offering benefits for Geographically Clustered Linux Servers, separate Geo Clustering for SUSE Linux Enterprise High Availability Extension Subscription Offerings are required, in addition to Current SUSE Linux Enterprise Server and SUSE Linux Enterprise High Availability Extension Subscription Offerings.

Unit of Measure for Geo SLE HA is the same as the Unit of Measure for SUSE Linux Enterprise Server for x86, AMD64 & Intel64 (x86 / x86-64), and z Systems (s390x) Subscription Offerings in Appendix A. Subscription Offering benefits for Geo Clustering for SUSE Linux Enterprise High Availability Extension are determined by and inherited from the Subscription Offering benefit of the underlying SUSE Linux Enterprise Server Subscription Offerings.

SUSE Linux Enterprise Server Real Time Extension

To receive Subscription Offering benefits for SUSE Linux Enterprise Server Real Time Extension (“SLE RT”), a separate SLE RT Extension Subscription Offering is required in addition to a Current SUSE Linux Enterprise Server Subscription Offering (see Appendix A) either for Physical Deployment or Unlimited Virtual Machines.

Unit of Measure for SLE RT is per Physical Server. Subscription Offering benefits for SLE RT are determined by and inherited from the underlying SUSE Linux Enterprise Server Subscription Offering.

SUSE Linux Enterprise Virtual Machine Driver Pack Extension

To receive Subscription Offering benefits for SUSE Linux Enterprise Virtual Machine Driver Pack Extension (“SLE VM DP”), a Current SUSE Linux Enterprise Server Subscription Offering is required (see Appendix A). Purchasing SLE VM DP Subscription Offerings without a Current SUSE Linux Enterprise Server Subscription Offering does not entitle You to receive Subscription Offering benefits for SLE VM DP.

Unit of Measure for SLE VM DP is either per 1 to 4 Virtual Instances per Physical Server or unlimited number of Virtual Instances per Physical Server. Subscription Offering benefits for SLE VM DP are determined by the Subscription Offering benefit of the underlying SUSE Linux Enterprise Server Subscription Offering.

SUSE Linux Enterprise Workstation Extension Units of Measure

Units of Measure do not differentiate between single core or multi-core, or simultaneous multi-threading capable Processors. SUSE Linux Enterprise Workstation Extension (“SLE WE”) requires one Current SLES Subscription Offering per Physical Server in addition to the respective SLE WE Instances.

SUSE Linux Enterprise Workstation Extension for Intel or AMD Processors (“x86-64”), Physical Deployment

For Physical Servers with 64-bit Processors, the number of Subscription Offerings must match or exceed the number of Physical Servers or Devices, where SLE WE is deployed, installed, used or executed. Subscription Offering benefits for SLE WE are determined by and inherited from the Subscription Offering benefits of the underlying SUSE Linux Enterprise Server Subscription Offering. Virtualized Deployment of SUSE Linux Enterprise Workstation Extension is not permitted with this Subscription Offering. (See Virtualized Deployment below.) One Subscription Offering cannot be used to entitle more than one Physical Server.

SUSE Linux Enterprise Workstation Extension for Intel or AMD Processors (“x86-64”), Virtualized Deployment

For Physical Servers with 64-bit Processors, the number of Subscription Offerings must match or exceed the number of Instances of SUSE Linux Enterprise Workstation Extension for use as Virtual Instance. You can use an unlimited number of SUSE Linux Enterprise Workstation Instances per Physical Server. One Subscription Offering cannot be used to entitle more than one Virtual Instance. Each Virtual Instance on a Virtualization Host on which SUSE Linux Enterprise Workstation Extension is deployed, installed, used or executed must have a Subscription Offering. Subscription Offering benefits for SLE WE are determined by and inherited from the Subscription Offering benefits of the underlying SUSE Linux Enterprise Server Subscription Offering.

SUSE Linux Enterprise High Availability Extension with Expanded Support

When You acquire SUSE Linux Enterprise High Availability Extension with Expanded Support, You are actually acquiring a standard Subscription Offering for SUSE Linux Enterprise High Availability Extension, but with the added entitlement for Expanded Support. As such, the Units of Measure for SUSE Linux Enterprise High Availability Extension with Expanded Support are the same as for the corresponding SUSE Linux Enterprise High Availability Subscription Offering (e.g. with Unlimited Virtual Machines).

SUSE Linux Enterprise Live Patching

SUSE Linux Enterprise Live Patching is a SUSE Product based on open source technology to implement code updates during operation of the system. It is supported on all Physical and Virtual Deployments starting with SUSE Linux Enterprise Server 12 on x86-64 and POWER (ppc64le).

Unit of Measure for SUSE Linux Enterprise Live Patching is the same as SUSE Linux Enterprise Server Subscription Offerings for x86-64 and POWER (ppc64le), respectively (see Appendix A).

SUSE Linux Enterprise Live Patching Subscription Offering requires an underlying Current SUSE Linux Enterprise Server Priority Subscription Offering. Subscription Offering benefits are available for the kernel versions listed on <https://www.suse.com/products/live-patching/>. The list is subject to change at SUSE's discretion and your

entitlement to receive Subscription Offering benefits may be conditioned on Your deployment of a current version from this list.

Appendix C – SUSE Linux Enterprise Point of Service

SUSE Linux Enterprise Point of Service (“SLE POS”) Subscription Offerings and Units of Measure

Subscription Offerings for SUSE Linux Enterprise Point of Service (SLE POS) include access to SUSE Linux Enterprise Server and maintenance updates. Subscription Offering benefits are limited to the use of those components in a SLE POS solution as outlined below. In order for any individual Device to be eligible for Subscription Offering benefits, all Physical Servers, Instances, and Client Devices used as part of a SLE POS solution must have a Current Subscription Offering.

SLE POS Administration Server

At least one administration server is needed in a typical SLE POS environment. The administration server manages all point of service Devices and serves as the central repository for configuration information. It also keeps the master operating systems for the point of service Devices.

Point of service operating systems are built from templates, using SUSE Linux Enterprise and its maintenance updates as the base. Point of service operating systems can be built on the same Instance used as the administration server or on a separate Physical or Virtual Server Instance. All administration Physical Servers or operating system build Instances must have a “SUSE Linux Enterprise Point of Service Admin Server” Subscription Offering.

Additional workloads may only be run on an administration server if they are directly related to running the SLE POS solution. All other workloads must have SUSE Linux Enterprise Server Subscription Offerings.

SLE POS Branch Server

SUSE recommends using at least one branch server per branch. It is possible to run the SLE POS branch server function directly off the administration server for small-scale implementations of SLE POS. In this case, only an administration server Subscription Offering is needed.

The branch server provides the infrastructure for booting the point of service Client Devices from the local network, registering new Client Devices at the site and distributing operating system updates to the Client Devices. SLE POS Branch Server Subscription Offerings can be used for the actual point of service branch server as well as other SUSE Linux Enterprise Server Instances running at a branch, provided that they are used solely to serve data or applications to the point of service Client Devices. Instances in branches that are used in other roles must have a Current SUSE Linux Enterprise Server Subscription Offering.

SLE POS Client

All point of service Client Devices that are running a SUSE Linux Enterprise operating system, either deployed by the SLE POS solution or otherwise installed or deployed, must have a “SUSE Linux Enterprise Point of Service Client” Subscription Offering.

Client Devices are entitled to be used for running typical point of service applications or for supporting client applications (for example, a web browser). If the point of service application needs certain SUSE Linux Enterprise Server services to run, for example a local database, this is also covered by the SLE POS Client Subscription Offering.

Point of service Devices that are used as a combined point of service terminal and as a branch server, or point of service hardware used in any other server role, must have at least a SLE POS Branch Server Subscription Offering.

SLE POS Client Subscription Offerings must not be employed for any general purpose desktop or server use.

SLE POS High Availability Setup

SLE POS high availability servers can be set up as 2 Node high availability cluster. In that case separate Subscription Offerings of the SUSE Linux Enterprise High Availability Extension are needed for all Physical Servers used as cluster Nodes.

SLE POS Hardware Architectures

SLE POS administration and branch servers may be deployed on x86 or x86-64 SUSE certified hardware. SLE POS Client operating systems may only be built for the x86 Hardware Architecture.

SLE POS Virtualization

Provided that the restrictions mentioned above are complied with and all Instances belong to the same Point of Service solution, more than one virtual SUSE Linux Enterprise Point of Service Instance may be run on a single Physical Server that has a Current SLE POS Administration Server or SLE POS Branch Server Subscription Offering. For example, an operating system build server may be run as a Virtual Instance on the SLE POS Administration Server, or a SLE POS Branch Server can be run as a Virtual Instance on a combined point of service and SLE POS Branch Server Device. SLE POS Subscription Offerings must not be used as general purpose servers or Client Device virtualization.

Appendix D – SUSE OpenStack Cloud

SUSE OpenStack Cloud Control Node plus SUSE OpenStack Cloud Administration/Deployer Server

The Unit of Measure is per Instance. This includes the control services needed to run a Private Cloud infrastructure on a single Physical Server. It also includes an installation framework that automates the installation and ongoing maintenance of the physical cloud infrastructure. At least one (1) SUSE OpenStack Cloud Control Node plus SUSE OpenStack Cloud Administration/Deployer Server is required for each SUSE OpenStack Cloud installation. SUSE OpenStack Cloud Control Nodes plus SUSE OpenStack Cloud Administration/Deployer Server include up to two (2) Subscription Offerings for SUSE Linux Enterprise Server for x86, & x86-64, Physical Deployment, and SUSE Linux Enterprise High Availability Extension to be used for the sole purpose of deploying the SUSE OpenStack Cloud Control Node and the SUSE OpenStack Cloud Administration/Deployer Server.

SUSE OpenStack Cloud Control Node

The Unit of Measure is per Instance. This is an additional Instance running the control services needed to run a Private Cloud infrastructure on a single Physical Server for reliability or increased performance. SUSE OpenStack Cloud Control Node includes one (1) Subscription Offering for SUSE Linux Enterprise Server for x86, & x86-64, Physical or Virtualized Deployment, and SUSE Linux Enterprise High Availability Extension which may be used for the sole purpose of deploying the SUSE OpenStack Cloud Control Node.

SUSE OpenStack Cloud Control Node for z/VM

The Unit of Measure is per Instance. This is an additional Instance running the control services needed to manage a Private Cloud IBM z/VM infrastructure on a single Physical Server for reliability or increased performance. The prerequisite for the Control Node for z/VM is at least one SUSE OpenStack Cloud Control Node plus a SUSE OpenStack Cloud Administration/Deployer Server Subscription Offering. A SUSE OpenStack Cloud Control Node includes one (1) Subscription Offering for SUSE Linux Enterprise Server for x86, & x86-64, Physical or Virtualized Deployment, and SUSE Linux Enterprise High Availability Extension which may be used for the sole purpose of deploying the SUSE OpenStack Cloud Control Node.

SUSE OpenStack Cloud Control Node for VMware

The Unit of Measure is per Instance. This is an additional Instance running the control services needed to manage a Private Cloud using VMware infrastructure on a single Physical Server for reliability or increased performance. The prerequisite for the Control Node for VMware is at least one SUSE OpenStack Cloud Control Node plus a SUSE OpenStack Cloud Administration/Deployer Server Subscription Offering. A SUSE OpenStack Cloud Control Node includes one (1) Subscription Offering for SUSE Linux Enterprise Server for x86,& x86-64, Physical or Virtualized Deployment, and SUSE Linux Enterprise High Availability Extension which may be used for the sole purpose of deploying the SUSE OpenStack Cloud Control Node.

SUSE OpenStack Cloud Compute Node

The Unit of Measure is per 1-2 Sockets per Physical Server, Virtualized Deployment. This is the Physical Server or Virtual Instance that is managed by SUSE OpenStack Cloud to either host KVM or Xen Virtual Machines for workloads running in the Private Cloud or to integrate with VMware vCenter. SUSE OpenStack Cloud Compute

Nodes require a separate Subscription Offering for SUSE Linux Enterprise Server for x86 & x86-64, Virtualized Deployment. If a SUSE OpenStack Cloud Compute Node is configured to be part of an optional SUSE Linux Enterprise High Availability cluster, the SUSE OpenStack Cloud Compute Node requires a separate Subscription Offering for SUSE Linux Enterprise High Availability.

SUSE OpenStack Cloud Swift Storage Node

The Unit of Measure is per 1-2 Sockets. This is the Physical Server managed by SUSE OpenStack Cloud that hosts the object storage using OpenStack Swift. A Current SUSE OpenStack Cloud Swift Storage Node Subscription Offering is required for each Physical Server that is part of the SUSE OpenStack Cloud Swift Storage Cluster. Each SUSE OpenStack Cloud Swift Storage Node requires a separate Subscription Offering for SUSE Linux Enterprise Server for x86, & x86-64, Physical Deployment.

SUSE OpenStack Cloud Monitoring

The Unit of Measure is per 1-2 Sockets per Physical Server, Virtualized Deployment. This is the Physical Server or Virtual Instance that is monitored by SUSE OpenStack Cloud Monitoring. This can include a SUSE OpenStack Compute or Control Node running in the SUSE OpenStack Cloud. SUSE OpenStack Cloud Monitored Compute Nodes and Control Nodes must provide the necessary SUSE Linux Enterprise Server Subscription Offerings as described in their detailed requirements above. The SUSE Linux Enterprise Server Subscription for the Monitored Control node is included with SUSE OpenStack Control Node.

Appendix E – SUSE Manager

SUSE Manager Subscription Offerings and Units of Measure

A SUSE Manager installation requires at least one SUSE Manager Server and for each Managed Instance a SUSE Manager Lifecycle Management Subscription Offering.

Additional functionality can be added for each Managed Instance or the SUSE Manager Server itself with a SUSE Manager Monitoring Subscription Offering.

Additional Virtual Machine management functionality can be added for each managed Virtualization Host with a SUSE Manager Virtualization Management Subscription Offering.

SUSE Manager for Retail Architecture

A SUSE Manager for Retail installation requires at least one SUSE Manager Server.

Managed Instances connected to the SUSE Manager Server via the SUSE Manager for Retail Branch Server or the SUSE Manager for Retail Branch Server All-in-one, including the branch server and the point of service related workloads running on the branch server, do not require the SUSE Manager Lifecycle Management Subscription Offerings.

Each Managed Instance connected directly to the SUSE Manager Server requires a SUSE Manager Lifecycle Management Subscription Offering.

You may only deploy POS Client Device Managed Instances running SLEPOS with Current Subscriptions in Your SUSE Manager for Retail environment.

Virtual Machine Management and Monitoring can be provided with the SUSE Manager for Retail Branch Server All-in-one Subscription Offering.

SUSE Manager Server

SUSE Manager Server is available for installation on a Physical Server or as a Virtual Instance. At least one SUSE Manager Server Subscription Offering is required for an installation. No additional workloads are permitted to be deployed on the same Instance.

SUSE Manager Server Subscription Offering Options

For up to 50 Managed Instances (including Virtualization Hosts), the "SUSE Manager Server for up to 50 Managed Instances" Subscription Offering can be used. This Subscription Offering cannot be used for the SUSE Manager Server Master in a multilevel SUSE Manager Inter Server Sync setup (as described in the official "SUSE Manager Installation and Troubleshooting Guide" documentation, linked from <http://www.suse.com/documentation>). "SUSE Manager Server for up to 50 Managed Instances" Subscription Offering must not be used with an external database.

SUSE Manager Server Subscription Offering is not limited to 50 Managed Instances and can be used for the SUSE Manager Master Server in a multilevel SUSE Manager Inter Server Sync setup. The SUSE Manager Server Subscription Offering can either be used with the embedded database or an external Oracle database provided by You.

Both "SUSE Manager Server for up to 50 Managed Instances" and "SUSE Manager Server" Subscription Offerings can be used with an unlimited number of Sockets per Physical Server or per Virtual Machine.

SUSE Manager Proxy

SUSE Manager Proxy is available for installation on a Physical Server or Virtual Instance or as a Container. Regardless of the deployment option chosen, each Instance of SUSE Manager Proxy requires a SUSE Manager Proxy Subscription Offering, a SUSE Manager for Retail Branch Server Subscription Offering or a SUSE Manager for Retail Branch Server All-in-one Subscription Offering. The SUSE Manager for Retail Branch Server Subscription Offering and the SUSE Manager for Retail Branch Server All-in-one Subscription Offering can only be used when the SUSE Manager Proxy is deployed as part of the SUSE Manager for Retail architecture, in typical point of service environments. No additional workloads may be deployed on the same Physical Server or Virtual Instance. However, where SUSE Manager Proxy is deployed with the SUSE Manager for Retail Branch Server Subscription Offering, workloads that are solely used to serve data and applications to Point of Service client devices can be deployed on the same Physical Server.

SUSE Manager High Availability Servers

SUSE Manager Server and SUSE Manager Proxy can be set up as a cluster of 2 Instances using the SUSE Linux Enterprise High Availability Extension. Terms and conditions are available on request.

Rules for Applying Subscription Offerings to Managed Instances

Physical Servers

Except for the Arm AArch64 processor-based servers, SUSE Manager Lifecycle Management, SUSE Manager Virtualization Management Subscription and SUSE Manager Monitoring Subscription Offerings need to be applied on Physical Servers based on the number of Sockets per Physical Server. Subscription Offerings for 1 to 2 Sockets can be aggregated to provide Current Subscription Offerings for Physical Servers with more than 2 Sockets. For example, a 6 Socket Physical Server must have 3 “SUSE Manager Lifecycle Management up to 2 Sockets or 2 Virtual Machines” Subscription Offerings.

SUSE Manager Lifecycle Management Subscription Offerings for the Managed Instances are not required with the purchase of SUSE Manager for Retail Branch Server Subscription Offerings.

SUSE Manager Lifecycle Management Subscription Offerings for the Managed Instances in a branch, are not required when the SUSE Manager for Retail Branch Server Subscription Offerings has been rightfully acquired for that branch.

Physical Servers based on Arm AArch64 processors

SUSE Manager Lifecycle Management for Arm need to be applied on Physical Servers based on the number of Cores or the number of Sockets per Physical Server.

For Physical Servers with less than 16 Arm Cores, the Subscription Offerings are based on groups of 4 Cores. These Subscription Offerings are stackable up to a total of 15 Cores per Physical Server. For example, an Arm Physical Server such as a Raspberry Pi with a total of 4 Cores would need a single, 4-Core group Subscription Offering. An Arm Physical Server with 12 Cores would require three 4-Core group Subscription Offerings. An Arm Physical Server with 15 Cores would require four 4-Core group Subscription Offerings.

For Physical Servers with 16 or more Cores, the SUSE Manager Lifecycle Management for Arm Subscription Offering is based on 1-2 Sockets. For example, an Arm Physical Server with 16 Cores would require a single 1-2 Socket Unlimited Virtual Machine Subscription Offering.

Virtual Instances

Two Subscription Offerings are available for SUSE Manager Lifecycle Management and SUSE Manager Monitoring for Virtual Instances: You may choose either (1) per 2 Virtual Instances or (2) Unlimited Virtual Machines per Physical Server (as per preceding paragraph).

Per 2 Virtual Instances

The “SUSE Manager Lifecycle Management up to 2 Sockets or 2 Virtual Instances” Subscription Offerings and “SUSE Manager Monitoring up to 2 Sockets or 2 Virtual Machines” Subscription Offerings can be used to entitle 1 to 2 Virtual Machines to Subscription Offering Benefits.

Unlimited Virtual Machines

SUSE Manager Lifecycle Management includes lifecycle management of the Virtualization Hosts and all Virtual Guest Operating Systems. SUSE Manager Monitoring includes monitoring of the Virtualization Hosts and all Virtual Machines.

Appendix F – SUSE Enterprise Storage

SUSE Enterprise Storage Subscription Offerings and Units of Measure

SUSE Enterprise Storage (“SES”) has two distinct deployment methods, each method comes with its own Subscription Offerings and units of measure. You cannot mix and match these two:

- For traditional storage – not deployed on Kubernetes -, the customer uses the SUSE Enterprise Storage Base and SUSE Enterprise Storage Expansion Subscription Offerings.
- For deployment on Kubernetes, the “SUSE Enterprise Storage deployed with Rook” Subscription Offerings must be used.

SES is deployed in a SES Storage Cluster of SES Nodes. Multiple SES Storage Clusters can be deployed.

SUSE Enterprise Storage Base (“SES Base”)

To receive Subscription Offering benefits for SES Base, a Current SES Base Subscription Offering is required. A SES Base consists of SES OSD Nodes and SES Infrastructure Nodes.

Unit of Measure for SES OSD Nodes is 1-2 Sockets per Physical Server. Subscription Offerings are Stackable to match or exceed the number of Sockets and if necessary, the Socket count per Physical Server must be rounded up to match the next available SUSE Enterprise Storage Subscription Offering. For example, a Physical Server with 4 Sockets needs 2 Subscription Offerings for 1-2 Sockets.

Unit of Measure for SES Infrastructure Nodes is one (1) Instance of a SES Infrastructure Node running on a Physical Server or Virtual Machine.

A SUSE Enterprise Storage Subscription Offering is required for each SES Node deployed on a Physical Server or Virtual Machine as part of the SES Storage Cluster. You can use a combination of Physical Servers or Virtual Machines running SES OSD Nodes and SES Infrastructure Nodes with one SES Base Subscription Offering but shall under no circumstances exceed:

1. Up to four (4) Instances of 1-2 Socket Physical Servers for SES OSD Nodes and
2. Up to six (6) Instances for SES Infrastructure Nodes running on Physical Servers or Virtual Machines.

Of these Instances should one or more SES NFS Gateways or SES CIFS/Samba Gateways be chosen, such SES NFS Gateway or SES CIFS/Samba Gateway includes one (1) Subscription Offering for SUSE Linux Enterprise High Availability Extension for the sole purpose of deploying such SES NFS Gateway or SES CIFS/Samba Gateway within the SES Storage Cluster.

When infrastructure components (such as monitors, gateways and admin component) are collocated on SES OSD Nodes, this is counted as one of the six (6) Instances of available SES Infrastructure Nodes in the SES Base Subscription Offering, in addition to being counted as one of the OSD Node entitlements.

It is permissible to deploy multiple infrastructure components on an Infrastructure Node and this will only count as one single Infrastructure Node entitlement. By way of example, it is permissible to deploy a Rados Gateway, a Monitor and an iSCSI Gateway on a single Infrastructure Node and this will still only be counted as one of the six (6) Infrastructure Instances included in the SES Base Subscription Offering.

A SES Storage Cluster built with a SES Base Subscription Offering may only be expanded by adding one or more SES Expansion Subscription Offerings. Only one (1) SES Base Subscription Offering can be used in a SES Storage Cluster. A SES Base Subscription Offering includes up to ten (10) Subscription Offerings of SUSE Linux Enterprise Server x86-64 or AArch64 for 1-2 Sockets per Physical Server or Virtual Machine, for which the respective SES Base

EULA limits scope of deployment to the sole purpose of deploying a SES Node within a SES Storage Cluster as defined above.

SUSE Enterprise Storage Expansion (“SES Expansion”)

To receive Subscription Offering benefits for SES Expansion, a Current SES Expansion Subscription Offering is required.

A SES Expansion consists of one (1) SES OSD Node and one (1) SES Infrastructure Node.

Unit of Measure for a SES Expansion OSD Node is 1-2 Sockets per Physical Server. Subscription Offerings are Stackable to match or exceed the number of Sockets and if necessary, the Socket count per Physical Server must be rounded up to match the next available SES Expansion Subscription Offering. For example, a Physical Server with 4 Sockets needs two (2) Subscription Offerings for 1-2 Sockets.

Unit of Measure for SES Expansion Infrastructure Nodes is one (1) Instance of a SES Infrastructure Node running on a Physical Server or Virtual Machine. If this Instance is deployed as a SES NFS Gateway or SES CIFS/Samba Gateway, such SES NFS Gateway or SES CIFS/Samba Gateway includes one (1) Subscription Offering for SUSE Linux Enterprise High Availability Extension for the sole purpose of deploying such SES NFS Gateway or SES CIFS/Samba Gateway within the SES Storage Cluster.

When infrastructure components (such as monitors, gateways and admin component) are collocated on a SES OSD Expansion Node, this is counted as a single Infrastructure Node entitlement in addition to being counted as one of the OSD Node entitlements.

It is permissible to deploy multiple infrastructure components on an Infrastructure Node and this will only be counted as a single Infrastructure Node entitlement. By way of example, it is permissible to deploy multiple gateways on a single Infrastructure Expansion Node. This uses up the respective Infrastructure Node expansion entitlement.

The SES Expansion Subscription Offering includes up to two (2) Subscription Offerings for SUSE Linux Enterprise Server for x86-64 or AArch64 for 1-2 Sockets or 1-2 Virtual Machines (such Virtual Machines are deployable only for SES Expansion Infrastructure Nodes). The SES Expansion Node EULA limits the scope of deployment of the SUSE Linux Enterprise Server to the sole purpose of deploying a SES Node within a SES Storage Cluster as defined above.

SUSE Enterprise Storage deployed with Rook

Unit of Measure for SUSE Enterprise Storage deployed with Rook is the number of OSD drives used. A single Subscription Offerings includes up to 12 OSDs. Subscription Offerings are counted for each individual cluster and are Stackable to match or exceed the number of OSDs used. For example, a storage cluster with 40 OSDs, needs 4 Subscription Offerings for SUSE Enterprise Storage for Rook. A Subscription Offering for SUSE Enterprise Storage for Rook can only be used within a single cluster.

This Subscription Offering is only applicable for a Kubernetes cluster running SUSE Enterprise Storage. The Kubernetes Subscription Offering must be purchased separately and is not included in the SUSE Enterprise Storage for Rook Subscription Offering. SUSE Enterprise Storage deployed with Rook is only supported if all nodes of the Kubernetes cluster have current Subscription Offerings for the operating system and for Kubernetes – for example SUSE CaaS Platform or other SUSE supported Kubernetes distributions.

Appendix G – SUSE Linux Enterprise Desktop

Operating Environments and Units of Measure for SUSE Linux Enterprise Desktop

Units of Measure do not differentiate between single core or multi-core or simultaneous multi-threading capable Processors.

SUSE Linux Enterprise Desktop for Intel or AMD Processors (“x86” or “x86-64”), Physical Deployment

For a Device with 32-bit or 64-bit Processors, the number of required Subscription Offerings must match or exceed the number of Devices, where SUSE Linux Enterprise Desktop is deployed, installed, used or executed. The Subscription Offering must be either Basic or a mix of Standard or Priority. Virtualized Deployment of SUSE Linux Enterprise Desktop is not permitted with this Subscription Offering. One Subscription Offering cannot be used to entitle more than one Device.

Appendix H – SUSE CaaS Platform

Operating Environments and Units of Measure

Each Physical Server, Virtualization Host or Virtualization Environment on which SUSE CaaS Platform is deployed, installed, used or executed must have a Subscription Offering.

Units of Measure do not differentiate between single core, multi-core or simultaneous multi-threading capable Processors.

For Virtualization Environments, if the Unit of Measure chosen is per number of Sockets with Unlimited Virtual Machines per Physical Server, only Physical Servers for which the appropriate Subscription Offering has been acquired may be used to deploy such Virtualization Environment, irrespective of whether such Physical Server is actually used or for how long such Physical Server is used.

To change the deployment type of a Product during the Subscription Offering period, You must choose the highest valued Subscription Offering matching Your different deployment types for this Product. For example, if You deploy the higher valued SUSE CaaS Platform Subscription Offering for '1-2 Sockets with Unlimited Virtual Machines' during the Subscription Offering period for a deployment scenario matching a lower valued (when compared to the 1-2 Sockets with Unlimited Virtual Machines Subscription Offering) '1-2 Sockets or 1 Virtual Machine', You may continue to use the higher valued Subscription Offering for the remaining subscription period. However, You may not deploy the lower valued SUSE CaaS Platform Subscription Offering for '1-2 Sockets or 1 Virtual Machines' during the Subscription Offering period for a deployment type matching the higher valued '1-2 Sockets with Unlimited Virtual Machines' Subscription Offering.

Subscription Offerings for 1-2 Sockets or 1 Virtual Machine

These Subscription Offerings are intended for flexible deployments on Physical Servers and low-density or cloud virtualization. The Unit of Measure for SUSE CaaS Platform is per 1-2 Sockets per Physical Server or 1 Virtual Machine. SUSE CaaS Platform is provided with Priority Subscription Offerings only.

Each Physical Server or Virtual Environment on which SUSE CaaS Platform is deployed, installed, used or executed must have a Current Subscription Offering. SUSE CaaS Platform Subscription Offerings are Stackable to match or exceed the number of Sockets and if necessary, the Socket count per Physical Server must be rounded up to match the next available SUSE CaaS Platform Subscription Offering. For example, a Physical Server with 4 Sockets needs 2 Subscription Offerings for 1-2 Sockets. A Subscription Offering for SUSE Linux Enterprise Server must not be used as a Subscription Offering for SUSE CaaS Platform. However, a Subscription Offering for SUSE CaaS Platform can alternatively (but not concurrently) be used as a SUSE Linux Enterprise Server Subscription Offering.

The SUSE CaaS Platform Migration Subscription Offering is compatible only with SUSE Linux Enterprise Server x86-64 Unlimited Virtualization Priority Subscription Offerings. Any other SUSE Linux Enterprise Server Subscription Offering must first be upgraded accordingly before SUSE CaaS Platform Migration Subscription Offerings can be acquired.

SUSE CaaS Platform for 1-2 Sockets or 1 Virtual Machines does not include support for any Hypervisor. Deployments of SUSE CaaS Platform in a Virtualization Environment require a SUSE Linux Enterprise Server, x86-64, 1-2 Sockets with Unlimited Virtual Machines Subscription Offering. SUSE CaaS Platform may also be deployed on third party virtualization solutions or as a single Virtual Machine on a public cloud.

Subscription Offerings for 1-2 Sockets with Unlimited Virtual Machines

For high-density Virtualized Deployment a Subscription Offering for '1-2 Sockets with Unlimited Virtual Machines' is available. This Subscription Offering entitles You to deploy an unlimited number of Virtual Machines per 1-2 Sockets on a Virtualization Host. These Virtual Machines can be either SUSE CaaS Platform or SUSE Linux Enterprise Server for x86-64. For Virtualization Hosts with more than 2 Sockets, Subscription Offerings are Stackable to match or exceed the number of Sockets. This Subscription Offering can be used on any third-party Virtualization Host and also includes the entitlement to run SUSE Linux Enterprise for x86-64 Xen or KVM as the Virtualization Host.

Subscription Offerings for "1-2 Sockets with Unlimited Virtual Machines" may be deployed alternatively (but not concurrently) as 1 Virtual Machines on any Virtualization Host or with any cloud services provider which is authorized by SUSE (Bring Your Own Subscription or "BYOS"). Unlike Subscription Offerings for "1-2 Sockets or 1 Virtual Machines" ("Low-Density"), Subscription offerings for 1-2 Sockets with Unlimited Virtual Machines must be acquired for each Virtualization Host capable of deploying SUSE Products within a Virtualization Environment.

The SUSE CaaS Platform Migration Subscription Offering is compatible only with SUSE Linux Enterprise Server x86-64 Unlimited Virtualization Priority Subscription Offerings. Any other SUSE Linux Enterprise Server Subscription Offering must first be upgraded accordingly before SUSE CaaS Platform Migration Subscription Offerings can be acquired.

Appendix I – SUSE Cloud Application Platform

Operating Environments and Units of Measure

The Unit of Measure for SUSE Cloud Application Platform (“SUSE CAP”) is per 1 Core or 2 vCPUs. Each Physical Server or Virtual Machine on which SUSE CAP Container Workloads are deployed, installed, used or executed must have a Current SUSE CAP Subscription Offering.

SUSE CAP Subscription Offerings are Stackable to match or exceed the number of Cores or vCPUs (rounding up to an even number if counting vCPUs).

For Physical Servers, Cores are the unit of measure. For example, a Physical Server with 16 Cores needs 16 Subscription Offerings for ‘1 Core or 2 vCPUs’.

For Virtual Machine and Cloud deployments where the number of Physical Cores cannot be counted directly, vCPU pairs as reported by the hypervisor or cloud provider are counted instead. For example, an AWS m4.4xlarge instance type with 16 vCPUs requires 8 Subscription Offerings of ‘1 Core or 2 vCPUs’.

Subscriptions with Infrastructure

SUSE CAP Subscription Offerings are available with or without supporting infrastructure entitlements. A “SUSE CAP (with Infrastructure)” Subscription Offering entitles You to use:

- (i) SUSE CaaS Platform Kubernetes Worker Nodes, which are counted towards the SUSE CAP Units of Measure.
- (ii) SUSE CaaS Platform Kubernetes Master Nodes solely to deploy and execute SUSE CAP Container Workloads, which are not counted towards the SUSE CAP Units of Measure.

For example, the following cluster would require 72 Subscription Offerings for ‘1 Core or 2 vCPUs’:

9 SUSE CaaS Platform Worker nodes with 16 vCPUs each running SUSE Cloud Application Platform (9x8 Subscription Offerings for ‘1 Core or 2 vCPUs’ are counted)

3 SUSE CaaS Platform Master nodes with 4 vCPUs each (Subscription Offerings are not counted)

Appendix J – Long Term Service Pack Support

LTSS Subscription Offering is available as an additional offering for SLES (x86, x86-64, s390x, ppc64, ppc64le).

For SLES for SAP Application (x86-64, ppc64le) LTSS Subscription Offering is available to extend the Subscription Offering benefit period after expiration of Extended Service Pack Overlap Support (ESPOS).

SLES for High Performance Computing Long Term Service Pack Support (SLE HPC LTSS) (x86-64, AArch64) Subscription Offering is available to extend the Subscription Offering benefit period after expiration of Extended Service Pack Overlap Support (SLE HPC ESPOS), or to extend the SLE HPC Subscription Offering benefit period.

All LTSS Subscription Offerings require a matching and underlying (i) Current SUSE Linux Enterprise Server Subscription Offering or (ii) Current SLES for SAP Application (x86-64) Subscription Offering or (iii) SLE HPC (x86-64, AArch64) Subscription Offering. Your LTSS Subscription Offering must be registered at SUSE Customer Center (SCC), and you may be required to install the latest LTSS updates.

LTSS for x86 & x86-64 for “up to 100 Instances”, “up to 500 Instances” and “unlimited Instances”

LTSS for x86 & x86-64 has the following Subscription Offering options:

- up to 100 Instances
- up to 500 Instances

This LTSS Subscription Offering is offered strictly per Code Stream and is Hardware Architecture specific.

LTSS for x86 & x86-64, 1-2 Sockets with Inherited Virtualization per Code Stream

This Subscription Offering entitles You to any current LTSS version and is not hardware architecture specific. One LTSS Subscription Offering is required per 1-2 Sockets. For Physical Servers with more than 2 Sockets, Subscription Offerings are Stackable to match or exceed the number of Sockets. Virtualization is inherited from the underlying SLES Subscription Offering.

By way of example, a Physical Server with 4 Sockets needs 2 Subscription Offerings for “1-2 Sockets or 1-2 Virtual Machines.” Six Virtual Machines of the same Code Stream of SLES under LTSS on a SLES Virtualization Host with four Sockets require two SLES Subscription Offerings for 1-2 Sockets with Unlimited Virtual Machines (for the host and VMs) and two LTSS Subscription Offerings of 1-2 Sockets (for the host and VMs).

As a second example, running three Virtual Machines with different Code Streams on the same four-socket SLES Virtualization Host requires two SLES Subscription Offerings for 1-2 Sockets with Unlimited Virtual Machines (for the host) and three LTSS Subscription Offerings (one for each Code Stream executed as VM guest).

LTSS for SLES for z Systems (s390x)

LTSS for SLES for z Systems has the following Subscription Offerings:

- up to 5 IFLs

LTSS for SLES for POWER (ppc64) 1-2 Sockets with Inherited Virtualization per Code Stream

This Subscription Offering entitles You to any current LTSS version for ppc64.

One LTSS Subscription Offering is required per 1 - 2 Sockets. For Physical Servers with more than 2 Sockets, Subscription Offerings are Stackable to match or exceed the number of Sockets. Virtualization is inherited from the underlying SLES Subscription Offering.

By way of example, a Physical Server with 4 Sockets needs 2 Subscription Offerings for “1-2 Sockets or 1-2 Virtual Machines”. As another example, running two Virtual Machines with different Code Streams on a SLES Virtualization Host with 2 Sockets requires:

- One SUSE Linux Enterprise Server Subscription Offerings for 1-2 Sockets with Unlimited Virtual Machines (for the Virtualization Host) and
- Two LTSS Subscription Offerings (one for each Code Stream)

This Subscription Offering entitles You to any Current LTSS version for SUSE Linux Enterprise for High Performance Computing x86-64, AArch64.

One SLE HPC LTSS Subscription Offering is required per 1 - 2 Sockets per Code Stream. For Physical Servers with more than 2 Sockets, Subscription Offerings are Stackable to match or exceed the number of Sockets. Virtualization is inherited from the underlying SLES Subscription Offering.

By way of example, a Physical Server with 4 Sockets needs 2 Subscription Offerings for “1-2 Sockets or 1-2 Virtual Machines”. As another example, running two Virtual Machines with different Code Streams on a SLES Virtualization Host with 2 Sockets requires:

- One SUSE Linux Enterprise for High Performance Computing Subscription Offerings for 1-2 Sockets or 1-2 Virtual Machine and
- Two SLE HPC LTSS Subscription Offerings (one for each Code Stream)

Extended Service Pack Overlap Support (SLE HPC ESPOS) for SUSE Linux Enterprise for High Performance Computing (SLES for HPC)

Extended Service Pack Overlap Support (ESPOS) for SLES for SAP Applications

The SLES for SAP Applications (x86-64, ppc64le) Subscription Offering includes ESPOS. ESPOS extends the Subscription Offering benefit period for a particular SLES for SAP Applications (x86-64, ppc64le) Service Pack. ESPOS entitles customers of SLES for SAP Applications (x86-64, ppc64le) to continue receiving Subscription Offering benefits under the same conditions as LTSS (i.e. per Code Stream and Hardware Architecture dependent) according to the SUSE product lifecycle.

Appendix K – SUSE Linux Enterprise for High Performance Computing

SUSE Linux Enterprise for High Performance Computing and SUSE Linux Enterprise for High Performance Computing ESPOS (“SLE HPC ESPOS”)

The Unit of Measure for a SUSE Linux Enterprise for High Performance Computing (“SLE HPC”) Subscription Offering is per 1 - 2 Sockets or 1-2 Virtual Machine per Physical Server used as part of a SLE HPC Cluster. One Subscription Offering is required for a 1 - 2 Socket Physical Server. For Physical Servers with more than 2 Sockets, the number of Subscription Offerings must match or exceed the total number of pairs of Sockets of the Physical Server.

All SLE HPC Nodes within a SLE HPC Cluster must deploy the same SUSE Linux Enterprise Subscription Offering such as (a) “Standard” with SUSE Linux Enterprise for High Performance Computing ESPOS (“SLE HPC ESPOS”) or without ESPOS or (b) “Priority” with ESPOS or without ESPOS. When You acquire a LTSS Subscription Offering for one node in a particular SLE HPC Cluster, You must acquire sufficient Subscription Offerings in the applicable Unit to cover all acquired, installed, or deployed SLE HPC Nodes in that particular cluster.

The amount of Subscription Offerings for a particular SLE HPC Cluster must match or exceed the sum of Subscription Offerings of all Socket Pairs present in the SLE HPC Cluster.

For Physical Servers with more than 2 Virtual Machines, HPC Subscription Offerings are Stackable to match or exceed the number of Virtual Machines. For example, a Physical Server with 2 Sockets and 4 Virtual Machines needs 2 HPC Subscription Offerings for “1-2 Sockets or 1-2 Virtual Machines.”

A SLE HPC Cluster is defined by the following cumulative characteristics:

- One SLE HPC Cluster must consist of a minimum of four (4) Physical Nodes; and
- The SLE HPC Cluster is solely used for compute-intensive or high-performance data analysis distributed tasks sent to individual SLE HPC Compute Nodes within the SLE HPC Cluster (see “Definitions” for more details); and
- External network communication to and from the SLE HPC Cluster must only happen via the SLE HPC Head Nodes. With the exception of (a) communication for purely administrative purposes which in no way interferes with the computation task distributed to any HPC Compute Node and (b) data transfer directly related to computation of a particular computation task between any HPC Compute Node and a storage system or streaming data source. No direct or indirect communication between HPC Compute Nodes and external systems is allowed; and
- The ratio of SLE HPC Head Nodes to SLE HPC Compute Nodes must not exceed a ratio of 1 to 4.

VLA Agreement and VLA Program Guide

Volume License Agreement

INTRODUCTION. This Volume License Agreement (“Agreement”) is made between the SUSE entity fulfilling Your order (“SUSE”), and the customer accepting these terms (“Customer” or “You”). This Agreement applies to Your order submitted under SUSE’s Volume License Agreement Program (“VLA Program”). By submitting an order under the SUSE VLA Program to a SUSE Reseller, You agree to be bound by the terms of this Agreement. This Agreement is effective on the date Your order is accepted by SUSE (“Effective Date”).

1. **DEFINITIONS.** Capitalized terms used in this Agreement are defined as follows

1.1 Documentation means any user documentation and manuals (including electronic versions) provided by SUSE with a Software product.

1.2 Price List means the Corporate Price List as published periodically by SUSE.

1.3 Reseller means a SUSE-authorized entity that sells You subscriptions or services under the VLA Program.

1.4 Software means the SUSE software product licensed to You under this Agreement, excluding Services Deliverables.

1.5 Software Subscription or Subscription means the subscription you purchase under the VLA Program and includes the software upgrades, updates and technical support for the duration of the subscription.

1.6 Patch (Update) means a fix or compilation of fixes released by SUSE to correct operation defects (program bugs) in the Software.

1.7 Upgrade means any new version of Software which bears the same product name, including version changes evidenced by a number immediately to either the left or right of the decimal (e.g. SUSE Linux Enterprise Server 9.x to 10.x). If a question arises as to whether a product offering is an Upgrade or a new product, SUSE’s opinion will prevail, provided that SUSE treats the product offering the same for its end users generally.

2. **LICENSING.** The license grants and restrictions for the Software are contained in the End User License Agreement (“EULA”) accompanying the Software. A copy of the EULA is attached. Subject to Your payment of the applicable fees and compliance with this Agreement and the applicable EULA, Your license to use the Software will be perpetual, except as expressly provided otherwise (such as with beta products). To the extent of any conflict or ambiguity between the terms and conditions of this Agreement and the EULA, the terms and conditions of this Agreement will prevail. Ownership of Software is held by SUSE and/or its licensors.

3. **PROGRAM CHANGES.** The VLA Program Guide is available at

https://www.suse.com/media/guide/volume_license_agreement_program_guide_suse.pdf and forms an integral part of this Agreement. To the extent of any conflict between the terms of this Agreement and the VLA Program Guide, the terms of this Agreement will prevail. Any non-material changes will apply only to purchases made after the effective date of the changes. Any material updates to this agreement shall be presented to Ordering Activity for review and will not be effective unless and until both parties sign a written agreement updating these terms.

4. **SUBSCRIPTIONS.** The SUSE Software Subscription services described in this section (the provision of Upgrades, Updates and technical support) are a mandatory part of the VLA, and Subscription fees must be paid for such services on all SUSE Software products for as long as this Agreement remains in effect. Should You elect to purchase a Subscription for existing Software products, all of Your installations for that product must be covered. Upon renewal, your payment of Subscription fees will be deemed a representation of the number of installations deployed for the Software. Additional VLA Maintenance requirements are located in the VLA Program Guide. During the period for which Subscription fees are fully paid for all installations, SUSE will provide You with the following:

Patches and Software Upgrades. If SUSE commercially releases any Upgrades and/or Updates during the period covered by Your Subscription, SUSE will make such Upgrades and/or Updates or Patches available to You within a reasonable period of time after they become commercially available. To obtain Upgrades and Updates, You will need to subscribe, at no extra cost, to SUSE’s Upgrade notification service. You will be entitled to install and use such Upgrades and/or Updates up to the number of installations for which You have purchased a Subscription. Use of Upgrades is subject to the restrictions of the EULA provided with the Upgrade.

Technical Support. SUSE will provide technical support services as described in the current, region-specific, support services guide published on https://www.suse.com/media/flyer/suse_support_flyer.pdf and attached hereto, the terms of which are incorporated into this Agreement. The level of technical support services to which You are entitled under the VLA Program is determined at the time of purchase. In order to receive technical support for a SUSE Software product, all of Your installations for that SUSE Software product must be covered by a Subscription.

4.1 Installed Base. You must purchase SUSE Subscriptions for all Your installations of the SUSE Software for the full duration of the Agreement. This includes SUSE products You previously acquired outside Your current VLA agreement. To receive Subscription services for installations that are not at the current product version, You must upgrade them by purchasing a Subscription for the same quantity of new installations for the current supported version. Each copy must be installed on a

machine corresponding to the part number describing such product offering (e.g., Customer cannot apply Subscription benefits received pursuant to a particular subscription offering, such as SLES for X-86, to a different platform for which the offering does not apply, such as SLES for zSeries). Any unauthorized use of the Subscription services will be treated as a material breach of this Agreement. If You wish to increase the number of installations of the Software product, You must purchase the required Software Subscriptions from a Reseller for each additional installation. Upon renewal, Your submission of a purchase order or payment of Subscription fees will be deemed a representation of the number of installations of the Software receiving Subscription benefits.

4.2 Ordering Subscriptions. Subscription fees are calculated on an annual basis, and all fees are due and payable in advance. Each Subscription period shall expire at the end of a one-year period (or the end of the multi-year period), no matter when during such period the Subscription was purchased, unless SUSE and Customer agree to synchronize the Subscription dates in alignment to and conterminous with Customer's other Subscriptions.

4.3 Refunds. If this Agreement is terminated due to SUSE's breach of this Agreement, SUSE will refund any Subscription fees paid for the time period past the first day of the month following the termination date. Subscription fees are not refundable except as expressly provided in this Agreement

5. SERVICES.

5.1 Consulting Services and Premium Support Services. Your optional purchase and SUSE's delivery of Services, such as Consulting and Premium Support ("Services") under the Agreement, are subject to the following terms, unless otherwise agreed in a separate agreement specifically covering those Services.

5.2 Consulting Statement of Work. The parties may choose to enter into a Statement of Work ("SOW") that describes the Services and may cover items such as project scope, code, documentation, media and other objects ("Deliverables"). Any such SOW will be governed by this Agreement's terms.

5.3 Consulting SOW Continuance. If a SOW extends beyond the term of the Agreement, this Agreement will continue in effect solely with respect to such SOW.

5.4 Consulting Completion Criteria. Services will be deemed complete unless within 10 days after delivery, You give SUSE written notice of aspects in which the Services do not meet the SOW requirements. Upon receipt of such written notice, SUSE will use commercially reasonable efforts to make such changes as will be required to correct any deficiencies; if SUSE is unable to correct the Services within a reasonable period of time, SUSE or You may terminate the relevant SOW and SUSE shall provide a refund of the amount You paid for the Services SUSE did not correct.

5.5 Premium Support Services. You may purchase additional optional services such as Premium Support Services as referenced in section 5.1. See <https://www.suse.com/support/> for more details.

5.6 License. Subject to payment of applicable fees for Services and Deliverables, SUSE grants You a nonexclusive, nontransferable, worldwide, perpetual license to reproduce and internally use the Deliverables. All proprietary rights notices must be faithfully reproduced and included on all copies (including any modifications or adaptations allowed by this Agreement or any SOW). Except as expressly provided otherwise in this Section or any SOW, SUSE (and/or its licensors) owns all right, title and interest, including all intellectual property rights, in any Deliverable developed, delivered and/or used by SUSE in the performance of any Services. Neither this Agreement nor any SOW changes ownership of any pre-existing materials.

6. ORDERING AND DELIVERABLES.

6.1 Orders. You must place an order for the appropriate number of Software Subscriptions through a Reseller. The price You pay for Software Subscriptions and support services will be the price you negotiate with Your Reseller in accordance with the GSA Schedule Pricelist. EXPIRING SOFTWARE SUBSCRIPTIONS AND SOFTWARE MAINTENANCE MAY BE RENEWED FOR AN ADDITIONAL 12 MONTHS AT THE THEN-CURRENT RENEWAL CHARGES BY BOTH PARTIES EXERCISING AN OPTION OR A NEW PURCHASE ORDER. YOU FURTHER AGREE THAT YOUR RESELLER OR SUSE MAY INVOICE YOU WITHOUT A PURCHASE ORDER FOR FEES OTHERWISE OWING UNDER THIS AGREEMENT.

Payments made later than the due date will accrue interest from the date due to the date paid at the rate indicated by the Prompt Payment Act (31 USC 3901 et seq) and Treasury regulations at 5 CFR 1315.

6.2 Taxes. VLA shall state separately on invoices taxes excluded from the fees, and the You agree either to pay the amount of the taxes (based on the current value of the equipment) or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

6.3 Delivery. Unless otherwise agreed to, the Software (including its documentation) will be delivered to Customer in binary (electronic) format through electronic software distribution. For delivery from the USA to destinations within the USA, delivery terms are FCA (Free Carrier, INCOTERMS) SUSE's dock. For delivery from the USA to destinations outside the USA, delivery terms are DAP-POE (Delivery At Place – Port of Entry, INCOTERMS). SUSE will select a carrier and will prepay shipping and handling charges. You will be responsible for all applicable import duties and value added tax, goods and services tax, or other similar taxes and fees. For delivery within Europe, the Middle-East and Africa ("EMEA"), delivery terms will be CPT (Carriage Paid To Destination, INCOTERMS). SUSE will select a carrier, prepay the freight and invoice You for freight and any handling costs. Destinations for EU countries will be Your nominated delivery point; for non-EU countries, destination will be the point of

import. CPT does not include the payment by SUSE of taxes or any applicable import duties.

6.4 **Title & Risk of Loss.** For shipment within the United States, title to any deliverables, exclusive of SUSE's rights to intellectual property, and risk of loss will pass to You upon delivery to Your carrier. For shipments from the U.S. to outside the U.S., title to and risk of loss will remain with SUSE until the shipment arrives at the importing country's entry port (or at a bonded warehouse within Canada or Mexico if Customer so requests shipment). For shipments within EMEA (i.e. originating in Ireland), title to and risk of loss passes to You at the Irish shipment point. If You insure shipment, the insurance will protect SUSE's interest until title passes as set forth above. Notwithstanding the above provisions, no title to Master Software is transferred to You.

6.5 **Price and Product Changes.** SUSE may revise the Price List at any time to (a) change the suggested list prices for Software, Subscriptions, and other services or deliverables, and (b) add or delete Software Subscriptions or other services or deliverables available for purchase. Notwithstanding the foregoing, for purposes of this Agreement, the price list shall be the approved GSA Schedule price list.

6.6 **Audit.** You will keep complete and accurate records of all Software use. SUSE may at its expense and upon no less than 5 working days written notice audit Your installation, use, or access of the Software and Your related records and VLA payments. As part of such audit, SUSE is entitled to obtain physical and electronic data concerning all Software installation, use, and access at each of Your offices, regardless of their location. At SUSE's option, the audit may be conducted at Your facilities or from a remote location. An audit may be conducted either by SUSE or by its authorized representative, and will not interfere unreasonably with Your business activities. An audit entity will be conducted no more often than once per calendar year at a location, unless a previous audit disclosed a material discrepancy. If an audit shows You have underpaid fees, You must promptly purchase from SUSE at list price sufficient Software Subscriptions to support the actual deployment, including Subscriptions for the time period of the shortfall.

7. TERM AND TERMINATION.

7.1 **Term.** This Agreement will begin on the Effective Date and will remain in effect until SUSE's Subscription obligations under any order accepted by SUSE under this Agreement are fulfilled.

7.2 **Termination for Cause.** When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, SUSE shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer.

7.3 **Effect of Termination.** Upon termination of this Agreement for any reason, Your right to acquire and received benefits for VLA Software Subscriptions under this Agreement will immediately terminate. However, unless Your VLA Program participation and this Agreement is terminated by reason of Your violation of

SUSE's intellectual property rights, Your right to continue to use any perpetual licenses will not be affected, including any Upgrades and Updates to which You were entitled under Subscription benefits.

8. LIMITED WARRANTY.

8.1 **Software.** SUSE warrants that the Software (including Upgrades/Updates) will conform substantially to the specifications in the Documentation, provided: (a) the Software is not modified by anyone other than SUSE, unless authorized by SUSE in writing; (b) You notify SUSE in writing of the nonconformity within 90 days after You first acquire a Subscription of the Software version; and (c) the Software is installed in a compatible environment. In this Section, "conform substantially" means that the Software conforms to the material specifications in the Documentation. SUSE's only obligation under this warranty, at its option, is to either cause the Software to conform substantially with its specifications or to refund to You the amount paid entitling You to the Upgrade upon Your return of all the Software. In the event of a refund, Your right to use the Software will automatically expire.

8.2 **Services.** SUSE warrants that any Services purchased under this Agreement via signed SOWs will be performed in a professional manner in accordance with generally accepted industry standards. As files may be altered or damaged in the course of SUSE providing technical services, You agree to take appropriate measures to isolate and back up Your systems. This warranty will be effective for 30 days following completion of the Services, in accordance with Section 5.3 above. Upon receipt of written notice of breach of this warranty, SUSE's obligation is to correct the Services so that they comply with this warranty. If SUSE is unable to correct the Services within a reasonable period of time, Your sole remedy is to terminate the relevant SOW and obtain a refund of the amount You paid to SUSE for the Services SUSE is unable to correct.

8.3 **Non-SUSE Products.** SUSE does not warrant non-SUSE products. Any such products are provided on an "AS IS" basis. Any technical or warranty service for non-SUSE products is provided by the product manufacturer in accordance with any applicable manufacturer's warranty.

8.4 **Disclaimer of Warranties.** EXCEPT AS EXPRESSLY SET FORTH IN THESE LIMITED WARRANTY SUBSECTIONS, SUSE AND ITS RESELLERS MAKE NO WARRANTY OR REPRESENTATION REGARDING ANY SOFTWARE OR SERVICES. TO THE EXTENT ALLOWED BY APPLICABLE LAW, SUSE AND ITS RESELLERS DISCLAIM AND EXCLUDE ALL OTHER EXPRESS, IMPLIED, AND STATUTORY WARRANTIES OR CONDITIONS, INCLUDING IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, GOOD TITLE, AND NON-INFRINGEMENT. SUSE DOES NOT WARRANT THAT THE SOFTWARE OR SERVICES WILL BE WITHOUT DEFECT OR ERROR, SATISFY YOUR REQUIREMENTS, OR PROVIDE UNINTERRUPTED USE OF THE SOFTWARE.

9. LIABILITY LIMITATIONS.

9.1 **Indirect Damages.** TO THE EXTENT ALLOWED BY APPLICABLE LAW, NEITHER SUSE NOR CUSTOMER WILL BE LIABLE FOR ANY INDIRECT, SPECIAL, INCIDENTAL, OR

CONSEQUENTIAL DAMAGES WHETHER UNDER CONTRACT OR IN TORT (INCLUDING, BUT NOT LIMITED TO, DAMAGES FOR INTERRUPTION OF BUSINESS, LOSS OF BUSINESS, LOSS OF PROFITS AND LOSS OF USE OF DATA) RELATED TO OR ARISING OUT OF THIS AGREEMENT, EVEN IF THE BREACHING PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. THIS SECTION DOES NOT APPLY TO VIOLATIONS BY EITHER PARTY OF THE OTHER PARTY'S INTELLECTUAL PROPERTY RIGHTS.

9.2 Direct Damages. SUSE's liability for damages of any type arising out of or related to this Agreement shall be limited to the greater of 1.25 times the actual amounts paid by You for the Software Subscription, service, or deliverable in question, or US\$10,000. This subsection does not apply to any damages for fraud, death, personal injury or tangible property caused by the negligence or willful default of SUSE.

10. GENERAL.

10.1 Choice of Law. All matters arising out of or relating to the Agreement will be governed by the substantive Federal laws of the United States without regard to its choice of law provisions, unless the laws of the state, province, or country of Your domicile require otherwise, in which case the laws so required will govern.

10.1.1 However, if Your principal residence is in (a) a member state of the European Union or (b) a member state of the European Free Trade Association (c) the Republic of South Africa, or (d) Canada, the governing law is that of the country of Your principal residence (and for Canadian customers, the law of the Province of Ontario). If Your principal residence is in any other country in Europe the applicable law will be the law of the Federal Republic of Germany. If Your principal residence is in the Middle-East or Africa (except South Africa), the applicable law will be the law of England. To the extent allowed by applicable law, the terms of the United Nations Convention on the International Sale of Goods will not apply, even where adopted as part of the domestic law of the country whose law governs the relationship.

10.1.2 Each party will, at its own expense, comply with any applicable law, statute, administrative order or regulation. Any suit, action or proceeding arising out of or relating to the Agreement may only be brought before a court of appropriate jurisdiction in the state whose law governs this Agreement under the terms of this Section. If a party initiates legal proceedings related to this Agreement, the prevailing party will be entitled to recover reasonable attorney's fees.

10.2 Assignment. Neither party may transfer or assign any Agreement right or obligation without the prior written consent of the other.

10.3 Confidentiality Obligations. The receiving party of Confidential Information will exercise reasonable care to protect any Confidential Information from unauthorized disclosure or use. The receiving party may disclose Confidential Information only to its employees or agents with a need to know such information and will inform such employees and agents by way of policy or agreement that they are bound by confidentiality obligations. "Confidential Information" means the terms of this

Agreement and any other information that (i) if disclosed in tangible form, is marked in writing as confidential, or (ii) if disclosed orally or visually, is designated orally at the time of disclosure as "confidential." Confidential Information will not include information (a) already in the receiving party's possession without obligation of confidence; or (b) independently developed by the receiving party; or (c) that becomes available to the general public without breach of this Agreement; or (d) rightfully received by the receiving party from a third party without obligation of confidence; or (e) released for disclosure by the disclosing party with its written consent; or (f) required to be disclosed by law, regulation, or court order. SUSE recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which may require that certain information be released, despite being characterized as "confidential" by the vendor. These confidentiality obligations will survive 3 years after expiration or termination of this Agreement. SUSE retains the right to use its knowledge and experience (including processes, ideas, and techniques) learned or developed in the course of providing any services to You.

10.4 Publicity. You agree that SUSE may use Your participation in the VLA Program as a commercial reference to the extent permitted by the General Services Acquisition Regulation (GSAR) 552.203-71 unless You otherwise inform SUSE in writing.

10.5 Entire Agreement. This Agreement sets forth the entire agreement and understanding between the parties as to its subject matter. This Agreement supersedes all prior and contemporaneous agreements, proposals and statements on this subject matter. SUSE may change the terms of this Agreement by giving You notice by letter, email or other written publication. Such change applies as of the date SUSE specifies in the notice. You agree that you have consented to any such change if You do not notify SUSE in writing, prior to the effective date specified in SUSE's written publication, that You disagree with the change. Except as otherwise stated herein, this Agreement may only be modified in writing signed by authorized representatives of each party. Purchase order terms will not modify the Agreement unless the parties agree otherwise in writing.

10.6 Severability/Waiver. If a provision is invalid or unenforceable, the remaining provisions will remain in effect and the parties will amend the Agreement to reflect the original agreement to the maximum extent possible. No waiver of any contractual right will be effective unless in writing by an authorized representative of the waiving party. No waiver of a right arising from any breach or failure to perform will be deemed a waiver of any future right.

10.7 Notices. Notices to a party must be in writing and sent to the party's address provided above or such other address as a party may provide in writing. Notices may be delivered in a format reasonably chosen by the notifying party.

10.8 Force Majeure. Excusable delays shall be governed by FAR 52.212-4(f).

10.9 Survival. The provisions of this Agreement, which by their nature extend beyond termination of the Agreement, including Sections 2, Licensing, 6.6, Audit, 8, Limited Warranty, 9,

Liability Limitations, and 10, General, will survive termination of the Agreement.

10.10 Intellectual Property Rights/Remedies. Nothing in this Agreement waives or limits extra-contractual rights or remedies available to SUSE to protect its rights in the Software, including those available under U.S. copyright law, international treaties, or national copyright and intellectual property laws of the countries in which You may use the Software.

10.11 Export Compliance. Any products or technical information provided under this Agreement may be subject to U.S. export controls and the trade laws of other countries. The parties agree to comply with all export control regulations and to obtain any required licenses or item classification to export, re-export or import deliverables. The parties agree not to export or re-export to entities on the current U.S. export exclusion lists or to

any embargoed or terrorist supporting countries as specified in the Export Administration Regulations (EAR). The parties will not use deliverables for prohibited nuclear, missile, or chemical biological weaponry end uses as specified in the EAR. Please consult the Bureau of Industry and Security web page: www.bis.doc.gov before exporting or re-exporting items subject to the EAR. Refer to: www.suse.com/company/legal/ for more information on exporting Software. Upon request, SUSE can provide information regarding applicable export restrictions. However, SUSE assumes no responsibility for Your failure to obtain any necessary export approvals.

Customer agrees to the terms of this Agreement and has caused it to be accepted by an authorized representative.

Pricing

VLA pricing is based on your program participation and current (published) recommended reseller pricing. However, your authorized reseller determines final pricing in accordance with the approved GSA Schedule price list.

Special VLA purchasing and subscription options, on top of the general VLA benefits, are available to qualified institutions. SUSE has the following special VLA programs:

- For federal government (VLA-FED)
- For recognized non-profit organizations (VLA-NPG)
- For schools or academic institutions (VLA-ED)
- For academic hospitals and public libraries (VLA-ED)
- For resellers who host SUSE Subscriptions on behalf of a customer (VLA-HOST)

Contact your authorized reseller to see if you qualify for any of these VLA programs and if additional benefits may apply.

Establishing Your Volume License Agreement

Virtually all SUSE software products are available to VLA customers through our authorized resellers.

We require no special forms, but to be able to deliver and subsequently support you, your order to your reseller needs to include the following information with your Purchase Order:

- **Company name** – as registered with the Chamber of Commerce, and full address
- **Contact information**
 - Contact person
 - Phone
 - Email
 - Delivery Email (if different than contact email). This will be used for guaranteed software delivery and to get access to support.
- **Product order** – per product
 - Correct and valid part number(s) – i.e., available via current and published VLA Price List
 - Quantity
 - Subscription start and end dates – if period is different from the agreed subscription term (see paragraph ‘Detailed Purchasing Requirements’ for further details).
- **VLA customer number**
- **Any other information your authorized reseller requires to process the order, such as Billing Address, VAT Number, etc.**

With your first VLA order, you'll receive a VLA customer number which should accompany all future orders. Your authorized reseller will also receive this number and must use it to place your order with a distributor. You may choose and change resellers at any time – no notification to SUSE is required, and you can continue to use your VLA customer number. An overview of resellers can be found at <https://partner.suse.com/directory/>. These resellers have built a recognized level of SUSE solution expertise, however, you can select any other authorized reseller of your choice.

Using Your Volume License Agreement Number

You are able to manage all subscription entitlements via a single VLA agreement number, provided that all purchases and deliveries go through the original purchasing entity location associated with the specific VLA contract.

Alternatively, each affiliated business location or division may choose to establish its own VLA number. If you wish, you can use one or several VLA numbers to administer SUSE products.

Fulfilling Your Order

When you place an order with your authorized reseller, the authorized reseller transmits the order to an authorized distributor and then to SUSE. We fulfill the order directly. To help you receive and deploy the software as seamlessly as possible, we deliver SUSE Subscriptions and related documentation electronically. When you order, you will receive a web link to a page from which you can log in and download your software. We will send electronic media to the email address you provide on your order.

Software and media kits include the software you need to install your products. Although the software itself may not restrict additional installations, you may install only up to the number of SUSE Subscriptions for you have paid the relevant subscriptions fees.

Purchasing Subscriptions for Your Entire Install Base – To receive technical support benefits for SUSE products, you must have purchased Standard and/or Priority Subscriptions for all SUSE software acquired, deployed, or installed (see the SUSE Subscription Offering Terms and Conditions). You may mix Standard and Priority Subscription types according to the support coverage you need for specific servers. You must purchase SUSE Subscriptions for all instances of your SUSE product from the day you copy, install, deploy, or use it. If you have a SUSE Subscription for a product without covering all instances of the full install base that your company deploys, you might create compliance and contract infringements that could result in:

- Loss of access to technical support for any instance of the product affected
- Subscription compliance verification in line with agreement terms and conditions

- Additional costs: if you cannot provide reasonable evidence of the copying, installation, deployment, or use date, you may be required to pay back SUSE Subscription fees from the initial date of product purchase.

SUSE Subscription Coverage Dates – We sell SUSE Subscriptions in increments of 1, 3, or 5 years. (Note: The approved price list for the “SUSE® Linux Enterprise GSA End User License Agreement for SUSE products” contract is the approved GSA Schedule price list. Only multi-year SKUs included as a part of this approved GSA Schedule price list will be allowed. In the event no multi-year SKUs are provided are on the approved GSA Schedule price list, then those SKUs will not be included as a part of this Agreement.) We calculate the term from the first day of the following month through the purchased period. For example, for Subscription that you purchase on January 15, your billing term will begin on February 1, and expire on January 31 of the following year. While your term begins on the first of the month, you are entitled to receive coverage and benefits from the date of your Subscription purchase in the prior month. Many customers experience incremental growth, requiring them to make multiple SUSE Subscription purchases throughout the year. Therefore, you might have multiple renewals each year.

Managing Your Subscriptions – You can register, maintain, and view your Subscriptions at SUSE Customer Center: <https://scc.suse.com/login>. From SUSE Customer Center, you can also access technical support. If you experience issues registering with SCC after purchase of Subscriptions for a product, please contact entitlements@suse.com.

Renewing Your Subscriptions

You can easily manage the renewal of your purchased SUSE Subscriptions. SUSE may send you a renewal notification(s) via email to inform you when a purchased Subscription is getting close to expiration. However, not receiving such notification shall not relieve you of any obligations set forth in the VLA and VLA program requirements. The notification will contain the number of SUSE Subscriptions, as well as part numbers, that are up for renewal, so it is simple to provide this information to your reseller.

SUSE does not have renewal part numbers, so if you need a different number of Subscriptions from what is indicated on the renewal notification, you simply adjust the required quantity on the order request to your authorized reseller. You may also add other SUSE products to the same order. However, please ensure that you conduct a proper count of needed SUSE Subscriptions, because your order will be deemed a correct representation of the number of SUSE Subscriptions.

Renewing on Time – SUSE may release several high-security patches every month (on average about 10 per month, depending upon the product), in addition to numerous other important but non-critical improvements. These allow you to avoid security vulnerabilities and reduce risk continuously. To ensure that you do not incur unintentional gaps in support – even as short as a few days – we recommend that you place SUSE Subscription renewal purchase orders with your reseller at least five days before the renewal due date.

In addition to the convenience of uninterrupted critical support services, compliance with software license policies, as well as contractual terms and conditions, uninterrupted services provide some additional key benefits:

- Reduce administrative time: Continuation of existing subscription key installment. In short, your existing environment does not require re-initiation of new subscription keys. If the order is placed on time, the old keys remain active, reducing the amount of time you have to register the environment.
- Avoid unintended service surprises: Continuation of SUSE technical support, project support, and/or consultancy is dependent upon the underlying Subscriptions. If those expire, the technical services – such as a Support Engineer or Long Term Support Services – are temporarily suspended as well.
- You want to keep your rights: Certain products may have “grandfather” rules through which SUSE allows use of product features that are no longer included in the most recent version (an may have become paid-for services instead). Breaking continuous support will also discontinue any “grandfather” benefits (including pricing) you may have received.

That may result in unaccounted for additional fees when finally renewing.

- Experience continuous support from 3rd-party vendors: When your Subscriptions are no longer supported, often your support for the underlying hardware or the support for the certified workloads that you run with the Subscriptions may also go partly unsupported, even if your maintenance support with the hardware vendor is still current.
- Receive continuous support for your service requests: Any open Service Request worked on by SUSE Engineering that is related to SUSE Subscriptions that are not current will be placed on hold. Also, many hardware and software vendors have level 3 (back-end) engineering integration with SUSE, where we work together on reported bugs and issues. In these cases as well, if the related Subscriptions and fees are no longer current, the reported issues will be put on hold.

SUSE wants to make sure you can benefit from the services and support that you need – continuously. Therefore, if you run into the situation of unforeseen delays in your SUSE Subscription renewal (or have any other renewal-related issues), please contact your SUSE Renewal Sales Representative directly as soon as possible so that we can help you address the potential gap in coverage.

Co-Terming Your SUSE Subscriptions of the Same Product to One Date

– Rather than having multiple renewals each year, you may want to consolidate your renewals to one convenient co-term date. You may want to do so for convenience either related to SUSE Subscriptions with different end dates or related to dates that are important for you to run the business (e.g., related to budget cycles or other hardware/software renewal dates).

To co-term SUSE Subscriptions, SUSE supports the purchase of a different subscription duration time frame than is standard for a part number. Depending on the product, SUSE Subscriptions may be available as 1, 3, or 5-year part numbers. When co-terming, the selected time frame cannot be shorter than stipulated by the chosen part number duration. In addition, your reseller needs to align with SUSE before placing the order.

For example: You would like to purchase a SUSE Subscription for Product A for 15 months to be able to co-term it with another subscription for the same product. You could do this by purchasing Product A, which has a part number valid for 1 year, and pro-rate it for 15 months instead.

However, in the same example, you would not be able to co-term Product A for 3 months instead because Product A has a minimal subscription duration set for 1 year.

In short, co-terming is always for a period longer than 1 year.

Detailed Purchasing Requirements – What to Buy and When

You must purchase Standard and/or Priority Subscriptions for all SUSE products acquired, installed, deployed or used during the full duration of your Subscription term. This includes all SUSE products you previously acquired outside of your participation in the VLA program and agreement. All SUSE products you deploy should be under current SUSE Subscription support via the VLA Program (or other SUSE authorized buying program¹). You can review the support product information for your SUSE Subscriptions at: <https://www.suse.com/support/>.

Subscription Availability, Past-version Product Rights

– You can purchase SUSE Subscriptions during the General Support phase of the Product Support Lifecycle. Support beyond the General Support phase may be available for an additional fee plus current SUSE Subscriptions fees on the replacement product. With Subscriptions you are automatically entitled to new product upgrades and updates as soon as they become available. All products you license under the VLA are licensed for prior versions. You can purchase current SUSE

Subscriptions without having to redeploy your installed versions. For example, in many cases, if you purchase or subscribe to Product A 7.0, you may opt to use Product A 6.5 until you are ready to begin using the latest version. However, at no point may a previous version and updated version be simultaneously installed under the same Subscription. Although you have the flexibility to run older versions of products, full support may only be available on the most recent versions.

Some of the benefits of past-version product rights include:

- Flexibility – You can choose the product version you want to install, yet still be licensed to use an earlier version when you choose to do so.
- Lower Costs – You can purchase the latest version release and choose to use an older version of the software. Because you are already licensed for the current version, you can migrate to the current version when you are ready at no additional cost.

Although you may be using a prior product version, the latest version release of the SUSE software determines the licensing requirements for this product. For example, if you are licensed for Product B 8.0 (which is licensed or counted by users), but are using Product B 5.1 (which is licensed or counted by server connections), you would determine licensing counts by user.

When possible, you should use your existing, previous-version media for installation: we will not always have media available for previous-versions when you need new installations of previous-versions. You may not make new copies of previous versions.

An overview of the available support from the moment of General Availability (GA) of a product version, its Service Packs under support, and additional support services or restrictions can be found at: www.suse.com/lifecycle.

Cancelling Your Auto Renewals – (NOTE: The following section does not apply to this Agreement.)

Through the VLA’s auto-renewal provision, continuous renewal of your SUSE Subscriptions assures guaranteed and uninterrupted support, even when your purchase order at an authorized reseller of choice may be delayed. In that case, SUSE provides uninterrupted support services and you have provided authorization for your authorized reseller to invoice you for the support services automatically.

To stop the continuous support for automatic invoicing agreement, you need to notify SUSE via a cancellation notification an adequate number of days as specified in the VLA before your renewal date. The address to use for Auto Renewals is the same as for cancellation of the VLA contract (see below).

Cancelling Your Volume License Agreement

Termination of your VLA is governed by the Volume License Agreement. Termination takes effect after your last SUSE Subscriptions have expired. You must inform us an adequate number of days as specified in the VLA prior to the last SUSE Subscription expiration date.

Please use the following address:

<p>North America, Canada, Latin America, and Asia Pacific</p>	<p>Attn: Le cor</p>
<p>Europe, Middle East, and Africa</p>	<p>SUSE Sc Attn: Cor Sandyford</p>
	<p>EMEA C 36</p>

SUSE Subscription fees and other VLA purchases are not refundable except as may be expressly stated otherwise in your VLA agreement.

VEEAM EULA

Veeam Software ("Veeam") End User Software License Agreement ("EULA")

Important - Read Carefully

This EULA is a legally binding agreement between licensee end user ("End User") and Veeam setting forth the terms and conditions governing the use and operation of Veeam's proprietary computer software products (the "Software") and the written technical specifications for the use and operation of the Software (the "Documentation"). Where the sense and context permit, references in this EULA to the Software include the Documentation. By downloading and installing, copying or otherwise using the Software, and/or otherwise accepting this EULA, End User agrees to be bound by the terms and conditions of this EULA. If End User does not agree to or accept the terms of this EULA, End User may not access or use the Software.

1.0 Definitions

- 1.1 "Fee(s)" means any License, Maintenance, professional services, consulting or other Fees agreed to by the parties as set forth in a Transaction Document.
- 1.2 "Maintenance" and "Maintenance Policies" have the respective meanings set forth in Section 3.0.
- 1.3 "Transaction" and "Transaction Document" have the following meanings: "Transaction(s)" is a License transaction pursuant to which End User: i) accepts this EULA as provided above and ii) takes actual or constructive possession of the Software.
- 1.4 "Open Source" means various open source software components licensed under the terms of applicable open source license agreements included in the materials relating to such software. Open Source Software is composed of individual software components, each of which has its own copyright and its own applicable license conditions. A current list of Open Source Software used by Veeam can be found at <http://www.veeam.com/veeam-oss.html>.

2.0 Grant of License

2.1 License Grant. When the Software is delivered to End User as part of a Transaction, End User will have, subject to the terms and conditions of this EULA, a perpetual, non-transferable, non-exclusive, license ("License"), to use the Software in object code format, solely for End User's internal business purposes for the management and processing of its own data and not the data of any third party(ies). Notwithstanding the above, subject to Section 7.0 Assignment, Veeam agrees that it will permit the transfer of fully paid licenses in the event the State merges or consolidates state entities.

3.0 Maintenance

Maintenance and support ("Maintenance") for the Software will be available in accordance with Veeam's applicable Maintenance Policies then in effect and shall commence on delivery of the Software. Provided End User is current on Maintenance, End User will receive (a) online support and (b) any Software updates, enhancements and/or improvements that are included or otherwise separately defined under the Maintenance Policies and are not licensed by Veeam at its discretion to its customers for a separate charge. Veeam's current Maintenance Policies can be found at http://www.veeam.com/files/veeam_software_support_policy.pdf.

4.0 Copyright and Other Restrictions

The Software is protected by copyright laws and international copyright treaties, as well as other intellectual property laws and treaties. The Software is licensed, not sold. The Software contains copyrighted material, trade secrets and other proprietary material of Veeam. All right, title and interest in the Software remains at all times with Veeam. In no event will End User directly or indirectly permit the Software to be decompiled, reverse engineered, or disassembled. End User will not disclose, transfer or otherwise make available the Software or the results of any benchmark or other tests of the Software, to any third party without the prior written consent of Veeam. End User shall not remove any proprietary notices from the Software. End User may make one copy of the Software solely for backup or archival purposes.

5.0 Audit

During the term of this Agreement and for a period of one year thereafter, Veeam may, during normal business hours and upon reasonable prior notice to End User, inspect the files, computer processors, equipment and facilities of End User to verify End User's compliance with this EULA.

6.0 Limited Warranty and Limitation of Liability

Veeam warrants that it has the right and authority to grant the License under this EULA. Veeam, subject to Ohio Revised Code Section 109.02, will defend or, at its option, settle any action against End User based upon a claim that its use of the Software infringes any patent, copyright or other intellectual property right of a third party, and will indemnify End User against any amounts awarded against End User as a result of the claim, provided Veeam is promptly notified of the assertion of the claim and has control of its defense or settlement. Veeam warrants that the Software, in its unmodified form as initially delivered or made available to End User, will perform substantially in accordance with the Documentation for a warranty period of ninety (90) days from the date the Software is delivered to End User. In the event the Software fails in a material respect to operate in accordance with the Documentation during the warranty period and Veeam is unable to correct the defect, Veeam's sole and exclusive liability and End User's sole and exclusive remedy shall be a refund of the License fee, if any, paid by End User for the Software. In the event a reported problem with the Software is End User's fault, End User agrees to reimburse Veeam for its correction efforts in accordance with its State Term Schedule rates. The foregoing limited warranty will not apply if failure of the Software is the result of damage or misuse caused by End User.

EXCEPT FOR THE LIMITED WARRANTY SET FORTH ABOVE, THE SOFTWARE IS PROVIDED "AS IS", WITHOUT WARRANTY OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTY THAT THE SOFTWARE IS FREE OF DEFECTS, MERCHANTABILITY OR FIT FOR A PARTICULAR PURPOSE. NO ORAL OR WRITTEN INFORMATION OR ADVICE GIVEN BY VEEAM OR ANY THIRD PARTY, INCLUDING, WITHOUT LIMITATION, ANY VEEAM DISTRIBUTORS OR RESELLERS, SHALL CREATE ANY WARRANTY IN ADDITION TO, OR IN ANY WAY INCREASE THE SCOPE OF, THE LIMITED WARRANTY.

In no event will either party, its affiliates, resellers, or distributors or suppliers be liable for any indirect, special, incidental or consequential damages arising out of the use of or inability to use the Software, including, without limitation, damages for lost profits, loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses, even if advised of the possibility thereof.

VEEAM WILL BE LIABLE FOR ALL DIRECT DAMAGES DUE TO THE FAULT OR NEGLIGENCE OF VEEAM OR ITS BREACH OF ANY PROVISION OF THIS CONTRACT. IN NO EVENT SHALL VEEAM'S AGGREGATE LIABILITY ARISING OUT OF OR RELATED TO THIS AGREEMENT, WHETHER IN CONTRACT, TORT OR UNDER ANY OTHER THEORY OF LIABILITY, EXCEED THE TOTAL AMOUNT PAID BY THE STATE DURING THE 12 MONTHS PERIOD BEFORE THE DATE

OF THE CAUSE OF ACTION FOR WHICH CLAIMED DAMAGES AROSE. THE ABOVE LIMITATIONS DO NOT APPLY TO CLAIMS ARISING FROM COPYRIGHT OR PATENT INFRINGEMENT, PERSONAL INJURY (INCLUDING DEATH), AND PROPERTY DAMAGE CAUSED BY VEEAM.

7.0 Assignment

Except in the event of a sale or transfer by Veeam of all or substantially all of its assets or voting securities, neither party will assign all or any portion of its rights or obligations under this EULA to any third party without the prior written consent of the other party.

8.0 General

This Agreement and the State Term Schedule set forth Veeam's entire obligation and End User's exclusive rights with respect to the Software and, except to the extent otherwise specifically provided in a purchase order or other written communication or advertising signed or jointly issued by both parties with respect to the Software, supersedes any conflicting terms of any purchase order and any other communication or advertising with respect to the Software. In the event the terms of this Agreement are inconsistent with any terms of the State Term Schedule, the parties agree that the terms of this Agreement shall control. No failure of either party to exercise or enforce any of its rights under this EULA will act as a waiver of those rights. If any provision of this EULA is found illegal or unenforceable, it will be enforced to the maximum extent permissible, and the legality and enforceability of the other provisions of this EULA will not be affected. This EULA will be governed by the laws of the State of Ohio, without regard to its choice of law principles. The United Nations Convention for the International Sale of Goods will not apply.

9.0 Export Controls

The Software is subject to U.S. Export Administration Regulations. Veeam prohibits any export or re-export of Veeam Software products, services, or technical data to any destinations subject to U.S. embargoes or trade sanctions, except in compliance with the United States Export Administration Act and the related rules and regulations and similar non-U.S. government restrictions, if applicable. End User agrees not to use or make available the Software to or on behalf of any person that is a citizen, national, or resident of, or that is controlled by the government of the countries with which the U.S. may prohibit export transactions. The following countries are subject to the United States embargo or restricted trade sanctions: Burma (Myanmar), Cuba, Iran, North Korea, the Republic of South Sudan, the Republic of the Sudan, Syria, or any other country with which the United States may prohibit export transactions.

VERITA

Severity Definitions and Response Time SLA

Severity Level Guidelines

Severity levels provide an indication of the urgency of an issue, and help us provide a rapid and effective response. Categorizing severity levels incorrectly hinders the overall case-handling process, and can adversely affect you. When you report an issue, you and the Veeam Support Analyst should discuss and agree upon an appropriate severity level. You have the option to change the severity level of an issue as business conditions change around the impact.

Response goals are intended to provide a target for initial response to an issue or query. We will work a Severity 1 issue around the clock for Standard and Premium Support if you have a technical resource available to work with us until:

- A resolution or workaround is in place and business impact has been mitigated.
- The severity is mutually downgraded.

*Evaluation Customers

We make best effort to provide equivalent of "Standard Support" response times to customers with valid trial license during the official evaluation period.

**Free and NFR Licensed Products

Depending on staff availability, we attempt to provide support for users using our free products. However, we do not currently provide response goals or response guarantees for this service.

EULA

We respond to problem reports based on the following guidelines:

* Note when indicated Business hours are M-F 8AM – 8 PM local time.

Severity	Description	Target Premium Response SLA	Target Standard Response SLA
Severity 1	A business critical software component or a Veeam managed system is inoperable or unavailable; production system is down; or there is an emergency condition. Requires an immediate workaround or solution. Examples: Excessive abnormal terminations impacting all monitoring, backups and schedules or a down/offline production system cannot be restored; application or system failure caused by Veeam product.	1 hour	2 hours
Severity 2	Adversely impacting Production operations, but the production system is not down; product operates, but is seriously restricted. Examples: Production application response times or system performance are slow, system is available. Some monitoring or backups are impacted.	3 hours	8 business hours
Severity 3	A non-production issue; the majority of functions are still usable, a limited condition that can be readily circumvented. Example: non-Production application response times or system performance are slow, system is available. Some monitoring or backups are impacted.	6 hours	12 business hours
Severity 4	Minor issue or question that does not affect the product function, and can be readily circumvented. For example: "How to" questions; the text of a message, or page of documentation is worded poorly or misspelled, General Feedback, Feature Requests.	8 hours	24 business hours

Contacting Customer Support

Your organization should designate a few representatives responsible for opening cases with Veeam, and receiving maintenance information. They should have the appropriate technical skills and system level access to work with Veeam Support Engineers in resolving open issues. These support contacts will be your interface to Veeam Support, and should be notified of all issues that surface within your organization. They will escalate issues to Veeam Support as necessary.

Be prepared to provide the following information:

- Your name, company name, and telephone number with extension
- Case number (if applicable)
- Product name, release level, and any maintenance applied to the product

Logging a Case

Any information you can provide regarding the issue you are experiencing could have a significant impact on how fast the issue is diagnosed and resolved. You will be asked to provide the following information:

- Issue description, impact on your system and business operations, issue severity, and the exact text of error messages and diagnostic details.
- Steps to reproduce the problem, known workarounds
- Contact number where you can be reached
- Best time to reach you, and contact method (i.e. email/phone)

Submitting a Support Case

To file a case you may use any method below. We encourage you to set the initial severity level for the problem when submitting a case and highly recommend using phone to submit Severity 1 issues.

Via the Web

You can file a case using a web browser in **Customer Center**: <http://support.veeam.com/>. Please follow the new case wizard to open a case. Upon submitting the case you will receive an electronic confirmation with a unique case number sent to your email address. You will also be able to see the case in the open cases management tab.

Via the Phone

To open a case using the phone call one of the phone numbers mentioned in Contacts below. After you log the case with the customer representative, your case will be assigned a unique number given to you over the phone. If required and depending on license type, support offering and severity level, your call will be transferred to an appropriate support engineer to resolve your issue over the phone.

Following Up

A Support engineer will contact you by phone and/or email or a combination of both as appropriate during the resolution process. Severity levels may be adjusted with customer consent and mutual agreement on the degree of the impact based on the Severity definitions.

Customer Support Issue Resolution

Veeam Support provides trained resources to research and resolve issues on a timely basis. While an issue is open, the support team will keep you informed of the resolution status, and will notify you when a reported issue has been resolved. If at any point during the resolution process, you become dissatisfied with the handling of your issue, simply contact the case owner and request an escalation to the manager. This allows us to understand your concerns and make adjustments in resources if necessary.

We will make three attempts, on separate business days, to contact you for updates or information on an open case. If we are unable to make contact with you, we may close the case without your consent. If the issue continues to exist, you may open a new case and reference the old one.

Resolution of a support case can include any of the following actions:

- Software that provides a fix for the problem (case closed)
- Permanent business or system workaround (case closed)
- Temporary business or system workaround (case severity level is reduced)
- Action plan for the development of a fix or workaround: milestones and dependencies are set, communicated, and tracked (case severity level might be changed)
- Issue is a customer-specific customization or enhancement, and is not covered under maintenance (customer notification, case closed)

Customer Satisfaction Surveys

We periodically survey customers to obtain additional feedback on recent experiences with Customer Support, and the survey results are reviewed by management. When a support case is closed, an e-mail may be sent to the customer contact associated with the case. The e-mail contains a link to an online survey with questions covering areas such as the handling of the support case, professionalism, knowledge of the support analyst, and overall satisfaction with the management of the case.

Product Lifecycle

Level of support services provided depends on the lifecycle phase determined for specific version of the product. Current versions of the products are eligible for full support that includes support services and updates/fixes while support for older versions may be limited. A list of known workarounds or existing fixes and assistance with upgrading to a supported version is available for customers using old or discontinued versions.

The list is updated each time there is a release, for the current list of products and their status please see the product release matrix located at <http://www.veeam.com/support/releasestatus.pdf>

Support of Releases

- New Releases – All new products issued for General Availability (GA).
- Current Releases – To maximize the quality of our service, Veeam limits technical support to the products listed on the release matrix.
- Releases designated as End of Fixes – Support is available, existing program fixes are available, but no new fixes will be created and no enhancements will be made.
- Releases designated as End of Support or Withdrawal from the Market - No support is available.
 - ❖ For unsupported releases, new product enhancements and fixes will not be available. Veeam does not have an obligation to provide support for software that has been publicly designated End of Support, Withdrawn from the Market, or similarly designated.

Product Maintenance

Our goal is to go beyond quickly solving problems, and actually preventing problems from occurring in the first place. As a result, stringent quality control procedures are built into the development and release cycle of new products and releases. A typical product goes through multiple test phases—Quality Assurance, Alpha Test, Beta Test, and Controlled Release before it is officially released.

Issues sometimes occur with complex software operating in equally complex and demanding environments. Fixes and resolutions are often rolled into the next product release, and others are included as part of the next maintenance release, and most urgent are addressed with a hotfix that can be applied on specific product version. When applicable we announce the availability of new releases on the Web and through e-mail.

Supported Third Party Storage

Veeam will continue to be storage agnostic. However certain companies have partnered with Veeam to certify their storage and/or de-duplication appliances and offer specific configuration guides when appropriate to optimize the configuration for best performance. Effective Date: (To be filled in by Veritas upon signature)										

This Master License Agreement ("Agreement") is entered into by and between Veritas Technologies LLC, a Delaware corporation, and Customer (identified above) as of the Effective Date defined above. This Agreement consists of these terms and conditions ("Master Terms") and any Addenda executed under these Master Terms. This Agreement applies to the Veritas software products available for purchase through the applicable GSA Schedule 70 contract from an authorized Veritas reseller, and any mention in the Agreement of "Professional Services" or other services available for additional fees does not add such services to the reseller's GSA Schedule contract.

Customer and Veritas agree as follows:

1. Definitions. All capitalized terms may be used in the singular or in the plural, as the context requires.

1.1 "Addendum" to this Agreement means any addendum, including its exhibits or attachments, executed between the parties from time to time, which references this Agreement and supplements or modifies these Master Terms.

1.2 "Business Critical Services" means Veritas's commercially-available Business Critical Services offerings, subject to the additional terms and conditions of the Business Critical Services Addenda in Attachment 4.

1.3 "Certificate" means the machine-generated certificate sent to Customer by Veritas to confirm a purchase of the applicable Licensed Software and/or Maintenance/Support and/or (at Veritas's discretion) certain Services.

1.4 "Customer" means the end user licensee named below.

1.5 "Documentation" means the user manuals and release notes accompanying the Licensed Software.

1.6 "Effective Date" of this Agreement means the relevant date assigned by Veritas upon acceptance of this Agreement.

1.7 "EULA" means Veritas's end user license agreement accompanying the Licensed Software. The only portion of the EULA that shall apply to the Licensed Software is the Section 17 (Additional Terms and Conditions) of each EULA. Such EULAs may be reviewed at any time at <http://www.veritas.com/legal/eulas>. For the avoidance of doubt, if an Ordering Activity places its order for Licensed Software, then such Ordering Activity is deemed to have reviewed and approved Section 17 of the applicable EULA.

1.8 "Licensed Software" means the Veritas software products in object code form, that are commercially available on Veritas's applicable in-country price list in effect at the time of Customer's order, and any software updates provided under Maintenance/Support.

1.9 "Maintenance/Support" means the commercially-available Veritas maintenance/technical support services ordered by Customer for the Licensed Software, provided pursuant to Veritas's then-current maintenance/support policies and processes.

1.10 "Managed Security Services" means Veritas's commercially-available managed security services offerings, subject to the additional terms and conditions of the Managed Security Addenda in Attachment 5.

1.11 "MSRP" means Veritas's then-current in-country suggested list price in effect at the time of Customer's order.

1.12 "Ordering Activity" means a government entity authorized to purchase under the applicable General Services Administration federal supply schedule at the time an order is placed.

1.13 "Professional Services" means Veritas's commercially-available professional services offerings, subject to the additional terms and conditions of the Professional Services Terms Addendum in Attachment 2.

1.14 "Services" means collectively, Professional Services, Business Critical Services and Managed Security Services.

1.15 "Subscription Software" means Licensed Software licensed on a non-perpetual (term-limited) basis, as set forth in the applicable Addendum or Certificate.

1.16 "Veritas" means the licensor entity named above.

1.17 "Territory" means the geographic area in which Customer is authorized to purchase, install and use the Licensed Software. For purposes of this Agreement, Customer's Territory is: the United States or any U.S. Government installation sites world-wide.

1.18 "Use Level" means the license unit of measurement or model, including operating system or machine tier limitation, if applicable, by which Veritas measures, prices and sells the right to use a given Licensed Software product, in effect at the time an order is placed, as indicated in the applicable Addendum, Certificate or EULA, in that order of precedence.

2. License Grant.

2.1 Except with respect to the limited assignability of Licensed Software as set forth in Section 2.2 below, and notwithstanding any license rights to the contrary in Section 8, Utilization Limitations of the applicable GSA Schedule Contract, Veritas grants Customer, a non-exclusive, non-transferable license in the Territory to use (and to allow Customer's Ordering Activities to use) the Licensed Software in accordance with the Documentation, solely in support of Customer's and Ordering Activities internal business operations, in the quantities and at the Use Levels purchased from Veritas. The term of each Licensed Software license granted under this Agreement shall be perpetual, except for Subscription Software, for which Customer purchases a term-limited license as set forth in an applicable Addendum or Certificate. For archival purposes, Customer may make a single, uninstalled copy of the Licensed Software and Documentation. All copies made pursuant to this section shall be complete copies, and shall include all copyright, trademark, and other notices in the original. Customer may not otherwise copy the Licensed Software or Documentation without Veritas's prior written consent.

Customer or Ordering Activities may allow consultant(s) or outsourcer(s) to use Customer's Licensed Software licenses to deliver dedicated services to Customer or to an Ordering Activity, so long as such use is consistent with Customer's own permitted scope of use, and is compliant

VERITAS™

with the terms of this Agreement. Customer and Ordering Activity agree that each is responsible for such third party access and use of the Licensed Software, to the same extent as if such consultant(s), outsourcer(s) were Customer's employees.

If Customer purchases a Licensed Software license designated by Veritas for home use ("Home Use"), where available, then Customer may allow Customer's or an Ordering Activity's employee or dedicated consultant to use one copy of such Licensed Software on his or her personal home computer, provided such equipment is not owned or provided by Customer or an Ordering Activity, and provided such individual also has a computer licensed for such product at Customer's or the Ordering Activity's offices, but only for so long as such individual remains Customer's or the Ordering Activity's employee or dedicated consultant. The number of Home Use copies made and used cannot exceed the number of Home Use licenses purchased.

Veritas retains all title, copyright and other proprietary rights in the Licensed Software and Documentation, and in all copies, improvements, enhancements, modifications and derivative works thereof, including without limitation all patent, copyright, trade secret and trademark rights. Customer's rights to use the Licensed Software and Documentation shall be limited to those expressly granted in this Agreement and the applicable Addendum. All rights not expressly granted to Customer are retained by Veritas.

Non-Software Products. For any non-software products purchased by Customer under this Agreement, the terms and conditions for such products shall be as set forth in the applicable Certificates. For the avoidance of doubt, if an Ordering Activity places its order for non-software products, then such Ordering Activity is deemed to have reviewed and approved the applicable Certificate. The Dell Hardware/Appliance EULA is attached hereto as Attachment 3.

2.2 Customer may, based on its prime contract with a specific U.S. Government agency, assign Licensed Software licenses to such U.S. Government agency during the term of this Agreement. Customer must complete a License Assignment Request form in the form required by Veritas and otherwise comply with Veritas's then-current License Assignment Policy. Such assignment shall be at no additional cost to the U.S. Government, except for subsequent renewal of Maintenance/Support services, which the subject U.S. Government agency may or may not elect to procure. If Customer has obtained Maintenance/Support services in support of the Licensed Software, then Customer shall assign the remainder of any associated Maintenance/Support services to the U.S. Government agency to which Customer assigns the Licensed Software. Any U.S. Government agency to which Customer assigns Licensed Software and Maintenance/Support services under this Section must agree in writing to be bound by the terms and conditions of this Agreement. Certain purchasing Addenda may limit Customer's right to assign licenses purchased under and during the term of such Addenda.

3. License Restrictions. Customer shall not, without Veritas's prior written consent, conduct, cause or permit the: (a) use, copying, modification, rental, lease, sublease, sublicense, or transfer of the Licensed Software or Documentation, except as expressly provided in this Agreement; (b) creation of any derivative works based on the Licensed Software or Documentation; (c) reverse engineering, disassembly, or decompiling of the Licensed Software (except that Customer may decompile the Licensed Software for the purposes of interoperability only to the extent permitted by and subject to strict compliance under applicable law); (d) use of the Licensed Software or Documentation in connection with a service bureau or like activity whereby Customer, without purchasing a service bureau license from Veritas, operates or uses the Licensed Software or Documentation for the benefit of a third party; or (e) use of the Licensed Software or Documentation by any party other than Customer. In addition, Customer shall only use the number and type of Licensed Software licenses for which it has purchased an appropriate quantity and Use Level.

Maintenance/Support is provided and performed subject to Veritas's then-current policies and processes. Veritas may amend its Enterprise Technical Support Policy from time to time in its sole discretion; provided, however, that for a period of five (5) years from the Effective Date of this Agreement, Veritas agrees that any such changes shall not significantly degrade the material elements of the Maintenance/Support plan offering provided to Customer. Substantive revisions of such Maintenance/Support policies or processes shall apply to Customer only when Maintenance/Support is renewed. Current Maintenance/Support terms and conditions are available at <http://go.veritas.com/support-fundamentals>.

For a period of five (5) years following the applicable date of disclosure of any Confidential Information, a Recipient shall hold the Confidential Information in confidence and not disclose the Confidential Information to any third party. A Recipient shall protect the Confidential Information by using the same degree of care, but no less than a reasonable degree of care, to prevent the unauthorized use, dissemination or publication of the Confidential Information as the Recipient uses to protect its own confidential information of a like nature. The Recipient may disclose the Confidential Information to agents and independent contractors with a need to know in order to fulfill the Purpose who have signed a nondisclosure agreement at least as protective of the Discloser's rights as this Agreement.

The Recipient may disclose the Discloser's Confidential Information as required by law or court order provided: (i) the Recipient promptly notifies the Discloser in writing of the requirement for disclosure; and (ii) discloses only as much of the Confidential Information as is required. The Recipient's obligations with respect to the Confidential Information hereunder will survive any termination of the Agreement. Upon request from the Discloser or upon termination of the Agreement the Recipient shall return to the Discloser all Confidential Information and all copies, notes, summaries or extracts thereof or certify destruction of the same, except information that qualifies as a "Government Record" under the Federal Records Act (44 USC 3301).

12.3 Each party will retain all right, title and interest to such party's Confidential Information. Neither party to this Agreement acquires any patent, copyright or other intellectual property rights or any other rights or licenses under this Agreement except the limited right to use for fulfillment of the Purpose, as set forth in section 12.1 above. Nothing in this provision shall be construed to preclude either party from developing, using, marketing, licensing, and/or selling any product or service that is developed without use of the Confidential Information.

Except where prohibited by applicable federal law or security regulations, Customer or Ordering Activity as appropriate, agrees to keep accurate business records relating to its use and deployment of the Licensed Software. Upon thirty (30) days prior written notice, Customer agrees to provide Veritas written reports related to Customer's use of the Licensed Software to verify Customer's compliance with its obligations under this Agreement.

Such report shall include, at a minimum, the product name (including any options, agents and extensions), version number, quantity of each product, and the operating system/platform, hardware model, Host ID and street address location of the Designated Computer on each such copy is installed. In the event that Customer fails to provide reports acceptable to Veritas; once annually, Veritas may verify Customer's compliance with this Agreement by reviewing (upon five (5) business days' prior written notice) Customer's use and deployment of the Licensed Software. Either Veritas or an independent public accounting firm reasonably acceptable to both parties shall perform the audit during Customer's regular business hours with minimal disruption to Customer's ongoing business operations and adherence to any security measures the Customer deems appropriate, including any requirements under Federal security regulations that may require personnel clearances prior to accessing sensitive information or facilities. Any nondisclosure agreement Customer may require the independent public accounting firm to execute shall not prevent disclosure of the audit results to Veritas. All audits shall be subject to Customer's reasonable safety and security policies and procedures. In the event unauthorized deployments of Veritas products are disclosed by the audit, Veritas will submit a claim to the contracting officer of the Customer or relevant Ordering Activity.

14. Term and Termination.

14.1 Term. Unless terminated as set forth in the applicable GSA Schedule Contract, these Master Terms shall continue indefinitely, and each Addendum shall continue for the term set forth in such Addendum.

14.2 Termination.

The provisions of this Agreement regarding confidentiality, restrictions on use of intellectual property, limitations on liability and disclaimers of warranties and damages, audit, and Customer's payment obligations accrued prior to termination, shall survive any termination. The license grants for Licensed Software and terms regarding Maintenance/Support purchased prior to termination shall survive such termination.

Such application of law excludes any provisions of the United Nations Convention on Contracts for the International Sale of Goods, including any amendments thereto, and without regard to principles of conflicts of law. If any provision of this Agreement is found partly or wholly illegal or unenforceable, such provision shall be enforced to the maximum extent permissible, and the legality and enforceability of the other provisions of this Agreement shall remain in full force and effect. A waiver of any breach or default under this Agreement shall not constitute a waiver of any other right for subsequent breach or default.

15.2 Assignment. Except with respect to the Licensed Software as set forth in Section 22 above, and subject to FAR 42.12 (Novation and Change of Name Agreements and its successor regulations), neither party may assign this Agreement, in whole or in part and whether by operation of contract, law or otherwise, without the other party's prior written consent. Such consent shall not be unreasonably withheld or delayed. For purposes of this provision, a change of control shall constitute an assignment. Notwithstanding the foregoing, either party may, upon written notice to the non-assigning party, (i) assign this Agreement to a successor in interest to all or substantially all of its assets, whether by sale, merger, or otherwise, (ii) assign this Agreement to a parent company, or (iii) assign this Agreement to a wholly-owned subsidiary. All terms and conditions of the Agreement shall be binding upon any assignee hereunder; assignee's acceptance of these terms shall be evidenced by its performance hereunder.

Any use, modification, reproduction, release, performance, display or disclosure of the Licensed Software and Documentation by the Government shall be solely in accordance with the terms of this Agreement.

15.5 Entire Agreement. Any subsequent modifications to this Agreement shall be made in writing and must be duly signed by authorized representatives of both parties or they shall be void and of no effect. Unless an Ordering Activity and Veritas negotiate alternative terms, this Agreement prevails.

15.6 Force Majeure. Each party shall be excused from performance (other than payment obligations) for any period during which, and to the extent that, it is prevented from performing any obligation or service, in whole or in part, due to unforeseen circumstances or to causes beyond such party's reasonable control, including but not limited to acts of God, war, terrorism, riot, embargoes, acts of civil or military authorities, fire, floods, accidents, strikes, regulatory requirements or shortages of transportation, facilities, fuel, energy, labor or materials.

15.7 Notices. Customer acknowledges that Veritas provides similar services to other customers and that nothing in this Addendum or a SOW will be construed to prevent Veritas from carrying on such business. Customer acknowledges that Veritas may at its sole discretion develop, use, market, distribute and license substantially similar Deliverables. Notwithstanding the preceding sentence, Veritas agrees that it will not market or distribute any Deliverables that include the Confidential Information of Customer.

(d) License Grant. Notwithstanding the foregoing, the license grant set forth above may be further limited as set forth in any applicable SOW.

(f) In the event that Customer, based on its prime contract with the U.S. Government, requires that data from analysis tasks performed under a SOW be transferable to a specific U.S. Government agency, then Customer shall identify the prime contract number and the U.S. Government Agency in that SOW. Veritas will allow the transfer request to the specified U.S. Government Agency under the prime contract number identified in the SOW. The rights in technical data transferred to the U.S. Government under the prime contract number identified in a SOW are set forth in Section (g) below. This provision will in no way restrict the right of either Party to solicit generally in the media for required personnel, and will not restrict employees, contractors, or representatives of either Party from pursuing on their own initiative employment opportunities from or with the other Party. In the event a Party violates this provision, the Parties may mutually agree to liquidated damages.

VERITAS™

Attachment 2 Hardware Appliance Warranty

1. **HARDWARE/SOFTWARE.** The hardware ("Hardware") that accompanies this Warranty Agreement is to be used only with the Licensed Software. "Licensed Software" means the Veritas software product, in object code form, that is pre-loaded, pre-installed, or included as a media kit accompanying the Hardware, including any documentation provided with such software. You may not use the Licensed Software unless You have purchased a separate license for such Licensed Software. Your use of the Licensed Software shall comply with the terms and conditions of the Master License Agreement that has been accepted as part of the applicable GSA Schedule contract and the License Instrument applicable for such Licensed Software. "License Instrument" means one or more of the following applicable documents which further defines Your license rights to the Licensed Software: a Veritas license certificate or a similar license document issued by Veritas, or a written agreement between You and Veritas, that accompanies, precedes or follows the Master License Agreement for the Licensed Software.

2. **OWNERSHIP.** The Licensed Software is the proprietary property of Veritas or its licensors and is protected by copyright law. Veritas and its licensors retain any and all rights, title and interest in and to the Licensed Software, including in all copies, improvements, enhancements, modifications and derivative works of the Licensed Software. Your rights to use the Licensed Software shall be limited to those expressly granted in this Warranty Agreement. All rights not expressly granted to You are retained by Veritas and/or its licensors.

3. **GEOGRAPHIC USE LOCATION.** Prior to using the Hardware, You must register a service tag for such Hardware in the location You intend to use the Hardware ("Geographic Use Location"). In the event You wish to change Your Geographic Use Location, You must re-register the Hardware using the tag transfer process located at https://www.veritas.com/support/en_US/contact. Any change to the Geographic Use Location and/or any service request which requires Veritas to obtain additional information and/or validate information to acknowledge and approve warranty service entitlements may result in a delay in providing such warranty service entitlements.

4. **LIMITED WARRANTY.** Veritas warrants that the Hardware shall be free from defects in material and workmanship under normal authorized use and service and will substantially conform to the written documentation accompanying the Hardware for the applicable Warranty Period (defined in this Section 4) and as specified at the time of original purchase and in the packing slip documentation accompanying Your Hardware. The standard warranty period is three (3) years from the date of original purchase of the Hardware ("Standard Warranty Period"). However, if at time of original purchase You acquired extended warranty, as indicated in the packing slip documentation accompanying Your Hardware, the Hardware shall be warranted for a period of up to five (5) years from the date of original purchase ("Extended Warranty Period"). "Standard Warranty Period" and "Extended Warranty Period" shall collectively be referred to as "Warranty Period". Upon confirmation of a defect or failure of a Hardware, or component thereof, to perform as warranted in this Section 4, and depending on the then-current Geographic Use Location of the Hardware, Your sole and exclusive remedy for defective Hardware, or component thereof, if notified within the Warranty Period, shall be for Veritas, at its sole option and discretion, to:

(i) repair or replace the defective Hardware, or component thereof, with either a new or refurbished replacement Hardware, or component thereof, as applicable;

(ii) provide onsite repair services for any defective Hardware, or component thereof; or

(iii) repair or replace any defective Hardware returned to Veritas through Veritas's Returned Merchandise Authorization Services process for Hardware.

All defective Hardware, or component thereof, which has been replaced, shall become the property of Veritas. All defective Hardware, or component thereof, which has been repaired shall remain Your property. EXCEPT FOR THE SPECIFIC WARRANTIES OR REMEDIES SET FORTH UNDER THE APPLICABLE GSA SCHEDULE, THE FOREGOING IS YOUR SOLE AND EXCLUSIVE REMEDY, AND VERITAS'S SOLE AND EXCLUSIVE LIABILITY FOR VERITAS'S BREACH OF THIS LIMITED WARRANTY.

5. **LIMITED HARDWARE WARRANTY SUPPORT SERVICES.** During the Warranty Period, warranty support services will be provided in accordance with (i) the service procedures identified by Veritas in Section 7, below, and (ii) the then-current Veritas Enterprise Technical Support Policy in accordance with Section 6 (Maintenance/Support) of the Agreement.

The Geographic Use Location of the Hardware will determine whether You are entitled to either warranty service consisting of (a) Next Business Day Service, (b) Same Day Service or (c) Return Merchandise Authorization Services as detailed below in this Section 5. Upon discovery of any failure of the Hardware, or component thereof, during the Warranty Period, the following options are available to You.

- A. **Next Business Day Service.** You may initiate a request for next business day onsite repair services if You have purchased such services as part of Your warranty support. A service technician will, in most cases, be dispatched to arrive at Your location for onsite repair services on the next business day, Monday through Friday 8:00 AM to 6:00 PM local time, excluding regularly observed holidays. If the service technician is dispatched for onsite repair services after 5:00 PM local time, the service technician may take additional business day(s) to arrive at Your Geographic Use Location.
- B. **Same Day Service.** If You have purchased the optional same day service upgrade, then for an additional fee and if offered in the then current Geographic Use Location, You may initiate a request for same day onsite services. A service technician will, in most cases, be dispatched to arrive at Your location for onsite service within the same day after dispatch, twenty-four (24) hours a day, seven (7) days a week (including holidays), provided the service location is between one hundred twenty-five (125) miles from the nearest parts stocking location.
- C. **Return Merchandise Authorization Process.** In the event Veritas does not have Next Business Day Service, or Same Day Service available in Your then current Geographic Use Location or, if, Veritas determines in its sole discretion that Next Business Day, or Same Day Service may not be appropriate You are required to contact Veritas within ten (10) days after such failure and seek a return material authorization ("RMA") number. Veritas will promptly issue the requested RMA as long as Veritas determines that You meet the conditions for warranty service. The allegedly defective Hardware, or component thereof, shall be returned to Veritas, securely and properly packaged, freight and insurance prepaid, with the RMA number prominently displayed on the exterior of the shipment packaging and with the Hardware. Veritas will have no obligation to accept any Hardware which is returned without an RMA number. Veritas reserves the right, in its sole option, to repair or replace defective Hardware, or component thereof. With respect to a return of defective Hardware, or component

VERITAS™

thereof, Veritas and Customer or Ordering Activity will negotiate mutually agreeable transportation or other direct costs. With respect to a return of functional Hardware, or return of Hardware ordered in error by Customer, Customer will pay any transportation costs. Any credits are subject to Veritas's then-current RMA (Return Materials Authorization) policies/process.

6. **SERVICE PARTS INSTALLATION.** Regardless of the service response level purchased, some component parts are specifically designed for easy removal and replacement by You; such parts are designated as Customer Self Replaceable ("CSR"). If during the troubleshooting and diagnosis, the Veritas technical support analyst determines that the repair can be accomplished with a CSR designated part, Veritas will ship the CSR designated part directly to You. CSR parts fall into two categories:

- (A) **Optional CSR parts.** Optional CSR parts are designed for simple installation by You; however, depending on the type of service that was purchased with the Supported Product, Veritas may provide an onsite technician to replace the parts.
- (B) **Mandatory CSR parts.** Mandatory CSR parts are designed for simple installation by You and Veritas does not provide installation labor services to install Mandatory CSR parts. If You request that Veritas and/or the Veritas Authorized Reseller replace these parts, You will be charged a fee for this service.

7. **HARDWARE WARRANTY SERVICE PREREQUISITES. IN ORDER TO EXERCISE ANY OF THE WARRANTY RIGHTS CONTAINED IN THIS WARRANTY AGREEMENT, YOU MUST COMPLY WITH THE FOLLOWING PROCEDURES:**

- (B) separately procure and maintain during the entire Warranty Period, an active maintenance contract for the Licensed Software, as designated by Veritas and corresponding support ("Software Support and Maintenance");
- (C) identify for Veritas the then current Geographic Use Location for the Hardware, in accordance with Veritas's requirements.
- (D) **Prepare for the Call.** You must have the following information and materials ready when You call the technician: Your system's invoice and serial numbers; the then current Geographic Use Location service tag number for the Hardware; model and model numbers; the current version of the operating environment You are using; and the brand names and models of any peripheral devices (such as a mouse and/or keyboard) You are using.
- (E) **Call For Assistance.** For warranty service and support call the support telephone numbers provided upon purchase of Your Software Support and Maintenance.
- (F) **Explain Your Problem to the Technician.** Now You are ready to describe the problem You are having with Hardware. Let the technician know what error message You are getting and when it occurs; what You were doing when the error occurred; and what steps You may have already taken to solve the problem.
- (G) **Cooperate with the Technician.** Experience shows that most system problems and errors can be corrected over the phone as a result of close cooperation between the user and the technician. Listen carefully to the technician and follow the technician's directions.
- (H) **Software/Data Backup.** If the technician is unable to resolve the problem over the phone and determines that onsite support services as identified in Section 5, above, is necessary, the following standard procedure applies:

Software/Data Backup. You understand and agree that Veritas and its licensors are not responsible for any loss of software or data. You should back up the software and data on the hard disk drive of Your Hardware and on any other storage device(s) in the Hardware.

8. **HARDWARE WARRANTY SERVICE RESTRICTIONS/EXCLUSIONS.** The warranties contained in this Warranty Agreement will not apply to any Hardware which:

- a) has been altered, supplemented, upgraded or modified in any way not authorized by Veritas;
- b) has been repaired except by Veritas or its designee;

9. **WARRANTY DISCLAIMERS. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, AND EXCEPT TO THE EXTENT THIS WARRANTY DISCLAIMER CONFLICTS WITH ANY WARRANTIES EXPRESSLY STATED IN THE APPLICABLE GSA SCHEDULE, THE WARRANTIES SET FORTH IN SECTION 4 ARE YOUR EXCLUSIVE WARRANTIES AND ARE IN LIEU OF ALL OTHER WARRANTIES, WHETHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY, SATISFACTORY QUALITY, FITNESS FOR A PARTICULAR PURPOSE, AND NONINFRINGEMENT OF INTELLECTUAL PROPERTY RIGHTS. ZEBRA EULA, WARRANTY, DOA, ONE CARE TERMS & CONDITIONS

END USER LICENSE AGREEMENT
(RESTRICTED SOFTWARE)

IMPORTANT PLEASE READ CAREFULLY: This End User License Agreement ("EULA") is a legal agreement between the Ordering Activity under GSA Schedule contracts ("you" or "Ordering Activity") ("Licensee") and ZIH Corp ("Zebra") for software, owned by Zebra and its affiliated companies and its third party suppliers and licensors, that accompanies this EULA, which includes machine-readable instructions used by a processor to perform specific operations other than machine-readable instructions used for the sole purpose of booting hardware during a startup sequence ("Software"). BYBOTH PARTIES EXECUTING THIS EULA IN WRITING, YOU ACKNOWLEDGE ACCEPTANCE OF THE TERMS OF THIS EULA.

1. GRANT OF LICENSE. Zebra grants you, End-User Customer, the following rights: For Software associated with Zebra hardware, Zebra hereby grants you a limited, personal, non-exclusive license during the term of this Agreement to use the Software solely and exclusively for your internal use in support of the operation of your associated Zebra hardware and for no other purpose. To the extent that any portion of the Software is provided to you in a manner that is designed to be installed by you, you may install one copy of the installable Software on one hard disk or other device storage for one printer, computer, workstation, terminal, controller, access point or other digital electronic device, as applicable (an "Electronic Device"), and you may access and use that Software as installed on that Electronic Device so long as only one copy of such Software is in operation. For a standalone Software application, you may install, use, access, display and run only the number of copies of the Software to which you are entitled. You may make one copy of the Software in machine-readable form for backup purposes only, provided that the backup copy must include all copyright or other proprietary notices contained on the original. In the absence of a support contract, you are entitled, for a period of ninety (90) days from when the instance of Software (or hardware including the Software) are first shipped by Zebra or downloaded by End-User Customer, to obtain, if available, updates, from Zebra and operational technical support, not including implementation, integration or deployment support ("Entitlement Period"). You may not obtain updates from Zebra after the Entitlement Period, unless covered by a Zebra support contract or other written agreement with Zebra.

Certain items of the Software may be subject to open source licenses.

1.1 Authorized Users. For a standalone Software application, the licenses granted are subject to the condition that you ensure the maximum number of authorized users accessing and using the Software either alone or concurrently is equal to the number of user licenses for which you are entitled to use either through a Zebra channel partner member or Zebra. You may purchase additional user licenses at any time upon payment of the appropriate fees to the Zebra channel partner member or Zebra.

1.2 Software Transfer. You may only transfer this EULA and the rights to the Software or updates granted herein to a third party in connection with the support or sale of a device which the Software accompanied or in connection with a standalone Software application during the Entitlement Period or as covered by a Zebra support contract. In such event, the transfer must include all of the Software (including all component parts, the media and printed materials, any upgrades, and this EULA) and you may not retain any copies of the Software. The transfer may not be an indirect transfer, such as a consignment. Prior to the transfer, the end user receiving the Software must agree to all the EULA terms. If Licensee is purchasing Zebra Products and licensing Software for end use by a U.S. Government end user, Licensee may transfer such Software license, but only if: (i) Licensee

transfers all copies of such Software to the U.S. Government end user or to an interim transferee, and (ii) Licensee has first obtained from the transferee (if applicable) and ultimate end user an enforceable end user license agreement containing restrictions substantially identical to the ones contained in this Agreement. Except as stated in the foregoing, Licensee and any transferee(s) authorized by this provision may not otherwise use or transfer or make available any Zebra software to any third party nor permit any party to do so.

2. **RESERVATION OF RIGHTS AND OWNERSHIP.** Zebra reserves all rights not expressly granted to you in this EULA. The Software is protected by copyright and other intellectual property laws and treaties. Zebra or its suppliers own the title, copyright and other intellectual property rights in the Software. The Software is licensed, not sold.
3. **LIMITATIONS ON END USER RIGHTS.** You may not reverse engineer, decompile, disassemble, or otherwise attempt to discover the source code or algorithms of, the Software (except and only to the extent that such activity is expressly permitted by applicable law notwithstanding this limitation), or modify, or disable any features of, the Software, or create derivative works based on the Software. You may not rent, lease, lend, sublicense or provide commercial hosting services with the Software.
4. **MACHINE DATA.** "Machine Data" means anonymized usage data collected by devices sold (or licensed) under this Agreement such as battery management (time to empty, standby current, average current), device system time, CPU processing load, free RAM, number of running processes, network information (name, identifier), device identifier, firmware version, hardware version device type, audio volume, LED state, beeper volume, backlight level, key light, odometer count, reboot, reboot cause, total storage and physical memory availability, power cycle count, and device up time.
Notwithstanding anything else in this Agreement, all title and ownership rights in and to Machine Data are held by Zebra. In the event, and to the extent you are deemed to have any ownership rights in Machine Data, you hereby grant Zebra a limited, revocable, non-exclusive right and license to use Machine Data.
5. **LOCATION INFORMATION.** The Software may enable you to collect location-based data from one or more client devices which may allow you to track the actual location of those client devices. Zebra specifically disclaims any liability for your use or misuse of the location-based data. You agree to pay all reasonable costs and expenses of Zebra arising from or related to third party claims resulting from your use of the location-based data.
6. **SOFTWARE RELEASES.** During the Entitlement Period, Zebra or Zebra's channel partner members may make available to you software releases as they become available after the date you obtain your initial copy of the Software. This EULA applies to all and any component of the release that Zebra may make available to you after the date you obtain your initial copy of the Software, unless Zebra provides other license terms along with such release. To receive Software provided through the release, you must first be licensed for the Software identified by Zebra as entitled to the release. We recommend that you periodically check availability of a Zebra support contract to ensure that you are entitled to receive any available Software releases. Some features of the Software may require you to have access to the internet and may be subject to restrictions imposed by your network or internet provider.
7. **EXPORT RESTRICTIONS.** You acknowledge that the Software is subject to export restrictions of various countries. You agree to comply with all applicable international and national laws that apply to the Software, including all the applicable export restriction laws and regulations.

8. ASSIGNMENT. You may not assign this Agreement or any of your rights or obligations hereunder (by operation of law or otherwise) without the prior written consent of Zebra. Zebra may not assign this Agreement and its rights and obligations without your prior written consent. Subject to the foregoing, this Agreement shall be binding upon and inure to the benefit of the parties to it and their respective legal representatives, successors and permitted assigns.
9. TERMINATION. This EULA is effective until terminated. When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, Zebra shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer.
- Upon termination of this EULA, you must cease all use of the Software and destroy all copies, full or partial, of the Software.

ZEBRA DOES NOT WARRANT THAT THE OPERATION OF THE SOFTWARE WILL BE UNINTERRUPTED OR ERROR FREE. SOME JURISDICTIONS DO NOT ALLOW EXCLUSIONS OR LIMITATIONS OF IMPLIED WARRANTIES, SO THE ABOVE EXCLUSIONS OR LIMITATIONS MAY NOT APPLY TO YOU. NO ADVICE OR INFORMATION, WHETHER ORAL OR WRITTEN, OBTAINED BY YOU FROM ZEBRA OR ITS AFFILIATES SHALL BE DEEMED TO ALTER THIS DISCLAIMER BY ZEBRA OF WARRANTY REGARDING THE SOFTWARE, OR TO CREATE ANY WARRANTY OF ANY SORT FROM ZEBRA.
11. THIRD-PARTY APPLICATIONS. Certain third-party applications may be included with, or downloaded with this Software. Zebra warrants that the Certain third-party applications will, for a period of sixty (60) days from the date of your receipt, perform substantially in accordance with Certain third-party applications written materials accompanying it.
